

# BARRINGTON AREA COMMUNITY FOUNDATION

Summer 2009 Semi-Annual Report

## 17 GRANT WINNERS SHARE \$115,000

The process to find organizations that are addressing an unmet need begins in October. We ask all the charities listed at the Library to meet with our grant review committee so we can explain the program and the timing. The grant review committee, with co-chairs Mary Bradford-White and Young Chung, ask for the requests to be in by February 1.

The committee then reads all requests regardless of the application and the impact in Barrington. A few do not make that cut either because they duplicate an effort locally or do not serve enough Barrington residents. Each year, we do have a request that may not serve many in our community but there is no other provider. The finalists all meet in one day with the grant review committee. The recommendation is taken to the full board in early May. If a board member has a relationship with a charity, he or she must not vote.

The grant review committee reviews and scores each grant request, carefully looking for impact in the community and the need addressed. The committee assesses the fund-raising ability and other sources of funding the applicant may have. None can be basically tax-supported.

The finalists all meet in one day with the grant review committee. The recommendation is taken to the full board in early May. If a board member has a relationship with a charity, he or she must not vote.

We then invite the winners to a breakfast, this year on May 18, to receive their checks and tell the other groups what they will do with the money.

## PRESIDENT'S COLUMN

Norval Stephens

These have indeed been trying times—but why we founded the Barrington Area Community Foundation has been vindicated. We would start a permanent fund and take 5% per year from net assets averaged over the trailing 12 quarters to address an unmet need. You will find in the adjoining column that we were able to give \$115,000 again this year even though, as the financial statement will show, we were down 18.4%. That shows the benefit of averaging over three years. The second was using 5% over time.

Another benefit of our initial plan was to hold our expenses to 1% of net assets and to have no staff, just volunteers. As we grew, we needed to have the phone answered and to have secretarial services—but we still have no permanent staff because we use Full Service Office Suites and just pay for the services we need.

We also have wonderful charities in Barrington. Last year our formula would have produced \$101,000 in grants, but we had \$14,000 returned as unneeded. For 2009, the formula would have produced \$111,000, but we had \$4,000 returned. In each case, we re-grant the amount the next year.

How will we do in 2009? Of course, that depends on your generosity and our ability to hold costs down.

## CHRISTOPHER KATRACKIS WINS BACF SCHOLARSHIP

Christopher Katrackis

The Barrington Area Community Foundation Board awarded the Norval Blair Stephens Scholarship to Christopher Katrackis for his work in Barrington High School addressing unmet needs—an integral part of the Board mission. Christopher is a member of the

Lincoln-Douglas debate team that won the district and is now competing for a national title. His is also a member of the marching band. But, it was his work over the 2008 summer and into the school year with three other students to start HOPE, a crisis and suicide counseling program, that won him the award, a \$5,000 scholarship funded by individual board members and not from our net assets. Christopher will attend St. John's College, Annapolis, MD, in the fall.

## SENTINELS OF FREEDOM SPONSORS A WOUNDED VET TO A NEW LIFE IN OUR COMMUNITY

*Lt. Col. Tim Raynor, left, congratulates Mark Robbins on receiving the Sentinel Scholarship.*

Our largest award this year went to a unique organization that sponsors a wounded or disabled veteran to a new life in Barrington. Lt. Col. Tim Raynor, USMC, spoke at the dinner after our golf outing. The minute he took the microphone to tell his story, he received a standing ovation. Mark Robbins is a Navy Seal who was injured in Afghanistan and spent over a year recovering. He

and his wife Jessica are now in the area. The Sentinels helped him with a job at the Lake County Sheriff's Department. He was in his final week of training and could not be present. Good Shepherd Hospital hired his wife. For several more years, Sentinels will stand by him and help the couple until they are totally independent. We could not think of a better way to address an unmet need than this.

*Gerry Nadig accepts the Miller Trophy with the winning team. From left, Dave Williams, Gerry Nadig, Jim Vandelugt and Fran Wapole.*

BARRINGTON, ILLINOIS 60010

April 6, 2010

Mr. and Mrs. Norval Stephens  
3400 Garlands Lane  
Barrington, IL 60010

Dear Mr. and Mrs. Stephens:

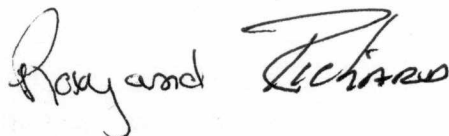

We do not usually write letters to support a charity in Barrington, but we are doing this because we believe in the work of the Barrington Area Community Foundation.

When the Foundation was formed in 1998, the goal was to build a permanent fund for the long-term, and then grant 5% of that fund each year averaged over 12 quarters. That formula was adopted when no one thought we would have the kind of recession we have had. Even though the Foundation saw its assets decline 20% from 2007 to 2008, certainly less than many endowments, by the end of 2009 the net assets were up to the 2007 level, roughly \$2.5 million, and the Foundation also granted \$230,000 in those two years. Despite the recession, the Foundation has returned to growth a year ahead of most.

With that kind of good management and that kind of support to address unmet needs in the community, the Foundation deserves our support and we think it also at least deserves your consideration. Here is an experienced Board of Directors, representing all areas of our community that steadily raises money, grants it very judiciously and keeps its expenses to 1% of its assets. Since 2000, the first year the Foundation made grants, the cumulative total is nearly \$500,000 to 37 local charities, some several times.

Times are tough now. We all know that. They are especially tough for those in need or who are having now to turn to charities for help. To address those unmet needs, we have an organization in our community for just that mission, the Barrington Area Community Foundation. Please join us in sending a donation. It is really an investment in our community. Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Roxelyn and Richard", written in dark ink.
