SALEM.

The quarterly meeting last Sunday was well attended, considering that so many were detained by sickness. Over 200 members and sixty took communion. The quarterly conference session brought out the fact that the church is free of progress. All financial obligations were met, and there's money on hand in all the treasuries of the auxiliary societies. A full report will appear later. The church membership roll has been revised, and classes have been renewed for aggressive work. $2,353.57 have been paid for benevolence by this church during the past year, local expenses were $2,286.50, bringing the total funds for the year up to the neat sum of $4,640.12. The congregation is partially due to the strong organization of the church forces during the past year. This is accomplished by grouping the responsibilities, and every member is active in an educational character. Some of the organizations have undertaken special work. Mrs. Y. P. M. S. has voted $125 for home missions. One "way-at-home" mother gave the pastor a "gold eagle" for China missions on Sunday, showing her interest in the evangelization of the new republic. There are now thirteen official boards and societies in effect. The entire plan together with the membership of the church and the present enrollment of the Sunday school, giving names of all scholars, appear in a printed pamphlet which the pastor has prepared and which has been ordered printed. ## ONTVEDT WINS ILLINOIS TITLE.

**FOR STATE SENATOR.**

**Champion of Norway Outclasses Fourteen Rivals at Cary.—One Dislocates Shoulder.**

**Attorney Paul MacGuffin of Lake County Enters Race for Seat in Illinois Senate.**

Ragnar Ontvedt, champion of Norway, won the Illinois state championship Sunday at Cary with jumps of 122 and 123 feet, under conditions which were anything but favorable for skiing.

Ontvedt, with 15 other skiers, watched Alfred Egeberg take the first jump over the 700 foot declivity and dislocate his shoulder when he landed in a heap and slid into the miscellaneous pile at the bottom of the hill.

But the skiers never hesitated, and one after another down they went. Ontvedt jumped 122 feet in his second trial in the championship, and then came back with 122 feet in the longest standing jump. There was no one anywhere in his class when his two big jumps were taken into consideration. Ontvedt amassed a total of 2444 points, while his nearest competitor, Edward Anderson, compiled 2234.

Arne Sletner was next with 231. These last two made three perfect jumps apiece, but they had nowhere the distance was Ontvedt showed with his mighty efforts of 123 feet, and that was why they finished second and third. Terje Sletner made some tremendous jumps, but failed to keep his feet.

The course was in frightful shape. The rain of the night before had melted the snow from the scaffold and when the skiers arrived it was bare.

They hauled snow to the top of the hill, and finally got it covered in patches. They waxed their skies and then took the jumps, although it was speedingly dangerous. When the man hit the snow after their flights through the air they sank in it to their ankles, and that they were able to stand at all was surprising.

At the bottom of the long slide a small lake awaited the runners, and the small crowd which attended in spite of the rain and the mud saw some fine shallow diving into this icy water.

## SCHOOL NOTES.

(Written by B. H. S. students.)

There is one way in which we can all show loyalty to our school and that is by supporting its enterprises. A number of the upper classmen are hard at work preparing to give an English play. The senior German class is practicing faithfully the play, "Der Khopf." The new B. H. S. orchestra is practicing. A German chorus meets twice a week. All of these activities are enjoyed on the evenings of March 1 and 2 the most successful of the school year. Encourage the pupils by giving them your support. Tickets will go on sale next week. Price 25 cents, reserved seats 35 cents.

Ruth Horner has entered the botany class, which has now increased to 11. They expect to add bird study to the botany work and will take bird trips in the spring.

The English classes are commencing the study of several new classics, including Milton's Minor Poems, Coleridge Ancient Mariner and Shakespeare's Julius Caesar.

The High School club had its post-Valentine party Tuesday evening. The evening's entertainment of impromptu stunts was completed with light refreshments of cocoa and cake.

The senior German class has recently begun to read a new and interesting book. "Im Vaterland" is a new departure in the German field. It deals entirely with German life and scenes.

Attend Hardware Convention.

Messrs. H. D. A. Grebe and L. F. Schroeder attended the convention in Chicago of the Illinois Retail Hardware Dealer's association, held from February 13 to 16. The Minneola hardware dealers operate such a department and for the last three years has refunded 10 per cent of the premium, which was fixed upon the lists prescribed by the underwriters bureau. Besides the convention which met at the La Salle hotel there was a showing by manufacturers and dealers at the Coliseum. Every booth was occupied.

## FOR STATE SENATOR.

**Attorney Paul MacGuffin of Lake County Enters Race for Seat in Illinois Senate.**

The many friends of Paul MacGuffin residing in Cuba township have received letters announcing his candidacy for state senator, and asking their support and vote in the primaries to be held Tuesday, April 9.

Paul Mac Guffin is so well known to the voters of this locality that little need be said regarding his qualifications to successfully and satisfactorily perform the duties devolving upon the state senator.

The candidate has been a resident of Lake county for almost twenty years and has practiced law in the courts of this county during most of that time. He has been very active in political matters for a number of years, and the splendid endorsement he has received from prominent business men and farmers throughout Lake county, and in fact the entire district: consisting of Lake, McHenry and Boone counties is the best reason as to his fitness for the office he seeks.

It has never been the custom to re-elect a state senator to a second consecutive term in this district, but Lake county having more population than McHenry and Boone combined, there should be no question as to the result of the primary election. Lake county should have the next member in the upper branch of the General Assembly.

An announcement of Mr. MacGuffin's candidacy appears on another page of this paper.

Y. P. M. S. Poverty Social.
