President noted about 100 ft. of curbing needs replacing and intersection walks could be done by Village.

GENERAL LIABILITY INSURANCE POLICY FOR VILLAGE - Trustee Wyatt reported this has been discussed under budget matters & Treasurer will check with Mr. Nash.

WELL & NEW MAINS, ETC.: Trustee Jackson reported on discussion with Mr. Townsend - plans are proceeding; asked for meeting of committee of whole, Treasurer & Attorney following this meeting of Board, to discuss financing of project.

STREET SIGN MAINTENANCE: Trustee McCaw suggested it would be well to consider rusted street signs under general improvements, especially this year. Trustee Long reminded that all warning signs have to be upgraded - will be expensive.

C&NW RAILWAY DEPOT to be washed and painted this year.

CENTENNIAL DECORATIONS: Trustee Shultz reported Park Ridge has flowerpots attached to parking meters, filled with artificial flowers, suggesting check be made on cost for information of Chamber of Commerce. It was noted Centennial Committee has plans for the 4 days in August.

AIR CONDITIONING ORDINANCE: #639: Trustee Capulli read from ordinance and discussed several phases of same, stating he has requested Supt. Johanesen to check on water-cooled air conditioners, for any possible action under this ordinance. Trustee McCaw suggested hiring extra people to help in some of these problems to get faster action.

FOOD DEALERS ORDINANCE: Licenses under ordinance are due annually July 1st. Suggested changes to be made discussed with Attorney who was asked to submit draft of amendment to ordinance for next meeting; if approved, amendment to ordinance will be considered for passage.

MEETING ADJOURNED on MOTION by Trustee Capulli, seconded by Trustee Shultz, at 11.05 PM. Ayes.

Respectfully submitted,

Village Clerk

Re: Douglas Property

Gentlemen:

The Village Clerk's letter addressed to Mr. Brough at your direction has just come to my attention through the courtesy of Mr. Byron Matthews. Mr. Brough is out of town and, as far as I know, has not yet seen Mrs. Pinkerman's letter.

It would be a relatively simple matter to prepare a rezoning ordinance. However, in order to give the Village the protections which have been agreed upon, Mr. Matthews and I concur that the subdivision plat, containing restrictive covenants running in favor of the Village, should be presented and approved simultaneously with the rezoning ordinance. The necessary engineering for the subdivision plat has not been completed and has not been approved by the Village engineers.

As soon as the subdivision plat has been prepared by the engineers Mr. Matthews and I can implement our initial discussions and promptly present the necessary documents to the Village Board.

If you have any questions at this time as to the details of the procedures to be followed, please do not hesitate to contact me.

Very truly yours,

(Signed) J. William Braithwaite
