

thereof in the Village of \_\_\_\_\_ . Federal and State buildings and possessions are excepted.

1.3 The provisions of this code shall be deemed to supplant and otherwise void any existing building ordinances.

1.4 The existing zoning ordinance, or revisions thereof, are hereby made a part of this code. Should a provision in the zoning code conflict with that of the building code, the most restrictive provision shall govern.

1.5 Any existing or future State laws or revisions thereto pertaining to the erection, maintenance or occupancy of buildings and structures are hereby made a part of this code. Should any provision in the State laws conflict with a similar provision in the building code, the most restrictive provision shall govern.

1.6 If any chapter or part of a chapter or paragraph of this code is declared invalid or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other chapter or chapters or a part of a chapter or paragraph of this code.

## CHAPTER II. ADMINISTRATION AND ENFORCEMENT

2.1 PURPORT OF THIS ACT.- It is hereby affirmed that the aim and purpose of the Building Code is to secure safe and sanitary construction in order to promote public health and safety, and to do equal justice the Building and Zoning Director shall have full power to pass upon any question arising under the provisions of this Code, subject to the conditions, modifications and limitations contained therein.

2.2 DEPARTMENT OF BUILDINGS ESTABLISHED. - There is hereby created and established an executive department of the Municipal Government of the Village of \_\_\_\_\_ which shall be known as the Department of Buildings and shall consist of a Building and Zoning Director and such subordinates and assistants as may from time to time be assigned thereto. The Building and Zoning Director shall be appointed or removed by the Village Manager.

2.3 QUALIFICATIONS OF BUILDING AND ZONING DIRECTOR. - To be eligible for appointment, the Building and Zoning Director shall have had at least: (a) three (3) years' experience as a registered architect, registered structural engineer, building contractor, superintendent of building construction, building and zoning director, or building commissioner; or (b) five (5) years' experience as a building inspector.

### 2.4 DUTIES OF THE BUILDING AND ZONING DIRECTOR.-

- A. The Building and Zoning Director shall have general charge and supervision of the erection, construction, alteration, repair, removal and inspection of all buildings, structures or portions thereof, within the Village of \_\_\_\_\_, and shall enforce all ordinances relating thereto.
- B. He shall have general charge and supervision of all

electrical construction and inspection, plumbing and plumbing inspection and elevator inspection and enforce all ordinances relating thereto.

- C. He shall receive applications and issue permits for the erection, construction, alteration, repair and removal of buildings and structures.
- D. (1) Inspections (General) The Village Building and Zoning Director shall cause to be inspected all buildings, structures and portions thereof, which are in course of being constructed, erected, remodeled, enlarged, altered, repaired, raised, lowered, underpinned, moved or wrecked, under a permit or permits issued by the Village for such work. It shall be the responsibility of the general contractor to obtain inspections specifically referred to in this paragraph (2.4.D) and not to permit work to progress beyond any inspection point until such work has been inspected and approved, and a written record made of same as provided in Section 2.4 E herein.
- (2) Footing Inspection - An inspection is hereby required of all footings after excavations have been made and footings formed prior to any concrete being poured.
- (3) Foundation Inspection - An inspection is hereby required of the foundation walls after concrete has been poured, forms stripped, footing drain tile layed in place and damp-proofing applied and before any backfilling is permitted. The applicant shall furnish a location foundation survey to the Building and Zoning Director upon completion of the foundation and no further work shall be done other than installing drain tile and waterproofing the foundation until the foundation has been inspected and the location survey approved.
- (4) Framing Inspection - An inspection is hereby required of all structures at a point where all mechanical trades are completed and before any interior finish material is applied. Coincidental with a "framing inspection" an inspection will be made of rough electrical work according to regulations of the Electrical Code.
- (5) Basement or Slab Floor Inspection - An inspection is hereby required of any and all concrete slab work excluding private sidewalks after the base is prepared and forms set up and before any concrete is poured.
- (6) Final Inspection - An inspection is hereby required of any and all structures after completion and before any form of use or occupancy is permitted.

Inspections shall be made of sewer and water connections and of plumbing and electrical work and of any other mechanical trade not enumerated above as called for by specific ordinances governing such trade

and/or by posted or advertised departmental regulations relative to same. Such other inspections shall be made as the Village Building and Zoning Director may from time to time deem necessary in order to enforce the provisions of this Code, or the Zoning Ordinance of the Village of \_\_\_\_\_, and to promote health and safety.

- E. The Building and Zoning Director shall keep comprehensive records of applications received, of permits issued, of certificates issued, of inspections made, of reports rendered and of notices or orders issued. He shall retain on file essential portions of required plans and essential documents relating to building work so long as any part of the building or structure to which they relate may be in existence.
- F. All such records shall be open to public inspection for good and sufficient reasons at the stated office hours, but shall not be removed from the office of the Building and Zoning Director without his written consent.
- G. The Building and Zoning Director shall make written reports to his immediate superior once each month, or oftener if requested, including statements of permits and certificates issued and orders promulgated.

2.5. SHORT TITLE FOR BUILDING OFFICERS. - The title, or phrase, "BUILDING OFFICERS", "BUILDING OFFICIAL", "BUILDING COMMISSIONER" or "BUILDING INSPECTOR", when and where used in this Code, shall mean and include the Building and Zoning Director, and all subordinates and assistants in his department.

2.6. IDENTIFICATION FOR BUILDING OFFICERS. - The Building Officers shall be provided by The Village of \_\_\_\_\_ with an identification of their respective office and indicative of their authority. Building Officers when performing their respective duties, shall show the identification of their office, on request or necessity. Said identifications shall be and remain the property of said Village.

2.7. BUILDING OFFICERS MAY ENTER PREMISES. - Building Officers are hereby empowered to lawfully enter upon any premises or into any building or structure or portion thereof (upon showing their identification of office) when necessary to do so in the performance of any duty imposed upon them by the Building Code; and it is hereby made unlawful for any person or persons to hinder or prevent or attempt to hinder or prevent Building Officers from so doing. Any person or persons hindering or attempting to hinder, resisting or attempting to resist any Building Officers in the performance of duty shall be charged with resisting an officer; and the person or persons convicted of such offense shall be subject to the general penalty provided for violations of the Building Code.

2.8. PERSONAL LIABILITY OF BUILDING OFFICERS. - In all cases where any action is taken by the Building Officers, or any other officers of the Village of BARRINGTON, to enforce the provisions of any of the sections contained in the Building Code, or to enforce the provisions of any of the laws of said Village (whether such action is taken

in pursuance of the express provisions of such sections or laws, or in a case where discretionary power is given by the Building Code, or other laws of said Village, such acts shall be done in the name of, and on behalf of, the said Village of BARRINGTON. And the said officers, in so acting for said Village, shall not render themselves liable personally, and they are hereby relieved from all personal liability, for any damage that may accrue to persons or property as a result of any such act committed or permitted (in good faith) in the discharge of their duty; and any suit brought against the said Officers by reason thereof, shall be defended by the Law Department of said Village until final termination of the proceedings therein.

2.9. COMPLIANCE WITH BUILDING CODE NECESSARY. - It is hereby declared unlawful for any person or persons, firm or corporation to construct, erect, enlarge, remodel, alter, repair, raise, lower, underpin, move or wreck any building, structure, or portion thereof, within the Village of BARRINGTON in violation of the Building Code or any other laws of said Village. It is further declared unlawful to equip, use or occupy any building, structure or any portion thereof in said Village with any device, or for any business or other purpose, in any manner prohibited by the Building Code or any other laws of said Village. Violators of any of the provisions or requirements of this section of the Building Code shall be subject to the general penalty provided for violations of said Code.

2.10. BUILDINGS CONTRARY TO BUILDING CODE A NUISANCE. - Any building, structure, or any portion thereof hereafter constructed, erected, enlarged, remodeled, altered, repaired, raised, lowered, underpinned or moved within the VILLAGE OF BARRINGTON in any manner contrary to the provisions of the Building Code or any laws of the Village, is hereby declared a nuisance and the person, owner, agent, architect, builder, contractor, house mover, or mechanic, so constructing, erecting, enlarging, remodeling, altering, repairing, raising, lowering, underpinning or moving the same, contrary to any of the provisions of said Code or laws, shall be subject to the general penalty provided for violations of said Code or laws.

2.11. RIGHT TO COMPLETE BUILDINGS UNDER OUTSTANDING PERMITS.- Authority is hereby affirmed to complete any building, structure or portion thereof either in process of being, or under contract to be, constructed, erected, enlarged, remodeled, altered, repaired, raised, lowered, underpinned, or moved at or prior to the date of adoption of the Building Code:

Provided, a valid and prior permit outstands therefore; the work accords with the building regulations in force at issuance of such permit; and the building, structure, and various portions thereof, will be safe and sanitary upon completion, and will fully accord with the building and other laws of The VILLAGE OF BARRINGTON in force at the time the permit was issued.

2.12. BUILDINGS CHANGED OR REPAIRED MUST COMPLY WITH CODE. - Any building, structure, or major portion thereof, which is enlarged, remodeled or repaired within the VILLAGE OF BARRINGTON shall be made to comply throughout with the provisions of this Code as if applied to new or original work; provided the cost of the work proposed to be done exceeds one-third of the estimated fair value of the building, structure

or major portion thereof proposed to be altered or repaired; and further provided, that frame buildings within the fire districts may not be altered, enlarged or changed nor major repairs made unless the entire building is made to comply with the Code, regardless of the cost of such alteration, enlargement or repair, excepting for ordinary minor repairs.

The same materials and type of construction as were employed originally may be used for such changes and repairs when the cost of the work to be done is less than the said one-third estimated value; provided such work when completed will be consistent with the provisions of the Building Code pertaining to fire limits and to public health and safety.

The value and cost referred to in this section shall be as of the date when the permit is sought and shall be determined or approved by the Building and Zoning Director.

2.13. DAMAGED BUILDINGS MAY BE RESTORED. - Any building, structure, or major portion thereof, that has been damaged by reason of decay, fire, or other cause, may be restored to its original condition; provided such condition is then consistent with the provisions of the Building Code pertaining to fire districts and to public health and safety; and provided the cost of the restoration work does not exceed one-half of the estimated fair value of the building, structure, or major portion thereof, proposed to be restored; provided that frame buildings within the fire limits must be made to conform to the Code throughout, regardless of the amount of damage, except for ordinary repairs consistent with any fire damage.

Any building, structure, or major portion thereof, damaged by reason of decay, fire, or other cause more than one-half of the estimated value aforesaid, shall when restored be made to comply throughout with the provisions of the Building Code as applied to new or original work.

Any building, structure, or any major portion thereof in said Village, that has suffered damage by reason of decay, fire, or otherwise may be considered and dealt with as an unsafe building unless repairs are promptly made as ordered by the Building Officers and as prescribed by the Building Code.

The value and cost referred to in this section shall be determined or approved by the Building and Zoning Director.

2.14. BUILDINGS MOVED MUST COMPLY WITH BUILDING CODE.- Buildings or structures moved within the Village of \_\_\_\_\_ from one block to another, or upon, along or across any street or alley used by and for the public that are worth more than one-third of the cost of duplicating such buildings or structures in their proposed new location with new construction and materials, shall be made to comply throughout with the Building Code, both as to construction and use in new location; and the acceptance of a permit for moving of such buildings or structures shall impose the obligation to cause same to be made to comply with the Building Code; and failure to cause same to be made to comply with the Building Code shall constitute a violation of said Code.

No building or structure worth less than one-third of the cost of duplicating same in its proposed new location with new construction and materials shall be moved from its present to another location.

The costs and values referred to and made necessary to be determined in applying this section shall be furnished by the owner and

shall be verified and approved by the Building and Zoning Director, before a permit to move the building or structure involved shall be issued or will be recognized as valid.

2.15. INSPECTION OF BUILDINGS REQUIRED. - (a) The General Contractor shall obtain inspections by the Building Department of all buildings, structures, and portions thereof, under his jurisdiction, which are in course of being constructed, erected, enlarged, remodeled, altered, repaired, raised, lowered, underpinned, moved or wrecked under a permit issued by the Village for the work, and in compliance with Article II, Section 2.4.D of this ordinance entitled "Duties of the Building and Zoning Director".

The inspection shall be made as required by Article II Section 2.4.D and in such manner as shall serve the purpose intended, which purpose shall be to ascertain and record whether the work is being undertaken and performed in a safe manner, and complies with the requirements of the Building Code and all other ordinances of the Village of \_\_\_\_\_, Illinois.

(b) The Building and Zoning Director shall inspect, or cause to be inspected, all buildings, structures, or portions thereof, damaged by fire or other accidents, in order to ascertain, if possible, the cause or origin of the fire or other accident; to make a record of such damage sustained.

If the building, structure, or any substantial component part thereof so damaged is impaired to the extent of 50% of its value, before the fire or accident occurred, it shall be classed as an unsafe Building and shall be dealt with as provided for that class of building in the Building Code.

(c) The Building and Zoning Director shall inspect or cause to be inspected all buildings, or structures, for which application for permit to move may be made. Such inspection shall be made for the purpose of ascertaining and recording information as to risks to be incurred, the strength, size, value and general sanitary and structural features of the building or structure proposed to be moved. These reports shall be placed on file in the Department of Buildings before the permit sought shall be approved for issuance by the Building and Zoning Director.

The inspection required under this section shall be recorded on forms prepared and furnished especially for such use by the Department of Buildings, and shall be filed by that department.

2.16. DEVIATIONS OR VIOLATIONS, IF FOUND - PROCEDURE. - The procedure in all cases of unauthorized deviations from, or violations of, the provisions of the Building Code found on inspections required by the preceding section shall be as follows:

A verbal notice shall be immediately served by the Building Officer at the site and on the person or persons doing or in charge of the work being done, or responsible for or capable of correcting, or of causing to be corrected the deviation observed. If a verbal notice cannot be served on the site, or if served, is disregarded (or deemed inadequate by the Building Officer for the purpose), then a written notice, on forms prepared for the purpose and designating the deviation observed, shall be posted at the site, in as safe and conspicuous a place as practicable, and where, if unmolested, the same must certainly come to the notice of any person or persons either employed on the work,

or frequenting or occupying the building, structure or premises; and a copy of the notice so posted shall be mailed to the last known address of the owner, agent or person in control of the building or structure involved.

If the verbal or written notice, either or both, are respected and steps are promptly taken to correct the deviation observed, and if such deviation is promptly corrected (on notice) to the satisfaction of the Building Officer and consistent with the requirements of the Building Code, then and for such case, the deviation observed shall not be deemed a wilful violation of the Building Code nor be subject to any penalty therein provided.

In event a written notice of a deviation observed from the provisions of the Building Code has been posted and mailed, as aforesaid, and the work or condition continues in defiance thereof; or if the deviation, of whatever nature, is not promptly corrected in a manner consistent with the provisions of the Building Code, and the urgency of the case, then the deviation shall be considered a wilful violation, and the Building Officer shall promptly stop the work, and if need be he shall close the building or structure to the public. The facts pertaining to the case and the steps so far taken therein shall forthwith be reported in writing (on forms prepared for the purpose) to the Building and Zoning Director, who in turn shall proceed to enforce the provisions and penalties of the Building Code for and in such case provided.

The Chief of Police and Village Attorney pursuant to, and consistent with, the duties of their respective offices, shall assist in enforcing the Building Code against violators who defiantly refuse to comply with notices from the Building Officers; and each officer named in this paragraph shall act in conjunction with the Building Officers in so far as may be necessary and practicable. But nothing in this paragraph contained is intended, or shall be construed to disqualify or exempt any officer of the village not named therein from the duty of assisting in the enforcement of the Building Code.

The Building Officers and other officers named who may assist them in case of flagrant or defiant violations of the Building Code, are hereby authorized to use the police power of the village in such manner and to such extent as the character of the violation and the urgency, hazards, rights and interests of public health and safety may justify and demand for the case involved.

2.17 (a) WORK MAY BE STOPPED - PERMIT CANCELLED.- Building Officers are hereby empowered and directed to stop work on any building, structure, or portion thereof that is being done in a reckless, unsafe or insanitary manner, or with the use of defective or improper material; and on any building, structure, or portion thereof, proposed for unlawful purposes as regards location, intended use, or occupancy; and any work that in any other respect is being done contrary to the provisions of the Building Code or to the requirements of any other laws of the Village.

This right and duty shall exist and be performed irrespective of any permit that may or may not have been either required or issued for the work, building, structure, or any portion thereof, involved.

The suspension of work shall be for such time as may be necessary to secure a correction of the particular violations and features com-

plained of, or at least until a satisfactory agreement and arrangement (approved by the Building and Zoning Director) is reached that such correction will be made; and if a court trial is had, then the work shall be suspended and held in abeyance until the court renders its decision.

(b) Any person, firm or corporation having charge of, directing, or in any way engaged in work that violates the Building Code, who shall refuse or fail to promptly desist from such work on written notice from any Building Officer; or who having desisted on either verbal or written notice shall resume the work before the violation which occasioned the order is corrected or agreed to be corrected to the satisfaction of the Building and Zoning Director and consistent with the purposes of the Building Code; or who before having been authorized by the Building Officer resumes work stopped, shall be deemed guilty of violating the Building Code; and shall be subject to the general penalty provided therefor in said Code. Permits for work being done in violation of the Building Code may be cancelled or revoked on order of the Building and Zoning Director.

2.18. MAY DIRECT FIRE DEPARTMENT TO REMOVE. - The Building and Zoning Director shall have the authority to direct the Fire Chief to tear down any defective or dangerous wall or structure or any building or structure or part thereof which may be constructed in violation of the terms of this Ordinance, after written notice has been served upon the owner, lessee, occupant, agent or person in possession, charge or control, directing him to tear down or remove any defective wall or building or structure or any part thereof which is in a dangerous condition, or which has been or is being constructed or maintained in violation of the terms of this Ordinance.

2.19. CERTIFICATE OF FINAL INSPECTION MAY BE OBTAINED. - An official certificate of final inspection may be obtained by the owner, his agent, or the person in whose name a permit for constructing, erecting, enlarging, remodeling, altering or repairing any building, structure, or major portion thereof as issued by the Department of Buildings; upon the completion of the work thereon, the filing of the application therefor, and depositing with the Village Collector the amount of the fee required for such certificate, all as prescribed in this section.

Said certificate will state that the work has been done in substantial compliance with the requirements of the Building Code, and with the plans and specifications presented and approved by the Department of Buildings for purposes of the permit; provided the work as completed does so apply.

If the work, as completed, does not substantially comply with the requirements of the Building Code, and with the plans and specifications, approved for the permit, said certificate shall state in what particulars, and to what extent, substantial deviations were made.

The certificate, and the application for same, shall be made out on forms furnished by the Department of Buildings. The certificate will be signed and approved by the Building and Zoning Director.

The fee for certificates of final inspection shall be made to the Village Collector at the time the application therefor is made, and shall be \$3.00.

The securing of a certificate of final inspection is not compulsory, and is not to be construed as being included in the fees paid for any permit, license, or certificate of inspection, the obtaining

of which is made obligatory by the provisions of the Building Code or of any other laws of the Village of \_\_\_\_\_.

2.20. CONFLICT BETWEEN GENERAL AND SPECIFIC PROVISIONS. - When (if ever) a general provision or requirement of the Building Code conflicts with specific provisions thereof relating to the construction, equipment, maintenance, use, or location of any building structure or any portion thereof, in said Village then, and for that case, the specific provision or requirement shall prevail and govern.

2.21. INVALIDITY OF ONE PORTION OF CODE SHALL NOT AFFECT REMAINDER.- In administering and enforcing the Building Code, the invalidity (if any) of any section or of any provision thereof shall not be construed or held to invalidate any other section or any provision thereof, unless such invalidity shall have been specially established.

The invalidity (if any) of any section or of any provision of the Building Code, when applied to buildings, structures, or any portion thereof completed before the adoption of said Code, shall not, for such cause, be construed or held to be invalid in its application to buildings, structures, or any portion thereof constructed subsequent to said adoption, unless such invalidity shall have been otherwise specifically established in its application.

### CHAPTER III. PERMITS AND FEES.

3.1. PERMIT REQUIRED FOR BUILDING OPERATIONS. (a) It is hereby declared unlawful for any person, firm or corporation to commence or to perform any work in connection with the construction, erection, enlargement, remodeling, altering, repairing, raising, lowering, underpinning, moving or wrecking of any building, structure or portion thereof, or any other work or action for which a fee is prescribed in this Chapter III without having first made application to and secured from the Building and Zoning Director the necessary permit therefor, except as hereinafter provided, and any person, firm or corporation so doing shall be subjected to the general penalty for violation of the Building Code. The building permit shall carry with it the right to install any crane, derrick, material elevator, heating or lighting apparatus, inside the lot line, which may be required for temporary use during the progress of the work. Building permits will be issued only to a person, firm or corporation in charge of all work to be performed and who will be designated as "General Contractor".

(b) A permit will not be required for a detached accessory structure 265 cu.ft. or less outside dimension, provided however, that the placement of such structure complies with the provisions of the Zoning Ordinance of the Village of \_\_\_\_\_.

(c) Before any permit is issued granting authority to any person, firm or corporation to perform any work in connection with the construction, erection, enlargement, remodeling, altering, repairing (except normal repairs) raising, lowering or underpinning any building, structure or portion thereof, or any other work or action for which a fee is prescribed in this Chapter III, the person (except an owner living on the premises, doing, or having direct control of the work being done), firm or corporation engaged in the aforementioned work shall file with the Building Department a bond in the penal sum of

\$5,000.00 with sureties to be approved by the Building and Zoning Director, to guarantee payment in full to the Village and to duly franchised utility companies entitled to a use of public property, for any and all damage inflicted on public property by reason of the pursuance of work prescribed on the permit. Any costs incurred by the Village for any actions necessitated by the failure of the said person, firm or corporation to protect persons, property or things on the site of, adjacent to, or in connection with the aforementioned work shall also be recoverable from the aforementioned \$5,000.00 bond.

(d) Before any permit is issued granting authority to any person, firm or corporation to perform any work in connection with the construction, erection, enlargement, remodeling, altering, repairing (except normal repairs), raising, lowering or underpinning any building, structure or portion thereof, or any other work for which a fee is prescribed in this Chapter III, the person (except an owner living on the premises, doing, or having direct control of the work being done), firm or corporation engaged in the aforementioned work shall file with the Building Department certificates of workman's compensation, general liability, and automobile liability insurances.

3.2 PERMIT WAIVED FOR ORDINARY REPAIRS.- A permit will not be required for ordinary repair work incidental to the upkeep of a building or structure: provided there is not contemplated, or involved, any change in the classification or any increase in the fire hazard thereof; nor the removal or installing of any external wall; nor the removal of any supporting wall, column, post, truss, girder or beam; nor installing, closing or changing any stair-hall, fire escape, scuttle, skylight, door, window or other means of communication, ingress, egress, ventilation or for the admission of sunlight; nor changing the number, location or connections of the fixtures, traps, vents, waste, soil, or drain pipes of the plumbing system; nor changing the number, location or connections of the fixtures of the lighting system; nor changing to a different system of heating, lighting or ventilating; nor reshingling or recovering of roofs or of renewing of the exterior siding of any frame building, structure, or portion thereof.

But nothing contained in this section shall be interpreted or construed to allow any work included in the permit exemptions thereof, to be done in any manner contrary to the requirements of the Building Code and other laws of the Village. Violations of said Code in any work not required to be done under a permit shall be subject to the general penalty of said Code the same as if a permit had been required.

3.3 DURATION OF PERMIT.- Any building permit issued by the Building and Zoning Director, and under which no work is commenced within six months from the date of issuance thereof, shall expire by limitation; and unless such permit is surrendered to the Building and Zoning Director within two months after its expiration, for such cause, the fees paid therefor shall be forfeited to the Village. A cessation of work for more than three months continuously shall have the same effect in terminating building permits as a failure to begin work.

3.4 ACTION ON APPLICATION.- The building official shall examine applications for permits within a reasonable time after filing. If, after examination, he finds no objections to the same and it appears that the proposed work will be in compliance with the laws and ordinances applicable thereto and the proposed construction or work will be safe,

he shall approve such application and issue a permit for the proposed work as soon as practicable. If his examination reveals otherwise, he shall reject such application, note his findings in a written report to be attached to the application, and deliver a copy to the applicant.

3.5. WHEN PERMIT IS VALID.- No permit or amendment to a permit issued by the Building and Zoning Director for constructing, erecting, enlarging, remodeling, altering, repairing, raising, lowering, underpinning, moving or wrecking buildings, structures or portions thereof, or any permit for which a fee is prescribed by the Village Ordinances shall be in force until the fees prescribed therefor shall have been paid to the Village Collector and said Collector's receipt therefor shall have been stamped on such permit.

3.6. APPLICATION FOR BUILDING PERMIT.- When any person, firm or corporation shall be desirous of constructing, erecting, enlarging, remodeling, repairing, raising, underpinning, moving or wrecking any building, structure or portion thereof for which work a permit is required by this ordinance, he or they shall make written application to the Building and Zoning Director upon blank forms furnished by the Department of Buildings, for a permit for such purpose. The application for a building permit shall consist of a complete set of forms for the work to be done and with properly licensed and/or bonded subcontractors identified thereon, said forms completely filled out and presented by the general contractor responsible for the proposed work. Such application shall be accompanied by;

- (a) Plat Plan and Survey; Two (2) copies of a survey of the premises prepared by a Land Surveyor, duly registered under the laws of the State of Illinois. Such survey shall show the existing grades at each corner and at the approximate center of the lot or premises in question, all building lines, easements and required angles with reference to the said premises. The applicant shall cause to be placed proposed final grades at each corner and the approximate center of the property and to locate thereon the proposed structure or other work to be done utilizing the scale shown on the drawing.
- (b) Plans and Specifications; Two (2) copies of completed plans and specifications in strict compliance with sections 3.8, 3.9, 3.10 and 3.11 of this article except that plans for single family residences may be signed by the owner providing that such buildings are to be occupied and used by said owner as a permanent residence, and provided further the plans for not more than one such building in the aforementioned class shall be accepted during any two (2) year period.
- (c) Said applications shall also contain an agreement to be signed by the General Contractor, conditioned that he will, if granted the permit sought, construct the work in accordance with the description set forth in the application, plans and specifications, aforesaid; and that all general and detail work connected with such erection, construction, alteration or repair of any such building, structure, or part thereof, as the case may be, shall be done in strict compliance with the ordinances of said Village and the provisions of such permit.

- (d) In addition, said application shall contain a "Certificate of Arrangement to Protect against Interference with Underground Public Utility Facilities" wherein the General Contractor certifies that the following public utilities, to-wit: Northern Illinois Gas Company, Public Service Company and Illinois Bell Telephone Company, have been notified of the proposal to do excavating, grading or other work below the surface of the ground, and that arrangements have been made for adequate protection against interference with underground public utility facilities upon and adjacent to the building site.
- (e) In case the applicant for a permit shall fail, in the opinion of the Building and Zoning Director, to give a correct statement of the work for which a permit is requested, the Building Official may order the estimate changed and made in accordance with his best knowledge and belief. All applications, plans and specifications shall be dated upon receipt in the office of the Department of Buildings and taken up in their regular order as received, and no plans or specifications shall be passed on out of their order as received, unless buildings or structures are of a complex character which require prolonged examination and inspection.
- (f) Such application shall also contain application for certificate of occupancy signed by the General Contractor as agent for, or the Owner of the premises, certifying that the building will be used and occupied only for the purpose set forth in the application for building permit, except when proper permit for change of occupancy shall have been secured from the Building and Zoning Director.

3.7. NO PLANS AND SPECIFICATIONS REQUIRED.- The Building and Zoning Director may issue permits for the erection of sheds or small one-story accessory buildings upon the description given in the application and not accompanied by drawings, and this shall apply also to alterations and repairs of buildings whenever, in the judgement of the Building Official, drawings are not necessary to show the full character of the work to be done.

3.8. PLANS AND SPECIFICATIONS TO BE FILED IN DUPLICATE.- The number of drawings and specifications required to be submitted shall be duplicate sets of the architect's general drawings and duplicate sets of the complete specifications. Each set of drawings shall consist of a foundation and footing plan, basement or cellar plan, the plans of the upper floors and roofs, a transverse and a longitudinal section, at least two elevations and the necessary framing plans to show the complete framing of the building structure.

3.9. PLANS AND SPECIFICATIONS - ESSENTIAL REQUIREMENTS.- All plans and drawings shall be drawn to a scale of not less than one-eighth of an inch to the foot, on paper or cloth in ink, or by some process that will not fade nor obliterate. All distances and dimensions shall be accurately figured and drawings made explicit and complete, showing the front and side lot lines and the entire sewerage and drain pipes and the location of all plumbing fixtures within such building. The dimensions of the structural members shall be given on the drawings

whether shown in the specifications or not. The specifications shall describe all the materials to be used in the proposed building.

3.10. ALTERATIONS UPON THE STAMPED PLANS NOT PERMITTED - EXCEPTIONS.- It shall be unlawful to erase alter or modify any lines, figures or coloring contained upon such drawings so stamped by the Building Official or filed by him for reference. If, during the progress of the work authorized, it is desired to deviate in any manner affecting the construction or other essentials of the building from the terms of the application, or drawing, notice of such intention to alter or deviate shall be given to the Building and Zoning Director, and his written assent shall first be obtained before such alterations or deviations may be made.

3.11. PLANS MUST BE SIGNED AND SEALED AS REQUIRED BY LAW.- (a) No permit shall be granted or plans approved unless such plans are signed and sealed by a licensed architect, or by a licensed structural engineer or in the manner as provided in "An act to provide for the licensing of architects and to regulate the practice of architecture as a profession and to repeal certain acts therein named," approved June 24, 1919, or as amended, commonly known as "The Illinois Architectural Act," and in "An act to revise the law in relation to the regulation of the practice of structural engineering," approved June 24, 1919, or as amended, commonly known as "The Illinois Structural Engineering Act."

(b) It shall be unlawful for any architect or other person permitted under the state law to prepare plans, to prepare and submit to the Building and Zoning Director for his approval any final plans for any building or structure without being accompanied by a certificate of such architect or such other person preparing plans that the plans and specifications submitted comply with the requirements of this Code.

3.12. PERMIT, PLANS AND SPECIFICATIONS MUST BE KEPT ON THE JOB.- The permit issued for any work, to which the Building Code is applicable, together with a set of the approved plans and specifications, if any, must be kept on the job while the work is in progress; and must be shown for inspection on request of any Building Officer. Inability or refusal to comply with the provisions of this section shall constitute sufficient cause for stopping either all or such portions of the work as may be involved in the violation.

3.13. PLANS AND SPECIFICATIONS TO REMAIN ON FILE.- One or more copies, as may be required by the Building and Zoning Director, of the plans and specifications as finally stamped and approved shall be left on file in the office of the Building Department.

3.14. PERMIT FOR WRECKING BUILDING.- (a) Before proceeding with the wrecking or tearing down of any building or other structure more than one story in height or of any structure of greater area than 750 square feet, a permit for such wrecking or tearing down shall first be obtained by the owner or his agent from the Building and Zoning Director; provided that all the work done thereunder shall be subject to the supervision of the Building Official and to such reasonable restrictions as he may impose in regard to elements of safety and health, and further, that sufficient scaffolding be provided to insure safety to human life. In the case of masonry buildings, the work shall be kept sprinklered to

minimize dust.

- (b) Before any permit is issued granting authority to wreck a building or structure for which such permit is required, the person, firm or corporation engaged in the work of wrecking shall file with the Building Department a bond in the penal sum of \$10,000.00 with sureties to be approved by the Building and Zoning Director, to guarantee payment in full to the Village and to duly franchised utility companies entitled to a use of public property, for any and all damage inflicted on public property by reason of the pursuance of a wrecking operation. Any costs incurred by the Village for any actions necessitated by the failure of the wrecking contractor to protect persons, property or things on the site of, adjacent to, or in connection with the wrecking operation shall also be recoverable from the aforementioned \$10,000.00 bond.
- (c) Before any permit is issued granting authority to wreck a building or structure for which such permit is required, the person, firm, or corporation engaged in the work of wrecking shall file with the Building Department a certificate of insurance certifying that the applicant is insured for Workmen's Compensation and Occupational Diseases Liability under the Illinois Act and Comprehensive General and Automobile Liability with limit of at least \$50,000 per accident Bodily Injury and Property Damage to indemnify the Village of \_\_\_\_\_, Illinois, against any loss, cost, damage, expense, judgement or liability of any kind whatsoever which the Village may suffer, or which may accrue against, be charged to or be recovered from said Village or any of its officials from or by reason or on account of accidents to persons or property during any such wrecking operations, and from or by reason or on account of anything done under or by virtue of any permit granted for any such wrecking operations.

3.15. PERMIT FOR MOVING BUILDING.- No house or other building shall be moved into, over, across or along any street, alley or other public place, or from one location to another on the same lot or in the same block, in said Village without first securing a written permit therefor from the Building and Zoning Director.

- (a) Such permit shall set forth the route to be taken in moving such building, which route shall be determined so as to cause the least injury to public or private property, and the least interference with the public convenience; no variation from such route shall be permitted, and the following regulations shall be strictly observed, to-wit:

Before any permit is issued for moving a building, the Village Forester shall be notified, and his approval shall be secured as to the route proposed to be taken. If such moving necessitates the removal or trimming of any trees, such work shall be done only under the direction of the Village Forester, and the expense thereof shall be paid by the person, firm or corporation securing the permit.

No unnecessary damage or injury shall be done to public or private property on account of such moving, and unnecessary damage or injury shall mean such damage or injury as

may, by reasonable diligence and intelligent care, be avoided.

Notice shall be given to each local agent of any telegraph or telephone, electric light or power, or railroad company interested, of the day and hour when, and the place where, such moving necessitates the cutting of any wire or wires, or the stopping of any train of such company; such notice shall be served not less than twenty-four hours prior to the time therein fixed, and no such wire or wires shall be cut unless such notice has been duly served.

No building in process of being moved shall be allowed to stand in any street for more than four (4) hours at any one time, except on legal holidays and at night or in case of accident and unavoidable delay due to accident.

Red lights and/or suitable other warning devices shall be displayed at night to warn passers of all danger about any building in process of moving.

No chains, tools or other moving implements shall be allowed to litter the streets when moving is not in progress.

- (b) Before any permit is issued granting authority to move a building or structure for which such permit is required, the person, firm or corporation engaged in the work of moving shall file with the Building Department a bond in the penal sum of \$10,000. with sureties to be approved by the Building and Zoning Director, to guarantee payment in full to the Village and to duly franchised utility companies entitled to a use of public property, for any and all damage inflicted on public property by reason of the pursuance of a moving operation. Any costs incurred by the Village for any actions necessitated by the failure of the moving contractor to protect persons, property or things on the site of, adjacent to, or in connection with the moving operation shall also be recoverable from the aforementioned \$10,000.00 bond.
- (c) Before any permit is issued granting authority to move a building or structure for which such permit is required, the person, firm, or corporation engaged in the work of moving shall file with the Building Department a certificate of insurance certifying that the applicant is insured for Workmen's Compensation and Occupational Diseases Liability under the Illinois Act and Comprehensive General and Automobile Liability with limit of at least \$50,000 per accident Bodily Injury and Property Damage to indemnify the Village of \_\_\_\_\_, Illinois, against any loss, cost, damage, expense, judgement or liability of any kind whatsoever which the Village may suffer, or which may accrue against, be charged to or be recovered from said Village or any of its officials from or by reason or on account of accidents to persons or property during any such moving operations, and from or by reason or on account of anything done under or by virtue of any permit granted for any such moving operations.

3.16. PERMIT-REVOCATION OF.- If the work in, upon or about any building or structure shall be conducted in violation of any of the provisions of this ordinance, it shall be the duty of the Building and

Zoning Director to revoke the permit for the building or wrecking operations in connection with which such violation shall have taken place. It shall be unlawful, after the revocation of such permit, to proceed with such building or wrecking operations unless such permit shall first have been reinstated or reissued by the said Building and Zoning Director. Before a permit so revoked may be lawfully reissued, the entire building and building site shall first be put into condition corresponding with the requirements of this Ordinance and any work or material applied to the same in violation of any of the provisions of this Ordinance shall be first removed from such building, and for such permit as reissued the fee required for a new permit shall be paid.

3.17. CERTIFICATE OF OCCUPANCY PERMIT.-

- (a) On the completion of any building, or any addition or alteration to an existing structure wherein a change of use is intended, the general contractor will request an occupancy certificate, for which application will have been made coincidental with the application for building permit. If on final inspection as required by Section 2.4 D (6) of this code, the building is found to conform to the requirements of all codes and ordinances of the Village of \_\_\_\_\_, a certificate of occupancy shall be issued by the Building Department stating such fact and shall set forth the purpose for which the building is to be occupied.
- (b) If a change of use of any building or structure is contemplated not involving a building or remodeling operation, the owner or tenant shall apply for a certificate of occupancy permit. The Building and Zoning Director shall cause an inspection to be made of the premises and if said building is found to comply with fire and safety provisions of all codes and ordinances and of the Zoning Ordinances of the Village of \_\_\_\_\_, a certificate of occupancy permit shall be issued stating such fact and shall set forth the purpose for which the structure is to be occupied.
- (c) If any building is occupied in violation of this section, it shall forthwith be subject to notice from the Building and Zoning Director and shall be vacated on such notice and shall not again be occupied until made to conform with the provisions of this Code, nor until after the issuance of the Certificate of Occupancy as above described.

3.18. FEES FOR BUILDING AND OTHER PERMITS.- The permit fees to be charged for permits authorized and required by the Building Code shall be paid to the Village Collector, and shall be as follows:

For all new buildings or structures or additions to existing buildings or structures:

- (A) ~~\$ 5.00 for any building of not more than 1000 cubic feet~~
- ~~\$ 15.00 for any building of 1001 to 5000 cubic feet~~
- ~~\$ 30.00 for any building of 5001 to 7500 cubic feet~~
- ~~\$ 50.00 for any building of 7501 to 10,000 cubic feet~~
- ~~\$ 50.00 plus \$2.50 for each 1000 cubic feet or fraction thereof in excess of 10,000 cubic feet for any building of 10,001 to 500,000 cubic feet.~~

~~\$1275.00 plus \$2.00 for each 1000 cubic feet or fraction thereof in excess of 500,000 cubic feet for any building of 500,001 to 1,000,000 cubic feet.~~

~~\$2275.00 plus \$1.50 for each 1000 cubic feet or fraction thereof in excess of 1,000,000 cubic feet.~~

~~Cubical contents shall be computed on the basis of outside dimensions and from the underside of the lowest floor to the highest point of the main roof and to include all projections such as bay windows, dormers, roofed porches and breezeways; but excluding the open space under projecting eaves.~~

(B) For permits issued for alterations or repairs to any building or structure, the following fees shall be charged, based on the value thereof including value of any labor performed by the owner:

Value in Dollars of the complete job

From	To	Permit Fee
\$ 1.00	\$ 500.00	\$ 5.00
501.00	1000.00	10.00
1001.00	2500.00	20.00
2501.00	5000.00	30.00

For each \$1000 of value over \$5000.00 the additional fee shall be \$3.00.

(C) FEES FOR INSPECTION OF PLUMBING FIXTURES INSTALLED.- Shall be governed by provisions of plumbing code.

(D) FEES FOR INSPECTION OF SEWER AND DRAIN CONNECTIONS.- Shall be governed by provisions of plumbing code.

(E) FEES FOR PERMITS TO MOVE, RAISE, LOWER, UNDERPIN, OR WRECK A BUILDING.- Shall be as follows, respectively:

(1) For moving over, upon or in any public highway buildings or structures one and one-half stories or less in height.....\$50.00

(2) For moving over, upon or in any public highway buildings or structures of more than one and one-half stories in height.....\$75.00

(3) For moving buildings or structures within the limits of any one block when the same does not pass over, upon or in any public highway.....\$15.00

(4) For moving, raising, lowering or underpinning buildings or structures within the limit of any lot where the same does not pass over, upon or in any public highway.....\$15.00

(5) The fee to be charged for permits to wreck a building or structure shall be \$10.00 plus .50¢ per 1000 cubic feet of the contents of the building or structure. The cubic contents shall be obtained by multiplying the ground area by the height measured from the underside lowest floor to the highest point of the main roof; provided there shall be

no fee charged for wrecking frame accessory buildings outside the fire districts, more than twenty feet back from the sidewalk.

(F) SIGN PERMIT FEES: The fee for a permit to erect, relocate or vary in size, use or occupancy, any sign for which a permit is required under provisions of Article XI of the Zoning Ordinance of the Village of \_\_\_\_\_, Illinois, shall be at the rate of ten dollars (\$10.00) for the first twenty-five (25) square feet single faced, or fifty (50) square feet double faced, and ten (\$.10) cents per square foot per face for all additional sign area. In computing the permit fees the sign area shall be the gross surface area which shall be the entire area within a single continuous perimeter enclosing the extreme limits of such sign and in no case passing through or between any adjacent elements of same. Such perimeter shall not include any structural or framing elements lying outside the limits of such sign and not forming an integral part of the display.

(G) OCCUPANCY PERMIT FEES: The fee for an occupancy permit required under the provisions of this ordinance or of the Zoning Ordinance of the Village of \_\_\_\_\_ shall be \$2.00 payable coincidental with the tendering of an application for a "Certificate of Occupancy."

(H) MISCELLANEOUS PERMIT AND INSPECTION FEES.- Shall be as follows:

- (1) For the erection of fire escapes.....\$ 5.00
- (2) For annual inspection of a Passenger or Freight elevator.....\$ 5.00
- (3) For annual inspection of buildings required to be inspected by this ordinance, for each 23,000 square feet or fractional part thereof, provided no charge for such inspection shall be made against any religious, charitable or educational institutions.....\$ 5.00
- (4) For permit for tank on tower or roof in excess of 100 gallon capacity.....\$25.00
- (5) For permit for isolated chimneys or for chimneys extending over five feet above the roof or parapet of any building.....\$ 5.00
- (6) For permit for canopy or awning (fixed or movable) \$ 5.00
- (7) For permit for installing tank for storage of flammable liquids, \$5.00 for each tank of 1000 gallons or less, and \$1.00 for each additional 1000 gallons capacity.

#### CHAPTER IV. OCCUPATION OF STREETS

4.1. PERMIT REQUIRED.- It shall be unlawful for any person, firm or corporation to deposit or store on the roadway, parkway or

sidewalk space of any street or in alleys, building materials or any fuels or other supplies for any building or structure in course of erection, repair or alteration, unless a street occupancy permit from the Building and Zoning Director is obtained prior to the act, and any person, firm or corporation so doing shall be subject to the general penalty as stated elsewhere for violation of the building ordinance.

4.2. APPLICATION FOR STREET OCCUPANCY PERMIT.- All applications for street occupancy permits for the purpose of building operations shall be made to the Building and Zoning Director and shall describe the location of the Roadway, Parkway or Sidewalk space of any street or alley proposed to be occupied, the use to be made of same and the length of time of such intended occupation. Should the said official approve of such application, he shall issue a street occupancy permit to the applicant, provided the said applicant has complied with all the provisions of this ordinance as to bonds, certificates of insurance, fees and all other requisites in connection with such permit.

4.3. LIMIT OF OCCUPATION AS TO TIME.- The permission to occupy Roadway, Parkway or Sidewalk space of any street or in alleys for the purposes of building is intended only for imperative use in connection with the actual erection, repair, alteration, wrecking or removal of buildings, and shall continue only until work can be carried on entirely inside the property. It shall also be unlawful to occupy any of such named space under the authority of such permit, for the storage of articles not intended for immediate use in connection with the operation for which such permit has been issued. Failure to immediately remove building or other material from such occupied space on notice so to do from the Building and Zoning Director or Chief of Police shall subject the owner or contractor so notified to the general penalty provided for such violation of the building ordinance.

4.4. LIMIT OF OCCUPATION AS TO SPACE.- The occupation of a street or alley for the storage of building materials, including temporary sidewalks for any one building, shall never be extended out beyond the curb line and where no parkway exists not more than one-third of the way across the street or alley (measured from lot line to lot line).

It shall not be lawful to occupy with building material any Roadway, Parkway or sidewalk space of any street or alleys other than immediately in front of the lot or land upon which the building is being erected; provided that if the written consent of the owners, tenants or occupants of properties adjoining the site of any proposed building is first obtained and filed with the Building and Zoning Director, the occupation of the roadway and sidewalk may be extended in front of the property so consenting upon the same terms and conditions as those herein fixed for the occupation of the street front of the building site.

During the progress of building operations, a sidewalk not less than four feet in width (or an equal width of a clean, hard paved roadway, available and made safe for a footway, and protected by a substantial hand railing), shall at all times be kept open, clean and unobstructed for the purpose and uses of a passageway in front of such lot or lots.

It is not intended hereby to prohibit the maintenance of a driveway for delivery of material across such sidewalk from the curb line to the building site; but such driveway shall be under the supervision of the Building Officer.

4.5. BARRICADES OR FENCES.- Any excavations within six feet of any public right of way shall at all times be guarded by a substantial railing or barricade not less than four feet high at lot line.

4.6. SCAFFOLDS.- An outside scaffold on a building not more than two stories in height standing on or within five feet of the street line shall have a floor of two-inch planks and at the outer edge thereof a closed fence not less than three feet high, when there is no covering over the sidewalk.

4.7. GUTTERS, HYDRANTS, ETC., MUST BE KEPT CLEAR.- Materials, fences or sheds shall not be placed within two feet of any tree, nor within six feet of the rail of any railway, nor render inaccessible any valve chamber, manhole, coal-chute, fire hydrant, alarm box or catch basin. All gutters shall be kept free and clear at all times. Mortar boxes or beds shall be so placed and guarded as to protect the clothing of persons passing, and shall be promptly removed from any street, sidewalk, alley or public way on order of the Building and Zoning Director or the Chief of Police.

4.8. PROTECTION OF TREES.- It shall be unlawful for any person, firm or corporation to bruise, bend, break, cut, saw or in any wise mutilate or otherwise injure or damage any tree or shrubbery, or the roots or branches thereof, planted in and along any street, alley, public highway or place, in the Village of Glenview, without first obtaining the consent of the Village Forester.

4.9. RED LANTERNS.- Sufficient red lights and/or suitable other warning devices shall be displayed and maintained during the whole of every night at each excavation, pile of material, fence or any other obstruction on any public highway, to so cast their rays that each excavation pile of material, fence or other obstruction shall be in full view of the public.

Whoever maliciously or wantonly, and without legal cause, removes, extinguishes, diminishes or disturbs a light or other warning device so placed shall be liable to a penalty of not less than five nor more than fifty dollars, and in addition thereto shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than ten dollars nor more than one hundred dollars.

4.10. RESTORATION OF STREETS AND SIDEWALKS.- Whenever any street, alley or sidewalk is damaged by the erection or alteration of any building abutting thereon by reason of the construction thereof, the same shall be cleaned and restored by, or at the expense of, the owner of the building involved or his contractor, to a condition as good and serviceable as prior to the beginning of the work. It shall also be unlawful for any person to leave any excavated material, sand, gravel or other material in such a location that it is liable to wash into the streets or gutters.

#### CHAPTER V. CONSTRUCTION STANDARDS

5.1. ADOPTION OF THE NATIONAL BUILDING CODE.- Pursuant to the authority granted by the general assembly to local government in "An act authorizing municipalities to incorporate by reference the provisions of

nationally recognized technical codes and public records. Approved July 16, 1953. Transferred from CH 24 §§1241-1247 in 1967 to CH 85 §§1001-1007", the Village of \_\_\_\_\_ hereby adopts by reference, as criteria for the issuance of construction, alterations, or installation permits, the National Building Code, recommended by the American Insurance Association being particularly the 1967 Edition hereof, and the whole thereof including a March, 1967 Errata Sheet, save and except such portions as are hereinafter deleted, modified or amended and as hereinafter supplemented and added.

5.2. Any reference in the National Building Code to the "Building Official" shall be read as meaning the Building and Zoning Director of the Village of \_\_\_\_\_, and any reference to the "Board of Appeals" shall be interpreted as the "Building Commission".

5.3 Any reference in said Code to the "municipality" shall mean the Village of \_\_\_\_\_.

5.4. In the event that any provisions of the said Code are in conflict with any provision of the Village of \_\_\_\_\_ Zoning Ordinance or any amendment thereto of the Village of \_\_\_\_\_, the later shall prevail and the conflicting provisions of the National Building Code shall be of no effect.

5.5. EFFECT OF THE NATIONAL BUILDING CODE.- The regulations of the National Building Code shall apply to all matters concerning the erection, construction, remodeling, alterations, additions, repair, removal, use, location, occupancy and maintenance of all buildings and structures and their service equipment as herein defined, and shall apply to all existing and proposed structures in \_\_\_\_\_ except that for single family residences and accessory buildings, the provisions of the 1964 Edition of the "Suburban Building Regulations for Residences" as adopted and amended in Section 5.8 of this chapter will prevail.

5.6. MATERIALS AND METHODS OF CONSTRUCTION.- Nothing in this code shall be construed to prevent the use of any material or method of construction whether or not specifically provided for in this code if, upon presentation of plans, methods of analysis, test data or other necessary information, to the building official by the interested person or persons, the building official is satisfied that the proposed material or method of construction complies with specific provisions of or conforms to the intent of this code.

5.7. AMENDMENTS TO THE NATIONAL BUILDING CODE.- The National Building Code as adopted in foregoing paragraphs of this Chapter V is hereby amended and changed in the following respects;

- A. Delete Section 100 of Article I in its entirety.
- B. Delete Section 102 of Article I (except Section 102.14) in its entirety.
- C. Delete Section 103 of Article I in its entirety.
- D. Delete Section 105 of Article I in its entirety.
- E. Delete Section 106 of Article I in its entirety.

F. Section 107.7 (a) shall be amended to read--

The Building Commission when so appealed to and after a public hearing, a notice of which shall be published by the Building and Zoning Director in a newspaper of general circulation in the Village of \_\_\_\_\_ at least one week prior to the date of the hearing, may vary the application of any provisions of this code in any particular case when in its judgement the enforcement would be contrary to the spirit and purpose of this Code or when in its judgement the interpretation of the Building and Zoning Director should be modified or reversed. In every case where a notice of appeal is filed it shall be accompanied with the payment of a fee of \$50.00 by the person appealing to defray the administrative expense of said hearing.

G. A new Section 108. Architectural Design shall be added to the National Code as follows:

108.1 ARCHITECTURAL DESIGN.

Whereas it is universally recognized that many neighborhoods in urban areas have deteriorated in the past by reason of poor planning and the erection of inferior and unsuitable buildings in such neighborhoods, and whereas such deterioration has invariably been accompanied by a drastic reduction in property values and by a deterioration in conditions of health, sanitation and safety in such neighborhoods, and for the purpose of preventing such deterioration, and preserving unto the owners and residents of property within the Village of \_\_\_\_\_, existing property values and for the purpose of preserving and improving the existing standards of health, sanitation and safety within the Village of \_\_\_\_\_ the following provisions are required:

108.2 All new buildings shall be of an architectural design suitable for a good suburban community. No permit shall be issued for any new building or for the improvement of an existing building, which is of such architectural design that the same is manifestly inferior or so radically different as to impair the marketability of property values of existing buildings in the immediate vicinity.

108.3. Free standing buildings and buildings having a frontage on more than one street shall have the same or architecturally harmonious material used for all exterior walls. Buildings partially free standing shall have the same or architecturally harmonious materials for all exposed exterior walls.

108.4 No permit shall be issued for the construction or erection of more than two single family residential buildings of the same exterior design and style on the same side of the street in any one block. Two single family residential buildings of the same exterior design and style may not be erected adjacent to each other or directly across the street from each other.

108.5 When in the opinion of the Building and Zoning Director, the issuance of a permit or permits would be contrary to one or more of the above provisions of this Section, the permit or permits will be denied and the matter shall within two weeks of the date of the receipt of the application for a permit be referred to the Building Commission

for its consideration and recommendation in the same manner as is provided in Section 9.6 of this ordinance. After public hearing wherein evidence shall be received from the applicant and such other persons as shall desire to appear and be heard at such hearing, and after careful consideration of all of the evidence, the Commission shall forward its recommendations to the Board of Trustees indicating whether the construction of the proposed residential building will or will not detrimentally affect the values of adjoining and neighboring properties.

108.6 Within thirty (30) days of the receipt of the above recommendation, the Board of Trustees shall take final action thereon. The action of the Board of Trustees shall be communicated to the Building and Zoning Director who shall immediately take action to carry out the decision of the Board of Trustees.

- H. Add to Article II Section 200 in correct alphabetical sequence the following definition;

Remodeling - Any reconstruction of any or all of the interior or exterior of a building or other structure not necessarily involving structural parts or an enlargement of the premises and not performed as a repair for the purpose of maintenance.

- I. Amend Section 316 of Article III by inserting a designation "316.1" and caption "Building Height" before subsection "a"
- J. Amend Section 316, subsection c of Article III by inserting a designation "316.2" and caption "Separation" and omitting designation as subsection "c".
- K. Amend Section 316 of Article III by adding the following subsection;

316.3 MINIMUM AREAS FOR DWELLING UNITS AND ROOM SIZES IN MULTIPLE FAMILY DWELLINGS INCLUDING DUPLEX AND ROW HOUSES.- The floor area of a living unit in a multiple family dwelling shall not be less than 650 square feet. The area shall be defined as the area contained between the outer plane of the building and the center line of the partitions enclosing the rest of the living unit. A living unit shall provide at least one bedroom, one bathroom, and space for living, dining, cooking, utility and storage. If separate heating is required for each living unit, the space required shall be added to the required 650 square feet.

THE MINIMUM ROOM AREAS SHALL BE AS FOLLOWS:

- |  |             |
|--|-------------|
| (a) Living and dining in one room.....                                       | 300 sq. ft. |
| (b) Living only in one room.....   | 220 sq. ft. |
| (c) Kitchen cooking only.....  | 80 sq. ft.  |
| (d) Kitchen and dining in one room.....                                      | 160 sq. ft. |
| (e) Kitchen and laundry.....   | 120 sq. ft. |
| (f) Kitchen, dining and laundry.....   | 180 sq. ft. |
| (g) Utility room (not required when utilities<br>are provided elsewhere..... | 100 sq. ft. |

- (h) Major bedroom.....140 sq. ft.
- (i) Second bedroom.....100 sq. ft.
- (j) Additional habitable rooms.....100 sq. ft.
- (k) Bathroom not less than..... 35 sq. ft.

- L. Amend Section 316 of Article III by adding the following subsection;

316.4 Provide each bedroom with a closet with a floor area of at least 8 sq. ft., a depth of at least 2'-0", and a minimum height of 6'-0".

- M. Amend Section 316 of Article III by adding the following subsection;

316.5 Provide a minimum of 400 cubic feet of storage space for each living unit. Storage space may be in a separate enclosed space in the basement or an attached garage or in an attic. Space in closets in addition to the required 8 square feet for each bedroom may be counted as part of the required storage.

- N. Amend Section 316 of Article III by adding the following subsection;

316.6 INGRESS AND EGRESS.

(a) Each living unit above the ground floor shall have two (2) independent means of egress remote from each other, and extending continuously to a street or yard connecting to a street or alley, and so arranged that each may be reached without passing through another living unit. Both such means of egress shall be through halls leading to interior stairways.

(b) Each bedroom shall have access to a bathroom without passing through another bedroom and each habitable room shall have access to each other habitable room without passing through a bedroom.

(c) A bathroom providing sole access to any other room, and a sole bathroom opening off a kitchen are not acceptable.

- O. Delete Section 402.4 (i) in its entirety and insert, in lieu thereof, the following new Section 403.4 (i);  
Awnings attached to buildings or structures may extend beyond the street line but not nearer than 18 inches to the curb line provided that said awnings are not less than six (6) feet six (6) inches from the bottom of a soft flap or drop or seven (7) feet from the bottom of the awning frame or hard drop above the sidewalk at all points.
- P. Delete Section 602.2 of Article VI in its entirety.
- Q. Delete Article XIV, Sections 1400 to and including 1401.6 in its entirety.

- R. Delete Article XV, Sections 1500 to and including 1504.2 in its entirety.
- S. Delete Sections 1600 to and including 1602.5 of Article XVI in their entirety.

5.8 SUBURBAN BUILDING REGULATIONS FOR RESIDENCES.

- A. Adoption. The March 1964 Edition of the Rules and Regulations for the construction, alteration, repair and conversion of buildings for residential purposes, as printed by the Suburban Building Officials Conference, is hereby adopted by reference, save such portions as are hereinafter deleted, added to, modified or amended.
- B. Effect. It is the intent that these Rules and Regulations shall apply to all single family residences and buildings accessory thereto. Where the provisions of this Section are in conflict with the other provisions of this Chapter, the provisions of this Chapter shall prevail and the other provisions of this Chapter and Section shall be of no effect.
- C. The provisions of these Rules and Regulations are hereby amended and changed in the following respects:
  - (1) Amend title page to conform with Section 5.8 B of this chapter B by omitting reference to "duplex houses," "two flats" and "residential portions of office, store and other business buildings".
  - (2) Amend Definitions by excluding definition of Apartment in its entirety and by including the following definitions in correct alphabetical order;
    - Habitable Room: Room designed for living, sleeping, eating or cooking, but not including basement recreation rooms.
    - Heater Room: A confined space, specifically any area less than one-half (1/2) of the first floor area of the structure served (not including attached garage space), designed and intended to house a central heating appliance.
    - Open Porch: A platform or slab with or without side structures limited in height to the size of a normal bannister or guard rail. In no case will a roofed porch be considered an open porch.
  - (3) Amend Section 200-G entitled "Heater Rooms" by eliminating said Section 200-G in its entirety and insert, in lieu thereof, the following new section 200-G;
    - G. Heater Rooms, Heating Appliance Installation.
      - 1. Heater rooms shall be designed to admit air for

combustion directly from the outside of the structure served. Air for combustion may be taken by means of louvered doors connected with areas not containing habitable rooms only if cold air returns are not installed in these areas.

2. Heating Appliance Installation shall be governed by requirements contained in Standards of the National Fire Protection Association No. 90 B 1965. Forced air circulatory systems shall be complete duct systems except for cold air returns which may be "panned joists". Crawl spaces or other open areas may not be used as plenum chambers.
- (4) Amend Section 200-H-1 by inserting a period after the word "permitted" in the last sentence and eliminate in their entirety the words "except when used as a plenum chamber for heating systems approved by the Building Official."
- (5) Amend Section 201-A entitled "Space Requirements" to read; 201 Space Requirements

A. The ground area of a living unit as herein defined shall be not less than 1100 square feet for a one story unit, nor less than 750 square feet for a 1½ and 2 story unit. A 1/2 story to be counted as such shall contain not less than 350 square feet of living area. Provided that in a basementless unit 100 square feet shall be added to the above minimum areas. Bi-level or Tri-level units shall be considered a one story unit, and shall conform to the minimum ground area requirements for a one story unit. All of the above minimum area requirements, as well as all minimum area requirements hereinafter set forth, shall be construed to require minimum ceiling heights as called for in Section 205 of the "Suburban Building Regulations for Residences, March 1964 Edition." Ground area shall be defined as the area contained within the outer planes of the enclosing walls, but shall not include garages or porches. A living unit shall provide at least one bedroom and one bathroom and space for living, dining, cooking, utility and heating and storage as follows:

	<u>Minimum Area</u> <u>Square Feet</u>
1.-Living, Dining, Cooking, Utility:	
(A) Living and dining when in one room....	308
(B) Living only in one room when dining room space is provided in kitchen or separate room.....	220
(C) Kitchen, Cooking only (including area occupied by equipment).....	100

- (D) Kitchen and dining when dining space is not provided elsewhere.....160
  - (E) Kitchen and laundry (including area occupied by equipment).....140
  - (F) Kitchen, dining and laundry.....200
  - (G) Utility Room (including area occupied by equipment).....100
  - (H) Kitchen, laundry and utility.....200
  - 2.- Sleeping:
    - (A) Major Bedroom.....140
    - (B) Second Bedroom.....120
    - (C) Additional Bedrooms.....100
  - 3.- Bathroom not less than 35 square feet but adequate for water closet, lavatory and tub or shower. The water closet may be located in a separate compartment adjoining the bathroom.
- (6) Amend Section 201-C entitled "Bedroom Closets" to read;  
201-C Bedroom Closets.
  - 1.- Provide each bedroom with closet or wardrobe space having a minimum floor area of 8 square feet, a depth of at least 24 inches and a minimum height of six (6) feet.
- (7) Amend Section 201 by adding a Sub-section 201-E as follows:  
201-E Storage Space.
  - 1.- Minimum volume: 600 cubic feet, each living unit in addition to minimum bedroom closets.
  - 2.- Height: space less than 4 feet in height will not be considered as providing storage space under these requirements.
  - 3.- Location: Closets, utility room, attic, basement or attached garage. Closets which are in addition to required bedroom closets and the portion of bedroom closets in excess of 8 square feet per bedroom may be included as storage space. That portion of utility or heater room which is necessary for equipment passage and work space may not be included as storage space. Portions of attached garage in addition to area for vehicle storage may be considered as storage space if separately enclosed and fitted with a door.
- (8) Delete Sections 208 and 209 in their entirety.
- (9) Amend Section 300-D-1-a-2 to read "Foil or foil backed board only when butted over studs or 2" x 4" backing material.
- (10) Amend Section 300-D-1-a-6 by eliminating "Insulating gypsum wallboard." in its entirety and inserting, in lieu thereof, the words "Polyethylene film."
- (11) Amend Section 300-D-3 by eliminating the first sentence

"When exterior coefficient of heat transmission is not more than 0.16 B.t.u. per square foot, per degree temperature difference." in its entirety.

(12) Amend Section 304-D-1 by striking out the word "basement" causing sentence to read "Double forms required for all concrete foundation walls."

(13) Amend Section 304 I entitled "Footing Drain Tile" by eliminating Subsection 1 in its entirety and insert, in lieu thereof, the following new subsection 1;

Clay tile, minimum 3 inch I.D., may be used adjacent (outside) to wall footings. Window wells and area drains may be connected to footing drain tile systems, however downspout connections are prohibited. Drain water shall be directed to a sump pump well to be lifted and expelled onto surface in accordance with State Statutes relative to surface drainage and/or such other method of disposal as may be legal under Village Ordinances. In lieu of, or in addition to footing drain tile, tile may be placed under basement floor not closer than four feet to wall footing for the purpose of relieving static water pressure and drain water directed as outlined above. In no case will drain water be permitted to be expelled into sanitary sewer systems.

CHAPTER VI. FIRE LIMITS

6.1 All that part of the Village of \_\_\_\_\_ shown within the boundary of the "Fire Limit Area Map" as illustrated in Table 6.1 of this chapter, shall be and is hereby declared to be within the fire limits of the Village of \_\_\_\_\_.

Table 6.1

CHAPTER VII. PENALTIES FOR VIOLATIONS

7.1 Any person who shall violate any of the provisions of this Code and of the National Building Code and of the Suburban Building Regulations for Residences as adopted by this Code, or who shall fail to comply with any of the requirements thereof, or who shall erect, construct, alter or repair a building or structure in violation of any approved plan on direction of the Building and Zoning Director or any certificate issued under the provisions of this Code and of the National Building Code and of the Suburban Building Regulations for Residences as adopted herein, shall be guilty of a misdemeanor punishable by a fine of not less than Twenty-five Dollars(\$25.00) nor more than Five Hundred Dollars (\$500.00) for each offense and each day upon which such violation occurs or on which such violation continues shall constitute a separate offense.

Section 3. Filing for Public Inspection.

Three copies each of the 1967 Edition of the National Building Code including the March 1967 Errata Sheet and the March 1964 Edition of the Suburban Building Regulations for Residences herein adopted by reference shall be filed in the office of the Village Clerk and therein kept available for public inspection and examination.

Section 4. Every provision of this ordinance shall be separable and the invalidity of any portion of this ordinance shall not affect the validity of any other portion of this ordinance.

Section 5. This ordinance shall be in full force and effect from and after its passage, approval and publication in book or pamphlet form as provided by law.

Mr. Robert Balgemann  
Barrington Courier Review  
200 James St.  
Barrington, Illinois 60010

Dear Mr. Balgemann:

The lot at 642 S. Hough is deficient approximately 8" in a 75' frontage.

This was the subject of the recent lawsuit that was strongly urged upon the village board by trustee J. Frank Wyatt. It was adopted by the board over the objections and recommendations of the village attorney and Mayor John Blanke.

The property contiguous to the north was sold by me to Arthur Komater. This lot is also deficient in the square footage required. Mr. Komater was estopped in his remodeling for approximately four months. He was then permitted to proceed by the village trustees.

The village has routinely issued building permits on lots of deficient size as defined by the ordinance. Several of these permits were issued to me and I have knowledge of others.

The village trustees, through their attorneys offered to permit construction of either a single family residence or two bedroom duplex. (The ordinance does not limit the number of bedrooms.) I felt the offer was a face saving gesture on the part of the trustees and tantamount to intimidation in view of the threatened appellate action, if I did not comply.

All modern building codes provide suggested percentages of variations in anticipation of minor infractions.

It is an interesting aspect that the trustees discussed this matter privately in chambers. They unanimously voted that a negotiation with me be attempted. Failure to secure my acceptance or a possible adverse court decision for the village, would result in further litigation. If you will check the minutes on page four (I believe in February), you will note this was long before the trial was over.

Perhaps the trustees can define why they spent \$3,902.18 of the taxpayers money to defend to the letter this ordinance, then offer to violate it themselves.

Cordially,

C. F. Bauer

AMENDMENT

TO LEASE AGREEMENT BETWEEN THE FIRST NATIONAL  
BANK AND TRUST COMPANY OF BARRINGTON, A  
NATIONAL BANKING ASSOCIATION, LESSOR  
AND THE VILLAGE OF BARRINGTON, COUNTIES OF  
COOK AND LAKE ILLINOIS, A MUNICIPAL CORPORATION,  
LESSEE

This Amendment to a certain Lease Agreement dated October 9, 1967 by and between the Village of Barrington, a municipal corporation of the Counties of Cook and Lake, State of Illinois, (hereinafter sometimes referred to as "Village"), Lessee, and the First National Bank and Trust Company of Barrington, a national banking corporation of Barrington, Illinois (hereinafter sometimes referred to as "Bank"), Lessor, Witnesseth:

WHEREAS certain unexpected delays have occurred relative to the installation of the underground utility services and final paving of the parking lot contemplated by the Lease Agreement dated October 9, 1967; and

WHEREAS the costs of placing utility services underground are greater than contemplated; and

WHEREAS further substantial delays and mutual expense will be incurred unless Lease Agreement is modified as herein provided,

NOW THEREFORE, in consideration of the mutual covenants, conditions and agreements herein contained, it is hereby covenanted and agreed by and between the Village and the Bank as follows:

1. The rent payments provided for by paragraph 2 of said Lease Agreement are modified as follows:

The total rent payable to the Bank is reduced by \$862.00 and no further rent shall be payable by the Village to the Bank until 21% of the combined gross parking meter receipts received by the Village from parking meters on the combined Bank and Village properties aggregates \$862.00, said sum to be retained by the Village. Thereafter the Village shall pay as rent a sum equal to 21% of the combined gross parking meter receipts, as provided in paragraph 2 of the Lease Agreement

dated October 9, 1967.

2. Notwithstanding anything in the aforesaid Lease Agreement to the contrary, the Village shall pay, as a contribution to the total cost of placing underground all utility services as provided for by said Lease Agreement, the sum of \$862.00 and the Bank shall pay all other expenses relative to placing underground all such utility services.
3. Except as expressly modified hereby, the aforesaid Lease Agreement of October 9, 1967 remains in full force and effect.

IN WITNESS WHEREOF the Bank has caused its corporate seal to be hereto affixed, and has caused its name to be signed to this Amendment to Lease by its President and attested by its Cashier, and the Village has likewise caused its corporate seal to be hereto affixed, and has caused its name to be signed to this Amendment to Lease by its Village Manager and attested by its Clerk, all as of the \_\_\_\_\_ day of May, 1968.

Jewel Home Shopping Service  
Barrington, Illinois 60010

Dear Mr. Alexander:

In response to your letter of June 10, 1968, relative to a credit adjustment on your sewage bill for the period March 1, 1968 to June 1, 1968, I am attaching a copy of Mr. Braithwaite's (our Village Attorney) reply.

The last paragraph of Section 2, Section 24.301 states that "All such meters shall be maintained in good working order by the owner or occupant of the premises." A copy of Ordinance No. 1003 is also enclosed for your information.

In view of the above I have no authority to allow a credit on the questionable 277,000 gallons in the amount of \$100.45.

Sincerely yours,

*R. D. Heninger*

RECEIVED  
VILLAGE MANAGER

JUN 11 1968

BARRINGTON, ILLINOIS

Dear Mr. Heninger:

As per our telephone conversation this morning, I am requesting a credit on our sewage bill for the period 3-1-68 to 6-1-68. Earlier, I had mentioned to you the fact that our sewage readings seemed to have gone up for no apparent reason. As soon as it was feasible, our Maintenance Department checked the float in the catch basin and discovered the float was held up by a stick.

Since our sewage outflows are metered and recorded, the outflows for this period and preceding and subsequent periods were analyzed. Apparently, a daily average of 6,300 gallons excess was recorded for April 11 to May 25, a 44 day period. This amounts to approximately 277,000 gallons in excess of normal usage. Attached is the analysis of the readings from our charts.

If any further information is necessary, we will be glad to furnish whatever we have. Thank you for your consideration of this request.

Very truly yours,

*Frank J. Alexander*

Sewage Bill - Jewel Company

Dear Mr. Braithwaite:

I am attaching a copy of a letter relative to an excess amount of sewage metered as an outflow into our sanitary sewage system.

The letter is fairly self-explanatory and my question is, "Is the Village responsible for this stick being stuck in their float and can a credit be given without Board action, provided a credit may be due."

The total amount due the Village on the 277,000 gallons is \$100.45.

Sincerely yours,

R. D. Heninger  
 Village Manager

Mr. A. K. Pierson, President  
Barrington Chamber of Commerce  
445 Tower Road  
Barrington, Illinois 60010

Dear Mr. Pierson:

I have been directed by the Village Board of Trustees to formally acknowledge and answer your letter of May 24, 1968, relative to the vacant property at 200 Railroad Street, Barrington, Illinois.

For your information and guidance, I am enclosing a copy of Ordinance No. 1008 relative to the application for a license to dispense alcoholic beverages in the village.

I call your attention to the last paragraph of Section 1 of said Ordinance and to the minutes of the Board meeting of June 10, 1968, which state the President will circulate a copy of Mr. Panker's application to the Trustees with a route sheet for verification of the information contained therein. It is my opinion that if the terminology of the Ordinance is applied as it should be, the Board will render a decision on the application.

The other areas of your letter relative to roadblocks, correct business climate, unusual delays and proper zoning can be answered easily by referring to our Subdivision Control, Zoning and Building Codes. In my experience with the Board I have found them to be capable leaders and they have shown foresight, talent and skill in handling problems of a legislative nature. The accomplishments and improvements which we hope to complete in fiscal 1968-1969 will be visual proof of this fact.

Mr. A. K. Pierson  
June 15, 1968  
Page Two

Also, I would like to call your attention and request your presence to a public hearing which will be held on June 19, 1968 at 8:00 P. M. in the Village Council Chambers. The business before the Plan Commission will be a proposed development and improvement of what is known as the Hager property in the Central Business District.

Sincerely yours,

*R. D. Heninger*

Re: Vacant Property at 200 Railroad Street, former  
Corner Cupboard Location

Gentlemen:

The Barrington Chamber of Commerce Directors have discussed this location a number of times, both in personal conversations and at Directors' Meetings. It is our hope that a final decision will be reached on this subject in the very near future. This appeal is made for a number of reasons:

- . It has now been in excess of a year since fire destroyed the former buildings. The vacant property is an eyesore in the center of our village and business district.
- . An established business on this property would certainly provide more needed tax monies than vacant land.
- . The applicant, after so long a wait, deserves an answer of "yes" or "no" so that he can either build as he plans or sell the property so that a different structure can be considered.

One of the concerns of the Chamber is that unusual delays such as this may not create the correct business climate in Barrington for those who might wish to start a business in the area or those already established, but with needs for expansion.

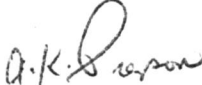

During the past year voters have indicated through various means that they are not happy with increased taxes. The only way these increases can be slowed down or stabilized is through new business and industry locating within our village and school district limits.

We appeal to you to not throw undue roadblocks in the way of development, but rather that you instruct applicants as to what changes in their application need be made in order to meet the necessary requirements of zoning or licensing. If the Chamber can be of help to you in this area, please call upon us.

If the delay is caused by conflict between the Liquor Commissioner and the Board of Trustees, we hope that this can be quickly resolved. If it is caused by concern over mismanagement of the new license, we ask that a thorough investigation, if not already completed, be concluded so that this situation can be resolved one way or the other. If mismanagement later appears, could not the license be revoked?

Thank you for considering our appeal.

Sincerely,

  
A. K. Pierson

Village of Barrington, Illinois

Re.: Panker Application for Liquor License

Applicant: William Panker, 417 N. Hough Street, Barrington, Ill.

Applicant's Attorney: Caleb H. Canby III, 123 S. Hough Street

1. Application for Class A Liquor License made July 7, 1967.  
Receipt of application acknowledged by Village President Aug. 3, 1967.
2. Application of July 7, 1967 amended from Class A to proposed Class E in Application Amendment filed Nov. 27-28, 1967. Receipt of amended application acknowledged by Village President Dec. 6, 1967.
3. Application for Class E Liquor License re-filed March 5, 1968 under provisions of Ordinance No. 1008 adopted Jan. 8, 1968.  
Receipt of the March 5 application acknowledged by letter March 8, 1968.
4. Required License Fee for one license year, in amount of \$750, received with Check to Village of Barrington dated March 22, 1968 received March 23. Receipt acknowledged by Village President in letter dated March 26, 1968, in which the Local Liquor Control Commissioner states that said check will be held in his file until such time that License space becomes available in village ordinance for issuance of a liquor license requested, or until such time that applicant desires to withdraw said check.
5. Having examined the applicant, his application, and having caused necessary investigations to be made, the Village President as the Local Liquor Control Commissioner under the Illinois Statutes finds the applicant entitled to a Class E Liquor License for issuance on completion of a restaurant at the proposed at the 200 Railroad Street address of the Corner Cupboard restaurant destroyed by fire more than a year ago.
6. Your consideration is asked to amend the Liquor Licensing Ordinance so a Class E classification may be established to permit issuance of a license to said applicant.

John H. D. Blanke, Village President

*John H. D. Blanke*

\*\*\*\*\*

APPLICATION FOR CLASS "A" LIQUOR LICENSE  
UNDER CHAPTER 13  
OF THE MUNICIPAL CODE OF BARRINGTON

The undersigned, WILLIAM PANKER, hereby makes application for a Class "A" license permitting the sale of alcoholic liquor for consumption on the premises as well as the sale of alcoholic liquor for consumption off the premises:

1. Name of applicant: WILLIAM PANKER.

Age: 47.

Address: 417 North Hough Street  
Barrington, Lake County,  
Illinois.

2. Place of birth: Chicago, Illinois.

Citizenship: U. S. A..

3. Character of the business of the applicant:

Restaurant. The applicant's restaurant business was destroyed by fire and he is not presently engaged in any other business.

4. Length of time applicant has been in a business of this character: More than twenty years.

5. Goods, wares and merchandise on hand at the time of this application: None.

6. Premises to be operated under proposed license:

Restaurant and cocktail lounge, structure to be erected at 200 Railroad Street, Barrington, Lake County, Illinois. This structure will replace building destroyed by fire in which applicant previously operated a restaurant business. Applicant is the contract purchaser of the premises.

Said premises are located more than 100 feet from any church or school.

Re: William Panker Application for Class "A" Liquor License

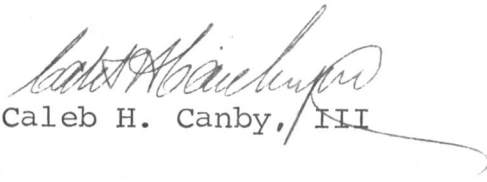

Dear Mr. Blanke:

I submit herewith on behalf of William Panker an application for a Class "A" liquor license under Chapter 13 of the Municipal Code of Barrington. I ask that you, as local liquor control commissioner, examine the application and verify the matters therein contained.

I do not believe that it will be possible at this time for you to issue a Class "A" liquor license due to the fact that all of the licenses of this classification allowed under the terms of our ordinance have already been issued. Will you please, therefore, also consider the filing of this application a request to amend the liquor control ordinance of the Village of Barrington to allow the issuance of an additional Class "A" license. I trust that you will submit this matter to the Board of Trustees at your earliest convenience.

Please be advised that the applicant and myself stand ready to supply you with any facts or information which you may request and to cooperate fully with you in this matter.

Sincerely,

  
Caleb H. Canby, III

CHC:jb  
Encl.

7. Prior applications by applicant for a liquor license: Approximately ten years ago, applicant applied for the reissuance of a Class "A" license then held by the proprietor of the Green Grill when that establishment went out of business. Said application was not acted upon by the local liquor control commissioner and a Class "B" license was subsequently issued to the purchaser of the Green Grill premises. This prior application of the applicant has never been withdrawn.

8. The applicant has never been convicted of a felony and is not disqualified to receive a license by reason of any matter or thing contained in the Barrington Municipal Code or any other ordinances of the Village of Barrington or the laws of the state of Illinois.

9. No previous license held by the applicant and issued by any state or subdivision thereof has ever been revoked.

10. The applicant will not violate any of the laws of the state of Illinois or of the United States or any of the ordinances of the Village of Barrington in the conduct of his business.

11. The applicant is not delinquent as a retailer under the Thirty-day Credit Law as set forth in Article VI, Section 4, of the Act relating to alcoholic liquors.

12. The applicant is not delinquent as a wholesaler under the Fifteen-day Credit Law (beer), as set forth in Article VI, Section 4, of the Illinois Liquor Control Law.

13. The applicant is not delinquent as a retailer under the Cash Beer Law set forth in Article VI, Section 4, of the Illinois Liquor Control Law.

Gentlemen:

Please accept this letter as formal notification that I must of necessity terminate my services as a member of the Village Board as of July 1, 1968. I shall be relocated in Salt Lake City, Utah, and while the actual move will not be made until mid-August, I feel it only fair and reasonable to inform you now of these circumstances so as to permit ample time to arrange for a replacement.

I shall be ever grateful for the opportunity afforded me to serve the Village of Barrington and wish to publicly express my gratitude to all those who have made it possible.

I have the utmost confidence that the many new projects planned for, and needed by Barrington will most certainly become a reality through continued co-operation with and by the efforts of, such dedicated and capable men of the type and caliber I have been privileged to serve with.

Respectfully submitted,

*Marvin M. Kaiser*

STENOGRAPHIC REPORT of a Public Hearing held before the Zoning Board of Appeals of the Village of Barrington, in the Council Chambers, on June 12, 1968, at 8:10 PM, on the petition of Etters Improvement Co., as advertised in the local newspaper.

## MEMBERS PRESENT:

Arnett C. Lines, Secretary  
Henry Lipofsky  
F. H. Beinhoff  
Edw. T. Vorbeck

MR. LIPOFSKY: I make a motion that Mr. Beinhoff be the Chairman pro-tem for tonight, seconded by Lines - all Ayes.

MR. BEINHOFF: Will you read the petition we have before us tonight, Mr. Lines?

MR. LINES: We have a Petition from Etters Improvement Co. wherein they ask for a variation in the set back of residence and garage on lot 9 Northeast corner of Glendale and East Main Streets. We have taken a look at this so we know just where it is.

MR. BEINHOFF: Will the petitioner please state his case.

Mr. Roy Etters, 10 Hart Raod, Barrington, Illinois, was sworn in.

MR. ETTERS: What we are requesting, on the north lot line there is a cul-de-sac and we are requesting the set-back line from the curvature of the cul-de-sac, so that the set-back line be reduced from 8'2" to 7'6" on the north edge of the building. I do not know why we came that close on the north lot line, but the only thing I can think of is that the concrete man set his forms on the wrong side of the line - the width of the foundation - or 8". We had made a set-back of 38 ft. instead of the usual 30 ft. figuring we would be back far enough, but with the angle of the cul-de-sac, we extended over. The next building will be stairstepped back on one extreme set back so all eight will not be back, but in line. There are eleven lots in the area, 3-3/4 acres. To the south they will line up to the 30 ft. building line. (Then by showing a survey Mr. Etters explained the situation to each individual Board member.) The house is up and occupied and the owner is worried about the title, should they ever want to sell, thus we are asking for this variation so this would be removed from the title. The address of the house is 115 N. Glendale.

Mr. Leedstrom, Building Commissioner spoke.

MR. LEEDSTROM: This property is zoned R7, page 56 of the Ordinance. The front yard is 30 ft, and side yard should be 10%, so needs 8 ft. 2" on the side. One corner is in the set-back because of the cul-de-sac. This seems to me to be an innocent error and it is better to get the variation now to clear the title, than at a later date.

MR. LIPOFSKY: Seems to me we are being called here too often to settle mistakes of builders.

MR. LEEDSTROM: This was a mathematical error on the part of the individual. Now, we have a new law stating that fifteen days after the foundation is poured, survey has to be in our office and if an error shows up the building will be stopped immediately. This has only been in effect three months. This house was started in August of last year, no requirement for a survey at that time.

MR. BEINHOFF: In my opinion all indications point to the fact that this was an error and definitely not the intentions of the petitioner.

MR. ETTERS: We sublet the contract for the concrete work. It is an 8" wall, which is just the amount we are over the line. No one could see the difference, only shown by survey.

MR. BEINHOFF: In the past we have allowed cul-de-sacs, but we are objecting to having to take our time so many evenings for these small errors. We do not want to be involved for other's mistakes. But, this is the first time that there has been a reasonable explanation for the error, not any signs of an arbitrary disregard of the ordinance. The meeting is closed for the public hearing. We will have our discussion and make our recommendation to the Village Board and you are permitted to remain, Mr. Eppers, if you so desire.

June 18, 1968

Honorable President and Trustees  
Village of Barrington, Illinois

Dear Sirs:

Please be informed that after a public hearing of the Etters Improvement Co. petition for a variation to clear an error in setback of its house on Lot #9 Etters North Glendale Addition to Barrington, Lake County, Illinois, it is the unanimous vote of your Zoning Board of Appeals that, inasmuch as this certainly seems to have been an innocent error on the part of the cement contractor, that we recommend your granting the petitioner his plea.

We understand from the Building Commissioner that provisions have now been made that will preclude many of these errors by a time limit survey and inspection.

Respectfully submitted,

Zoning Board of Appeals

RE: AMENDMENTS TO SIGN ORDINANCE -- INCOMBUSTIBILITY AND PENNANTS

Enclosed are two draft ordinances, one marked in pencil  
"A" and the other "B". They are identical except for the  
addition, on the "B" form, of a third paragraph in Section  
19.1110 exempting signs erected for ten days on behalf of a  
school, church, civic group or municipal corporation. This  
exemption was suggested by one or two of the Trustees  
following the last Board meeting.

Otherwise, I believe the ordinances follow the directions  
you gave at the last Board meeting and both are in proper legal  
form for passage.

INTEROFFICE MEMO

DATE 6/10/68

TO: President and Board of Trustees  
FROM: R. D. Heninger, Village Manager  
SUBJECT: Ford Motor Company - Yount Ford Sales

---

Agenda Item - Board Meeting June 24, 1968.

---

This letter now completes the requirements of the Restrictive Covenants covering subject mentioned firm's development along the Northwest Highway in the Village of Barrington.

This item will appear on the agenda for June 24, 1968, requesting authorization to execute the document. If you do not have a copy of the Restrictive Covenants, please notify me and I will have a copy in your hands at an early date.

June 6, 1968

Village of Barrington  
206 S. Hough Street  
Barrington, Illinois

Attention: Mr. Henniger

Dear Mr. Henniger:

Re: Yount Ford  
Northwest Highway  
Barrington, Illinois

Please be advised that Ford Leasing Development Company in the development of the new Yount Ford facility will plant Austrian Pines in establishing the green belt as set forth in the covenant covering the subject property. In the event the cost of planting such trees is excessive; Red Cedars will be substituted.

We trust that this meets with the approval of the Village authorities and that we will be able to begin construction shortly. Should there be any questions, please feel free to call me.

Very truly yours,

FORD MOTOR COMPANY

# INTEROFFICE MEMO

DATE 6/20/68

TO: President and Board of Trustees  
FROM: R. D. Heninger, Village Manager  
SUBJECT: Additional Exit - Salem Methodist Church

---

---

After conference and two on-site inspections for the improvement of a parking area immediately behind subject mentioned Church's property, they have requested that the Board authorize one additional exit on Russell Street in order to effectively and expeditiously handle the traffic flow. They now have one entrance and one exit both on Russell Street as there is no access to Lincoln Street.

I will present a drawing at our next meeting showing the proposed improvement.

With concurrence of the Chief of Police, we are in agreement that said additional exit will expedite the flow of traffic. All costs of proposed improvement to be at the expense of the Church.

While visiting the site I noted that cars parking in front of the Church on Lincoln Street were not following the angular parking procedure and were protruding from five to six feet out onto the right-of-way which causes a traffic hazard. In order to correct this situation they have agreed to allow the Village to stripe this area at approximately 30° which will then allow a free flow of traffic in both directions.

*Exit on Russell St*

## INTEROFFICE MEMO

DATE 6/21/68

TO: President and Board of Trustees  
 FROM: R. D. Heninger, Village Manager  
 SUBJECT: Water Pumpage Report  
 "INFORMATIONAL"

---

---

I have continually worked on the discrepancies of metered water we were pumping from our Station Street and Bryant Street wells.

About a month ago, I inquired when our pumping system at the Station Street well was last inspected by the installers or a reputable firm and found this had not been done in the last three or four years. I immediately called Beckman Instrument Company and authorized a maintenance inspection. This has been completed and a number of minor repairs made as well as now having accurate gallonage records. Our meter at Station Street was not recording properly and in fact metered on the minus side of the chart.

I am happy to present the following:

<u>Station Street</u>	<u>Bryant Street</u>
6/7 1,088,000	6/4 1,190,000
8 1,248,000	5 1,200,000
9 1,280,000	6 1,305,000
10 1,200,000	6/7 to 12 shut down
11 1,040,000	13 1,150,000
12 1,026,000	14 1,260,000
6/13 to 18 shut down	15 1,285,000
19 880,000	16 1,310,000
20 800,000	17 1,569,000
21 1,120,000	18 1,100,000

INTEROFFICE MEMO

FROM: R. D. Heninger, Village Manager  
SUBJECT: Water Pumpage Report

Page Two.

"INFORMATIONAL"

From the above you can readily see with accurate, or should I say possibly more accurate readings, the discrepancies are not as great.

The meter at Bryant Street does continually creep in the amount of about one thousand gallons a day and Fisher-Porter are aware of this and are still attempting to correct this condition.

MEMORANDUM

TO: PRESIDENT AND BOARD OF TRUSTEES, VILLAGE OF BARRINGTON  
COPIES: VILLAGE PRESIDENT  
VILLAGE MANAGER  
VILLAGE CLERK, with original memorandum and original  
document for reproduction and transmittal  
to Board.

DATE: June 20, 1968  
RE: 1968-1969 APPROPRIATION ORDINANCE

The enclosed Appropriation Ordinance is in proper legal form for passage.

In consultation with the Village Manager, the Finance Director and the Attorney for the Library District certain changes have been made in the Library appropriation, found on pages 6 and 6A. The items "F.I.C.A. and IMRF" and "Audit" which had appeared under Item No. 460 - Public Library, Current Expenses (page 13 of the Manager's yellow covered budget) have been separated and now appear on page 6A of the Appropriation Ordinance as "Social Security - Library", "Illinois Municipal Retirement Fund - Library" and "Audit - Library".

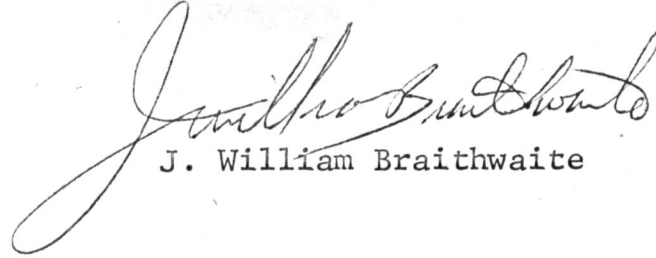

This change does not affect the total appropriation but it will affect the tax levy because by reason of this change \$1,000.00 for Social Security, \$3,600.00 for IMRF and \$200.00 for an audit can be levied in addition to the \$58,700.00 originally contemplated.

Another change from the original budget is the addition of the Public Benefit for Special Assessment No. 75, at the top of page 7. This increases the total appropriation by the amount of that Public Benefit, which is the amount provided for in the Special Assessment proceedings.

Also enclosed is the draft Tax Levy Ordinance. This cannot be passed until July but it may be helpful for you to have this while considering the Appropriation Ordinance.

As usual, the excellent work on these ordinances has been performed by Mr. Zelsdorf, and we have acted as a consultant to him.

J. William Braithwaite
