### Editor's Ink

December, 1995

Dear Reader,

The holiday season is upon us, the most beautiful season of the year. Holiday activities are planned... symphonies, Christmas carol concerts, seasonal plays, our dazzling decorations in downtown Barrington and special gifts to buy. It really lifts the heart.

Some people have this special spirit all year long... our heartfelt congratulations to the Barrington Rotary Club on their 35th birthday! The club was founded in 1960 by 29 local businessmen and its first president was Herb Heineman, then pastor of St. Matthews Church in Barrington. They have been financially supportive of many local projects and have been involved in a number of projects around the world. Very recently, in fact, this fine organization spearheaded the operation to send over \$44,000 worth of medical equipment and supplies to Bulgaria. They seem to have the true spirit of sharing all year long.

Our best wishes also go out to Tiffany Ronto, a Senior Girl Scout from Barrington, who joined with Bear Necessities Pediatric Cancer Foundation, Inc. in making the holidays happier for kids. Another example of giving from the heart.

The staff of *Lifestyles* would like to extend to each of our readers a very merry Christmas and a healthy and prosperous New Year.

Until 1996, may all your thoughts be sunny.

With warm regards,  
Glenne McMonigal  
Editor, *Lifestyles Magazines*

## Latin-Flavored Party Nets \$45,000 For Home Of The Sparrow

*In background: Stan and Judy Avedon. Dancing are Bill and Nancy Logue.*

A fabulously successful Latin-theme based dinner party "Blame It On The Bosa Nova" was held November 4th by Friends of the Sparrow!

Biltmore Country Club was transformed, through the ingenious use of colorful items as paper flowers and parrots, pinatas, rugs, and twinkling lights, into a Latin-American market!

Hot music, as well as spicy cuisine, added

to the fiesta atmosphere.

Home of the Sparrow, the McHenry located shelter for homeless women and their children, will receive about \$45,000 from the soldout event, to be used for housing and support services in furtherance of programs.

Benefit Chair Pat Galus reports that the organization wishes to express its appreciation to the area businesses and individuals who sponsored the evening.

## Splashy Bash Nets Big Cash For Infant Welfare Clinic

Three decades of service to the Infant Welfare Society were celebrated at the 30th annual "Dices & Pisces" benefit presented by the Near North Auxiliary Chapter recently. Under the leadership of, from left, benefit co-chairs Carol Seelig and Sherry Schmitter-Block, and president Susan

Mortenson, the gala, held at the Shedd Aquarium, raised some \$70,000 for the Infant Welfare Clinic, 1931 N. Halsted, Chicago, which provides comprehensive health care services to 12,000 children of the working poor and their mothers at little or no charge.

## Luminaria Sale Dec. 9th

The Barrington Chapter of the Infant Welfare Society of Chicago will present its annual Luminaria Sale on Saturday, December 9th from 9:00 A.M. until 3:00 P.M. at the front entrance (facing the Jewel) at the Ice House Mall. You may

also phone in your order in advance by calling 304-8942 to ensure your order will be ready when you arrive. A set of two candles, sand and bag can be purchased for \$1.00. Celebrate your holidays with the light of Luminaria!

Remember that special  
someone with  
a Gift Certificate from  
Tranquility.

In the weeks before Christmas, all through our town  
We saw many people all wearing frowns.  
Christmas shopping is hard and it comes every year,  
And we often approach it with joy, and some fear.  
The recession, inflation, the economy's bad,  
But we still have to buy gifts for Mom, John and Dad.  
But cheer up good people for help's on the way.  
And far from your home you won't have to stray.  
No travel, no traffic, no crowds and no fuss,  
No trains, planes, or dog sleds, no bikes and no bus.  
No trouble with parking, we thought of that too.  
To make shopping easy we'll be here for you.  
For **Tranquility**'s located in the town where you live,  
And we have the most perfect gifts you can give!  
For Mom, Dad or brother or sister you see,  
You'll find the gift at **Tranquility**.  
For someone you love, who's feet are all sore,  
We can provide a great pedicure.  
Elizabeth and Trish do manicures too,  
And full sets and French nails for hands that will woo.  
And the inches we've gained that have turned into fat,  
We can diminish with a great herbal wrap.  
For the boss who is grumpy, and hurt his caboose,  
They'll just love Sandy, our talented Masseuse.  
For hair that's unwanted on lip, chin or legs,  
We can get rid of, and that's enough said.  
For faces that show life's lines and it's fears,  
Maxine's facials can soften those years.  
With her four-layer facial, she'll make you look good.  
Or she'll tan your whole body the color of wood.  
So how about make-up for that special night?  
It's fun and it's easy, it's good for the psyche.  
For the person who would like a new look, or fun style  
A new 'do by Traci will take you for miles.  
The reception desk here is managed by Christi. She's  
Efficient and cheerful, and her personality's witty.  
If you need an appointment, just phone her right here.  
She'll answer your phone calls all throughout the year.

Sunny and Erin are here for you too,  
To massage your head with every shampoo,  
To serve wine or hot coffee, a coke or tea,  
And to make your time here just filled with glee.  
Our stylists are competent, hard working, the best.  
One session with them, you'll forget all the rest.  
They color, they perm, and they highlight, too.  
They cellophane, tint, and cut hair just for you.  
There's Maria and David, they're both so clever,  
And will make your hair look it's best ever.  
There's Zuzka and Ines who's talents are known  
Both here in your home town, and far, far from home.  
And we can't forget Annie, she's been here for years,  
Cutting and perming and waving the sheers.  
Let's not forget Lynette, who came here this year, with lots of  
Experience and lots of good cheer.  
Our manager Marilyn is here day and night  
Just to make sure all will go right.  
We all got together at Portraits by Thomas  
For our picture to be taken, and this we promise;  
We're just as you see us, we're happy and sincere.  
We'll make you feel welcome and glad to be here.  
Jenny and Christi will be here when you need them,  
So purchase your gift certificate for that special freedom.  
You won't break your bank account. We're thoughtful, you see.  
We start at \$8.00, and we'll set you free.  
Free from worry of sizes and colors and such,  
You'll give the best gift without any fuss.  
We're easy to get to, very easy you see.  
We're here on West Main Street at 123.  
Please come in and visit, our salon is the best.  
Just purchase the gift certificate and we'll do the rest.  
We look forward to seeing you, our friends thru the year,  
And will welcome all newcomers with warmth and cheer.  
Thank you for letting us share in your giving,  
You then in turn help us to make a good living.  
Happy Holidays to all, both the young and the old,  
Cheer and good fortune and relief from the cold.

### Unique Antique & Contemporary Jewelry

Left, platinum diamond ring circa 1920's. Solitaire diamond 2.24 cts.

Center, platinum lapel watch. 3.50 cts. diamonds. Circa 1920's.

Right, platinum estate piece, kite shape, circa 1950's. Diamonds 4 cts.

Estate Jewelers, the most recent addition to the Barrington downtown shopping district, is located next to the historic Catlow Theater on Main Street and has created a high level of activity by shoppers from both the Barrington and adjacent communities.

Reception to the Estate Jewelers concept has been overwhelming according to one of the family owners, Bob Giannini. When asked what he attributed to this almost instant success he stated that this jewelry store is unlike any other you've experienced. "We know our type of customer. They're not interested in the common everyday look

in jewelry. Our clients want something unique, one-of-a-kind items, whether antique or new, priced from \$50 to in the thousands.

"Many of the items we offer today we collected in the 1970's and 80's. This was a time when gold and silver prices were at the highest level ever. Many fine pieces of jewelry were melted for the precious metal value. We realized that the workmanship of these treasures could not be duplicated ever again."

Estate Jewelers is open Thursday, Friday and Saturday, but will have extended hours for the holidays.

## Long Grove-Kildeer Garden Club Holds Annual Luncheon Fashion Show

The annual luncheon fashion show for the Long Grove-Kildeer Garden Club was held on October 12, 1995 at the Twin Orchard Country Club in Long Grove. The theme for this year was "Bounty of the Season" and the co-hostesses were Peggy Bergland and Susan Cigelnik.

The beautiful fashions and fur coats were presented by Margie's Couture and S. Garber Furs. The fresh fruit and flower arrangements and centerpieces created by Peggy and Susan were outstanding. The boutique of handmade crafts and holiday items were beautifully displayed throughout the dining room. It was all put together by Ann Mathews and the members of the club.

At 12:00 noon the ladies dined on a specially prepared lunch and dessert which was followed by many prizes.

The proceeds from this fund raiser will go to the Nature Conservancy, Chicago Historical Society, Long Grove Libraries, Alden Nursing Home, Reed-Turner

Woodlands, Long Grove Garden Plot, Horticultural-Environmental Scholarship in Lake County, all Garden Club of Illinois projects and many community needs and projects.

and neighbors was a natural expression of rejoicing and was soon accepted by the church as a religious symbol.

Gift giving during the holidays is a tradition that dates back thousands of years. **Persin & Robbin Jewelers** in downtown Arlington Heights has its own rich history of helping people in the Northwest suburbs find beautiful gifts for everyone

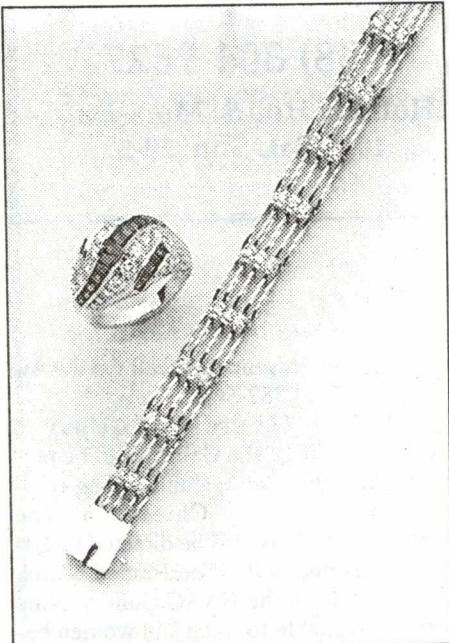

on their special list. For 36 years, **Persin & Robbin** has offered an extensive selection of fine jewelry to its customers. Whether it be a simple gold bangle, a demure pearl pin, brilliant gold and diamonds or stunning gemstones, let **Persin & Robbin** help make the holidays memorable for those important people who mean so much.

## The Fine Art Of Gift Giving

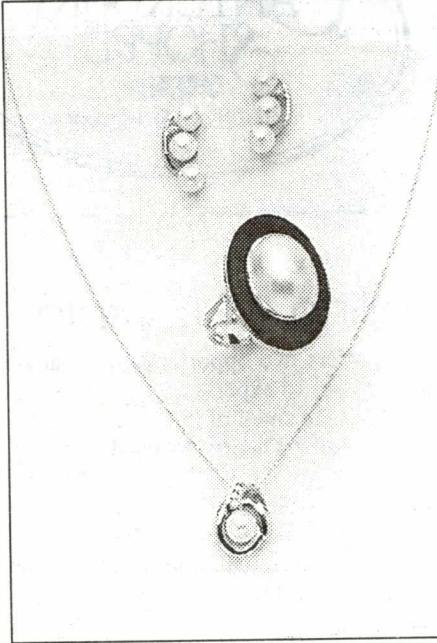

The exchange of gifts during the holidays began long before religion as we know it today gave a new meaning to the custom.

Pagan festivals celebrating the sun's annual rebirth brought with them a message of peace and goodwill when the rich generously gave to their poorer neighbors and received garlands, candles or frankincense

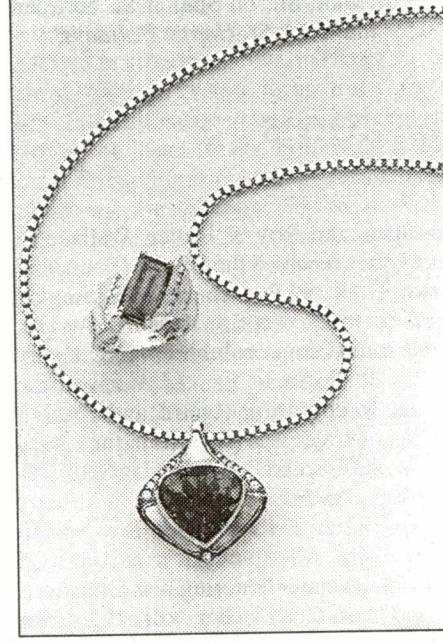

in return. Men gave each other "honeyed" things so the recipient might be sure of sweetness in the coming year. Gifts also had to be given to evil spirits at the time to drive them away. Because gift giving was an essential part of pagan celebrations, the early Christian church tried to abolish it from its Christmas celebration, but luckily, giving generously to kinsfolk, friends,

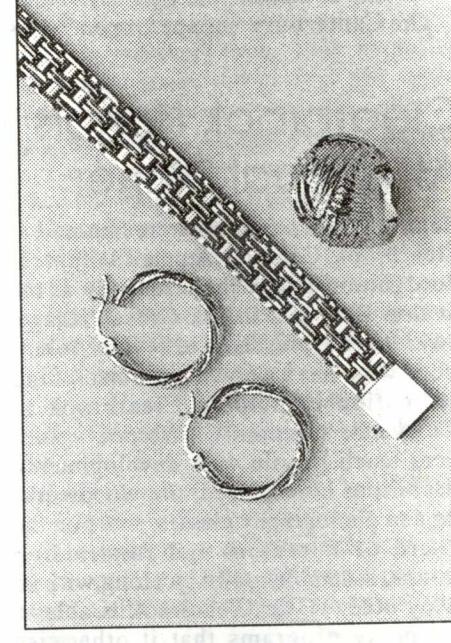

This spectacular diamond and sapphire ring, and gold and diamond bracelet are sure to turn heads every time. A lovely gift for that special someone on your Christmas list.

Simple elegance and pearls go hand in hand, whether it be pearl and diamond earrings or a ring paired with onyx. Choose from a wide selection and price range.

Gemstones blaze with color when combined with diamonds and mother-of-pearl. This one-of-a-kind rhodolite garnet ring and amethyst pendant are truly unique in styling and quality.

The beauty of gold is reflected in these 14K and 18K pieces, in styles ranging from classic to high fashion.

## Gold & Silver Ball—A Success!

(L to R) Barrington Hills Board Members: Linda Zizzo and Lisa McLaughlin; with Peotone's own Laura Rossi Murray.

On Friday, September 29, 1995, the Chicago Board for the NCPCA held its gala "Gold & Silver Ball." More than 250 people attended the benefit at the Four Seasons. The honorees at the evening's dinner included Illinois' First Lady, Mrs. Brenda Edgar and Chicago Bear's Chris Zorich. "I'm involved so that children know somewhere someone cares," said Mrs. Edgar in accepting her award. Chris Zorich accepted his award on behalf of his mother, who passed away a few years ago. "The award should be made out to her, for she is the reason I work so hard for children and the homeless, she instilled in me the importance of giving back to the community and helping those less fortunate," Zorich remarked.

In attendance were Mr. and Mrs. W. Clement Stone, whose daughter, Donna, founded this organization in 1972. This year is the 10th anniversary of Donna's death... "her legacy of this organization is profound," remarked Executive Director, Anne Cohn Donnelly.

The evening included a silent auction with many celebrity collectibles from Nancy Wilson to Bob Hope; cocktail reception where Channel 2's Linda MacLennan, Channel 32's Robin Robinson and WGN's Merri Dee spoke to the collective group; a wonderful dinner; live auction featuring exotic trips and netting the organization a little over \$30,000; all followed by dancing to the smooth sounds of Stanley Paul and his orchestra.

### Nurnberg, Germany

This charming walled city was of great importance in the Middle Ages and the Renaissance, when the plays of the Meistersingers were performed on temporary stages. The town did not have a true theatre until 1668, when a warehouse was rebuilt as a Komodienhaus, later called the Opernhaus. Most of the works staged were

by Germans, performed in German by visiting troupes. Its importance as a musical centre reached a peak in the 17th century when it was noted for its instrument making and music printing industries.

The Stadttheatre am Ring, a new building in art nouveau style was Nurnberg's first building designed for operatic performances. It opened on 1 October 1905 with a festival piece and the prelude and last scene from *Die Meistersinger*. The repertory at that time included some 20 standard operas and operettas as well as the major new works of Strauss, Puccini, Mascagni, Humperdinck, Kienzl and Pfitzner. After the war the theatre became municipally owned, and under the direction of Rudolf Hartmann brought new successes. But the economic crisis of 1930 took its toll

on the opera.

When the Nazis seized power, Nurnberg became the scene of party rallies and the opera house was drawn into the party programme. After a renovation in 1935, the house lost all its art nouveau features. It was reopened on the 10th of September of that year in the presence of Hitler and Winifred Wagner, with *Die Meistersinger*. Thereafter regular cultural conventions and operatic fes-

tivals were held during party rallies.

The opera house was closed in autumn 1944 having been badly damaged in air raids. After World War II, it was requisitioned by the occupying American troops for five years, after which time the company and repertory were quickly built up again. Today it has been newly renovated and enjoys the prestige of a vital house, its repertory embracing all areas of music drama.

Save 10% on all regularly priced hardbacks! Merry Christmas and thank you for 4 great years of serving McHenry County. Along with this special sale, every day of the year Jordan Temple Book Center in Crystal Lake offers a 25% discount on at least 40 bestsellers. Be sure to stop in. No long lines, no membership fees, free gift wrapping and McHenry County's low sales tax help make your Christmas dollars go further at Jordan Temple Book Center.

Elizabeth Temple customizes her inventory to the reading habits of our community. "An executive in New York doesn't stock our store with thousands of books that may not even interest our customers," states Elizabeth Jordan-Temple. "Our readers are unique, as is every community. We stock what you like, not what people in New Jersey or New York buy."

Community involvement is another reason to shop at Jordan Temple Book Center. All year we donate books and money to schools and PTOs. Jordan

Temple Book Center also donates 5¢ to McHenry Community College's Family Literacy Program every time a customer doesn't use a store bag. Last year Jordan Temple gave over \$700.00. Those nickels add up! Literacy and education make our county strong. Many people in our area have poor reading skills. Their parents could neither read nor help them with reading readiness. MCC's program addresses this devastating family cycle. "We should be intolerant of ignorance but understanding of illiteracy," writes Maya Angelou, award-winning author in her bestseller *I Know Why the Caged Bird Sings*.

Christmas is a time of charity and love. Share the love of reading with everyone on your holiday shopping list. James Michener, an orphan who became a great American writer and educator said, "If you don't read widely when your lifetime values are forming, you may miss the book that could ennoble your life." Give knowledge, imagination and enjoyment this season. Merry Christmas to all!

## Happenings In The Area

### Musical Program And Lecture Presented At First Church Of Christ, Scientist

"Our Christmas gift to the community!" is how the members of First Church of Christ, Scientist, Barrington are describing a lecture with a musical prelude which they are presenting on Thursday evening, December 21st. This event will be held in the church auditorium, at 421 East Main Street, Barrington.

Beginning at 7:30 P.M., concert pianist and organist Barbara Crooks Enders will present a prelude of organ music appropriate for the season. Her program will include carols and noels. Mrs. Enders, of Wauconda, is regular organist for the church. The organ is an M. P. Miller pipe organ of classic tonal structure designed by Henry Beard.

Following this musical introduction, Morris Trevithick, a teacher of Christian Science from Los Gatos, California, will discuss "The Priceless Gift of Christian Healing." His talk will begin at 8:00 o'clock.

Trevithick holds a Ph.D. in public and international affairs from the University of Pittsburgh, and Master's degrees from the University of North Carolina and the University of California at Berkeley. He established his own company, specializing in urban economics, and also worked as a government economist in Canada before entering the full-time healing ministry of Christian Science. Trevithick is a native of New Zealand, and was introduced to Christian Science in his home country when he was in college.

"There's a huge interest in healing apart from traditional medicine. But Christian Science does not quarrel with mainstream medicine or alternative medicine. It demonstrates the law of God, Spirit, Life and Truth—the law of divine Love which is accessible to thinkers and has immediate effect on their health," Trevithick says about the subject of his talk. "Materialism and technology with all their promises have not

delivered the goods. Even in the middle of relative prosperity, I think you'd agree lots of people feel unsettled—alienated, rudderless, isolated and anxious. Deep inside they recognize their problem to be something much more—a real hunger for spiritual truth. There is a longing for the understanding which enables us to know our real nature and our relationship to God and which expresses itself as health."

Trevithick offers a number of examples of Christian Science healing in his talk including a medically diagnosed case of degenerative arthritis of the spine.

Members of the local Christian Science church are providing free child care at the church during the evening's presentation, and parking is available in the church parking lot located behind the church, at the corner of East Main Street and Wool Street, adjacent to the Barrington METRA station parking lot. The 8th annual Shining Star Ball will be held on Friday, April 26, 1996 at the Ritz-Carlton Hotel in Chicago. ## Bonjour Mes Amis... Et Joyeuses Fêtes...

Thank you to the ones among the readers of this fine magazine who contributed to the success of our "Fête Du Beaujolais" on November 16... the wine, the entertainment, the food, the general ambience were just incredible... ! Which leads me into my next paragraph...

December is the time for employers to acknowledge the good contributions of their staff by inviting them out for a special lunch or dinner. Think of us at D & J Bistro, whether you are a small group of 6 or a larger group of 50, I assure you we have something to offer that few places have... that little "jene sais quoi!"

And of course this column would not be complete without a mention of our famous

New Year's Eve party... D & J Bistro turns into a Cabaret for gourmets and gourmands... there is no other place like it in the whole area; come by and pick up a flyer, or we'll fax you one, but be there! P.S.... D & J will be closed on Christmas Eve and Christmas Day.

## Ring In 1996 At Fritzl's

## Cilantro Celebrates 1st Anniversary By Hiring Specialty Chef

Celebrating their first year, Cilantro continues to offer their customers the very best in Chinese cuisine. Master Chef Lee Kie Pun from Hong Kong recently had Specialty Chef Yee Fai Fong join his staff. Fong, who is from China, serves up such Oriental delicacies as scallion pancakes and pot stickers that are rich in flavor and texture. Assistant Chef, Kang Sheng Hu, comes to Cilantro from the China Hotel in Canton. Together, the chefs at Cilantro continue to improve and add to the new Cilantro menu.

### What's new on the menu?

On weekends, it's "dim sum"—delicious appetizer-size delicacies cooked by various methods that, when combined, make an entire meal. Not sure what to order? Dim sum lets you try "a little of everything."

On weekdays you may choose the all-you-can-eat luncheon buffet, great for when you're in a hurry. For those dining at a more leisurely pace, the luncheon menu offers a vast assortment of reasonably priced selections.

You won't want to rush dinner, though. As you take your first bite into an oversized

stuffed egg roll, you'll know this is an experience to savor. Perhaps you'll want to try one of the house specialties—Mongolian Trio, a delicate combination of shrimp, chicken, and beef or Sesame Chicken served in an artfully balanced sweet sauce and topped with sesame seeds. Craving seafood? The Shrimp with Lobster Sauce is brimming with shrimp bathed in a velvety sauce that includes a light touch of minced pork.

### Celebrating a special event?

The Cilantro Room holds up to 50 people and offers a private, elegant atmosphere suitable for any occasion. Our chefs will gladly assist you in custom designing a unique and exciting menu specially tailored to your event.

### Why Cilantro?

Many of our customers are surprised by our choice of names. Italian or Mexican fare perhaps, but Chinese? What they don't know is that cilantro is an essential herb that has been used as an enhancement in fine Asian cuisine for centuries.

Come join us and discover how Cilantro brings a gourmet touch to Chinese cuisine.

**Is Your Face Ready For The Holidays?**

We must change our skin care program now. The best way to start is with a Deep Pore Cleansing Facial, to exfoliate dead cells and to moisturize. **Syd Simons** has been in the skin care business for over 40 years. All of our Estheticians are licensed skin care specialists and each one has the knowledge to recognize problems. We work with dehydrated skin, oily acne prone, and the old problem of aging skin, etc.

**Syd Simons** has 21 different types of treatments. We are having great results with Dr. Murad's Rapid Exfoliating Peel. This product will smooth fine lines and make a lot of difference in the texture of the skin and pores, I'm very impressed with how the peel makes the pores appear smaller. All of our treatments are given in a private room with relaxation music. Clients tell us it's like an hour and a half of heaven.

We have wonderful beneficial treatments for the hands and feet. Imagine having your feet in warm oil inside soft booties and your hands in the warm mittens on a cold winter day.

Stress takes its toll on your face, feet, and our frame of minds. In the Holiday Season we must take time out for ourselves to relax and enjoy the beauty of Christmas. Terry, our Nail Tech, gives a great manicure/pedicure and is an expert in nail sculptures.

Now we must talk about makeup for the winter and the Holidays! Our famous three-lesson private course, will teach you everything you need to know about your skin and how to apply your make up. You become your own make up artist, a master of your own face.

We hope to see all of you for the Christmas Holidays. Please stop in and have hors d'oeuvres and refreshments with us. We are celebrating our 25th year in Barrington. We would also like to thank all of you for making this our very best year in business.

Merry Christmas and a healthy, happy New Year.

He has an office and private surgical suite in Barrington, and is one of a handful of physicians in the country to complete extensive subspecialty training through a fellowship with the prestigious American Academy of Facial Plastic and Reconstructive Surgery. the overlying skin also tightens.

As we've seen, early facelifts did nothing to tighten the SMAS. Modern facelifts, however, should always tighten the SMAS. The result is a more natural appearing lift that lasts for years.

**How is the SMAS Tightened?**

An incision is made around the ears and the skin released for a short distance off the SMAS. At this point the SMAS may be tucked up toward the ear (this is called a plication) or the SMAS may also be released and sutured to a higher attachment point (this is called a SMAS flap technique). The latter technique is also called a deep plain facelift or composite facelift by some surgeons. In either technique the jowls and neck are tightened significantly, but the deep plain technique has the potential to improve the creases going from the nose to the lip better. Most surgeons still don't do a deep plain facelift as it is technically more demanding. I choose the technique that best suits the patient.

**The Incision is the Key to a Great Facelift**

In previous articles I've discussed the importance of how the incision is designed to leave the patient with an inconspicuous scar. It is important not to dis-

## Christmas CLIX

### With Personality And Style

By  
Gal Friday

Well, can you believe it? It's December again. Seems like I just put the decorations away. Is it my imagination or is it getting harder to put this stuff out every season? It's been so crazy I can barely think. Well, you see, I've been busy at work. **CLIX Photographs & Savables**, you know. I'm going out of my mind with all the new and unusual things they got in for the holidays. Then they tell me run this ad over to Glenne at *Lifestyles*. Well, I couldn't run it the way they had it.

Get a load of this ad. They talk about leaving white space a lot. What's that mean? Who's gonna buy white space? And they left most of the merchandise out. So I fixed it. (The handwritten stuff is mine). Whatda ya think?

First of all they didn't put in hardly anything about all the albums we carry. If you've got the pictures, we got the book. Leather, cool fabrics, you name it. This is, like, totally the place to stop at for all your frameable photo needs. Is that a word? No matter, you get my drift.

Oh, and we have the nicest collection of specialty paper books and journals, handmade paper and everything. See where I marked that down on the ad? Plus, there's

been some outrageous lamps and frames hanging around here. I've been thinking about getting a dragon fly lamp like the one in the ad for my sister. She's one of those obsessive bug people. I'm just not sure I should encourage her, though. I was gonna mark it sold like they do in the real estate ads, but "you-know-who" might not like that.

Oh, and boxes! Have we got boxes... plain ones, printed ones, heart-shaped, square, storage or decoration. Acid-free and archival or just regular. I've got a couple put aside for Uncle Billy. He's got all the family photos in his bureau drawer! Go figure! I looked pretty good in some of those babies and I want them to stay in one piece.

I'll say one thing for this group. They've got some great ideas on how to put all this stuff together, and some beautiful Christmas gifts, which you can personalize with your own photos. You know, something Great Aunt Gert can bring out and brag on at her next club meeting.

Gotta run, hon, and get this to Glenne. Catch ya' at **CLIX**. Hey, that gives me an idea! Maybe one of those tin candles, or an antique frame with...

## Page One Interiors Is Featured In National Magazines And Is Award Participant

Page One's beautiful cabinetry is featured in Fall *Better Homes & Gardens Kitchen & Bath* and in an upcoming issue of *Chicago Home & Gardens*. We're proud of our detailed work. We designed the interiors and cabinetry in a Barrington home that just received the Gold Key from the Chicago Land Home Builders Association.

In this featured kitchen, traditional materials have truly stood the test of time. As more people look back, with renewed interest, to the classic furniture and cabinetry styles of the past they discover many of the wood types that are available today in

Ridgewood. The deep, rich tones of solid cherry, the mellow hues of traditional pine, birch with its delicate graining, and of course, solid enduring oak. They are all available to create cabinetry that will retain its character and value.

As a social gathering point, a kitchen's visual appeal is important. However, its primary function as a storage and food center should never be overlooked.

Practical storage is the key to a quality kitchen. Shop and compare. Our prices are competitive, but our details make us outstanding.

## Shari's Furs & More—A New Concept

**Shari's Furs & More** is ready for you with their new concept: Shari's carries the fur that fits your lifestyle, your mood and most important, your pocketbook. Their superb new collection of furs covers the full spectrum of minks, beavers (sheared and unsheared) and raccoons available in all sizes for the petite or full size woman. They have added a fabulous variety of shearlings in colors exceeding the rainbow.

But this is just the tip of Shari's idea of what a women's store of the 90's should be. She has traveled throughout the Midwest to art shows to bring her customers artistic giftware and jewelry affordably priced and a variety not found in catalogs and pricey jewelry stores.

In this day and age of movement, Shari's realizes people's needs are changing. Lifestyles change. Thus, wonderful resale racks have been added to Shari's new concept. This allows people the opportunity to obtain a garment that fits their budget or sell a fur they no longer need.

At Shari's you will find warmth, friendliness and professional guidance to help you find the fur style that works best for you. All price levels are treated with the same respect, whether the purchase is \$300 or \$3,000. Men who wish to treat that special woman in their lives, will find patient salespeople to help in making a selection.

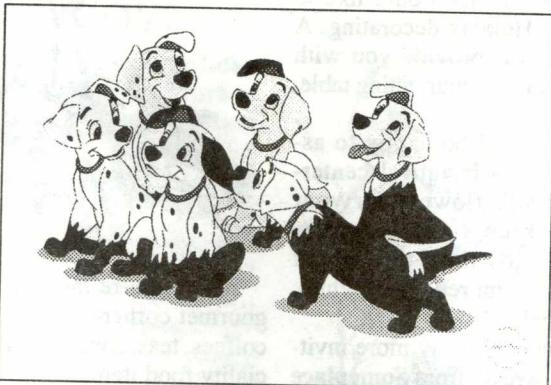

Shari's does not want to be just a point of purchase. They are a full service furrier.

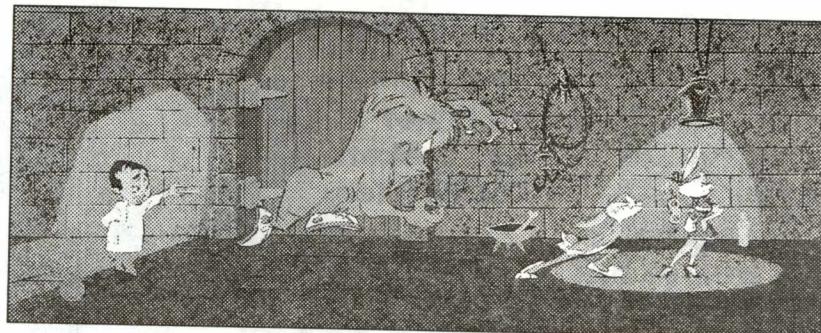

They have climate controlled storage, make alterations, and repair and restyle all types of fur and leather.

Shari's parting statement to her customer's is: "Our sales people will treat you with the same respect they would expect if they were on the other side of the counter."

The program works like this: volunteers will be recruited from each neighborhood to mail letters requesting donations from nearby residents. Upon receiving the donations by mail, the "Neighbor to Neighbor" volunteer will send the money directly to Clearbrook Center. The actual solicitations will begin in February of '96.

This is the third year Clearbrook has run this campaign. "Not only are we able to raise much needed funds from this campaign, we are able to inform people about Clearbrook in hundreds of communities where the agency might not be very well

known," comments Bob Caton, Clearbrook's vice president of marketing and development. "We encourage people to donate the short time it takes to fulfill the duties of a "Neighbor to Neighbor" volunteer."

Clearbrook Center is a not-for-profit agency serving more than 650 children and adults with developmental disabilities including, mental retardation, autism, cerebral palsy, epilepsy and other neurological disorders.

Clearbrook operates 23 facilities throughout the northwest suburban area of Chicago.

## Know Your Diamond Before You Buy

Buying a diamond can be confusing with all the different grading systems out there. In fact it is probably one of the most blind items you will ever buy. When you buy a house, you can have an inspector report its condition. When you buy a car or some other product, you can check with consumer reports. But when it comes to buying a diamond, not many customers walk around with a gemologist in their back pocket.

So when buying a diamond, you need to know more than just the four C's: *Carat, Color, Clarity, and Cut*—you need to know what these words mean. *I've always said that there is a fifth "C" and that is CONFIDENCE!* If you don't have confidence in the jeweler, then the other four C's don't mean a thing.

When you visit **Mitchell's Jewelers** we take the time to show you under a microscope, what to look for in a quality diamond.

Certificate

## Planning Ahead For '96

by Eleanor Nelson & Sally Hayward, Travel House

The snow has begun to fall, it's getting very cold, and with the festive season fast approaching we cannot believe that the end of the year is upon us. What better time than now to think of what to do and where to go in 1996.

**Travel House**, in conjunction with the Barrington Chapter of the Lyric Opera of Chicago, has designed a wonderful "Operafest '96" tour for October '96. We will visit some of the most spectacular Opera Houses in Europe and attend Opera performances and concerts in all cities on the tour. We have contracted the "best seats" in the house at the world famous Vienna Opera House, the Neo-Renaissance National Theater in Prague and the Bavarian State Opera House in Munich. We will visit and attend a concert at the exquisite Opera House in Nurnberg, explore Mozart's Salzburg and attend a performance at the refurbished Opera House in Budapest with its polished marble stairs, plush red carpeting and shimmering crystal chandeliers. Our tour is open to all who love music, opera and song. Why not join us? Send for your brochure now.

Also on the agenda for next year is a wonderful tour "down under" to Australia and New Zealand. We plan to go in September and October, two of the best months to explore this unique continent. We will visit the "top end" as we low aerial flights see over Ayers Rock and the Olgas, snorkel in the Great Barrier Reef and taste the wines in the Barossa Valley wine area of South Australia. We plan to visit a sheep station where we will experience life on the land, first hand. You will have the opportunity of seeing Koalas, Kangaroos and Emu, those unique animals indigenous to Australia. We have also included the cities of Sydney, Melbourne and Adelaide to give you a great combination of lifestyle in this great country. In New Zealand, we will stay on a working farm on the South Island, cruise magnificent Milford Sound and experience the exciting Maori cultural concert

and Hangi feast at Rotorua in the North Island. This tour is not to be missed, so call us now and we will put you on the mailing list.

This year we also had a superb tour to the holy land with the Presbyterian Church of Barrington. It was a huge success, so we have another one planned for 1996. The holy land is a fascinating destination, full of history, both ancient and modern. It's an area that should be visited at least once. **Travel House**'s operators in Israel can plan your holiday in the holy land for you on an independent basis, with your own personal guide and driver, or you can join one of our groups planned for 1996.

Whatever your travel plans, no matter how small or how grand, to whatever destination you desire, the staff at **Travel House**, with over 28 years of experience, can plan your next holiday for you. Next time you are in Barrington, stop by and have a chat with Shyrl, Bunny, Lee, Karen or Robyn. They have a wealth of information and experience, and each of them has travelled extensively. Call us today at (708) 381-0600, and let us help you plan your next holiday.

## The Joy Of Giving

by Sharon L. Keller, J.D.

The holiday season brings the smell of pine and spices and thoughts of the joys of giving. Gifting can be an important aspect of an estate plan. If you gift assets to someone during your life, a gift tax can apply. If you transfer assets through your will, estate taxes can apply.

However, each one of us can shelter transfers to others totalling up to \$600,000 from tax. In addition, each of us can give an unlimited number of people each year up to \$10,000 without incurring a tax. Taking advantage of this annual gifting exclusion is a great way to reduce your estate taxes. With gift splitting, a husband and wife can give each person a total of \$20,000 per year.

The following will illustrate the value of gifting. Five years ago, Mr. and Mrs. Jones had a combined estate of \$3 million that, if taxed today, would have an estate tax of \$784,000. Realizing this, Mr. and Mrs. Jones began a gifting program. For each of the next five years, they gave \$20,000 to each of their two children, two in-laws and four grandchildren. That adds up to \$160,000 per year for five years in gifts, reducing their estate by \$800,000. As a result, their estate tax savings were \$376,000. Considering that those assets would have generated income each year and appreciated to an even larger value, the savings were probably greater. This additional income and value would have been included in their estates. Therefore, by making these gifts, the Joneses passed on not only \$160,000 of assets, but also the future income and appreciation of those assets.

Not only does the annual gifting help reduce the estate tax burden, but the gifts are also tax free to the recipients.

Charitable Trusts are also available to enhance your tax planning and estate planning by providing an immediate charitable deduction and estate and gift tax benefits without any loss of income. Also, you enjoy the personal satisfaction of knowing you are making a future contribution to a meaning-

ful cause.

**Keeping an eye on Congress.** There have been proposals made in Congress to change the amount of unified credit. On October 26, 1995, the House of Representatives passed H.R.2491, followed by the Senate on October 27. Both versions of the budget reconciliation bill, include an increase in the unified credit.

The Senate bill would provide an increase in the exemption equivalent amount from \$600,000 to \$750,000 in 2001. The increase would be phased in so that the exemption equivalent amount would be \$625,000 in 1996 and would increase by \$25,000 in each succeeding year until it reached in \$750,000 in 2001.

The House would increase the unified credit more rapidly so that the exemption equivalent amount would be \$700,000 in 1996 and would reach \$750,000 in 1998.

Keep your eye on Congress. Their decisions will affect all of us.

Have a wonderful, joyous and healthy holiday season. See you next year!

## Traveling . . . with Carlson Wagonlit Travel

**Traveling with Kids? Some Tips**  
Delta Airlines offers these tips for traveling with kids as the holiday season approaches:

1. Plan ahead: kids like window seats. You can reserve seats up to 60 days ahead.

2. Ask about special airline services. Delta offers "Fantastic Flyer Funfeast" meals with pizza or chicken nuggets and fries, along with puzzles, games, and toys. (You can enroll your children in the Fantastic Flyer program in advance by calling 800-392-KIDS or 800-392-5437.)

3. Talk with your child about where you are going and what to expect while flying. You might consider visiting the airport a week or two ahead if this is a first time flight.

4. Bring snacks, such as juice and a favorite candy bar in case kids get hungry.

5. Bring along your child's favorite toys, games, books or stuffed animals.

6. Take advantage of early boarding opportunities offered to parents and children.

#### Cashing in Frequent Flyer Miles

Did you know you can cash in your frequent flyer miles for chips—chocolate chip cookies from Mrs. Fields, or even Las Vegas gaming chips? How, you ask? By joining Hilton Hotels Honors frequent flyer program (800-HHONORS or 800-446-

6677). This program lets you transfer miles from four frequent flyer programs including United and Delta: each mile gets two "points" in the H Honors account, which you can then spend for a high assortment of premiums, including a free weekend at any Hilton and gifts such as a \$10 certificate for Mrs. Fields cookies (10,000 points) or gaming chips at Hiltons in Reno and Las Vegas (\$25 worth for 10,000 points). This is a great way to spend frequent flyer miles that might be expiring when you don't have enough miles for a free ticket... just transfer them to H Honors and they are protected.

#### Skiing in Europe for Less

It's often cheaper to buy travel in a package, and if skiing is in your winter travel plans, consider "Swissair's Air+Land Best Buys" packages. Prices start at just \$848 per person at the Courmayeur resort in the Italian Alps, including a seven night hotel stay, breakfast, transfers from the airport to the resort, and round-trip flight on Swissair from the East Coast. That's similar to what you might pay for a week's skiing in the U.S.A. Your travel agent at **Carlson Wagonlit** in Barrington has details and many other ski packages.

## Poor Report Cards: What To Do

Report card day brings stress to many families. If you and your child are unhappy about a report card, what should you do? When you look at your child's report card and performance record, the most important things to evaluate are these: Is your child doing his or her best? Is he or she achieving his or her highest potential?

According to Dr. Raymond Huntington, founder and president of **Huntington Learning Centers**, "Parents know their own children. If you believe your child could be doing better than his or her grades show, you owe it to your child to remedy the situation."

"More than current grades are at stake," Huntington continues, "If grades are mediocre or poor, it means your child is not gaining valuable skills. This can come back to haunt the child later. The skills children learn in school are like building blocks. If a skill is not learned adequately, future skills will suffer. When a child tries to build advanced skills on a shaky foundation of knowledge, there's likely to be trouble ahead."

Mediocre or poor grades can result from a variety of problems. Dr. Huntington offers the following suggestions for what to do when a child brings home a poor report card:

1. *Examine the situation realistically.* It's important to remember that every drop in grades indicates that valuable skills are being missed. An effort should be made to learn and reinforce those missing skills. But while this is being done, it's also im-

portant to identify and remedy the basic problem, so it does not continue to hurt your child's education.

2. *What is really the problem?* Is there a behavior problem? Sometimes, bright students get bad grades for behavior related activities. Does your child hand in their homework? Is it correct and on time? Is your child bored with schoolwork, and so is not paying enough attention? These are not excuses; they are symptoms of different problems. You must identify the problem before you can remedy it.

3. *Talk with your child.* Why does he think he got poor grades? Does he take the situation seriously? How does he plan to do better? It's important that your child knows you take the situation seriously. Work with him to develop a plan that will help him to achieve better grades. Let him know you are supportive and that you believe in his abilities.

4. *Talk with your child's teacher or counselor.* Your child's teacher or counselor is a professional educator. What are her observations? What does she recommend?

It is important to remember that the difficulty that caused these poor grades may be a serious problem. Your child may have missed one or more important skills. It's vital that you get help for your child as soon as possible, before the problem gets worse.

Parents who want additional information, or who wish to discuss a specific problem, are encouraged to call the **Huntington Learning Center** in Barrington at **382-3655** or **459-5939** in Buffalo Grove.

## Barrington Ships Container Of Good Will To Bulgaria

Spearheaded by the efforts of the Barrington Rotary Club and the Barrington Breakfast Rotary Club, a jam-packed container of surplus medical equipment and supplies having a value of some \$44,000 left Marquardt Buick in Barrington for Sofia, Bulgaria.

The equipment and supplies will be distributed to needy clinics and hospitals by the Bulgarian Red Cross. The surplus and used items were donated by: VA Hospital, North Chicago; Good Shepherd Hospital, Barrington; and St. Joseph's home, Palatine. The shipment consisted of: wheel chairs, walkers, exam tables, bandages, pharmaceutical storage cabinets, IV stands and other miscellaneous supplies.

The Barrington Rotary Club with the assistance of clubs in Elgin, Palatine and Waukegan has made some 20 shipments over the last three years to various locations around the globe: Mexico (11), Russia (4), Kazakhstan (2), Kenya, Cameroon, and Ukraine. The program is part of Rotary's efforts toward local, national and interna-

tional service.

The photo above shows: Larry Marquardt (Barrington Rotary past-president), John Chambers, John Hipsky (Barrington Breakfast Rotary president), Tracy Chambers and (seated) Ron Goldenstern (Barrington Rotary president). Coincidentally, Tracy Chambers, a Barrington H.S. graduate, was the recipient of one of the shipments when she was in the Peace Corps stationed in Kazakhstan. A number of Barrington H.S. students donated their Saturday morning to help load the container.

The Barrington Rotary Club international efforts during the last three years brought recognition from the USAID—the US government Agency for International Development. The Agency awarded, in March of 1994, a Certificate of Registration to Barrington Rotary Charities, Inc. The Certificate acknowledges the club's efforts to send humanitarian assistance in the form of medical equipment and supplies to developing countries around the world.

## Hopi Holidays

For that special someone at Christmas, consider the contemporary silver and gold designs of Hopi master Watson Honanie. Over the past twenty years Watson has developed an imaginative style that is recognizably his. Characterized by 14 carat gold on sterling silver, Watson's creations depict places, people, and spirits—everything the Hopi believe is necessary for a good life.

In making his jewelry Watson Honanie practices the overlay style. Overlay consists of a design cut from one sheet of metal and soldered to a base. Whether using ancient Indian symbols, or traditional animal totems, Honanie's skill as an artist is deftly translated into wearable contemporary jewelry. Unlike most Hopi silversmiths, Watson does not accelerate oxidation of the silver areas revealed by finely drawn cutouts. Instead, he leaves the silver to darken naturally and to mature with time.

*Gold over sterling silver designs characterize the distinctive Hopi overlay jewelry hand made by Watson Honanie.*

Watson Honanie is visiting from Flagstaff, Arizona and will be present in Arlington Heights for a reception on Friday December 8th. Sale and demonstrations will continue on Saturday and Sunday, December 9th and 10th. Call **Tribal Expressions** at **(708) 590-5390** for demonstration times and directions.

## "The Reflection Of Light"

With little fanfare, **Joseph T. Rush, Master Photographer**, and owner of **Langdon's of Barrington**, has been developing award-winning portraiture in the Barrington community for the past 25 years.

Mr. Rush's fine arts background has included teaching music and photography and judging fine arts competitions. He has set and maintained high standards in the field of photography so that one of his portraits has been published by Kodak as illustrative example of "Fine Professional Portrait Techniques."

**Langdon's of Barrington's** commitment to excellence extends to community service. Since 1970, Langdon's has produced

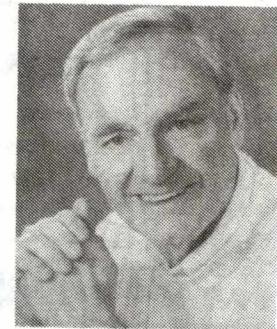

the portrait of each Chairman of the Board for the Barrington Area Chamber of Commerce. For the last four years Mr. Rush and Langdon's of Barrington has contributed the cover portrait for the annual Chamber Christmas publication.

Bursting with color and detail and exhibiting subdued lines and subtlety, Joe's portraits are classically chic and sophisticated, minus the trendiness of Fad photography, and have passed the test of time.

**Langdon's of Barrington** invites you to call now—**708-382-5463**—for your Holiday Portrait. A portrait during the Holiday becomes a "Portrait of an Heirloom," transforming cherished loved ones to life through the medium of photography.

## How To Walk (Instead Of Waddle) From The Holiday Table

Holiday meals provide an opportunity to get together with family and friends in celebration. It's pretty much the rule that people overeat at least a little at holiday meals.

Here are some easy ways to trim fat from your holiday meals: remove the skin from the turkey; avoid gravies, use plain non-fat yogurt in your mashed potatoes. Season your veggies with lemon juice, herbs and a pinch of salt. Buttermilk works well in custard and cheesecake as does non-fat yogurt. Equal parts non-fat yogurt and silken tofu blended together with natural sweetener makes a delightful low fat des-

sert topping.

To toast the holidays try one of our non-alcoholic sparkling beverages. "We carry many products that make unusual, thoughtful gifts for family, friends and associates," says Carole Childers, proprietor. **All Ways Healthy** in Lake Zurich has fat free and sugar free products, low fat cookbooks, specialty and other ingredients for festive cooking.

Those searching for the perfect stocking stuffer or an ideal hostess gift or a book relating to a healthy lifestyle should visit **All Ways Healthy**.

## BAHS Schoolhouse Dedication

The dedication of a one-room schoolhouse took place on the grounds of the Barrington Area Historical Society Saturday, November 4. The "Applebee School" is a recreation of the vernacular one-room schoolhouse which dominated American education for 100 years. Funds for the renovation were donated by The Garden Club of Barrington and by special gifts of its members. The landscaping was also donated by The Garden Club in memory of Mrs. James

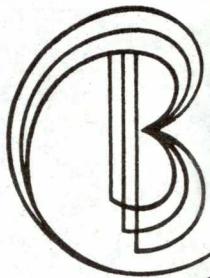

A. Cunningham.

A ribbon-cutting ceremony was followed by a short program, in which Historical Society president Sam Oliver expressed gratitude to the donors and enthusiasm for the prospect of new programs at the school house. The Applebee School program, which allows students to experience a school day in 1890, can be scheduled for school and civic groups in 1996. Call 381-1730 for more information.

## **Where Do You Put Those Christmas Toys?**

Now that the weather has turned cold and dreary, your kids are going to spend a lot more time indoors. What does that mean to your family room and kids' bedrooms? "One Big Mess!!"

Although you'd like to sweep the toys under the carpet, there's a better idea. Why not have **Deck-a-Roo** remodel your basement and sweep both the kids and toys into a warm cozy, and organized\* finished play room. (\*Organized is subject to personal interpretation.)

**Deck-A-Roo** can remodel your basement to your any need. Kids' playroom, in-home office, bars, rec-room, in-law arrangements, finished storage and shelving, and any other need.

Larry Kirchner, President of **Deck-A-Roo** states: "We will complete your base-

ment with a minimum of mess, and to an exacting quality as good or better than what is in your house now.

Basement remodeling is far less expensive than a room addition, tens of thousands less for the same amount of space. Also, remodeling your basement is not going to tear up your landscaping and existing house like a room addition would. Also, most basements can be completed in 4 to 5 weeks, where a room addition can take 5 to 8 months.

So if this sounds like a better idea than a room addition, or you want to be able to see your floor instead of what your kids got for Christmas for the last five years, call **Deck-A-Roo** for an in-home consultation, at (708) 381-3325. P.S. It's never too early to plan for that spring deck you'll want next year.

## Barrington Area United Way Allocates More Dollars!

The Barrington Area United Way will distribute another \$8,000 to seven local agencies. The special allocation is in addition to the \$271,225 allocated to 32 health and human service agencies last January. The United Way will also provide \$2,000 to the Healthier Community Project of the Barrington Area.

"We had a tremendous campaign last year and decided to provide some additional dollars later in the year. The requests we received for the funding were overwhelming. There are so many agencies providing great service to the Barrington area and it is difficult to say no to good programs. This is why we work so hard to raise more money each fall," explained Kent Salisbury, Barrington Area United Way Allocation Chairman and Quaker Oats employee.

Overall, eleven agencies submitted proposals totaling \$37,000 for the \$8,000 available. A committee of BAUW volunteers reviewed the requests and made recommendations to the board for final approval. Barrington Youth Services received \$400 to help offset some moving costs into their new building on Hager Avenue.

Barrington Area Council on Aging received \$2,400 to contract with Family Service of South Lake County for help with outreach and case management. Lake County Council Against Sexual Assault (LaCASA) received \$1,512.50 to support the delivery of Risk Reduction Workshops in the Barrington area. The Boy Scouts re-

ceived \$925 for the purchase of drug/alcohol awareness materials to be used by the Barrington Cub Scouts Packs. Shetler, Inc. received \$1,512.50 to help establish a part-time counselor for their group homes. Countryside Association received \$750 for the purchase of resource and training tools for their Respite In-Home program and Clearbrook Center for the Handicapped received \$500 to offset a portion of the unfunded costs of providing services to Barrington area residents.

The United Way will also provide \$2,000 to the Healthier Community Project of the Barrington Area. This project was initiated by Good Shepherd Hospital and involves the entire Barrington area in assessing community health and needs. The \$2,000 will be funded from the United Way's administrative budget. "We consider this project a part of doing business. The products we provide to the Barrington Area include one community-wide campaign, a community-based agency review process that gets the most out of every dollar, and community needs assessment to put donor contributions to work on the highest priorities. The Healthier Community Project involves the whole community and has some tremendous leadership. We believe it is the best way to measure community concerns and areas where service is lacking," said Jim Krupka, Barrington Area United Way Board President.

The Barrington Area United Way is conducting its annual campaign throughout the

# The Husband Who Gave His Wife A Christmas Kitchen Taming The Electronic Jungle

by Ed and Lisa McCauley  
of R. K. Tech

## Merry Christmas— and Happy Cooking!

Last year we started one of our kitchen projects with an unusual twist: A Christmas Card. One of our clients asked us to design a card that he could give to his wife on Christmas morning. In the card was a personal message and the news that this year's Christmas present was a new kitchen from **R. K. Tech**. He even included the date and time of our first design consultation. The effect was tremendous. Here was a present that kept giving and giving all year long. Our clients became enthusiastically involved in the project as it proceeded through design, planning and construction.

This Christmas they are celebrating in a wonderful new space. As the lucky recipient of that Christmas Card said to us just last week, "I can't believe I'm living in something this beautiful."

Because electronic technology is going to keep right on proliferating.

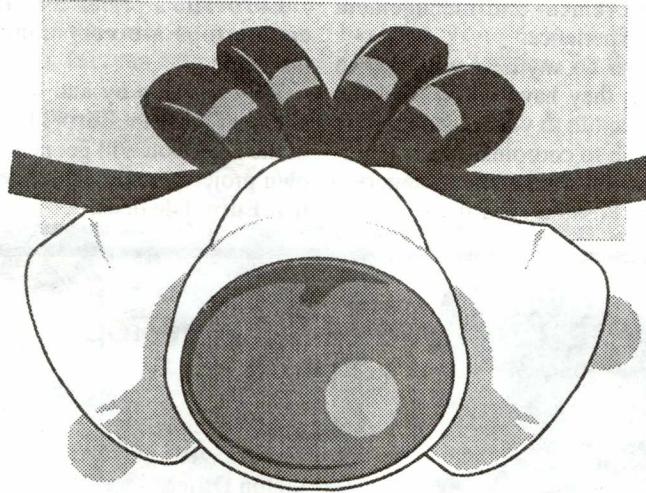

This Christmas lots of us are going to find neat electronic gadgets in our stockings, and every one of those gadgets is going to come with a new set of cords, wires, cables and connectors. By New Year's day your lovely home may start to look like the service department at CompUSA.

**Design that Gives You Back Your Home**  
At **R. K. Tech** we can design and build a beautiful home theater, entertainment center, office, library, computer station, or kitchen that will let you enjoy the benefits of the new technology without succumbing to the clutter.

You can even give your new project as a Christmas present. We'll be happy to design the card.

The Prudential

I love the Christmas Season. I love everything about it—the feeling of expectation, the music, the decorations, the gifts, the family reunions, the synergy of people. Many of us remember, with nostalgia, Christmases past; holidays filled with delight and impatience. How wonderful it was to believe in Santa Claus, the jolly generous elf that shared so many of our childhood memories.

I can recall vividly, the flutters in the tummy as I wrote my Christmas list. The smell of cookies that were so loved they became holiday tradition. The warm scent of cinnamon and spice... yum! Beautiful memories have a way of re-creating the original glow and warmth surrounding them.

Unfortunately, the "merriest" of seasons can produce stomach-tightening anxiety for many people, especially for the busy homeowner who wants to create a memorable holiday for his family but who may not have the features in his home to bring a sharing holiday "home" the way he envisions. Perhaps you foresee opening your home to friends and relatives for a giant party only to realize that your present home will not accommodate a large holiday gathering.

Your house is too small!

Or perhaps you envision yourself in front of a cozy fire reading a wonderful Christmas story. However this picture cannot become reality because there is no fireplace. Your house is missing something!

Or perhaps you conjure up an image of your family having a holiday breakfast in a beautiful circular eating area surrounded by windows enjoying the camaraderie and beauty of a snowy winter morning; however there is no wall of windows in your current home. Your house shuts out the seasons! It doesn't open up to nature.

Or perhaps you envision a massive Christmas table laden with special holiday foods for your family and friends but your dining room is too small for a large dining table. You've outgrown your house!

This December column is not about disappointments, but about dreams. The holidays encourage and reinforce how important our homes are in living and re-living our dreams. We value tradition and memories. So if our houses cannot accommodate the activity we desire or the lifestyle we've now earned for the special days, then it's

## Yes, You Can Afford The Gift Of Remodeling

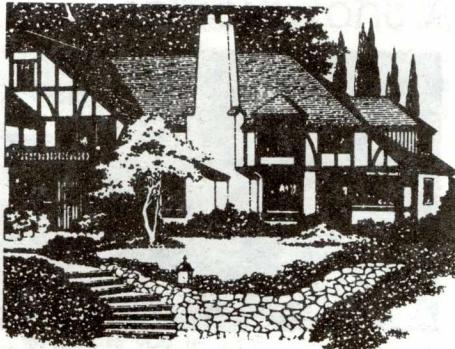

The Holiday Season is quickly approaching, baking, entertaining and that most important element—gift giving. If your holiday wish includes something very special for your loved ones, consider the gift of remodeling.

After a long day of work, running errands and cleaning your home, has your spouse always wished for more elbow room in the kitchen to help make the next chore of the day—cooking—more enjoyable?

Perhaps you have considered a fun-filled basement remodel for your rambunctious kids and their friends. Nothing cures cabin fever quicker for the family than a spacious basement rec room.

Feeling cramped in your current home? Don't move, improve with a beautiful addition. Many people are pleasantly surprised at the cost advantages of room additions. And in the northwest suburban area, your return on the expense of an addition could prove to be a wise investment for your family in the long run.

Be it a fairy tale nursery, a warm, comforting sun room or complete color transformation with interior painting, Schafer Builders, Inc. can help you every

step of the way.

As a certified "Code Plus" remodeler, their professional staff works with each client from design to build. And, as one of McHenry County's most reputable builders, they can even assist you in choosing financing options for your project.

Call **Schafer Builders, Inc.** today at **815-459-1333** to find out how you can give the gift of remodeling this holiday season.

Oh, you just found out that Aunt Eleanor is coming to stay with you for the holidays? Don't worry! **Schafer Builders, Inc.** can liven up your guest room and put sparkle back in your bath with professional painting—all in time for the holidays.

## Main Street, USA

Main Street, USA, the hub of small-town America. For a while, the advent of suburban shopping malls seemed to divert attention from the charming little shops which could be found on the main street of a small town. The mayor of Wauconda, Jim Eschenbauch, sought to reverse this trend. His idea of forming an Economic and Development Committee for Wauconda led to the feeling among merchants and community leaders that the initial thrust for renewed economic development should center on Main Street since Main Street is perceived as a natural geographical focus for the town.

Six months ago, the Wauconda Revitalization Committee was formed. Its original members were Attorney Tom Malik who now serves as president of the organization which he helped to incorporate. Kathy Kramer, proprietor of Kramer's Country Casuals, has been active as vice-president of the Revitalization Committee. She has spearheaded new banners for Main Street, encouraged the planting of 1,500 Marigolds along the street replete with concrete planters and has initiated the concept of customer-friendly benches up and down the pleasant street. Dave Bunge, who is an accountant by profession, is Treasurer of the group. Vickie Laureys of Vickie's Personal Touch, Ltd. is secretary.

Other members of the original committee are: Angelo and Bonita Villa of Michael

Kathy Kramer is enthusiastic about the committee. "It's what we needed, a new face for our retail stores and a town beautification effort to serve seniors, families and children of Wauconda. We also wanted to reach beyond the town itself to outlying communities which are not aware Wauconda offers a variety of interesting merchandise along with personalized service which is often difficult to find in the typical suburban mall."

time to gather coats and hats and take a trip to **The Prudential Preferred Properties**. Talk with one of our professional Realtors about your dreams... about having a living room large enough to hold a 12' Christmas tree, or a room with a fireplace large enough to accommodate a jolly old Santa Clause, or having a kitchen large enough to prepare

the holiday banquet... to bake the Christmas cookies and breads, stuff the large turkey or Christmas goose while boiling the chestnuts.

We at **The Prudential Preferred Properties** in Barrington wish you a merry Christmas and a wonderful holiday season... from your Dream House Headquarters.

## Search & Rescue Dog Training

Officers of the U.S. Coast Guard, based at Glenview, gave handlers and dogs of Illinois-Wisconsin Search & Rescue Dogs training in flight safety and helicopter boarding procedures. This included an orientation flight in their helicopter which gave the dogs and handlers an opportunity to experience boarding the aircraft while engines and rotors were turning. This acclimates the dogs to noise, vibration and

wind turbulence. This flight experience is invaluable as Ill-Wis dog teams are on call to Scott AFB Rescue Coordination Center for search to assist in any state emergency for missing persons and could be flown out by helicopters or military transport.

Ill-Wis dogs and handlers were also invited to the International Kennel Club Show at navy pier in October to give a demonstration and show the capabilities of search

The questions that you need to ask yourself prior to your first visit is 1. *What do I*

*really want to gain by the remodeling of my kitchen or bathroom? 2. What budget do I want to try to stay within? 3. Collect pictures from books, magazines on ideas that you've seen that you like.* Then come in and let us do the rest of the planning for you!

Once your new kitchen and baths are completed, you'll be glad that you decided to create a new beginning for your home! And in the future when it comes to selling your home, the kitchen and the bathrooms will help you receive top dollar.

We invite you to meet with our design staff at our showroom located at Route 12 and Lake Cook Road (next to Northshore Refrigeration) at 20066 N. Rand Road Suite C, Palatine, IL. Remodeling is a win-win situation for everyone. Do it!

## Work With Experts When Planning A New Space For Your Home...

Why do so many homeowners find the process of remodeling or adding on to their homes so intimidating? "Too much information from conflicting sources," says Mark Zurek, president of Barrington's **Delta's Renovations**. "The whole process is by nature an emotional one because it involves entrusting others with not only money, but with the comfort and security of home and family."

**Delta Renovations** has built its business by analyzing the needs of its clients and finding the best way to meet those needs. Every project presents a unique situation and requires services tailored specifically to that situation.

For clients considering major renovations or an addition, they often recommend the "Design-Build" process. Projects of this type call for the involvement of an architect. This is not only because local building departments will require that submitted drawings include an architect's seal, but also because the architect has been trained to combine technology and aesthetics. We have all seen homes that have had their character totally destroyed by a less than sensitive addition. "A good architect is able to add the extra space so that the addition itself is undetectable, and the home is even

more attractive," says Zurek. "The down side of using an architect in the remodeling process is usually budget." Many times, the homeowner will hire an architect and fall in love with his plan only to find the bids coming in astronomically higher than their target budget. Because the architect isn't intimately involved in the bidding process, he is often unable to accurately predict the cost of building what he has drawn.

**Delta Renovations** has structured their design-build process to provide the client access to several fine local architects while using **Delta's** years of experience in actually bringing projects in on budget. "We have spent years developing our relationship with suppliers and subcontractors who we know provide, at a fair price, the best products and the top-notch service I demand," continues Zurek.

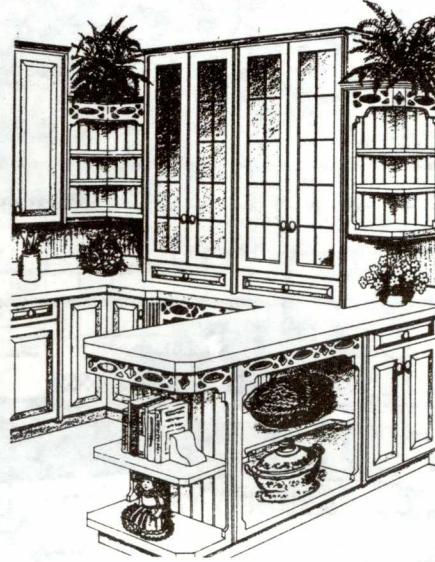

If you would like to see how **Delta's** "Design-Build" process will fit into your plans, please call Mark Zurek at **776-0121**. There is no obligation for a consultation.

**Delta Renovations** can also help homeowners with less extensive remodeling plans, like redoing existing kitchens and baths, using the in-staff designers with **Delta's** sister company, Barrington Kitchen and Bath Studio.

Main St. in Lake Zurich; and on Sunday, December 17 at 7:00 p.m. in the Divine Word Chapel, 2001 Waukegan Road in Techney.

Ralph Vaughan Williams's *Magnificat* will be performed by Emily Lodine, mezzo soprano; Stephen Hartman, harp; Lyon Leifer, flute; and the Ars Viva String Orchestra. The concerts will include treasured

English carols from *Away in a Manger* to Rutter's *Christmas Lullaby*.

Tapes of TNOS concerts are available. All music has been professionally recorded in the Divine Word Chapel in Techney. It was built 70 years ago by the Society of the Divine Word and fashioned according to European tradition and neo-gothic design. The acoustics of the Chapel resemble the sonic atmosphere of the great European cathedrals.

## From A Woman's Point Of View

by Gail Wickstrom, Wickstrom Ford

I'm sitting at my desk enjoying the view from my office through our service desk drive-in area with the sun shining outside. Not too unusual, except for the snow on the ground and the temperatures in the upper 20's in the middle of November.

Every year I try to remind our customers to make sure their vehicles are winterized before the cold blasts hit. Well it needs to be done early this year. We'll go through the usual reminders.

Don't let your fuel level fall below the halfway mark, it's easier for moisture to accumulate and cause gas line freeze. The obvious reminders are to check your anti-freeze and windshield wipers and fluids.

Now is also a good time to reread your owner's manual on starting procedures. It is slightly different in cold weather and a manual review could prevent a flooded engine.

Tires in poor condition have even less traction in bad weather. Last but not least, according to my husband, be prepared.

## Scotty's—Groceries On Wheels

Just don't have time to get to the grocery store? Hate those long, frustrating lines? Difficult taking the kids? **Scotty's Home Delivery** can help. We have been in business for over four years now, servicing the grocery needs of people just like you. We service 45 north and northwest suburban communities, with a customer base nearing 2,000 clients. Best of all, you pay grocery store prices, with only a nominal delivery fee to have them brought to your front door! Our average delivery fee is only around \$3.00!

All of our customers receive a price book with the nearly 5,000 items that we carry. It includes all of your favorite name brand suppliers, and an assortment of specialty items that you won't find at the grocery store, such as fresh butcher meat and seafood, whole grain breads from the Barnaby Smythe's Stone Ground Bread Company, fresh baked goods from a local bakery, and the finest of fresh produce we receive in daily.

Ordering is very simple. You can either call in or fax in your order, just indicating the item numbers you would like to have delivered. We will give you a total due for your delivery, and you can pay us by check or credit

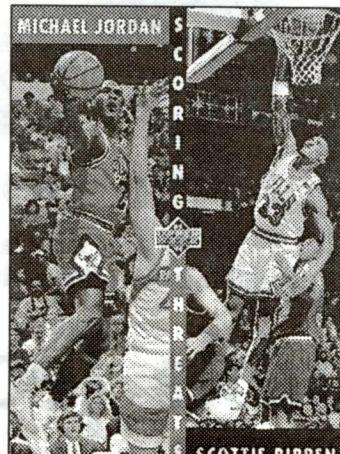

card. The great thing is that you don't even have to be home to accept delivery (around 50% of our customers are not). We can do this because we deliver all of our refrigerated and frozen items in Igloo coolers with ice packs, so even ice cream stays frozen while your groceries await you. The dry products are delivered in waterproof boxes with lids on them. We will work out a convenient place with you to leave your groceries if you are not going to be home, and they will be waiting there fresh when you arrive. If you are going to be home we will unload them on your counter for you. It's that simple!

This is not a club of any kind, we are simply a grocery store that only delivers. You order when you want (Monday through Friday) and however much you want. We guarantee 100% the quality of all our products. To receive an information pack describing the service, including a complete price book, just give us a call at (708) 726-8897, and we would be happy to send one out to you. Isn't it about time you enjoy your free time and spend your discretionary time the way you want to spend it? Let us help! We look forward to hearing from you.
