LOCAL MEN PASS AWAY

William Spunner, Well Known and Wealthy Ela Township Farmer and H. W. Mattison of This Village Both Die Saturday Morning.

MORTIMER W. MATTISON, aged 38 years, died from tuberculosis Saturday morning at four o'clock at the home of his parents, Rev. and Mrs. Orlin F. Mattison of Cook street.

Mr. Mattison was born January 9, 1874, at De Kalb, where his father who is a minister of the Methodist Episcopal church was then located. He was graduated from the Joliet high school, and from the Northwestern university at Evanston in 1895 and two years later from the Northwestern law school, after which he was admitted to the bar, and had practiced law 14 years. He was attorney for the Citizen's league in Chicago two years and for four years from 1901 to 1905, he was city attorney of Evanston. He came to Barrington four years ago when his father, Rev. O. F. Mattison, was appointed to the Methodist parish here, and during his stay here has practiced law, with offices in the Fort Dearborn building, Chicago, until a year ago when he went to New Mexico for his health. He returned from there not greatly improved and since that time has been too ill to do a great deal of work. He was a worker for the Anti-Saloon League of Illinois and active in the local option fights here two and four years ago.

Besides his father and mother he leaves three sisters, Miss Myrtle E. Mattison, a teacher in the Chicago schools; Mrs. Walter R. Myers whose husband is a professor in the university at Oxford, Ohio; and Mrs. C. H. Pendleton of Evanston; two brothers, Hugh H. Mattison of Park Ridge and Robert S. Mattison of this village.

Rev. Dr. W. O. Shepard of Chicago conducted the funeral services Sunday afternoon at 2:30 o'clock at the M. E. church and the body was taken to Wheaton for burial Monday.

Rev. G. E. Lockhart, pastor of the First Baptist church of this village, assisted Dr. Shepard at the funeral, and a chorus choir rendered several hymns. There were a number of persons present from Evanston and Chicago.

WILLIAM SPUNNER, a prominent and wealthy farmer of Ela township died of lockjaw at six o'clock last Saturday morning at his home one mile west of Lake Zurich. The lockjaw developed from infection of wounds received December 29 when he was dragged for more than a quarter of a mile over the road from Lake Zurich to his residence by the team which he was driving. When rescued his foot was wedged between the springs of the cart on which he had been riding. He was taken to his home by William Schumacher and Herman Helfer. Lockjaw set in 12 days later.

Mr. Spunner was born on the farm in Ela township on August 28, 1846. In December, 1869, he was married to Frances A. Porter who died two years later. To them one son was born, George W. Spunner, of this village.

Mr. Spunner was a hustling and energetic farmer and with his brother, Joseph, who died in February 1910, had accumulated a considerable fortune. He was a charter member of the Lake Zurich camp of Modern Woodmen of America and at the time of his death was serving his eighth term as constable of the township of Ela.

The remaining relatives are two sisters Mrs. Mary Wilson of this village, and Miss Elizabeth Spunner who lived on the farm with him, and the son, Attorney George W. Spunner, mentioned above.

The funeral was held at the home Monday afternoon at one o'clock, Rev. G. E. Lockhart of the Baptist church officiating, and the body was brought to Barrington and interred in Evergreen cemetery.

TEST CARY SKI SLOPE.

Runners Entered in the National Tournament Make Long Jumps in Trials.

Norge Ski club runners, twenty strong, indulged in their first practice for the national championships on the Cary course last Sunday and especular jumps were registered by several of the stars who will compete in the title events January 21 and 28.

Measurements of the hill taken then show the slope to be nearly 300 feet long. The steep part of the course over which the men jump and upon which they land at the end of the leap is 403 feet in length.

Experts who have studied and practiced on the course look for the establishment of new records at the title tourney owing to the terrific start the runners will get and the sharp decline of the slope. From 160 to 170 feet is the estimated length of the jumps of those who will be credited with the championships.

Al Munson, the automobile racer, was out at the course and took a chance down the slide. He thought there was nothing to beat the speed of an automobile, but when he gathered himself together at the bottom of the declivity which he rolled when he lost his feet he was willing to admit that road racing is a mild and temperate pastime compared to ski jumping.

PRIEST ADVISES WOMEN.

Tells Parishioners They Should Always Use Husband's Given Name.

"Married women, use your husband's name, not your own Christian name. If you are a widow, all right. If not, use your husband's name. There is no reason why you should be an exception. So spoke Father J. J. Kelly last night at the 8:15 o'clock mass there last Sunday morning.

"Give your husband a chance. Use your husband's name in all cases. If you do so it means that you are a widow."

Cold Weather Hints.

The following, taken from exchanges, are published in the hope that they will be of service to our readers:

"The most effective way to keep show windows from frosting in cold weather is to map an important consideration. The following is a cheap and simple method which is well worth knowing. It consists of polishing the glass, after washing it in the usual way, with a piece of chamois skin on which you have scattered a few drops of glycerine. This is a new way to prevent the unpleasant occurrence which will befall your show windows.

"An effectual way of protecting potatoes from frost is to put an open pan of water in the vegetable cellar on cold nights, which will draw the frost to itself and so save the potatoes."

To the Voters of This, the Eighth Senatorial District of the State of Illinois:

After having received requests and encouragement from democrats in almost every township in this district, I gave the matter very careful investigation and have decided to become a candidate for minority representative, being confident that the voters as expressed at the democratic primaries to be held on April 9, 1912.

Believing that the experience and knowledge which I acquired during the long term of fourteen years I served as a member of the County Board of Supervisors of Lake County, being chairman the term as well as Chairman of the Board of Review, better qualifies me to serve and represent the people of this district in the state legislature than a man who has not had the benefit of such experience in public affairs, I feel confident of success, and if elected to the office to which I aspire, I will owe allegiance to no class or faction within the Democratic party, as it will be my only desire to serve all alike.

I ask the voters of this district to study my record of fourteen years as a member of the Board of Supervisors from the township and in the county in which I was born and have spent my entire life, and upon that record I solicit the support of the voters of this district.

Respectfully yours,
THOMAS E. GRAHAM.
