## Electrolysis Is The Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair permanently, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **381-9020** for your appointment.

**Clear Reflections** has provided 20 years of service at the same location.

## Editor's Ink

May, 1996

Dear Reader,

Sometimes a story reaches my desk that, for some reason or other, really intrigues me. The article about artist Nancy Steinmeyer is one such story. Nancy adds whimsy and humor to her work. An exceptional artist certainly, but she creates with a special style... highlighting embarrassing moments. Moments everyone's had. It is great how she has combined her art ability with her insightful look at human frailties. See if you don't agree.

Want to make some "footprints" on someone's heart? Join the Clearbrook Center Walk-A-Thon and Funfest on Saturday, June 1. Volunteers are paired with Clearbrook clients to participate in a variety of exciting games. For over 40 years Clearbrook Center has served over 650 infants, children and adults with developmental disabilities. Help these clients reach their greatest potential by contributing your time to an excellent cause. Call 847-870-2233.

How would you like to lunch with Andrew Greeley or Barbara Taylor Bradford or a number of other exciting authors? Be sure to attend *Lunching for Literacy* on Tuesday, May 14 at the Hyatt Regency O'Hare. Call (847) 808-9024.

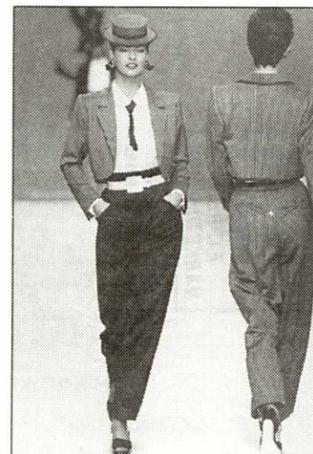

Until next time, may all your thoughts be sunny.

With warm regards,

## Chicago Artist Adds Touch Of Whimsy To Women's Art Exhibit

Spilling wine at a crowded dinner party... getting caught at a meeting with your blouse unbuttoned... everyone's had them—embarrassing moments—and artist Nancy Steinmeyer has captured these situations and brought them to life.

Steinmeyer's delightful work will be featured at the Kenosha Public Museum from April 29 through June 29. In addition to her gallery show, the animated Steinmeyer will conduct a series of lectures and workshops on making art out of paper.

A former banker turned professional artist, Steinmeyer is an innovator in the area of paper relief. In fact, she only sculpts her

lifelike figures from recycled paper. In some cases, Steinmeyer reduces watercolor or print-making paper back into pulp. Then, rather than painting the pulp, she dyes it using a wide range of colors and hues. Next, the pulp is molded into large shapes and forms. Many transform into human figures—brimming with character and personality—that when shown, hang frameless on the wall.

In addition to the media she chooses to work with, Steinmeyer's work is unusual because of the situations in which her sculptures are depicted. All are in the middle of some kind of every day activity, whether it be exercising, traveling or just simply think-

"Pam" is in the middle of a group while her friends watch helplessly (or amused, it's hard to tell). Oh, I forgot she also has lipstick on her teeth and a hair bump! Isn't that always the way?

Steinmeyer's museum workshops and talks will take place the weekend of May 18 and 19. The schedule is as follows: Lecture: "Paper Changing Faces," Saturday, May 18, 10:00 a.m.; Adult Workshop: "Hand It Over," Saturday, May 18, 1-2:30 p.m.; Teen Workshop: "Hand It Over," Saturday, May 18, 3-4:30 p.m.; Reception and Gallery Talk, Sunday, May 19, 2-4:00 p.m.

The Kenosha Public Museum is located on Civic Center Park at 5608 Tenth Avenue in Kenosha, WI. Visit Monday through Friday, 9 a.m. to 5 p.m., Saturday 9 a.m. to 4 p.m. and Sunday 1 p.m. to 4 p.m. The Kenosha Public Museum is an Art and Natural History Museum featuring a world animal collection, exquisite ivory carvings and Native American exhibits. Special group tours are arranged by reservation. Admission is free. For more information, call 414/653-4140.

# Mickey Mouse, Fred Flintstone & Bugs Bunny Almost Kicked Out Of Barrington! The Loop's 97.9 "Shemp" To The Rescue!

After years of operating in the quaint downtown area of Barrington, the owners of **Stay Tooned Gallery**, Tracy and Jim Lentz, were shocked to learn that their building had been sold and the new landlord was not renewing their lease. To make matters worse, they were asked to vacate within three days after owner Tracy Lentz was scheduled to give birth to the Lentz's fourth child. The Lentz's, who have volunteered their time at numerous in town elementary school events, contributed to Barrington area charities, spoke at local Rotary Club functions and were active members of the Chamber of Commerce, could not believe "Mickey Mouse was being evicted." But wait—this is a cartoon story and cartoon stories have happy endings, and so does this one.

Effective May 1st, **Stay Tooned Gallery** will relocate their world famous animation art gallery to the prestigious Barrington Ice House Mall located at 200 Applebee Street, next to the Jewel in downtown Barrington. Jim and Tracy Lentz are pleased to announce that the

new location offers many more benefits for our clients. More retail space, ex-

tended hours of operation (now open 7 days a week) and finally plenty of parking! Also, **Stay Tooned** has announced that the new gallery will be managed by Mark "Shemp" DeYoung, the long time producer of the Loop 97.9's Kevin Matthews and Danny Bonaduce shows. Mr. DeYoung also has hosted his own show on the Loop "The Shemp Show." Mr. DeYoung is an avid animation and

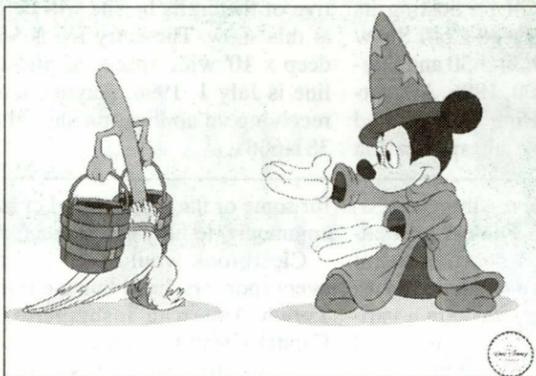

comic art collector and his knowledge of the art form is a vital addition to the **Stay Tooned** animation family of cartoonologists. For information or a free 16-page catalog, call (847) 382-2357. **Stay Tooned Gallery** operates galleries in Lake Forest, IL and Edina, MN also. They plan on hosting 4-6 special events a year with special animated appearances at the new location.

## Hopi Tribute & Jewelry Demonstration

For those wishing to learn more about Hopi culture as revealed through the skilled hands of an artist, a demonstration and show is planned for master Hopi silversmith, Ramon Dalangyawma. Ramon will demonstrate his etching, cutting and shaping techniques, at **Tribal Expressions** in Arlington Heights.

Ramon has perfected what is referred to as the Hopi overlay technique. Two pieces of silver are used, one in which the design element is cut out and the second to which the first is soldered. The depressions create designs which are oxidized in contrast against the highly polished raised surface.

"Flawless" is the term that best describes Ramon's cutting ability. Patterns used by Ramon include stylized animal, nature, and pottery themes, and they are often embellished with concave, convex and other curved surfaces. His designs invite close scrutiny and inspection and stand up to the keenest evaluation.

Ramon lives with his wife and seven year old son near Hotevilla, Arizona. He is ac-

tive in Hopi village affairs and derives his principal source of income from his work as a silversmith. Ramon is a graduate of Phoenix Indian School, the Institute of American Indian Art in Santa Fe, and served four years in the Marine Corps.

Demonstrations will be held Saturday and Sunday on a continuing basis. Ramon will also have his template portfolio available for custom orders. For additional information please feel free to call the gallery at (847) 590-5390. This event is available at no cost to the public.

Treasured Twice Boutique is an upscale ladies consignment shop offering consignment, resale, name brands and designer labels.

Owner Dawn Phillips, a Barrington resident, opened her boutique 11 years ago. Dawn chose resale over retail because second hand clothing is a less expensive business to launch. She, herself, had patronized resale shops and feels other shoppers as well are dollar conscious. Even if the economy is bad, Dawn feels resale shops do well. Her feelings proved correct, having a thriving business these past 11 years.

Quality clothing at Treasured Twice is priced at about half of what it cost new. Being on consignment, once an item is sold, the revenue from the sale is split evenly between the shop and the clothing owners.

Ms. Phillips is very choosy about what

she sells—it must be high quality merchandise. No polyester leisure suits are sold here!!

Those who sell their clothing on consignment do so for a number of reasons. Perhaps they have gone up in size or gone down in size. Or, perhaps they bought an outfit for one special occasion and don't wish to wear it again.

If you are a careful spender and want nice labels and quality clothing, visit Treasured Twice, located at 612 S. Northwest Highway in Barrington.

**Psst... don't miss Treasured Twice's fabulous selection of beautiful mothers of the wedding dresses, after-five dresses and cocktail dresses (many beaded). These dresses come from the finest boutiques in the area.**

## CLIX Has Just The Album For Any Occasion

by Gal Friday

*I'mmmm Baaaaaack!*  
Just in time for spring. Sorry I haven't written lately, but things have been pretty hectic. The boss went on a shop-

ping spree this winter and as a result we've been keeping the UPS man gainfully employed. Lots of new merchandise to unpack and put out at **CLIX photographs & savables**.

Albums, Albums, Albums... where do I start? I think it'll be easier for you if I break it down into 3 categories: Pivotal Moments Albums, Standard Albums, and Girl Friend Albums.

### Pivotal Moment

#### Albums:

This is for the big events; weddings, bar mitzvahs, anniversaries, opening the new store, new-car-on-your-16th-birthday... you know what I mean. Lots of choices in color, size, matt types and a variety of prices. I have to say, I've never seen these for sale before, unless it was with some huge professional wedding package.

### Standard

#### Albums:

These albums would be great for the "once-in-a-life-time-trip-to-Disneyworld-that-you-did-for-the-kids-except-you-had-a-ball-and-can't-wait-to-go-back" album, or little Johnny's baby pictures for the first two weeks, birthdays parties, picnics... life's little moments. And you can mix and match with photograph, journal and scrapbook pages. You can put the birthday invitation right next to the cute picture of Johnny diving into his cake.

### Girl Friend

#### Albums: (my favorite)

Lots of textures and details, colors and special touches... all the kinds of things that are a little impractical and completely irresistible. These albums are what you give to best friends, old roommates, great neighbors, you know, special people for special occasions.

Some of these are museum quality archival storage and some aren't. Some are meant for just a few choice photos, and some can hold dozens. What type are you looking for? Chances are that we've got it.

Then again, you can take the abbreviated path and just toss them in one of our acid free archival storage boxes. What the heck, it's better than the shoe box. Stop by **CLIX** for your perfect album.

### Coming Photography Classes:

#### • Basic Camera Operation

Basics: loading and unloading, focusing, apertures, shutter speeds and other functions of the camera. Questions encouraged. Equipment needed: 35 mm camera; 2 rolls color slide film. *Tuesday, May 14, 21, 28, 7:00 - 9:30 pm. Cost \$38.50.*

#### • Do-it-yourself Family Portraits

Discover how to capture your family on film using professional techniques and know-how. Group and individual posing, lighting and camera techniques discussed. One-night seminar, no equipment necessary. *Tuesday, June 11, 7:00 - 9:30 pm Cost \$15.*

#### • Wedding Photography

The do's and don't's of wedding photography from the standpoint of a war veteran. A professional perspective for amateurs. One-night seminar, no equipment necessary. *Wednesday, June 12, 7:00 - 9:30 pm Cost \$15.*

• Private lessons available. \$35 per session.

## Be Free Of Unwanted Hair Permanently

**Absolutely! Electrolysis Salon** provides safe, gentle, and effective permanent hair removal by a Registered Nurse. A nurse for the past 16 years, Debbie received specialized training in electrolysis and has taken the National Board Exam to become a Board-Certified Professional Electrologist (CPE). Advanced computerized equipment assures every client of a most comfortable treatment.

Electrolysis is the only safe, sensible, and permanent treatment for the removal of unwanted hair. It will free you from the limitations and frustrations of temporary remedies (tweezing, waxing, bleaching, or depilatories) which only result in the regrowth of coarser and more deeply rooted hair.

Electrolysis will lift your spirits and your

self confidence as the look you desire is achieved and the troublesome hair is gone forever!

Electrolysis in this office provided by a Registered Nurse, assures the client of a safe and effective treatment. Strict sterilization standards are adhered to as the requirements for sanitation and aseptic technique are strictly followed. These standards include the use of sterile, disposable probes, sterilization of instruments, hand washing, and the use of a fresh pair of examination gloves for each treatment.

**Absolutely! Electrolysis Salon** is located at 759 W. Main St. in Lake Zurich (S.W. corner of Rts. 12 & 22 in the courtyard between Just Oak and Pasta Makers). Call **Debbie Fritzshall R.N., C.P.E.** at **847-550-0100** for further information.

## Mother's Day Limoges Trunk Show!

The Canterbury Shoppe is celebrating the arrival of Mother's Day with a fantastic Limoges Trunk Show. From May 5 to May 12, over 100 pieces of beautiful Rochard Limoges will be available for sale. Starting under \$100, our trunk show collection is filled with miniature clocks, playful cats, over-stuffed chairs, classic sewing machines, beautiful cherubs, hearts, purses, cheese domes and fruit... and more (especially for music lovers!). The distinctive quality of Rochard is undersigned on each piece in the collection.

What makes Limoges Porcelain so special? Limoges porcelain has been produced and cherished by generations since the mid 17th century. Originally called tabatieres, they were used to hold tobacco, jewelry, perfume and snuff. Over time, these miniature boxes have become collectibles all by themselves. The remarkable value of the porcelain is due to its high quality characteristics, rare whiteness and translucence.

The variety, artistry and intricate painting of these miniature pieces are what keeps these collections from never going out of style! **Shop early and take advantage of our show special, bring in this ad, and receive \$20 OFF per piece of Limoges (Expires May 12).**

## The Haeger Potteries— 125th Year Craftsmen For Over A Century

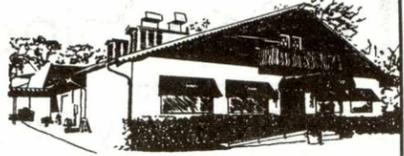

In 1871, founder David Haeger's Brickyard helped rebuild Chicago after it's devastating Great Fire. Those early bricks were the solid foundation for what is now **Haeger Potteries**, the world's largest art pottery.

Now in our 125th year, we are proud that the **Haeger** name is synonymous with quality and excellence in fine art pottery. Our history is as rich and enduring as the clay along the banks of the Fox River where it

all began.

Today, under the direction of the fourth generation of the Haeger family, we still transform clay into art at our original location along the banks of the scenic and historic Fox River in Dundee, Illinois. The years have seen steady growth, creativity and innovation. With the introduction of the first line of **Haeger** artware in 1914 to the present. **Haeger** quality has been accepted

**O**f all the American sportsmen who have competed around the world, none exemplifies the honesty, integrity and character of a winner more than Bobby Jones.

He won his first major golf tournament in 1923 and retired eight years later at age 28, when he was at the peak of his career. In that eight years, he won 13 titles: five U.S. Opens, three British Opens, and one British Amateur. In 1930, he accomplished what *The Associated Press* called the greatest sports achievement of the twentieth century, winning the Open and Amateur championships in both the United States and Great Britain in a single year. Termed the "Grand Slam" it is a feat that can never be surpassed, and in all human probability, will never be again.

In a tribute to Bobby Jones' legendary achievements and character of such high order, we present this unique collection of sportswear available only to those who demand a higher standard from themselves. Available at **Chuck Hines**, on Main Street, in downtown Barrington.

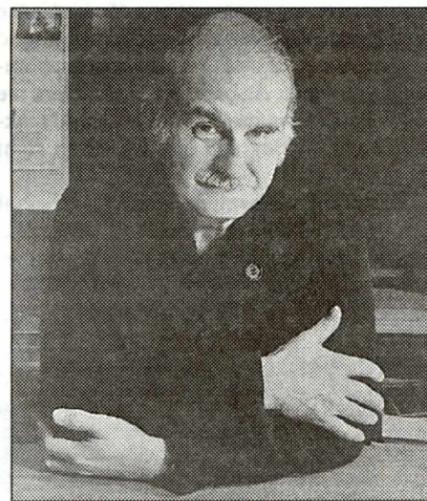

## BWC May Meeting

The Barrington Woman's Club General Meeting and Program will be held Wednesday, May 15 at the Inverness Country Club. Hospitality begins at 11:30 A.M. with lunch at 12:00 Noon and the program begins at 1:00 P.M. The distinguished novelist and short story Writer, Harry Mark Petrakis, will be guest speaker.

A vigorous and popular author, with eight novels, four collections of short stories, two autobiographical accounts and two commissioned biographies to his credit, Mr. Petrakis is one of those rare writers who speaks with strength, authority and robust good humor.

A seasoned lecturer at colleges and diverse organizations, Petrakis describes storytelling as "that myth-making quality with which we ornament our lives. It's a reaching-back to preserve tradition. It's the cycle of human experience, that marvelous returning and recurring of our lives that goes on through our children and our grandchildren."

"The older I get the more clearly I see that there is a stunning purity in the writing of a book that I cannot maintain in my own life, with its frailty and desperation. Things slowly begin to happen. The work takes over with a life of its own. I get this incredible rhythm going. It's as if I'm taking God's dictation. In those moments I wouldn't trade writing for

## Classic Arts Trio To Perform

*Classic Arts Trio*

Members of the Classic Arts Trio—Stephanie and Walter Preucil and William Koehler are ever on a mission to bring quality chamber music to their audiences worldwide. On Friday, May 17, their mission will expand into the mission of The Presbyterian Church of Barrington as they perform a benefit concert at 7:30 p.m. at the church on 6 Brinker Road in Barrington.

This concert will feature music of Franz Joseph Haydn, Ernest Chausson and Antonin Dvorak. Proceeds from the evening program will go into the general mission fund of the sponsoring church for its work with the San Marcos Urban Youth Ministry in inner-city Chicago, Christopher House, a Presbyterian settlement house in Chicago; and Home of the Sparrow in McHenry which provides shelter and rehabilitation for homeless women. In addition, funds will help make possible a summer trip to Mexico to enable youth of the Barrington church to work in a mission there.

The Preucils are themselves members of The Presbyterian Church of Barrington. Stephanie, violinist, received her bachelor's degree in performance from the Eastman School, and went on to graduate studies at Indiana University. Prior to residence in the Chicago area, she performed in the New American Chamber Orchestra throughout Europe, Scandinavia and the Middle East; the Oklahoma Symphony, Rochester Philharmonic Orchestra and the Heidelberg Castle Festival Opera Orchestra. Most recently, she was heard with a group called "Dvorak Concerts of Chicago" at the Centennial Celebration for Dvorak in Spillville, Iowa. Since 1989 Stephanie has served on the faculty at the Music Center of the Northshore, and for the past five years has been principal Second Violin of the Illinois Chamber Symphony. She occasionally plays as an extra

musician with Lyric Opera of Chicago, where her husband, Walter, has been a member of the Orchestra since 1988.

A cellist, he also graduated from the Eastman School of Music and studied at Indiana University. He has won numerous prizes and awards, including the Eastman Concerto Competition and second prize in the Oklahoma Symphony Young Artists Competition. At the age of 19 he made his New York debut in Carnegie Recital Hall with the Preucil Family Players and has since concertized across the United States, Europe, Scandinavia and the Middle East with various chamber ensembles. Recognized widely as a chamber musician, teacher and soloist, Walter maintains a private studio and also presents master classes at schools and universities.

William Koehler, a member of the piano faculty at Northern Illinois University since 1985, earned his bachelor's and master's degrees from the Juilliard School and his doctorate from The University of Texas at Austin. He has held faculty positions with Juilliard's Precollege Division and the University of Missouri-Columbia. He won first prize in the 1984 San Antonio International Keyboard Competition and in two international competitions in New Orleans in 1989. In 1984 he was the highest ranked Winner from the United States in the Paloma O'Shea International Piano Competition in Santander, Spain. He has appeared as piano soloist with many symphony orchestras, including Houston, St. Louis, Baltimore, Long Beach and Oklahoma City, with the Denver Chamber Orchestra and also with the Vermeer Quartet.

Tickets for the mission concert are \$15 for adults and \$6 for students. For more information, please call the church office, (847) 381-0975.

May has been designated "Older Americans Month" and the Barrington Area Arts Council will be an active participant in its celebration. The artists featured are: Jean Fraher, watercolor; Barbara Fuhr, wood and glass;

Gerry Howard, mixed media; Betty McGee, oil; Veronica Potter, colored pencil and etching; Ellen Rose, watercolor; and Imelda Simek; pastel.

The exhibit will be located in the glass cases that go up the stairway to the children's library. Exhibit hours are during regular library hours.

## Traveling . . . with Carlson Wagonlit Travel

### Renting in Style

If you like to travel in style, rent a Mercedes next time you're in Europe. Auto Europe rents the 180C model with manual transmission and free mileage, but not tax or insurance, for as little as \$287 a week in Europe—a 25% discount off normal rates. Similar low rates apply in Austria, Switzerland, Italy, France, Britain, Belgium, Holland, Spain, and Portugal, from now until the end of the year. Call us for details.

### Air Passes

Most international airlines offer air passes allowing discounted or unlimited travel within their home countries or surrounding areas. For example, Garuda Indonesia Airlines markets a Visit Indonesia Air Pass for \$300 (three cities) or \$500 (five cities) good for up to 60 days travel. Lufthansa offers something called "Discover Europe Coupons" for \$140 per flight, minimum three-flight segments (buy more and the cost goes down). Each coupon is good for a flight from any German Airport to anywhere in Western Europe, with flights to Turkey and Eastern Europe costing more. In most cases, these passes must be bought in the U.S. before departure. Among the airlines offering these passes are carriers based in Argentina, Australia, Brazil, the Caribbean, Chile, India, France, Italy, New Zealand, Scandinavia, South Africa, and Thailand.

### Eastern Europe Deals

General Tours has put together low-cost tours of Poland, Hungary, Russia, the Czech Republic and the cities of Vienna, Helsinki,

and Istanbul. A sample itinerary: the 11-day "Warsaw, Krakow & Budapest" package (begins at \$949 a person, double occupancy). Included: hotels with breakfast, sight-seeing, city tours, and first-class train fares.

### Miles for Air Time

Calling from an airplane can be expensive; you might as well get as many frequent flyer miles for it as you can. GTE Airfone and United have a deal for you: five MileagePlus points for every dollar you spend on in-flight calls aboard United when you join GTE's NetRewards program (800-AIRPHONE). Now if you charge those calls to your AT&T calling card and join AT&T's True Rewards program, you'll get another five miles (on your choice of United or several other airlines), for a total of ten miles per dollar.

### Earplanes

Any air traveler, especially one with a cold, knows that ears can take quite a beating during takeoffs and landings. When you have a cold, mucous membranes in the Eustachian tube get inflamed and constrict the passageway, making it hard for air to reach the eardrum. Any inflammation may prevent the air pressure on the eardrum from equalizing, causing pain and even temporary hearing loss. This can be so serious that one major international airlines forbids crew members to fly when they have a cold or any ear infection—perhaps advice we should consider. There are some simple

## "For The Birds" Stickney House Restoration Fund-Raiser

Before restoration, Stickney House in Bull Valley. Photo by R.W. Block.

After restoration, Stickney House. Photo by R.W. Block.

The Stickney House Committee is planning a gala event for Saturday evening, May 25 at the Bull Valley Golf Club, 1311 Club Road, Woodstock Illinois. The fun will begin at 6:00 p.m. "Jazz Station" from McHenry will entertain you throughout the evening. The delicious dinner will be prepared by the Clubs' well trained chefs and will be served in the Terrace Room. \$40 per person.

There will be a silent auction of hand crafted birdhouses, feeders, baths and other bird related items. You will enjoy seeing a fantastic display of birdhouses, baths—even wearing apparel applied with birdhouses! The collectors will keep a watchful eye on their favorites. Some of the creations have celebrity signatures!

Mary Obodzinski, Executive Director of the Northwest Area Arts Council, is having a "birdhouse painting party" for the Stickney House event. Her artists will use their talents for the decorative abodes. Their hand painted designs will

be used for interesting interior decor. They are used on high shelving—or as a centerpiece on a dining room table. They also add charm amid a collection of house plants.

Debbie Staley, a Stickney House Committee volunteer, has a great collection in her family lanai. Debbie and her three daughters find many unusual birdhouses in their travels. Eighty-eight birdhouses grace the walls of their lanai. There are regional designs to contemporary trends and folk art. Debbie's daughters are avid collectors and can easily spot a mico-dwelling as a collectible.

Mary Hill and Virginia Peschke, Chairpersons, are asking for the support of the community so that the restoration work may continue. Donations of bird related items are still being accepted. And—make your reservations early for the eventful evening.

For further information or reservations phone Phyllis Keinz, Village Clerk (815) 459-4833 or Verna Hogan (815) 338-1681.

## How To Choose A Dance School For Your Child

Many parents of young children who desire to take dance lessons find themselves unsure as to how to choose a school. Frankly, a recommendation from a neighbor or friend is not enough. You should always visit the school in person. The following are some guidelines as to how to choose a school in order to insure your child's proper instruction and personal safety.

**Facility**—The dancers should have a large room with a special sprung floor. Dancing on concrete covered with tile or other hard surfaces is dangerous. There should be ample mirrors and well-constructed ballet barres for older students.

**Observation of Classes**—Before enrolling in any school, you should make an appointment to observe a class. Even if you are not knowledgeable, you will be able to judge certain critical things.

1) *Is the teacher well organized and pleasant?*

2) *Is he/she knowledgeable?* (Check the school brochure for teachers' backgrounds.)

3) *Are the teacher's corrections made clearly and in a positive way?*

4) *Are the students well behaved and attentive for their age?*

**Performing Opportunities**—As dance is a performing art, it is imperative that the students get the chance to dance for an audience. However, a good school should stress education and not detract from that for the sake of performing. A fancy costume will never cover up poor dancing!

**Tuition**—Do some comparison shopping as to class rates. Classes should be competitively priced but one should not think that the cheapest class means more for your money. As with everything, quality costs more. Schools should have discounted tuition for multiple classes if your child is a serious student. Family discounts may also be available.

Even pre-schoolers taking lessons should have a fun, interesting and beneficial class. A little extra time will result in a decision that you and your child will be happy with for years to come!

## Celebrating The Traditional American Arts

In today's busy world, handcrafted items bring warmth and humanity to our surroundings. A popular Shaker motto extols the virtues of putting hands to work, and **Varied Treasure Artisan Shoppe** fits the bill. Featured here is just a sampling of the work of an historic glassblower, several cabinetmakers, nationally recognized metalsmiths and reproduction potters, weavers, quilters and woodcarvers—*most of whom do custom work*. Included in this beautiful patchwork are even a few locals like Palatine chairmaker, Steve Naylor.

Marilyn and Dan Kathan of Arlington Heights took three years of planning to turn a small gallery of reproductions into this special place. **Varied Treasure** in downtown Palatine is a must see for those who appreciate fine craftsmanship, creative

spirit, traditional decor or even American history. Allow yourself plenty of time to read about the artisans and handle their work. It's an experience. Shop hours are Sunday and Monday 11:00-3:00; Wednesday through Saturday 9:30-5:00; and Thursday evenings until 8 pm.

## Schaumburg Presents 9th Annual Fine Arts Festival

The Village of Schaumburg presents its 9th Annual Prairie Arts Festival Saturday and Sunday, May 25 and 26, on the grounds of the Robert O. Atcher Municipal Center, Schaumburg Road and Summit Drive.

The juried exhibition and sale will feature 140 fine artists, including painters, sculptors, photographers and jewelers from coast to coast.

Each year the outdoor festival continues to draw patrons from Chicago, the Northwest and outlying suburbs, many of whom come to enjoy the placid and scenic surroundings of the Municipal grounds as well as to purchase art.

And while the event is free and easily accessible to patrons, exhibiting artists find acceptance into the festival increasingly difficult. Over the years the popularity of the festival has grown so rapidly among artists that the number of applicants well exceeds the availability of spaces. Despite this rise

in applicants, festival officials have resisted the temptation of allowing more artists to exhibit, a reflection of the festival's commitment to maintaining the highest artistic standards possible.

While many patrons attend to purchase or view the displayed works, fine art is not the festival's only attraction. Live entertainment can be heard at the outdoor stage where youth orchestras, high school jazz bands and local musical artists are featured hourly. Younger artists will enjoy a children's activity tent, sponsored by the Schaumburg Park District. Restaurant vendors will also be on the grounds serving a variety of food and refreshments.

The two-day festival will operate from 10 AM to 5 PM both Saturday and Sunday over Memorial Day weekend. Admission is free. For more information, call (847) 895-3600 weekdays from 8 PM to 6 PM.

## The Studio Of Long Grove Promotes Artist's Career

Sheri Meketa invitations are in the mail... inviting enthusiastic collectors and loyal followers of this exceptional artist to an exhibit of over 30 of her most recent paintings.

Sheri's mother, Sue Crossland, is a successful painter in Texas and Sheri grew up learning from her and a circle of painter friends with whom her mother associated. She was in her first show, at ten, alongside her mother, and sold three paintings.

Sheri Meketa has distinguished herself as an accomplished artist. Her expressive paintings—rich, colorful pieces in which she applies heavy layers of oil paint with a palette knife—cut across the boundaries with a profusion of color and movement. These works invite the viewer to step back and experience life through her spontaneous strokes of color.

In recent years her technique has evolved from a combination of palette knife and brush application to exclusive use of the palette knife. "I love using the palette knife because it keeps my color vibrant and gives my work a three dimensional quality," she says.

Her images are of romantic landscapes and vibrant florals, which she interprets beautifully. She knows the importance of the first impression and the necessity for pure color and movement in her paintings. She shares

"Garden Gems" ▲ 24" x 20"

her love of life through her paintings.

Gallery owner Tom Hilligoss reports that **The Studio** has played a major role in her successful career. "It has been exciting to witness the evolution of Sheri's work and to see how her skill has continued to grow and focus in areas where her style can produce the greatest results. We are delighted to be working with this very talented professional."

"This show will delight her collectors and others who have been admiring her work over the last five years at **The Studio**. Be sure to come early, it should be a sell out!"

*Saturday, May 4, 1996*

A personally-signed remembrance, suitable for framing, will be our gift to all who attend while the artist is present.

Serious art collectors discovered Sheri Meketa's brilliant floral landscapes five years ago at The Studio of Long Grove. Their special quality is the way they communicate the brightness and energy of the artist. Her enthusiasm and passion for her work give the palette knife paintings a bold and powerful expression.

As her reputation and credentials have grown, she is now represented by other major galleries in important art markets. She has consistently been a star performer at the Studio.

This exhibit will be the largest showing to-date of the major artist's work, including over thirty paintings to choose from.

THE HUNTINGTON LEARNING CENTER®  
Your child can learn.

## Spark Your Child's Thirst For Learning

Learning can be hard work, or it can be an exciting opportunity. The difference lies in each child's attitude toward learning.

"Nurturing a child's own enthusiasm for learning is the greatest gift you can give," says Dr. Raymond Huntington, founder and president of **Huntington Learning Centers**. "A child who is excited to learn new facts and new skills will continue to be motivated in school, and throughout life."

To get good grades and be successful in school, students must learn academic skills and remember the facts they are taught. But many children are not excited about learning unless they are able to apply the information to everyday life. When they can do this, they see the value of what they are learning and are willing to put more effort into the process.

How can you spark your child's thirst for learning and help maintain that enthusiasm? Dr. Huntington offers the following suggestions:

- *Talk with your children.* Relate new information to knowledge your children already have. Create analogies, look for similarities, make comparisons.

- *Use your daily activities to ask questions* that challenge your children's imagination. Ask open-ended questions, where there is no right or wrong answer.

- *Encourage children to read.* Reading broadens intellectual horizons. The more a

child reads, the more a child thinks.

- *Writing*, especially keeping a journal, is a wonderful exercise in support of thinking and learning.

- *Instill the importance of planning*, and the concept of cause and effect. What might happen tomorrow should affect actions and thoughts today.

- *Be a good role model.* Read for pleasure. Also, watch and read the news with your children, and discuss different interpretations of the same event.

It is important to remember that some students do not have the basic skills to respond to these suggestions.

At the **Huntington Learning Center**, study skills are integrated into specially designed tutoring and enrichment programs. With centers nationwide, Huntington is a recognized leader in the field of education, with diagnostic testing and evaluation to pinpoint a child's weak study areas. Programs are offered in reading, writing and math, as well as college SAT/ACT prep courses.

Huntington concludes, "Parents play a crucial role in their children's academic development. At the **Huntington Learning Center**, we want to help all children achieve their highest potential."

For more information, or to discuss a specific problem, call the **Huntington Learning Center** in Barrington at 382-3655 or in Buffalo Grove at 459-5939.

## Held In Wisconsin's Rolling Countryside

Mother's Day, May 12, will mark the start of the 1996 season for the **Racine Antiques Fair** in Union Grove, Wisconsin, from 8 a.m. to 4 p.m. That day, lovers of antiques and collectibles will be able to shop from the collections of approximately 60 of the Midwest's finest dealers.

Now in its sixth year, the **Racine Antiques Fair** has established itself as a small but quality event, a classic in the country.

"The 1995 October show was fantastic," said fair manager Dennis Carroll. "Record sales were made in big ticket items as well as in all other areas. We look forward to a terrific 1996 season starting Mother's Day."

Situated at the Racine County Fairground, the Antiques Fair is in the heart of Wisconsin's rolling countryside, about an hour's drive north of Chicago, or 30 minutes south of Milwaukee.

In this rural setting, shoppers will find objects of art, beauty and utility, some, perhaps dating as far back as the 1700's; others of more recent vintage, evoking childhood memories or images of times past. Because of the fair's more intimate, friendly atmosphere, shoppers can take their time browsing among the many and varied collections and talk to the dealers who are more than willing to assist and share their considerable knowledge about particular items.

Previous shows have featured everything from turn-of-the-century and early 1900's English pond sailing boats, English Torquay pottery and eighteenth century candlesticks and sugar maple molds, to American art pottery from the early 1900's, turn-of-the-

century architectural embellishments such as mantels and moldings, and a wealth of furniture. Previous shows have included a large variety of Victorian oak pieces, American pine primitive pieces, walnut and wicker. The list goes on.

Accessories also abound. Past shows have seen Fiesta ware, turn-of-the-century blue and white stoneware, blue onion canisters from Germany, yellow ware, spongeware, majolica, Quimper, flow blue, Wedgwood and Currier & Ives. There have been Art Deco lamps, oil lamps and lanterns; Lalique, Limoges and Lasa; Oriental rugs, baskets, blankets, quilts and clocks; cut glass, pressed glass and crystal; boxes and books; stools and benches; and paintings, prints, picture frames and mirrors.

One has been able to find personal items such as jewelry, clothing and linens. And there have been tools (such as a brass and mahogany siding gauge (1867)); and toys for all ages.

The fair offers something for almost everyone and its dealers are helpful and friendly. They exhibit at booths along the spacious and well-groomed fairway, or in one of the two large exhibition buildings that are clean and well-lighted.

The fairgrounds is five and a half miles west of Interstate 94 on Wis. Hwy. 11 in Union Grove. Admission is \$3 per person, parking free, refreshments available. The show goes on, rain or shine.

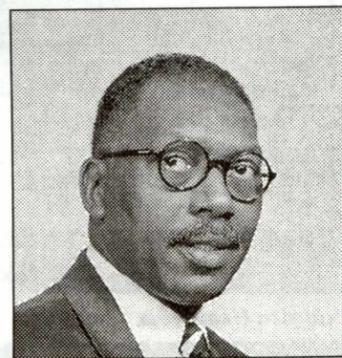

Other 1996 show dates for the **Racine Antiques Fair** are June 30, August 11 and September 15. For more information call (847) 540-7750.

## Infection Control And Your Dental Visit

by Dr. Raymond Kotz

Some people are so concerned about contracting the A.I.D.'s virus or other diseases that they are avoiding dental visits and neglecting their oral health. Dentists are frequently silent about the infection control methods in their office because they think bringing up the subject will increase patient's fears. If you have any doubts, ask your dentist about his infection control procedures. He should willingly discuss them with you.

The Center for Disease Control has set up what are termed Universal Precautions to be used by all staff involved in patient care. These precautions include the use of gloves, masks, needles, saliva ejectors, and other items which are disposed of after use on each patient.

Instruments which are not disposable are sterilized with high heat or gas sterilization. In our office, dental instruments are kept in cassettes. These cassettes are first immersed in a large ultrasonic cleaner to remove debris and then are rinsed and transferred to the autoclave for high heat sterilization.

Other surfaces which are not disposable

or heat sterilized are cleaned and disinfected chemically. The result of these efforts by your dental team should be a safe environment for your dental care. Talk about this with your dentist to increase your confidence. Don't let fear rob you of your oral health.

For a thorough oral evaluation see **Dr. Raymond P. Kotz**, Barrington, Illinois, **847-381-4040**.

## Advanced Placement Art Show In The Barrington High School Art Gallery

Students works from this years Advanced Placement art class will be featured in the Barrington High School Art Gallery from April 22 to May 11, 1996. Advanced Placement students are juniors and seniors who have been chosen through a portfolio audition process. Usually these students have plans to continue their art studies in college. Mr. Blake Mueller is the Advanced Placement art instructor and he is very enthusi-

astic about this year's class progress. We hope you will take the time to stop by and enjoy this show.

The B.H.S. Art Gallery is open to the public weekdays from 7 AM to 3 PM. This show will also be open from 7 to 9 PM on the evenings of May 9, 10th and 11th. The gallery is located to the left of the Johnson Auditorium at the front of the building.

County.

Included in the violin section is Anthony Huang of Palatine, son of Mr. and Mrs. Long Huang. Anthony is a student at Lake Zurich Middle School South, and although he is only 12 years old, he has been playing violin for over seven years.

The director of the Orchestra for this tour will be Steve Stenzel, band director at Lake Zurich Middle School North. These talented young musicians are accepted by audition, and even with their young age, many Orchestra members have over ten years experience on their instruments. The concert program for this season includes music from a variety of composers—from Beethoven to Mozart, and from Prokofieff to Gliere.

This is not just a vacation. In addition to being a great musical experience for these young musicians, activities are included to

make it a significant cultural and educational experience. Among other things, they will be visiting The Hague, the Anne Frank House in Amsterdam, and playing a concert at Legoland in Denmark. Twelve parents will be accompanying the Orchestra as chaperones. Several nights will be spent in the homes of people in The Netherlands, giving greater opportunity to experience more of the culture of the country.

Five pre-tour concerts are planned locally. Times and places will be announced. The public is invited to the concerts, as are young people interested in auditioning in the future. Plans are already underway for the 1997 European tour. Young musicians or their parents who want more information, or who are interested in auditioning next Fall, can contact the Orchestra's coordinators, Dr. David or Judith Bugh at (708) 377-8980.

## Alexian Brothers Medical Center Foundation Kicks Off Preparations For The Tenth Annual Garden Ball

The Alexian Brothers Medical Center Foundation (ABMCF) and the St. Alexius League hosted the Kick-Off Dinner and Party to officially unveil the "secret" news of the headline entertainer, honorary chairmen and the ABMC program to benefit from the upcoming Tenth Annual Garden Ball. Pictured here are (left to right): Garden Ball cochair Penny Cacioppo of South Barrington, honorary chairman Allan Hamilton (Hamilton Partners) of Huntley, and Garden Ball cochair Judy Briesch of Elk Grove Village. "The Temptations" were named the headline entertainment for the gala.

The Tenth Annual Garden Ball will be held at the Hyatt Regency O'Hare Grand Ballroom, 9300 W. Bryn Mawr in Rosemont, on Saturday, June 1, 1996. Tickets are \$225 each. ## NISRA's 3rd Annual Spring Fishing Classic

The Northern Illinois Special Recreation Association will be hosting their 3rd Annual Spring Fishing Classic on Saturday, May 11, 1996 from 7:30 a.m. - 2:00 p.m. at Main Beach in Crystal Lake for youth and adults with disabilities. The day will include 3 hours of fishing, bait, catered lunch, awards and prizes. The fee is \$8.00 and transportation may be provided for an additional \$1.50.

- Boat sponsors
- Donation of prizes

If interested in registering or volunteering, please call Dana at (815) 459-0737.

## "Porgy And Bess" To Cap Elgin's 46th Season

George Gershwin's "Porgy and Bess Concert" will be the finale of the Elgin Symphony's 46th season on May 4 and 5 at Hemmens Theatre, Elgin. The program, "By Your Request," features music most asked for by Elgin audiences, and will also include Symphony No. 5 by Tchaikovsky.

Soloists for the "Porgy and Bess Concert" will be Rochelle Ellis, Soprano, making a return visit to the Elgin Symphony; and Lawrence Craig, Baritone. The Elgin Choral Union will accompany the vocal solos, all under the direction of Robert L. Hanson, Elgin Symphony Orchestra Music Director. Selections will include "Summer-

time," "Oh, I Got Plenty O' Nuttin'," "It Ain't Necessarily So," and the entire range of hits from the 1935 Broadway production. Ms. Ellis, a St. Louis native, has been a Downers Grove resident as well. She has sung with the Kalamazoo, Milwaukee, Kenosha, Grant Park, St. Louis, Madison, Champaign-Urbana and Houston symphonies, as well as the Music of the Baroque, Chicago, Municipal Opera of St. Louis, and Chamber Opera Chicago. Last season Ms. Ellis toured Spain and also sang at Chautauqua, New York.

Lawrence Craig, Baritone, made his operatic debut in 1991 in Verdi's "Falstaff" at

## Building Childhood Memories

All parents remember back to when they were children. In so doing, memories come to the forefront of what they had in their backyards to play on—which was usually the old metal swing set and slide. These were routinely cemented in the ground to no avail and anyone weighing over 60 or 70 lbs. would rock the set up out of the ground. In the new era of the 90's, this scenario no longer holds true. The old "swing set" has been replaced with the "play system." Rainbow Play Systems specializes in this type of equipment.

Rainbow Play Systems of Illinois is located at 3080 Skokie Valley Hwy. in Highland Park and at 800 West Seventy-Ninth in Willowbrook. Joan Barrus and Molly

Zerbe are the exclusive distributors of Rainbow Play Systems for the state. This is the sixth year they have been carrying the equipment in their gigantic, indoor showrooms.

Rainbow's Castle Climber series is built out of redwood. For a more enclosed fort they offer a clubhouse in pine or redwood. The systems are free standing and built with 4 x 4 and 4 x 6 construction, so there are no weight restrictions. The sets are modular in design so you can virtually plan your own play set. Equipment is structured for the two-year-old as well as the ten- (or sixty-) year-old.

Come see them now—AND BRING THE KIDS!

## Kumon Learning Centers Presents... Mom Talk Radio

The Kumon Math & Reading Centers is now the proud sponsor of "Mom Talk Radio" on FM 92.7 every Saturday morning from 9 to 10 o'clock. Kumon's belief in providing children with opportunities for success, and radio host Beth Rosen's belief in providing "information" that will empower parents, makes this an ideal program for Kumon sponsorship.

### What is "Mom Talk"?

Mom Talk is a live, interactive radio parenting talk show that features interviews with experts on subjects of interest to moms and dads. Topics cover both parenting and lifestyle issues such as "How children Learn"... "When Should I call the Doctor?"... "A Child's Guide to Making Friends"... and other topics offering helpful tips from the experts. Guests include not only local but also nationally known personalities such as authors, advisors, specialists, and most importantly... MOMS! The live interactive call-in format includes a live studio audience, on-air guests, as well as candid on-air discussions, questions, and comments through listeners' phone calls. Every show features segments of a topical issue, as well as local activities for kids and families, reviews of recent movies and videos, plus reviews on restaurants, toys, children's books, music programs, and a variety of other relevant issues for moms.

Beth Rosen, the show's host and creator, is a mother of four small children (including a set of twins) and lives in Buffalo Grove. In addition to Mom Talk, her Playgroup Productions also produces Beth's Musical Radio Playground, featuring

Kumon Presents...

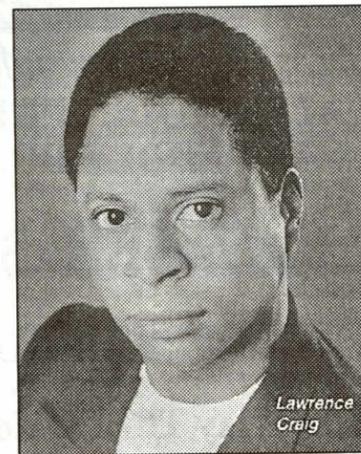

heard every Saturday morning on WCBR - FM 92.7

songs, stories, and more... for boys, girls, moms, and dads. Her wholesome outlook and helpful advice to other moms makes her a refreshing voice on the radio. Mom Talk offers moms a 'friend' who understands the busy, demanding, (and often thankless) roles of other moms. Kumon's sponsorship of the program is an endorsement of all moms, and a way of acknowledging and thanking all parents (moms and dads) for assuming the serious responsibility of providing their children with the opportunities to succeed in life, and to be the best that they can be. Beth makes public speaking engagements throughout the Chicagoland area, and was recently featured in Chicago Parent magazine, as well as the nationally acclaimed Christian Science Monitor. For more information on either of Beth Rosen's radio programs, call (847) 537-1052 or e-mail: FourForFun@aol.com.

the Greater Miami Opera, and has continued his career with engagements at Opera Roanoke, Lyric Opera Kansas City, Opera Ebony, New York, Portland Repertory Theatre, and the Savolinn International Opera Festival, Finland. He has sung the role of Porgy with the Chicago Sinfonietta, and has sung Rodgers and Hammerstein, and Rodgers and Hart concerts. A Jazz Festival in Finland and CD releases on Time Warner/Finlandia, CRI and Telarc labels has made Mr. Craig a well-rounded vocal soloist.

Tickets at \$8-24 are now available by calling 847/622-0300. The May 4 performance of "By Your Request" begins at 8:00 pm, and the May 5 performance begins at 3:30 pm.

# BEAUTIFUL

## HOMES & GARDENS

### Special Seasonal Section

### Enhance Nature's Beauty With Landscape Lighting

Landscape lighting is man's way of controlling nature. The perfectly manicured lawn shows the ability of man to work with and bring out the natural beauty of the land. With landscape lighting, Nature's beauty becomes the artist's canvas. Rudy Kruse, president of CFC Nite Lites has proven that to this. For four years, he has been attesting to the beautiful landscape can be as impressive in moonlight as in daylight. Whether the lights are attached to trees or mounted around a landscape highlight, what you don't see is what you get! The idea is to enhance the landscape with properly placed hidden

lighting. "You don't want to see the source—just the effects from it," Kruse pointed out.

An added benefit from landscape lighting is safety. Placed around steps and potential hazards, landscape lighting can be flattering as well as helpful. The placement of lights is true artistry, requiring specialists such as Kruse. Lighting up dark corners, adding interesting highlights to landscaping, or adding soft lighting to decks are but a few of his specialties. Call CFC Nite Lites at 847/658-5469 for your free estimate.

## Short On Space?

Bill Schafer—President

Joe Schafer—Vice President

Do you have enough room in your home? Or are you constantly stuffing your closets and bracing yourself every time you open the door? One of the biggest annoyances for any homeowner is to fit all your worldly possessions and family into one small house. So what options do you have?

First you have to assess why you need the extra space. Is it for storing clothes? Are the kids fighting over territory while sharing a room? Or do you need extra space for guests? Then you need to evaluate what you already have and decide where you can squeeze the extra space. For example, an extra wall of closets can be built in a little-used guest room. Maybe a cedar closet can be installed in an attic space. Floor to ceiling cabinets can be built in a garage or a damp-proof basement to store hobby accessories.

Major changes can be made by bumping out an exterior wall. Just a few feet of ex-

tra space can yield a cozy breakfast area. Filling out the area with banquettes can mean extra storage under the seats. Basement remodeling for a family room or an extra bedroom is a popular choice, especially if moisture problems are addressed. An attached garage is also a good choice for an extra bedroom or family room. And a porch can be enclosed into an all-season room. Depending on the size of your lot and local building regulations, you may be able to put an addition on to the back or side of your home.

If you can't find space anywhere, and you don't have a big enough lot size to expand, there's always another option—add a level. Many ranch-type tract houses are well suited to this option.

Whatever your space needs, call **Schafer Builders, Inc.** at **815-459-1333** and we'll help you decide the best way to find extra space in your home.

## Art Associates To View John Singleton Copley Paintings

The Barrington Community Associates of the Art Institute of Chicago have planned an excursion to Milwaukee to view "John Singleton Copley in America," organized by the Museum of Fine Arts in Boston and the Metropolitan Museum of Art in New York. The trip is planned for Friday, May 24.

The exhibition includes 80 paintings and works on paper by Copley, along with 18th-century furniture and decorative objects similar to those depicted in his portraiture. Copley was the most sought-after (and imitated) portraitist in pre-Revolutionary Boston and New York and an artist whose work influenced generations of painters. A self-taught artist, Copley was an American prodigy who began producing fine works as a teenager. He painted, following popular taste, in the style of Sir Joshua Reynolds. The fashion was to portray women wearing flowing satin dresses and men in ankle-length velvet coats.

The Milwaukee Art Museum is the only Midwestern venue for this exhibition.

Lunch at the historic Pfister Hotel is included in the tour.

Busses will leave Langendorf Park park-

ing lot in Barrington at 8:30 a.m. Cost of the trip is \$50 for members, \$55 for non-members. Reservations are due May 10. Please call Mary Jeanne Bolger, (847) 397-1895, for reservations or more information.

## "Preventative Maintenance"

Cedar shingle roofs can last 50 years and lend a natural, woody look to your home. But as with many things, their beauty and longevity require preventive maintenance.

According to Barbara Murry of ISK-Biotech, unless protected from the intense sun and moisture that foster mildew and other fungi, cedar roofs may last less than one-fourth their potential life span.

According to Better Homes and Gardens, cedar must be maintained to last. Sta-Brite R, a water-base preservative, seals cedar shingle wood fibers to repel moisture and prevent splitting and mold. The preservative also shields cedar roofs from the damaging ultraviolet rays of direct sunlight.

For more information about Sta-Brite R and what it can do for your roof, call RGS Cedar Roof Service, 847-658-5562.

## Barrington Area United Way Allocates \$308,555 To Local Agencies, Elects New Officers

The Barrington Area United Way (BAUW) has allocated \$308,555 to health and human service agencies serving Barrington Area residents in 1996. This represents a \$29,280 increase from last year due to a record setting campaign last fall.

"As our campaign grows, so do the dollars that go to the health and human service agencies providing programs to the Barrington Area," said Jim Krupka, BAUW Board President, "the people who will take advantage of these programs and services will benefit from the community's generosity."

Volunteers from the Barrington Area reviewed agency programs, made site visits, assessed community needs and listened to budget requests in January and February then made final funding recommendations to the BAUW Board in March.

A total of 31 agencies will receive funds throughout the 1996 year. Twenty-one agencies received increases this year, including Barrington Area Council on Aging, Family Service of South Lake County, Hospice of Northeastern Illinois, Barrington Youth Services, Girl Scouts, Countryside Association and Northern Illinois Special Recreation Association.

"As a first-time volunteer, it was an eye-opening experience. We got to see firsthand what kind of programs are offered to our community, the dedication the agencies have to providing these services and how much they are needed. I learned a great deal about my community and why United Way strives to raise more money each year," remarked BAUW volunteer, Anne Rometty, "people from all walks of life, with many types of different needs utilize these programs." It is estimated that one in every four residents will utilize a United Way

funded program at some point in time.

Kent Salisbury of Quaker Oats and Georgeanna Smalarz of First Federal Savings cochaired the volunteer allocation committee. The 30 volunteers who participated in the process include; Thea Bader, Shivani Bammi, Sylvia Boeder, Melissa Buckley, Peggy Bushnell, Bill Colilla, Laura Ehrke, Aarti Ghupelta, Brian Guastella, John Hipsky, Corrine Holmes, Diane India, Nancy Janssen, Libby Johnson, Suzanne Knell, Cindy Korth, Carol Krupka, Mary Alice Linde, Jennifer Masino, Colleen McGinn-Shapiro, Mel Olberg, Cindy Parker, Mary Beth Pimda, Larry Poglitsch, Larry Powers, Anne Rometty, Glenn Scoggins, Jon Stickney, Mary Kay Vandeenald, Corie Washow.

The Barrington Area United Way selected its new officers for the 1996-97 year on Thursday, March 21; 1996 their annual meeting. **Sunday, May 12th, 1996**

Now that spring is here, thoughts of home improvements may be uppermost in your mind. You love living where you're at and don't want to leave your neighborhood. Your needs and wants in your home have changed through the years and remodeling is the best solution. Your home improvement goals may be focusing on an exterior facelift, room addition or a new kitchen. The next question you ask yourself is "Where do I start?"

The first thing you should do is write down what you like about your home and what you would like to change in it. Get the whole family involved. Ask each person what he or she likes and dislikes about it. Then sit down and decide just what you

would like to do. Look around your neighborhood for ideas and take photos of the things you would like to see done to improve your home. Also, browse through magazines and cut out pictures of things you like. Then contact **Delta Renovations, Inc.** They can help you design your project and let you know if an architect is needed, depending on the size of your home improvement.

**Delta Renovations, Inc.'s** expertise in renovations and their quality workmanship help make your project, large or small, go as smoothly as possible. Stop by or call them to set up an appointment. They will be happy to talk to you about your proposed project.

## Kemper Cazzetta, Architects Announce: "Dreamhouse '96"

Kemper Cazzetta, Ltd. Architects in association with Bonner Codd Associates is pleased to announce the presentation and sale of the first annual "Dreamhouse." This luxury home, situated in the Wynstone community of North Barrington, is now available for tour and purchase. "All proceeds from the sale of this home will go to The Children of the Andes Foundation," says John C. Cazzetta, Executive Director of the Foundation for the U.S.

The Foundation was founded by Jaime Jaramillo who is world renown for his work with children and who has built special centers to house, educate and care for children who are rescued from the streets and sewers of Bogota Colombia. "The 'Dreamhouse' concept is just one of our U.S. fund-raising efforts to help raise funds and awareness of this terrible condition, which presently affects over 2000 abandoned street children," says Cazzetta.

"We plan on designing and building additional "Dreamhouses" each year as an on-

going fund-raising effort; in fact, the next two are on the drawing boards," added Cazzetta. In addition to the sale proceeds, most vendors and subcontractors involved in this project are donating a percent of their services to the Foundation. "For this donation, we are producing a brochure which will highlight this house, the story of these children and all the parties involved. This brochure will be used to market the home and help those involved to get some benevolent exposure," concludes Cazzetta.

To tour this magnificent home, please call our office at 382-8322 to arrange a personal tour. Details on the house and its sale price will be given to all interested parties at that time.

## An Exciting Home Addition

In addition to providing custom room additions with bathrooms, kitchens and fireplaces, **Armcor Design and Build** is your local store for **Four Seasons**, the nation's largest manufacturer of greenhouse/solarium-type room additions for residential and commercial applications.

Each **Four Seasons** product is meticulously designed and crafted to be a practical, beautiful, and exciting home addition that will bring a new dimension of space, light and warmth to what might otherwise be an ordinary room, whatever the season or location of your home.

**Armcor Design & Build** craftsmanship and quality products are also an excellent investment and can add real value to your home. Often, much of your investment in a **Four Seasons** sunroom can be recovered when you sell your home.

Glass room additions create views of the sun and sky and add extra living space with possibly little or no alterations. HeatMirror®

glass, specially designed to keep summer heat out and winter heat in, is one key to **Four Seasons'** success—especially in our Chicagoland climate.

Many patented features are available exclusively from **Four Seasons**, and all products are designed to meet or exceed building-code structural requirements and have successfully withstood more than 100,000 installations.

**Armcor Design & Build** will provide you with a complete "turn key" room addition project or you can build it yourself. ## R. K. Tech Wows Its Clients—Literally

by Ed and Lisa McCauley  
of R. K. Tech

"Wow!" the letter began.

"Every time we walk into the kitchen, it takes our breath away!"

That is how a Sleepy Hollow couple reacted to the completion of one of **R. K. Tech's** kitchen renovations.

"I can't believe I'm living in something this beautiful."

That was a remark made when a Barrington Village client stopped by to visit with us in our office.

And that's the way we like it. We aren't after satisfied clients. We want our clients to be thrilled.

At **R. K. Tech** we specialize in designing and realizing rooms that require fine custom cabinets, and we are constantly striving to offer our clients new and better products and services.

### Design Leaders

We offer some of the best cabinets you can buy, but everything starts with a great design. At **R. K. Tech**

you won't find cabinet sales people. Lisa McCauley and Matt Foster, our two principal designers, met when they were studying architecture together at I. I. T. Lisa has gone on to develop her knowledge of interiors and furniture design, while Matt honed his skills in structures and project management before joining us two years ago. No-one in our industry can boast of designers with higher qualifications than the team at **R. K. Tech**.

**R. K. Tech** is a member of the National Kitchen and Bath Association, and Matt sits on the N. K. B. A.'s professional development committee.

### Places to see

**R. K. Tech** The publishing industry has responded very favorably to our clients' projects, and we'll alert you as more of our kitchens and libraries are

published in coming months. Right now you can see our work next to the work of other great designers from around the country just by looking up one of these sources: Look for the latest issue of *Kitchens By*

*Professional Designers*. This glossy annual features plenty of work by great designers around the country, including a full page, full color spread of an **R. K. Tech** kitchen in Palos Hills.

"Kitchen Styles" by Allison Murray Morris is a new coffee table book that features two full color pages on one of our **R. K. Tech** kitchens. Look at page 102 for a glimpse of Lisa's design for the ASID's twenty-fifth anniversary showhouse in Evanston. The author clearly loves Lisa's blend of materials and styles. Lisa worked with the ASID's Chicago chapter president to create a mix of contemporary and country that defies easy categorization and yet achieves a timeless harmony.

**R. K. Tech on the World Wide Web:** Last month Whirlpool Corporation asked us to participate as experts in their Web page on the Internet; and ever since we've been floating in cyberspace offering tips and advice to web surfers

around the country. Whirlpool's page has lots of interesting information about whirlpool products and about cutting edge kitchen design. We offer *Ten Tips on Remodeling Your Kitchen*, as well as a feature called "Ask the Expert" in which we respond to questions about kitchen design and construction.

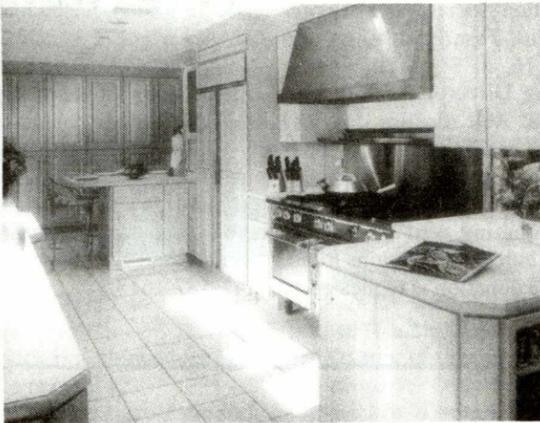

Call us <http://www.whirlpool.com>, and see our smiling faces

among the newest from Whirlpool in refrigerators, freezers and other major appliances. It's a good place to start thinking about your own new kitchen.

Then stop by our showroom at Woodbridge Square to see what we do up close. We're expanding, so you'll need to pardon our dust; but we can show you plenty of great kitchen ideas from our archives.

**R. K. Tech**

is located in Woodbridge Square—one block east of Hough Street (Barrington Rd.) and two blocks south of Main Street (Lake Cook Road), 220 S. Cook Street, Barrington; call 381-2742.

## PACES Learns About Fun Family Outings

The northwest region of PACES (Parent and Child Education Society) hosts a presentation on "Fun Family outings" on Thursday, May 16, at 9:30 a.m. Karen Walsh, Marketing Director for *Chicago Parent Magazine*, will discuss day and weekend trips that can be enjoyed by both adults and children. She will also offer helpful hints for keeping children happy while traveling. The meeting will be held at Prince of Peace Church, 930 Higgins Road, Schaumburg. A \$2 donation is requested of

nonmembers. Limited baby-sitting is available for a small fee by making reservations with Charlene at 312-774-4667.

PACES is a not-for-profit, all-volunteer organization offering support, education and fellowship to parents of young children. For more information about PACES activities, contact Lynn at 847-487-1613.

Yellow ladyslippers and an abundance of woodland phlox and celandine poppies are just some of the highlights.

In the mid 1970s, the Vanderpoels began to install large plugs of prairie which they rescued from construction sites. Prairie vegetation began to take hold among the Eurasian pasture grasses. In the early 1980s, a large area of Eurasian grass was tilled and then seeded with prairie grasses and forbs. Each year, more Eurasian grass succumbs to native prairie and this spring the early blooming prairie buttercup and prairie puccoon can be seen on this one-and-a-half-

acre site.

The Paulson property will be the site of a picnic lunch for four participants. Prizes, featuring donations from local nurseries and landscaping firms, will be offered. Tickets are \$12 and children under 14 are free. A picnic lunch may be ordered for an additional \$6.

Vicki Klein of Timberlake, Jo Seagren of Barrington Hills and Karen Yancey of North Barrington are the chairs of the event. The rain date is Sunday, May 12, from noon to 4 p.m. For ticket information, contact the CFC office at 382-7283.

## Enjoy "Woodlands And Wildflowers" Highlighting Barrington Homes

The indigenous gardens of three Barrington area homes will be highlighted during Citizens For Conservation's first native garden tour, "Woodlands and Wildflowers," on Saturday, May 11, from 9 a.m. to 1 p.m.

The walk is designed to educate amateur and experienced gardeners on the process of restoring native woodland and prairie landscapes, demonstrate the beauty of natural gardens and raise funds for Citizens For Conservation (CFC) projects. A sale of native plants will allow participants who are interested to start their own gardens.

The walk will feature native gardens at the homes of Henry and Wendy Paulson, Scott and Jo Seagren and Waid and Ruth Vanderpoel. The Paulson's Barrington Hills home is situated at the edge of Cook County's Spring Creek Valley Forest Preserve on a glacial moraine. Adjacent to the property, a gravel hill prairie of several acres escaped grazing and the plow and has become the catalyst for restoration of native prairie and savanna on the five-acre private site. Remnants of native plant populations hung on beneath a jungle of buckthorn and honeysuckle when the Paulsons began actively restoring the site about ten years ago. Clearing of invasive species and the reintroduction of fire has reinvigorated existing populations of shooting star, prairie trillium, Jacob's ladder and three species of Solomonseal.

Seeds from the adjacent Spring Creek Prairie have been scattered in open areas and other prairie and savanna species have

been reintroduced. Little bluestem, side oats grama, bottlebrush grass and wild rye grow vigorously while prairie lousewort, blue-eyed grass, bloodroot, stary false Solomonseal and other forbs add color and bloom in early spring. Nearer the house, a more manipulated wildflower garden includes twinleaf, bellflower, blue cohosh, white baneberry, wild ginger, wild phlox and other woodland species.

Six years ago, the Seagren house in Barrington Hills was nearly invisible from the street, hidden by buckthorn and box elder trees. Extensive clearing over several years revealed majestic oak and linden trees, a perfect savanna setting. The new-found light and the introduction of fire brought back three species of Solomonseal, prairie trillium, penn sedge, white baneberry, shooting stars and wild geranium on parts of this one-acre site. A plethora of native grasses, wildflowers and ferns were brought in by seed and by plug. Native trees and shrubs were also planted. Since the clearing and planting process is being done in stages, this property is a good example of restoration work in process.

The Vanderpoel's Lake Barrington property includes four unique gardens: a spring wildflower savanna, a large prairie, an alpine rock garden and a high plains garden. Begun in 1966, the savanna originally contained separate and distinct wildflower beds; however, as the wildflowers spread and as native grasses and sedges were added, a more "natural" garden developed.

## What Is A Certified Kitchen Designer?

While there are many designers who "do" kitchens, only a limited number hold credentials as Certified Kitchen Designers (CKD). Jim Walker, a partner at **Barrington Homeworks Kitchen Center**, and himself a Certified Kitchen Designer, says, "CKDs work very hard to help you determine what you really want. The plans they show you, the options they describe, the products they recommend, reflect your individual needs. They remember always—this is *your* kitchen."

From the beginning, the back-and-forth exchange of information with a CKD will reassure you. In your initial meetings, the CKD interviews you at great length to discover how you cook and live in a kitchen space. This is the time to share all your ideas—notes and pictures, too.

In a short time, you will review preliminary designs. Together, you and your CKD will perfect the plan and make product decisions.

The CKD will have final plans prepared for your review—including interpretive drawings so you will see what your new kitchen will look like.

Some CKDs offer a design service only. But Walker is affiliated with **Barrington Homeworks Kitchen Center** and can offer a complete showroom. Both types of specialists submit a clear and complete proposal encompassing all of the work planned. The specifications describe in de-

tail all construction work, cabinetry, countertops, fixtures, wiring, plumbing, lighting. There should be no surprises when you work with a CKD.

CKDs make sure you understand all of your choices during the planning process. They keep up-to-date on new equipment and new construction materials, as well as building codes, safety rules and environmental regulations. They will make sure that your new kitchen meets all standards for safe use by you and your helpers.

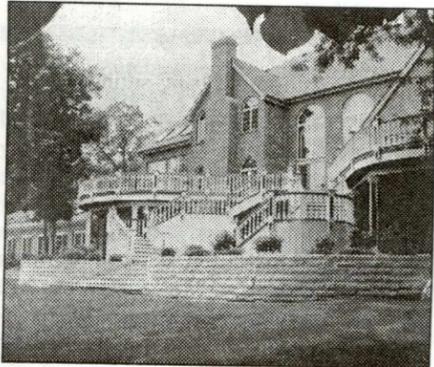

CKDs understand budgets and can explain the pros and cons of products as they relate to the required investment. The CKD's sound advice will help you make the right decisions for your new kitchen.

It takes years of training and expertise to earn those coveted CKD initials. It requires the ability to write specifications and draw plans that plumbers, electricians and cabinet installers can interpret. Walker notes that before CKDs can sit for their final exam, they must file affidavits from fellow professionals, letters of reference from past clients, and submit samples of their design work for review by the Societies, the accreditation agency of the National Kitchen & Bath Association.

"The kitchen and bath industry is dynamic," said Walker, "with new products and new technologies constantly being introduced. Keeping up with all this is a responsibility CKDs take seriously."

## Now Is The Time To Plan For That Deck

"It's not just a deck," says Larry Kirchner, chief designer and president of **Deck-A-Roo Decks**. "A deck is a pleasant addition to any home and a necessity."

Decks are great investments. If properly built, a deck will give the owner years and years of wonderful use as well as add more to the value of the home than the initial cost. However, an improperly built deck will soon become an eyesore as well as a financial burden on the owner.

At **Deck-A-Roo Decks** every aspect of the deck design is considered: what style will best fit the house; what are the size and design needs of the client; what materials best suit the location and design of the deck; how the design affects price both now and over the lifetime of the deck; and how maintenance will be affected by the design.

In addition to a proper design, the actual construction of the deck and the follow through of the builder are very important. Questions you should ask: Who actually will perform the work? What quality of material will be used? What construction practices will be used? And, who will service the deck if needed? Larry's favorite phrase, "You get what you pay for, *if you're lucky!*"

**Deck-A-Roo Decks** is a full service builder, working with the home owner from the beginning of the design to the final completion of the deck. No subcontractors are used. All employees have been trained to a high level of quality and given the amount of time needed to complete the job properly. Only high quality materials are used by **Deck-A-Roo** as well as new environmentally friendly products. Every deck is serviced promptly as well as courteously.

A special note from Larry: "Now is the time to plan having your deck built. It's important to give yourself as much lead time as possible if you are planning a party or event that the deck will be used for. Spring is approaching and we have a tendency to fill our May schedule early. So please call now."

## Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Solar Gard residential films are now backed by a lifetime warranty. Solar Gard films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, displays, etc.

Solar Gard also improves efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning

less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with pressure sensitive adhesive. The adhesive bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, burglar, etc.

**Glare-Not Inc.** has provided savings and security for 9 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard films are backed by a lifetime residential warranty. References are available upon request.

We look forward to saving you money!!! For further details please call (847) **382-8468** or (815) **363-8468.**

### Tips from the Top of The Rock™

Margaret R. Semrad  
Broker/Manager  
Barrington Office

**The Prudential**   
Preferred Properties

At a seminar I recently attended, the speaker asked the audience to name the location of the richest place in all the world. It was quiet as we thought about the location and a few courageous people gave their answers as to possible sites. Of course, their answers were incorrect.

He then told us that the richest place in all the world was the cemetery. This is the place where all the books that were never written, the ideas that never were acted on, the poetry that was never read, the dreams that were never realized were buried. How sad and depressing was that visualization.

This questions made an impact on me. This article is about life and what you are getting from it. Has your life been "status quo"? Today, with our fast paced society, that means falling behind. Have you been wanting to start your own business, or go on a month long cruise, or find another career, or (perhaps) live in a different home? What keeps you immobilized? Fear, procrastination or what?

It takes a tremendous amount of courage to change what we have been comfortable doing (career-wise), or living in (house-wise) and we are the only ones who can stand up and say "I don't like it, I need it changed!"

Let's talk about procrastination and how it gets in the way. I have talked about my friend Napoleon often. Well, Napoleon and his family—spouse and two children under five years old—moved into their home twenty years ago. The home was perfect for them. Three bedrooms with one full bath and one half bath. Ten years later things were different. One full bath was not enough. Every morning there were "bathroom" fights in Napoleon's household. No one left home with a smile on his face.

All was not well when Napoleon and I had lunch. He proceeded to tell me about the morning ritual regarding the main hall bathroom. To say his face was stormy was an understatement. After listening to the saga, I told him that his perfect home of twenty years ago just does not work for him now. Napoleon's procrastination was stealing the quality of life that he envisioned with his family.

Napoleon asked the question I was waiting for. "Yes, I want to make a change, but how do I go about it?" I told him to "just follow me." Off we went to our offices at **The Prudential Preferred Properties** to begin the process. Napoleon was apprehensive as he was going into uncharted waters.

We Realtors are here to serve our clients.

## Time To Clean Out Your Closet We Mean Really Clean It Out!

Use your imagination for a moment. Imagine the closets in your home. What do you see in your mind's eye? Neatly stored clothes, shoes, hats, purses and other valuable items? Or, do you see clutter and disarray?

If you're like most people, you probably have the traditional shelf-and-rod closet with shoes and boxes on the floor and lots of wasted space. Or, a wire system that looks a bit like the inside of a refrigerator and leaves grid marks on folded clothes.

**Closet Masters** invites you to look at closets in a new way. To begin with, think of your closets as an investment. When you consider how much each square foot of your house costs, you'll realize your closet space is as valuable as your living space.

**Closet Masters** believes that you should enhance the investment in your home by making each closet work harder for you.

By tailoring **Closet Masters** custom designed closet and storage components to your home, **Closet Masters** can increase the investment value of your existing closets and storage spaces) while virtually doubling their usable space.

We've spoken about enhancing your home investment. Studies have shown that when you sell your house you can expect to get back 90 to 100 percent of the money you spent on the closet systems and built-in storage. Houses with professionally installed closet and storage systems sell faster than those without them.

Let your imagination be your guide as to where you can best use **Closet Masters'** custom-designed closet and storage systems.

So C'mon... clean out your closets... really clean 'em out!!!

## From A Woman's Point Of View

by Gail Wickstrom, Wickstrom Ford

About six years ago we decided to go on board with Ford Motor Company's Fast Lube idea. It was our attempt to be available to fill all our customer's needs having their vehicles serviced.

It started slowly at first, but gradually grew so that we expanded our Fast Lube hours until 7 p.m. Monday through Thursday, until 6 p.m. Fridays and 9 a.m. to 1 p.m. on Saturdays.

Tim had me do a study of trends on our Fast Lubes the other day and the totals amazed me. We did over 5500 Fast Lubes in the last 12 months and average over 450 per month.

We feel that it has been so successful that we are expanding the services available through the Fast Lube and fine tuning it to meet our customer's busy schedules and the light maintenance necessary to keep their vehicles running smoothly.

The Fast Lube promise is to meet these

needs without having to make an appointment in as timely a fashion as possible. We not only Fast Lube Ford Motor Company products, but most makes and models.

## Scotty's—Groceries On Wheels

Just don't have time to get to the grocery store? Hate those long, frustrating lines? Difficult taking the kids? **Scotty's Home Delivery** can help. We have been in business for over four years now, servicing the grocery needs of people just like you. We service 45 north and northwest suburban communities, with a customer base nearing 2,000 clients. Best of all, you pay grocery store prices, with only a nominal delivery fee to have them brought to your front door! Our average delivery fee is only around \$3.00!

All of our customers receive a price book with the nearly 5,000 items that we carry. It includes all of your favorite name brand suppliers, and an assortment of specialty items that you won't find at the grocery store, such as fresh butcher meat and seafood, whole grain breads from the Barnaby Smythe's Stone Ground Bread Company, fresh baked goods from a local bakery, and the finest of fresh produce we receive in daily.

Ordering is very simple. You can either call in or fax in your order, just indicating the item numbers you would like to have delivered. We will give you a total due for your delivery, and you can pay us by check

or credit card. The great thing is that you don't even have to be home to accept delivery (around 50% of our customers are not). We can do this because we deliver all of our refrigerated and frozen items in Igloo coolers with ice packs, so even ice cream stays frozen while your groceries await you. The dry products are delivered in waterproof boxes with lids on them. We will work out a convenient place with you to leave your groceries if you are not going to be home, and they will be waiting there fresh when you arrive. If you are going to be home we will unload them on your counter for you. It's that simple!

This is not a club of any kind, we are simply a grocery store that only delivers. You order when you want (Monday through Friday) and however much you want. We guarantee 100% the quality of all our products. To receive an information pack describing the service, including a complete price book, just give us a call at (847) 726-8897, and we would be happy to send one out to you. Isn't it about time you enjoy your free time and spend your discretionary time the way you want to spend it? Let us help! We look forward to hearing from you.
