

MARRIAGE RECORD

EXPLANATIONS AND DIRECTIONS.

IN this Record, it will be observed, a space has been provided for the record of each Marriage separately. Care should be taken at the time of the Marriage to obtain all the items specified in the headings, and then, after having entered the date with the year first, (say 1863 | Nov. 8, |) make the proper entries of the Male in the first line of the space allotted, and those of the Female in the second. Under the head of "Remarks" may be noted anything peculiar in the parties or important in connection with the Marriage.

This Record should be kept correctly and with very great care, as it often becomes a matter of vital importance, both to the parties themselves and their heirs, to be able to prove the fact of their Marriage.
