Hits in Tax Commission.

Under the new act of the General Assembly of the State of Illinois, creating the Special Tax Commission, it is the duty of the Tax Commission to inquire into the operation and effect of the laws relating to assessment and taxation, and the expediency of revising an amending such laws so as to establish a more equal and just system of raising necessary public revenues. Some specifical work of the commission is required to investigate thoroughly all legal, unjust or excessive taxes, and to endeavor to ascertain to what extent and in what manner, if at all, the present system is defective, unequal or oppressive.

In order to carry out these duties, the Commission invites tax officials and all other persons and associations interested in questions of taxation, to submit in writing, at their earliest convenience, complaints of the unjust tax laws and their administration, and suggestions for such proposed changes in the revenue laws of the state.

GOOD WORK ON TAG DAY

Lake County Residents Give Liberally—Over One Hundred Dollars Collected Here.

The sum collected in Cuba township and the village of Barrington Saturday, June 11, "Tag Tag," for three charitable institutions, was $116.50. This was the result of the tagging of one hundred and twenty-five men, women and children, and, indeed, it was to secure a five cent donation for charity from some people who acted as if they were being robbed.

The Rev. Bloomquist, the "tagging" report, the generosity of others who gave freely and gladly with a kind word for "the noble work," as said by a local pastor and a local physician, contained in the following report of contributions of H. Stillson Hart who gave $10.00; Prof. F. E. Carpenter, $10.00; Harry H. Hahn, $5.00; William Grace, $2.00; Dr. Peck, vice president of the Barrington Commercial club, "Tagging" is work, and encouragement and kind words gladdening. The Lake Bluff orphanage is managed by deaconess of the Methodist Episcopal church, and the work of the Methodist church is pushed away a "tagger" and said "this is a holiday scheme. No good."

Fourteen boxes were placed through the village and vicinity for the tag day.

Mrs. M. T. Lamey $ 4.45
Mrs. A. Sutherland 18.22
Mrs. J. Dunsmore 10.00
Misses Blocks and Wooding 4.00
Mrs. Ed. Meyer 8.75

Miss Ella Schaede 2.21
Miss Lillian Volker... 1.75
Miss Lillian Ullrich 3.00
Kirby's store 1.04
Miss Lee Sears 1.00
Miss Alameda Flagge ....
Total 116.50

The money was counted at the bank and deposited by Mr. M. T. Lamey, cashier, who forwarded the draft at once to the association headquarters at Waukegan where the money was used. It was the first money turned in.

The contributions from other collections in the county has not yet been obtained but word from headquarters says the total collections amount to over $4000; last year the total was $2772.2. The three institutions, the Lake Bluff Orphanage, the McAllister hospital and the Lake County Tuberculosis sanitarium will each receive one third of the amount and the Tag Day association is grateful to each person who assisted.

It has been published that the collection of a Waukegan woman was the largest, individually, and was $42.17; next was the Barrington chairman; this township collected $42.00.

Water at Meals Is Not Wholesome!

Do not drink water or other liquids when you have food in your mouth. It is not only the danger of drinking it meaning that the food may wash down into the stomach unchewed, but food which have not been thoroughly masticated is liquefied, ready for the digestive juices in the stomach.

The second danger, especially with people who have indigestion, may be too cold, like ice water, which will congeal the food and indulge in too much.

Dr. Shoop says place ice water at mealtime the water slowly paralyzes the walls of the stomach for a time and stops the flow of gastric juices until the body warmth has overcome the cold and then it may be too late to move more. But if you chew your food well and 140 NOT Cold, but sure results for all Stomach, Liver and Kidney troubles. Only 25c. at all druggists.

PLAY WAS GOOD.

High School Education Class Gives Excellent Entertainment.

It has been said that a postponed entertainment is usually a failure, a saying proved wrong in the case of the plays at the high school last Friday evening which had been postponed twice on account of illness. The little farce was on hand, but with fifteen actresses passed off very well with no great mistakes and quite a general smoothness.

The elocution teacher, Mrs. Mae Lake Spencer, had trained so many of the little plays given here, that she has much judgment in selecting certain people for certain parts, so that each personality seems adapted to the character required.

It would be hard to give credit to each girl just as she deserved it, but it is thought that a fair choice of "stars" was to say, that Edna Hollister, Alameda Flagge, Violet Ullrich and the twins, Frances Flagge and Marguerite Boehm, were the hits of the evening.

"Breezy Point" and a "Fighting Chance" were the two plays given by a well-filled assembly room. The other girls were Misses Schaede, Volker, Nye, Horn, Grace M. Grace, M. Kampert, M. Peck, A. Kampert, Darnell and Shaub.

Poor Palatine, the blow has fallen. It was bad enough when Barrington commenced getting the jump on us, when our jealous neighbor on the east, Arlington Heights, commenced making fast train to Chicago calls at 11:30 a. m. and that train goes through here like a scared lightning, it is enough to make every good citizen to tears.
