

RESOLUTION ESTABLISHING
ENGINEERING FEES FOR
SUBDIVISIONS NOT INVOLVING
PUBLIC IMPROVEMENTS

*Prt. Streets
Engineering fees*

WHEREAS, the Barrington Hills Subdivision Ordinance makes provision for approval of subdivisions incorporating private streets rather than public streets in appropriate cases; and

WHEREAS, the Village Plan Commission and Board of Trustees frequently require the advice of the Village Engineer as to whether provisions for a private street are adequate to justify permission to utilize a private street rather than to require a public street in connection with a subdivision; and

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Barrington Hills, Cook, Lake, McHenry and Kane Counties, Illinois, that prior to approval of a final plat of subdivision by the President and Board of Trustees, in the case of a subdivision not including a public street or any public improvement, the subdivider shall pay or agree in satisfactory form to pay, such engineering fees as may have been incurred for required engineering services in connection with the subdivision.

PASSED and APPROVED this 26th day of April, 1976.
