Registration Law Not Applicable at Village Elections

Residents of the village of Barrington on the Cook county side may vote at the spring municipal election without having to be registered under the permanent registration act as is required in state and county elections, provided their length of residence conforms with the village ordinance requirements. This opinion was received this week by Village Clerk J. Burandt from Attorney General John E. Cassidy.

According to Mr. Cassidy's interpretation of the permanent registration law, the act does not conflict with local ordinances which govern local elections. In this instance, those who have not previously registered in Cook county, and who resided in the village, may vote at the spring election by being registered at the time of the election.

In April of this year, there will be an election to fill the office of three village trustees for four year terms and for one unexpired term of two years.

Mr. Burandt sought the legal opinion from the attorney general due to the fact that the village has decided to close out Lake county. Lake county does not fall under the registration act, and Mr. Burandt asked for information as whether or not it would be necessary to have two polling places, one in each county. From the letter received from Mr. Cassidy, it would appear that only one polling place is necessary.

Anticipate Division in N.W. Conference

Principals from Barrington, Palatine, Bensenville, Antioch, Grant, Northbrook and Wauconda met Tuesday morning to discuss a proposed division of the Northwest conference with the above mentioned group remaining together while Lake Forest, Niles Center, Warren, Leyden and Arlington Heights join up with Crystal Lake and Woodstock to form another unit.

The proposed division, advanced by principals of the last-mentioned group, which have greater enrollments than the above right, would be a more equitable balance of the athletic interests are concerned.

A meeting is to be held in Barrington Wednesday afternoon by the smaller enrollment group and a definite announcement of the formation of the new group is expected. The new conference has been definitely decided due to the fact that the larger enrollment schools have not formally stated they would secede from the conference.
