Fight Until Legs Are Gone

The stick insects, relatives of the mantis, frequently fight among themselves until both contestants are reduced to mere bodies without any legs. This is not necessarily fatal, however, for unless the insects are fully matured, having gone through their final molting, they will be able to grow new limbs to replace the ones that have been lost.

BRIGHT WOMAN LOST 20 POUNDS

FEELS MUCH BETTER

"June 28th, 1932, I started taking Kruschen Salts. Have lost 20 pounds from June 28th to Jan. 10th. Feel better than have felt for four years. Was under doctor's care for several months. He said I had gall stones and should have operation. Kruschen did all and more than I expected." Mrs. Lois Bright, Walker, Minn. (Jan. 10, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any druggists in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.
