Now is your chance! The second set of peregrines are arriving soon and we will have the opportunity to observe them in the hackbox. The release site is at Fort Sheridan but beware...it is a 10 story climb up a spiral staircase to the hackbox. We may also see the first group flying around. If you are interested in attending please call Sue Allman by Wednesday, June 24 at 382-5933. I realize this is short notice but Mark was just notified of their arrival. The actual field trip to observe the birds may be Monday or Tuesday, June 29 or 30.

Cameras, binoculars, field guides, appropriate clothing, and insect repellent are recommended. Participants should meet at the CFC parking lot on Station Street, across from the police station.
