Local Happenings Told in Short Paragraphs

FRIDAY, DECEMBER 16, 1904.

Window glass at Lamey & Co's.

Eastern Star installation tonight.

Miss Emma Gilpe visited Carpenterville Sunday.

Wright Kitson of Chicago visited relatives here this week.

The churches are preparing for the celebration of Christmas.

Mrs. John Wolf of Chicago visited her son Fred Wolf this week.

Ralph Colby, who has absent from the village for sometime, is at home again.

Chas. Heere of Chicago spent Saturday and Sunday with Albert Gieske.

The Lake county board of supervisors was in session at Waukegan this week.

Zero weather and coal $8.00 a ton. "The common people" have cause to be grateful.

Miss May Kahn of Whitmore Lake, Mich. is visiting with Miss Ida Hutchinson.

Miss Clara Harrison of Austin, visited with her sister, Mrs. J. E. Heise, here yesterday.

Mr. and Mrs. Chas. Riehe of Harrington, were here visiting friends and relatives here.

The earth is covered with a good supply of "the beautiful" still the sleighing is poor.

Want two farms for my two fine buildings. F. Dreese, 628 Menominee street, Oak Park, Ill.

Merchant's report that since the advent of real winter weather trade has increased fully 50 per cent.

The man who does not clean the snow from his sidewalks about his property is not a good citizen.

Mrs. Carrie Kendall, who has been confined to her home for some days by an attack of pneumonia, is convalescing.

Mr. and Mrs. John Collins attended the funeral of their grandson, Albert Collins, aged 4 years, in Chicago Wednesday.

Those coming by team and trading $5 in our store have horses stabled and fed at our expense. C. F. Hall Co., Dundee.

Promoters of Christmas festivities will confer a favor by handing in their programs early next week.

T. C. Dolan and daughter Marie and Miss Elsie Costello were called to Cleveland, Ohio, yesterday on account of the death of Mr. Dolan's sister.

Leroy Powers is exhibiting to his friends the autograph of President Roosevelt, which he prizes highly.

Dr. C. C. Sutton, formerly of this village now located at Stitzer, Wis., was here for several days this week.

For Rent—An 80 acre farm 34 miles north of Barrington. Good buildings, plenty of water, excellent land. Inquire of M. D. Regan, Barrington, Ill.

Barney Musekamp and sister Mrs. Chas Heim of Dundee returned Wednesday from Kansas where they went to visit their sister who was very ill.

A resident of Wadsworth, Wis., committed suicide Tuesday because he could not pay a few small bills he owed. If every man should do that population would diminish.

An unpainted barn and outbuildings and a nicely painted and well-kept farm or village home are an incontestable evidence of a well stocked pocketbook and a happy lady and holes in her stockings.

A tax adjustment meeting of the village board held Monday evening the applications for the position of night watchman were considered and the appointment given to Ed Peabody.

The Improvement League held a meeting at the village hall Wednesday evening. The temporary organization was made permanent and the next meeting called for Wednesday evening, January 11.

The death claim in the Ellsworth murder case at Woodstock, Ill., has been paid by the Modern Woodmen. The amount of B. F. Ellsworth's policy was $1,000. It has been held back since the murder in 1902.

The annual Lake County Farmers' Institute, under state auspices, will open at Grayslake on the 24th of January, to continue for four days. The meetings on the 24 and 25 of February, respectively will be held in the court house in Waukegan.

The Improvement League proposes to cover the streets with asphalt, lay out a public park, widen the sidewalks and establish curb line without the consent of any other body. That sounds nice. Where does the village board and board of local improvements come in?

B. H. Miller of Libertyville left for Washington, D. C. Wednesday, where Mr. Miller enters upon his duties as secretary of the committee on naval affairs. Mr. Miller receives his appointment at the hands of Congressman Foss whom he aided in the late election.

The board of stewards of the Rockford district M. E. churches has decided on a certain per centage for the salary of Rev. Samuel Earnapp, his presiding elder. This amounts to about $2,300 per year, out of which he has to pay house rent and traveling expenses. The reports show the district to have 7,708 members.

What are the prospects as to turkeys for Christmas? This is a question which is of importance to many at the present time. The probabilities are that the prices will be about the same as at Thanksgiving time, or a trifle lower if anything. This estimate is based upon statements made by representatives of large shipping houses of Chicago. It is expected that the supply will amply meet the demand.

A number of our citizens are agitating the organization of an improvement league to be both "unimproved real estate and repair of dilapitated buildings." Such an organization is needed here and while they are promoting they might advocate a league for the suppression of gossip and slander. A piece of unimproved real estate damages no one, but a contemptable gossip—male or female—is a detriment to any community. Some colonial times men and women wiped out such lesmirching, the character of their neighbor but met speedy punishment. The law was a good one and should be recanted. It is needed badly right here in Barrington.

Installed a Library

The Y. M. C. A. now possesses a very complete library of the volumes, the books were selected by a committee composed of Prof. Hanna, Rev. Lay, Rev. Wood and Rev. Harder. The Herald has presented the association with a pretty book case to shelve the books.

Those coming by team and trading $5 in our store have horses stabled and fed at our expense. C. F. Hall Co., Dundee.

G. A. R. Post Election

The annual election of officers of General Sweeny Post G. A. R., was held last Friday evening the following officers were elected:

Commander—H. H. Williams
S. V. C.—G. H. Comstock
J. V. C.—L. Kaiser
Quartermaster—Leroy Powers
Chaplain—Chas. Senn
O. D.—Henry Beckman
O. G.—Peter Schutts
Surgeon—J. M. Topping
A. G. T.—L. F. Kludge.

Auction Sale

S. Kirby will offer for sale at auction on his farm 4½ miles west of Barrington, 44 miles north of Dundee and 1 mile south of Spring Lake factory, on Wednesday, December 21, commencing at 10o'clock sharp, 30 new milchers and springers, 1 stock bull, 5 work horses, farming implements, hay, oats, corn, poultry, etc. William Petersen will conduct the sale.

Overloaded

With Holiday Goods. We will sell our entire stock at cost and less. A Brilliant Jewel Box, which was used last spring, and 1,000 natives especially selected for their strong laws are employed in making pulp (Celerity gum chewing school boys and girls are some in Korea or men would not be selected from their proper sphere) to chew paper. This novel use of paper is not confined to Korea. There are hundreds of paper mills in Russia, chimneys made of paper and streets paved with paper. Krupp, the great German gunmaker, tested dolphinoo shaped of paper, and found that they offered greater resistance than steel plates of the same caliber

Fight Will Be Bitter.

Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not another trip for a fatal termination. Read what T. H. Reid of Heall, Miss. has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by G. C. Roberts & Co., Druggist. Price 50c and $1.00. Trial bottles free.

Who's Afraid?

This is the title of a beautifull steel engraving, issued by the Chicago & North Western Railway. That will please the little folks and be an adornment to the nursery. It is 6x9 inches in size, printed on heavy cart with wide margins, suitable for framing. Sent to any address on receipt of four cents in postage by W. B. Kniskern, passenger traffic manager, Chicago.

Every war in these latter days brings up the explosive bullet yarn, first on one side and then the other. There is ample evidence from the battlefields and the hospitals of the east that the bullet needs no explosive to kill, and which would not be the case with explosive bullets. A ball may be fattened on a bone and cause a jagged wound in the exit, and little pieces of shell make ugly wounds when they perforate a body. Hasty conclusions as to the character of the missile used should therefore be avoided.

Some people are anxious about Japanese immigration to these shores, because apprehensive that the land is so poverty it must bring to the poor of the mikado's realm will flood this country with an undesirable element. But in any event Japan will need all of her people and exerts full control over them. Japan is rapidly enlightening and will be too self respecting to allow them to go where they are not wanted.

The pure food law passed by the lower house of congress at the last session depends upon the vote of a handful of senators for success. Dr. Wiley of the agricultural department has enlightened the country upon the necessity for a law of that nature. Perhaps the publicity that has been made is the best way for the enlightenment of those few senators.

READ THIS.

Rushville, Ill., Aug. 14, 1901.—This is to certify that I have been cured of kidney and bladder trouble by the use of one bottle of Texas Wonder. Hall's Great Discovery. I can say it is the best and cheapest medicine I have ever used. I can recommend it to the public. Yours truly,

W. W. Winchell.

A Texas Wonder.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, weak and painful actions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist, it will be sent by mail on receipt of $1. One small bottle is two months treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 629 St. Louis, Mo. Send for testimonials. Sold by all druggists.

To Whom it May Concern

Trust no one on my account as I will not be responsible for debts not contracted.

G. M. Jackson.

Small Savings the World Over.

The department of commerce and labor in a recent bulletin places the total number of depositors in savings banks throughout the world at 130,500,000, contributing $2,940,000,000 to the total deposits. This total is in the savings banks of the United States, whose depositors number 7,300,000. The countries covered by the comparative figures have an estimated population of 770,000,000. While the population of the United States is only about 10 per cent of this total, our provident fellow citizens own over 29 per cent of the total savings banks deposits. Here the average savings of each depositor amount to $418.98, in the other countries included in the total depositors' accounts average $101.01. The bulletin says:

The average amount of money in savings banks per inhabitant is $11 for the world and $27.36 for the United States. The average savings per country considered is in India, where it is but 15 cents. However, several countries have larger amounts on deposit per inhabitant than the United States. Denmark leads with the high average of $64 per inhabitant as we and with $62.26, and New Zealand is third with $49.01. In Australia the average per inhabitant is $43.47, in Prussia $43.10, in Germany $39.98, in Norway $29.94. Germany has more depositors than any other nation, total being 15,432,911. France is second with 11,298,474. The United Kingdom is third with 11,028,648. Japan has 7,467,452 depositors as compared with 7,300,000 in the United States and 6,950,000 in Russia, including Asiatic Russia.

Large quantities of paper mache will be used in rebuilding the palace of the Dalai Lama, which was destroyed last spring, and 1,000 natives especially selected for their strong jaws are employed in making pulp (Celerity gum chewing school boys and girls are some in Korea or men would not be selected from their proper sphere) to chew paper. This novel use of paper is not confined to Korea. There are hundreds of paper mills in Russia, chimneys made of paper and streets paved with paper. Krupp, the great German gunmaker, tested dolphinoo shaped of paper, and found that they offered greater resistance than steel plates of the same caliber
