

MINUTES OF MEETING OF PRESIDENT & BOARD OF TRUSTEES

JULY 11, 1966, 8:00 P.M.

MEETING CALLED TO ORDER by President John H. D. Blanke. Trustees present at roll call: Paul J. Shultz, J. Frank Wyatt, Frederick J. Voss, James F. Hollister. Also present: May L. Pinkerman, Village Clerk; Patrick J. Gaffigan, Village Manager; B.J. Zelsdorf, Treasurer; Avern B. Scolnik, Attorney.

MINUTES of 6-27-66: Page 1, Par. 3: add "Blanke-Yes". Amend Page 3, Par. 3 by deleting "and attached to these minutes". MOTION Trustee Voss to approve minutes as corrected and amended on suggestion of President; 2nd Trustee Hollister. Ayes.

INQUIRIES FROM AUDIENDE: Mr. Edwin Hoggins addressed the President & Board on matter of uniform setbacks for business buildings, explaining the situation in his area on W. Northwest Highway. Considerable discussion had on this; plat approved by Village in 1925 places setbacks for that immediate area at 26' which is only restriction found to date. Manager has reviewed this with Mr. Hoggins and feels he has a legitimate concern. Trustee Voss suggested Manager refer to Plan Commission for consultation with Planner.

CHICAGO AERIAL IND. INC.: reports 4 light standards lowered and adjustments continue.

CONTINENTAL AIR TRANSPORT, INC.: Hearing held and continued to 8-11-66.

ILL. LIQUOR COMM. HEARING: President will attend; case is against 10 Pin.

PARKING LOT & METER COLLECTIONS FOR JUNE briefed and passed to files.

PETITION received in triplicate with fee on behalf of Mr. & Mrs. Fred W. Schurecht, asking rezoning of lot 22 at NE corner Glendale & alley, from R6 to R9A. Manager reminded of flooding conditions in area. MOTION Trustee Wyatt that this petition be referred to Plan Commission for hearing and report to Board of Trustees according to law. 2nd Trustee Hollister. Ayes.

B.A.U.F.D. Committee: MOTION Trustee Voss, 2nd Trustee Wyatt that Trustee Hollister be appointed Delegate and Trustee Shultz Alternate, to represent Village Board on the Barrington Area United Fund Drive Committee. Ayes.

BRONCHO SQUARES street dance for July 16th cancelled due to conflict in dates.

YE OLDE BROASTERY: 242 E. Main St. President reported on the problems Village has had with this business; several inspections made by Village Sanitarian, Health Officer, Lake County Board of Health. License has been paid for new year 7-1-66 thru 6-30-67; President declines to sign license until all specifications are met suggesting that on recommendation of Health Officer and President Board authorize Village Attorney to proceed with court order to close this business. Meetings have been held; Mr. Tomkins has declined to attend; Realtor has met with Village. Inspections made and recommendations have not been complied with. Attorney Scolnik advised that going to court should be last resort, suggesting Chief of Police can close the place and should return his fee of \$20. (without license) since violations are outstanding on this date. Trustees questioned how place can remain open under ordinance without qualifying. It was stated another inspection will be made before proceeding with closing.

R. KENNEDY DEV. CO.: FOX POINT: Mr. Kennedy presented copies of plats for Unit 4-A and Unit 5 for approval, with check in amount of \$36.25. MOTION Trustee Wyatt to refer these plats to Plan Commission for review and recommendation to

Village Board; 2nd Trustee Voss. Ayes. President stated date for review may be Aug. 10th on which night another hearing is to be scheduled. Mr. Kennedy reported the sewer work now progressing satisfactorily. TV inspection of line to be discussed further with Engineers.

VICE PRESIDENT HUBERT H. HUMPHREY has called a meeting of Village Managers of municipalities under 50,000, to be held in Washington July 28 & 29th, which Manager Gaffigan desires to attend. I.C.M.A. letter on this read by Manager. Mr. Gaffigan stated if Board did not approve he feels strongly enough about this he would travel at his own expense. Discussion had on type of meeting - availability of Federal funds. MOTION Trustee Voss that the Village Manager be authorized to attend the meeting called by Vice President Humphrey July 28 & 29th in Washington, D. C. at Village expense with the understanding that this would not create a precedent for him or other key Village employees to change the policy of attending 1 main meeting per year; 2nd Trustee Wyatt. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister. Manager stated he appreciated motion.

INTERNATIONAL CITY MANAGERS ASSOC. ANNUAL CONF. to be held in Phoenix, Ariz.; provided for in budget. MOTION Trustee Voss that Village Manager Gaffigan be authorized to attend the Annual Conference of ICMA in Phoenix Oct. 23-27, 1966 at Village expense; 2nd Trustee Hollister. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister.

INTERNATIONAL CHIEF OF POLICE CONVENTION IN PHILADELPHIA Oct. 1 to 6, 1966; Chief Muscarello presented request to attend; time to be part of his vacation; cost \$300. MOTION Trustee Wyatt to authorize Chief of Police to attend ICPC in Philadelphia, Oct. 1 to 6, 1966, at Village expense not to exceed \$300.; 2nd Trustee Hollister. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister.

TB XRAY UNIT to be in front of McLeister's on Park Ave. July 27 & 28th.

PUBLIC WORKS DEPT: MOTION Trustee Wyatt to authorize advertising for bids for dump truck with snow plow in accordance with specs as distributed to Trustees; 2nd Trustee Voss. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister.

LOAD LIMIT ORDINANCE: Manager Gaffigan briefed on this and reminded it had been brought up previously and been tabled. Discussion had on number of streets covered. Trustee Voss stated original thought when this was requested was for the Russell-Summit area when there was heavy traffic from redi-mix trucks, suggesting that perhaps Manager and Engineers should come up with recommendation for speed as well as load limits; present list came from Public Works Dept. following survey. Chief of Police stated they could be flooded with phone calls from restrictions and special permission would have to be given trucks to get into certain areas. Manager will study proposed ordinance with idea of protecting streets and directing traffic.

WATER PUMPAGE: Trustee Voss questioned water pumpage being about $\frac{1}{2}$ of sewage flow and it was noted that several firms have their own wells & use Village sewers.

PICKWICK PLACE ESCROW FUND: Manager Gaffigan reviewed his report of 7-7-66 and noted from Mr. Parrish that trees were planted bare root and not balled and burlapped. MOTION Trustee Wyatt that Village Manager be authorized to notify Chicago Title & Trust Co. to release \$575. for 23 trees to Wm. Brough of Pickwick Place, Inc.; 2nd Trustee Hollister. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister.

BUILDING DEPT. APPOINTMENT: Manager Gaffigan reported that Commissioner John C. Mollenkamp has decided to depart as Building Commissioner which he personally regrets; that Mr. Mollenkamp has been an excellent man in his position over several years. Manager requested approval of his recommendation to appoint Clifford Meinke as Building

Inspector to include plumbing and electrical inspections with duties of former Commissioner, at \$540. per month; it is understood in writing that upon adoption of electrical code his salary will go to \$600. per month; he has given notice to present employers. President asked for concurrence in this recommendation. MOTION Trustee Voss to concur in appointment of Clifford Meinke as Building Inspector for Village of Barrington; 2nd Trustee Wyatt. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister. Mr. Meinke was welcomed to the personnel of the Village. Mr. Mollenkamp stated he will leave Aug. 24th for 10 days vacation and will be available after that to work with Mr. Meinke. Trustee Voss suggested a Resolution be passed - that Mr. Mollenkamp has served above and beyond the call of duty for the Village of Barrington for many years.

BILLS: Manager requested that Robert deJonge bill be added to list in amount of \$110. making new total General Fund \$9320.15, and that bill from Frappier Trenching & Excav. be added in amount of \$1741.30 to Sewer & Water Fund, making that new total \$7011.27; new grand total = \$21,044.25. MOTION by Trustee Wyatt to pay bills, as corrected on recommendation of Manager, from funds indicated; 2nd Trustee Hollister. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister.

ZONING MAP-1966: President noted that at last meeting Board passed new Zoning Ordinance as revised and new Zoning Map. Signing of map has been discussed with Attorney who feels action should be considered to include 2 ordinances passed last meeting in advance of passing on Zoning Map - 1 annexation & 1 rezoning. MOTION Trustee Voss that the Village Zoning Map be updated to include the annexation and rezonings that are in effect as of this date and that map become the final zoning map of the Village of Barrington from this day on and that the Village President be authorized to sign same; 2nd Trustee Shultz. Roll call-Ayes: Shultz, Wyatt, Voss, Hollister. (Approved by Attorney Scolnik)

SUIT FOR DAMAGES: (Betty Cairo) Chief Muscarello has consulted with Village Attorney. Discussion had on whether or not this is covered under Village liability policy and whether the Insurance Co. attorney would defend Village or Village Attorney. Letter from Attorney T. Matthews stated he is preparing answer on behalf of Village. Village Clerk directed to send copy to Ins. Co. of notice of complaint. (Later: presented to Mr. Nash at 1st of Barrington 11 AM on 7-12-66)

POPP'S RESUB: Letter of appreciation from Mr. Sproul re debris removal read.
PARKWAY DEBRIS: Trustee Voss discussed this; Supt. Public Works and Chief of Police requested to have their men watch for this. It was suggested tickets be issued under ordinance.

SPRUCE RD. RESUB STATUS REPORT: Plats have not yet been received for signatures. Consoer, Townsend & Assoc. have been notified of recommendations made; CT&A letter advised Manager they are drawing plans for street lighting; 27" tree removal explained. Signed agreement received and read covering installation of improvements-filed with Village Clerk. Plats must show certain deletions. History of outlot "A" received from Jewel Tea Co. attorney.

BARRINGTON AREA DEVELOPMENT COUNCIL INC. President asked for explanation of letter he received requesting his signature. Trustee Voss explained & President was asked to sign as an individual not for the Village. President asked to read copy of Charter and Trustee Voss will supply. Matter of possibility of Federal aid discussed.

JUVENILE COURT: Copy of recent editorial in Waukegan-Sun-Times distributed.

NEW COURT ROOM: Chief Muscarello reported this room working out well; Fire Dept. furniture being used temporarily; Manager has been advised by Judge he is hopeful of getting furniture from Cook County for this room; to answer question Manager stated Village would have to supply window shades.

LAWN LITTER: Circulars, papers, etc.: Trustee Voss asked what can be done to relieve residents of this nuisance? Matter has been discussed before and a year or so ago a proposed ordinance was presented. Discussion had on this with Attorney: distributors can be enjoined but not prohibited - who is guilty? Police Dept. could administer or could it be legislated? Chief of Police to check on matter as far as he can and Village Clerk will distribute copies of proposed ordinance.

BUILDING CODE: Trustee Voss discussed matter of hazardous-dangerous &/or suspect buildings - ordinance on occupancy permits of such buildings which would permit inspections; who would declare buildings unsafe, etc? Attorney Scolnik read from present ordinance - Building Commissioner can so declare and it can also go to Court. Matter will be checked into further.

MEETING ADJOURNED on MOTION Trustee Wyatt; 2nd Trustee Hollister at 9.30 P.M.

Respectfully submitted,

May L. Pinkerman.

Village Clerk

W

STATEMENT OF UNDERSTANDING BETWEEN DISASTER SERVICE OF THE MID-AMERICA
CHAPTER, AMERICAN RED CROSS, AND THE VILLAGE OF Barrington, Illinois

The purpose of this statement is to strengthen the means of meeting disaster responsibilities of the American Red Cross and local government through continuing liaison, mutual planning and exchange of information, and to further clarify the respective functions of government and the American Red Cross in time of disaster.

I. LEGAL AUTHORITY

The responsibilities of Federal and State governments and of the American Red Cross in disaster situations are defined in Federal and State statutes, including the Statement of Understanding Between the Office of Emergency Planning and the American Red Cross.

These relationships are not as clearly defined on the local government level because of local autonomy and variations of governmental structure.

II. RESPONSIBILITIES IN DISASTER

A. Local Government

Red Cross recognizes that the President of the Board of Trustees is responsible for the cooperation and coordination of all groups, both public and private, participating in a disaster relief operation. It is further recognized that local Civil Defense is an arm of government reporting to the highest elected official. Governmental responsibility in disaster is the same as in normal times. Disaster increases but does not change government responsibility. Because of the confusion and break-down of normal living patterns caused by a major catastrophe, the full resources of local, State and National governments, augmented by voluntary and private assistance, may be required. The elected head of local government is responsible for the proper coordination of governmental functions. These functions are:

1. Warning, enforced or voluntary evacuation and rescue. (The assistance of qualified Red Cross personnel may be requested to carry out these functions.)

2. Protection of life and property, including: a) special police and fire protection; b) designation of hazardous buildings and areas; c) safeguards to public health and sanitation; d) identification and care of the dead, including temporary morgues; e) traffic control.
3. Restoring and maintaining usual community services, including: a) public welfare; b) schools and other public institutions; c) sewage and water systems; d) streets, highways and bridges; e) removal of debris from public property; f) public communication and transportation systems; g) salvage of unclaimed property.
4. Requests for assistance from other governmental agencies or organizations outside local government jurisdiction.

B. American National Red Cross

The American Red Cross is responsible for the relief of persons in need as a result of disaster. The Red Cross is prepared to provide:

1. Emergency mass care assistance, to include: a) food for disaster victims and volunteer emergency workers; b) temporary shelter for victims; c) medical and nursing aid in shelters and first aid stations; d) clothing.
2. Emergency services on an individual family basis, to include: a) welfare inquiry and information service; b) emergency orders for food, clothing, rent, bedding and similar essentials.
3. Aid for recovery to families, to include: a) consultation and referral service; b) food, clothing and other maintenance until normal sources of support are restored; c) building and repair of owner occupied homes; d) basic household furnishings; e) medical and nursing care; f) occupational supplies and equipment.

Aid for recovery is given after casework planning to determine those resources available to the family. Red Cross assistance is focused on those basic needs that cannot be met by resources available to the family. All Red Cross assistance is a free gift.

The Red Cross maintains administrative and financial control in the conduct of the relief program outlined above.

III. COORDINATION OF EFFORTS

In disaster situations, government and Red Cross have a joint responsibility to keep the public fully informed on restoration and relief activities, as well as assistance available. Accordingly, the Village of Barrington, Illinois and the American Red Cross agree that:

- A. Direct liaison between the office of the President of the Board of Trustees and Red Cross will be maintained during the entire disaster operation for the exchange of information pertaining to each organization's activities.
- B. Every effort will be made by each organization to insure that information disseminated by it relates solely to its responsibilities.
- C. Requests for government assistance by Red Cross or Red Cross assistance by government will be relayed through the official channels.

John H. D. Blanke

John H. D. Blanke,
President
Barrington, Illinois

Calendar of Events:

Plan Commission Public Hearing August 10 on Hailand Petition

Board of Appeals Public Hearings: July 13 on Rest Home and Graft
July 27 on Krueger Petition

Village Board Meetings: July 11 and 25; August 8 and 22.

International Platform Association Annual Conference in Washington,
July 19 through 23. President Blanke and Mrs. Blanke attending.
(personal matter, with no bill to village.)

Illinois Liquor Commission Hearing July 12; president attending.

✓ Illinois Commerce Commission Public Hearing August 11.

July 6, 1966
Barrington, Illinois

Notes by Village President Blanke
Relating to Items on Agenda of
Village Board Meeting July 11, 1966 (identified by Agenda Number).

Item 2---Correction to Minutes:

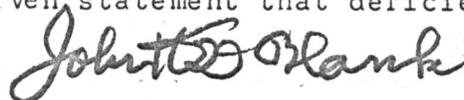

a. page 3, second last paragraph, 4 last lines: Motion to approve plat of Seegers-Anderson subdivision, etc. , Trustees should strike the words: "and attached to these minutes" (such papers go to special file in clerk's office and not with the minutes.)

b. Motion on Ordinance for Park Lane Carports, and Voting Record:
(1) Ordinance passed at June 13 meeting by following vote: Shultz and Hollister no; Capulli, Wyatt and Voss yes, with President Blanke voting yes to obtain required vote of four in favor of passage.
(2) Minutes of June 13 meeting show each of 5 trustees at meeting as voting yes. (do not show Shultz and Hollister voting no, and President Blanke voting yes.
(3) Minutes of June 27 meeting make a partial correction of the June 13 meeting, pertaining to Carport Ordinance by stating that Capulli, Wyatt and Voss voted yes, and Shultz and Hollister voted no (it is not stated that President Blanke voted yes.)
(4). Recommendation is that minutes of June 27 be corrected in regard to the Carport Variation Ordinance by stating that President Blanke voted yes. This correction is necessary as the ordinance requires 4 votes in favor to become legal.

Item 4---Petition of Continental Air Transport for Bus Franchise to O'Hare Airport: Village Board position expressed at May 9 and 23 Board meetings. Hearing held before Illinois Commerce Commission May 31. This hearing was continued to June 30 at which time President Blanke testified in favor of a direct route to airport Hearing was continued to August 11 at which time railroad may testify. Attorneys at June 30 hearing represented Continental Air Transport, United Motor Coach, Chicago and North Western Railroad, also City of Chicago. At the June 30 hearing 28 exhibits were filed with the examiner.

Item 5---Hearing Before Illinois Liquor Commission on Local Tavern: Evidence obtained January 5, 1966 by investigators alleges that contents of certain open bottles on shelf in bar are "Not Genuine." Local Liquor Commissioner Blanke will attend hearing.

Item 6---Investigations and Discussion of Problems at Brostery--- Checked by Lake County Health Department and local health officer in Nov. 1965, also June 1966 and other dates. Meetings held by President, Chief of Police and Health Inspector June 2 and June 9. Recommendation is that on basis of health inspector reports and failure to comply with request for improvements the village attorney start proceedings for court order closing the restaurant. Village President will not sign food dealer's license until village plus Lake County health inspectors have given statement that deficiencies have been removed.

John H.D. Blanke, President
Village of Barrington, Ill.

Rapid Meeting 7-11-66

Wyatt

THE VICE PRESIDENT
WASHINGTON

July 1, 1966

Dear City Manager:

In continuance of my mission to maintain liaison between national and local levels of government, I plan to confer with city managers from communities of less than 50,000 population.

This letter is your invitation to attend this conference on the afternoon of July 28 at the Sheraton-Park Hotel here in Washington. Although accommodations do not permit their attendance at the conference proper, wives are invited to the reception following the conference and we are planning some other activities for them.

I propose to have top level Federal officials confer with us about administering the gamut of assistance programs. I urge you to think about your problems on the local level so that you can give us the benefit of your experience.

I understand the International City Managers' Association is planning related informational sessions during the mornings of July 28 and 29. You will receive further details from the ICMA with whom my staff is working very closely.

Please convey your acceptance to ICMA's Washington office at Suite 204, 1025 Vermont Avenue, Northwest, Washington, D. C. 20005, before July 20.

I hope you will be able to meet with us on July 28.

Warmest regards.

Sincerely,

Hubert H. Humphrey

Mr. Patrick Gaffigan
Village Manager
206 S. Hough St.
Barrington, Illinois 60010

Dear Sir:

The International Chiefs of Police Convention will be held at Philadelphia, Pa. from October 1 to 6, inclusive, and I am planning to attend. I am again planning it as part of my vacation and will be accompanied by my wife.

As close as I can figure, the following should cover my expenses and hope they will meet with your and the Board's approval:

\$ 90.00 for transportation. This is on the basis of air travel but I will be driving.

180.00 for hotel accommodations (room and meals)

15.00 Registration fee

15.00 Incidental expenses.
\$300.00 Total

I would appreciate your taking this up with the Board at the next meeting.

Yours very truly,

Joseph L. Muscarello
Chief of Police

Mt. Prospect, Illinois

Dear Sir:

Confirming our conversation in my office this date, your normal Saturday inspection activities are to be listed as to premises visited with Chief Muscarello, Health Officer of the Village, on a cumulative basis monthly.

In reference to your billing for June, 1966, the billing for inspecting one business will be reduced from \$20.00 to \$10.00; which payment will be in effect from now on anytime a special inspection is requested by the Health Officer. Your billing will be submitted for the month of June, 1966 in the total amount of \$110.00 on the list of bills for approval at the July 11th board meeting.

RECEIVED

JUL 6 1966

VILLAGE OF BARRINGTON

Village President and
Board of Trustees
Barrington, Illinois

July 3, 1966

Gentlemen:-

In accordance with our agreement, I am submitting my bill for the month of June 1966. Following is a statement of days worked:-

Month of June

June 4, 1966-----	\$20.00
June 11, 1966-----	\$20.00
June 13, 1966-----	\$20.00 10.00
June 18, 1966-----	\$20.00
June 23, 1966-----	\$20.00
June 25, 1966-----@ \$20.00 per day---	<u>\$20.00</u>
Total-----	\$120.00 110.00

During the month of June, thirty inspections were made of which twenty two were licensure inspections for the 1966-1967 licensure year. Numerous inspections have been made of the Broastery and, although conditions there have improved slightly, they are far from satisfactory. Unless the Broastery's owner can comply with the ordinance in every respect, it is my recommendation that legal action be taken to close this establishment permanently. Far too much time on the part of Village Officials has already been spent on this place without adequate results.

Very Truly Yours

Robert de Jonge
Robert de Jonge

THE INTERNATIONAL CITY MANAGERS' ASSOCIATION

PUBLIC MANAGEMENT • MANAGEMENT INFORMATION SERVICE • MUNICIPAL YEAR BOOK
INSTITUTE FOR TRAINING IN MUNICIPAL ADMINISTRATION

AREA CODE 312
324-3400

1313 EAST 60TH STREET • CHICAGO, ILLINOIS 60637

June 13, 1966

I N V I T A T I O N

TO THE TOWN OR CITY CLERK

Will You Please Present this Invitation at the Next Meeting
of the
Governing Body of Your Community?

Gentlemen:

This is a cordial invitation to your municipality to be represented by your manager at the 52nd Annual Conference of the International City Managers' Association to be held in Phoenix, Arizona, on October 23-27.

The conference offers an opportunity for your manager to find out the latest developments in many areas affecting urban government. Nationally known experts will present new ideas on the problems facing local governments. Some of the sessions planned are: National Urban Policies and Local Government, Science of Urban Economics, Administration of the Poverty Program, Participation in Community Problems by Business and Labor, and developing a Fiscal Structure In Tune with an Urban Society.

The program has been designed to reflect not only current thinking on specific problems but also to provide the opportunity for managers to get specific help in certain areas. Workshop sessions are planned on a variety of topics covering most municipal functions. Such workshop sessions will be held on available federal aid programs, Combatting the Increasing Crime Rate, What Industry Expects from City Government, Techniques in Labor Negotiations, and Code Development and Implementation.

The principal speakers at the Conference are nationally known for their knowledge, accomplishments, and concern for local government. Speakers come from all areas including national administration leaders, university professors, private organizations, and the business world.

I know you will appreciate the benefits that your municipality will derive from having your manager attend this meeting, and we would like to hear at your earliest convenience what action is taken authorizing his attendance.

Respectfully yours,

Orin F. Nolting

July 7, 1966

Board Meeting of July 11, 1966

President and
Board of Trustees

Re: Partial release of escrow funds -
Pickwick Place

Gentlemen:

By verbal request of Mr. William Brough, an inspection was made, by Village Forester Parrish, of parkway trees planted in Pickwick Place Subdivision. Twenty-one (21) American Linden trees have been placed, in accordance with our subdivision ordinance, on parkways in front of all single family lots and two (2) American Ash trees on parkways in front of the multiple family lots.

The purpose of Mr. Brough's request is to obtain release of escrow money for this item on the Village Engineer's punchlist of November 11, 1965. That item calls for fifty (50) street trees @ \$25.00 each for the entire Pickwick Place Subdivision of forty-three (43) lots, single family as well as multiple family in accordance with the village subdivision ordinance.

RECOMMENDATION: that the Village Manager be authorized to write to Chicago Title & Trust Company authorizing the release of \$575.00 to Mr. William Brough for the twenty-three (23) trees planted and acceptable to the Village Board of Barrington.

Respectfully submitted,

Patrick J. Gaffigan

Re: Appointment of Building Inspector

Gentlemen:

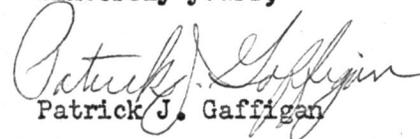

As provided in the 1966-67 fiscal year appropriation, I appoint Mr. Clifford Meinke, to replace Mr. John C. Mollenkamp who is retiring, as Building Inspector for the Village of Barrington. As Building Inspector, Mr. Meinke will also conduct plumbing and electrical inspections and have the same authority and responsibility of the "building commissioner" he is replacing.

Mr. Meinke's salary will be \$540.00 per month to start, with a raise immediately to \$600.00 per month upon the adoption of a village electrical code which he will enforce. Mr. Meinke was offered the position under these conditions and has given his written acceptance. He has also given notice to the Village of Northbrook and successfully passed his physical for employment with the Village of Barrington.

Mr. Meinke was self employed as a general contractor in all types of construction from 1945 to 1963 and since that time has been a building and electrical inspector for the Village of Northbrook. His background in private work plus experience in public inspection suits him well for the position of Building Inspector of the Village of Barrington.

In accordance with the ordinance concerning Village Manager appointments, your confirmation of my appointment to take effect July 18, 1966 is herewith requested.

Sincerely yours,

Patrick J. Gaffigan

July 7-1966

Village of Barrington
Barrington, Illinois

VILLAGE OF BARRINGTON

LaSalle National Bank as Trustee under Trust #22322 is hereby filing additional objections to the proposed re-zoning and re-subdividing of the West 20 feet of Lot 101, and Lots 102, 103, 219 and part of Lot A in Jewel Park, a subdivision of part of the Northeast quarter of Section 36, Township 43 North, Range 9, East of the Third Principal Meridian, in Lake County, Illinois. The objections additional to those filed June 11, 1966 are as follows, a copy of ^{June 11-1966 objections are} ~~which is~~ attached hereto.

No public notice has been given of the vacating of that part of Spruce Street which would block the use of same to the owners of the property to the North adjoining Roslyn Road and Jewel Park of which LaSalle National Bank is Trustee, and it is opposed to the public interest. It is apparent that this vacating is for the sole purpose of self gain and is designed to segregate the property to the North thereby blocking access to Jewel Park and to the Village. All of this is contrary to the recorded Plat which was carefully designed according to the city plan.

The vacating of that part of Roslyn Road on which Lots 94 to 104 and 219 front would take away the means of egress and exit to Jewel Park and the Village and is a carefully designed plan to block the continuation of Roslyn Road which is platted to extend from State Highway 59 on the West to Lake Zurich Road on the East, a distance of 2750 feet.

This proposed re-zoning and re-subdividing is not in the public interest but for the purpose of self gain to the owners, the Jewel Tea Co., and any subsequent purchasers.

Lot 219 has been set aside and platted for school purposes and is the property of School District #4. No public notice has been given of the proposed sale of this property or the relinquishment of the School District rights. It is reported an attempt is being made to sell this property for \$20,000 which is approximately \$15,000 per acre without any improvements such as sewer, water, street paving or sidewalks. The proceeds of this sale likewise are to go to the Jewel Tea Co., a New York corporation. We believe that the tax payers of this School District #4 should be heard concerning this matter, and the best interest of School District #4 should be of paramount consideration.

LA SALLE NATIONAL BANK, as Trustee
under Trust #22322

BY

Arnold Schlachter
Arnold Schlachter, Agent

The HEALTH of a City is More Important . . . Than the WEALTH of a City!

THE CITY ORDINANCE SAYS:

1. We will collect your garbage and rubbish twice a week, 52 weeks of the year.

GARBAGE includes animal, fruit, fish, fowl, and vegetable matter.

RUBBISH means tin cans, glass and bottles, paper boxes and household refuse generally.

2. It is not necessary to separate garbage from rubbish. Everything may be placed in the same containers.

3. You must use covered metal containers of not more than 20 gallons capacity. The maximum limit is two cans per pick-up.

4. You may place container at your back door where your refuse will be picked up by our uniformed drivers. If you desire alley pickup, place container within 10 feet of the property line.

5. Those residents who do not require twice-a-week garbage service may elect to use once-a-month service for RUBBISH ONLY. The maximum limit is two 20 gallon containers—NO GARBAGE INCLUDED.

6. You are billed quarterly in advance by the Village of Barrington NOT by us—The quarterly rate per family unit is:

Twice-a-week service	\$10.00
Once-a-month service	\$4.25

7. ADDITIONAL SERVICE:

(a) Any residents requiring additional rubbish service may contract with Barrington Trucking Company for a third can for each pickup. The cost for this service will be \$1.00 per month. The customer must contract for one full year of service payable in advance. Refunds will be made only in the event of moving.

(b) Residences with large amounts of grass and brush clippings may also contract with Barrington Trucking Company for service to remove all of these clippings each pickup day at the curb side for \$3.00 per month. Brush clippings are not to exceed four feet in length and must be tied in bundles. This service may be discontinued by the customer at any time.

8. EXCEPTIONS:

(a) Three flats and larger residences will be billed directly by the Barrington Trucking Company at commercial rates established by the village.

(b) Commercial and Industrial installations will be billed directly by the Barrington Trucking Company at rates established by the village.

Hints For Better Service

DO use a regulation galvanized can. Oil drums are illegal.

DO wrap garbage in plenty of paper after draining it. This keeps garbage from freezing to the can in cold weather. In warm weather, the paper helps to reduce odor.

DO call us if you have any questions about collection day, complaints or questions about the village's garbage code.

DO call us for additional services. We will make arrangements to remove construction waste, old furniture and appliances, metal, yard cleanings and other miscellaneous items not provided for in our contract with the village.

DO NOT place hot ashes out for collection.

DO NOT use cardboard boxes or fiber drums for containers. In wet or inclement weather they disintegrate and are a health menace. Rubbish in cardboard boxes or fiber drums will not be collected.

WE ARE PROUD OF OUR VILLAGE, AND WE ARE COUNTING ON YOUR COOPERATION TO MAKE IT A CLEANER, HEALTHIER PLACE TO LIVE.

The Way We See It

Palatine Enterprise Editorial July 7, 1966
(Paddock Publications, Arlington Heights)

Juvenile Court Plan Has Merit

A resolution calling for decentralization of Cook County's Juvenile Court facilities is being distributed among local governmental agencies by the Evanston Youth Commission. Appearance of the resolution is reassuring.

The need for decentralization has been discussed in northwest suburban communities and was the subject of a meeting several months ago called by Arlington Heights' Youth Commission.

The Evanston resolution, already adopted by the Evanston City Council and the Buffalo Grove Village Board, points out that Cook County's central court for juveniles has up to 20,000 cases on its calendar annually and adds, "there has been much talk of ways and means of combating and solving this most acute problem with very little progress toward decentralization of the Juvenile Court."

Indeed, there has been a great deal of discussion about decentralization since it was suggested in 1962 by the National Council of Crime and Delinquency. Court officials have accepted decentralization in principle and have had a citizens group at work studying the problems of decentralization.

Among the major problems cited are

building an administrative framework—what areas should each branch cover, and how shall these be determined—and building needed facilities—for example, detention facilities, offices, etc.

These do appear to be significant problems. We fail to see how they can be solved by years of study. What is needed is a firm recommendation by the citizens group leading to adoption of a plan for decentralization.

There are many serious problems with the present, centralized facility, besides the caseload. One is the inconvenience for suburban residents and the amount of time consumed in travel by officers who must appear in Juvenile Court. Another is the disparity in the kinds of offenses originating in different areas of Cook County. Juvenile officers in the suburbs complain that their cases, while serious in suburbia, pale in comparison to many cases originating in the city.

A number of juvenile court facilities in different areas of Cook County would help overcome these problems. And they would reaffirm and strengthen the local community responsibility in handling juvenile problems. We hope the Evanston resolution gets results—soon.

Relocation of Hillside Avenue
via new grade crossing at
Eastern Avenue extension

July 1, 1966

Mr. C. A. Benowicz
District Engineer
Illinois Division of Highways
Room 907, 300 North State Street
Chicago, Illinois 60610

Mr. J. H. Dinkheller
District Engineer
Illinois Division of Highways
595 South State Street
Elgin, Illinois 60120

Gentlemen:

Reference is made to my letter of May 31st, the letter of June 13, 1966 from Mr. Benowicz and the letter of June 30, 1966 from Mr. Renwick on this subject.

I am sorry to say but my patience and temper have reached the breaking point. Both of your offices have been apprised for over a year of the traffic and pedestrian problem occasioned by the construction of Eastern Avenue and the building of the Barrington Middle School thereon. You both have copies of my original letter to Mr. Benowicz, dated March 10, 1965, which initiated this subject. You are both aware of my attempt to get the property owners on Hillside Avenue to voluntarily pay 50% of the cost of sidewalk (with the Village paying 50% of the cost from MFT funds) on Hillside from Bristol Drive to the Northwest Highway, then back along the Highway to Eastern Avenue, which project was rejected by the property owners in November, 1965.

After that, you and Cook County Superintendent Plummer were made aware of my plan to have Eastern Avenue constructed southerly to a "T" intersection with Hillside which required a new railroad grade crossing and the abandonment of the grade crossing at present Hillside Avenue.

The estimated cost, as you all know, is \$66,000. plus and I requested financial participation of both of your offices in my letter of May 31st addressed to both of you. Your participation is necessitated since:

- 1) Hillside Avenue is under the maintenance jurisdiction of the State of Illinois Highway Department, District 10 Office. Even though I have called this project the extension of Eastern Avenue, which it is, the proposed roadway diverts the east-west movement of Hillside calling for a new grade crossing of the railroad and a new intersection with

Mr. C. A. Benowicz

-2-

July 1, 1966

Northwest Highway, as you can plainly see from the plans.

- 2) Financially, the Village, which only has its MFT funds available to finance its share of the cost of this project, gets \$36,000. per year and could not be expected to pay the full cost of \$66,000., obviously.
- 3) I was advised by field representatives of the ICC, who inspected the site, that since Hillside Avenue crossing is to be closed and Hillside Avenue traffic diverted via a new crossing at Eastern Avenue the State of Illinois, who has maintenance jurisdiction on Hillside, must co-competition with the Village of Barrington for an ICC hearing at which a ruling will be made as to the sharing of the costs by the jurisdictions responsible.

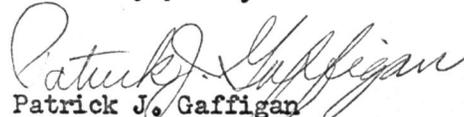

Now, gentlemen, please note the word "responsibility"--don't either or both of your offices feel any toward this project? Do you doubt the veracity of my March 10th letter to Mr. Benowicz, and thus be content to wait until a school bus or some other vehicle is hit by a train at this obsolete Hillside grade crossing, or at the equally obsolete Hillside-Northwest Highway intersection? Can't you see the benefits of the traffic pattern in general to bypass the present congested downtown area when East Main Street (Lake-Cook Road) is linked to Route 59 via Eastern Avenue and Hillside Avenue?

Well, I assure you I do and have authorized on June 29th the acceptance of excavated ballast material from the C&NW railway, at no charge, to be placed as base for the proposed roadway between the railroad and Hillside with the recorded consent of the property owner involved. This on-site ballast will make excellent fill material and substantially reduce the cost of the project, thanks to C&NW Division Engineer, O. W. Smith.

Now, once again I ask you both for financial participation by the State of Illinois Highway Department and your co-competition with the Village of Barrington to the ICC to get this new roadway and new grade crossing constructed at once. I stand ready, willing and able to meet with anyone, anywhere, anytime to get this project on the road to completion, for if it isn't accomplished, dire consequences can be the only result.

Please recognize the urgency of this matter and reply promptly. Thank you.

Sincerely yours,

Patrick J. Gaffigan
Village Manager

June 30, 1966

Mr. Patrick Gaffigan
Village Manager
206 S. Hough Street
Barrington, Illinois

Dear Sir:

Reference is made to your letter of May 5, 1966, in which you have asked for State Participation in the cost of the above improvement.

I understand that the request is based on the fact that a portion of the project will involve work on Hillside Avenue (C.H. 103), the relocation of the C.&N.W. RR grade crossing with C.H. 103 northeasterly to a location which will serve Eastern Avenue extended, and also that a portion of the project will involve work on U.S. Route 14.

U.S. Route 14 and C.H. 103, at the subject location, are within the limits and under the jurisdiction of District 10. Therefore, the Village's request for State Participation must be directed to Mr. C. A. Benowicz, District Engineer of District #10.

In the event State Participation is obtained through District #10, a decision will be made, without delay to the Village, as to which District will process the plans and specifications.

However, in the event State Participation is denied, and the Village decides to finance the work wholly with MFT funds, or on a combination MFT-Other Village Fund basis, I can assure you that the plans and specifications submitted here, will be checked and processed with a high priority in mind.

This office has reviewed two (2) tentative prints of the proposed improvement, and in my opinion, the project is one of merit.

CITY MFT
Barrington
General

June 13, 1966

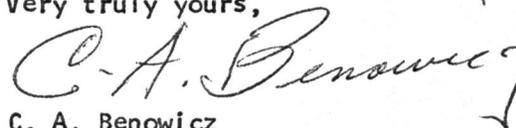

Mr. Patrick J. Gaffigan
Village Manager
206 South Hough Street
Barrington, Illinois 60010

Dear Mr. Gaffigan:

I am in receipt of your letter of May 31, 1966 relative to the extension of Eastern Avenue to Hillside Avenue. In this letter you inquire as to what District Office will exercise jurisdiction jointly with the Village of Barrington in petitioning the Illinois Commerce Commission for a hearing.

Eastern Avenue is a local street and I presume that Motor Fuel Tax funds will be used to pay for part or all of the improvement. The Elgin District reviews all of your Motor Fuel Tax projects and since the Village of Barrington is handled by that District, it would, therefore, be the Elgin District who would exercise joint jurisdiction with the Village.

Very truly yours,

C. A. Benowicz
District Engineer

MINUTES OF MEETING OF PRESIDENT & BOARD OF TRUSTEES

JUNE 13, 1966 at 9.00 P.M.

MEETING CALLED TO ORDER by President John H. D. Blanke. Present at roll call were Trustees David R. Capulli, Paul J. Shultz, J. Frank Wyatt, Frederick J. Voss, James F. Hollister. Also present: May L. Pinkerman, Village Clerk; Patrick J. Gaffigan, Manager; B. J. Zelsdorf, Treasurer; Byron S. Matthews, Attorney.

MINUTES OF 5-23-66: Corrections: Page 1, Par. 7, Line 6: delete words "by Village". Page 2, Par. 3, Line 1: change "Toledo" to "Cleveland" MOTION Trustee Wyatt to approve as corrected; 2nd Trustee Hollister. Ayes. Trustee Capulli not voting due to absence that meeting.

INQUIRIES FROM AUDIENCE: Mr. Arnold Schlachter of 15 N. Barrington Rd. filed written objections to proposed rezoning in area of Spruce Rd. Jewel Park, which were read. Copies requested by Trustees, also to be sent to Plan Commission. It was noted a public hearing has not been held on the proposed development since just a preliminary plan was submitted. MOTION Trustee Wyatt that copies of objection be distributed to the Plan Commission as well as all members of Board of Trustees; 2nd Trustee Capulli. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

Mr. Henry Schneider, 104 Hart Rd. (sign contractor) asked for interpretation of sign ordinance as it applies to ground signs. Bldg. Commissioner has appealed to Attorney and Manager explained background of question; sign has been prepared by Mr. Schneider for his customer. Attorney would prefer to review ordinance and problem before giving his opinion in writing. Trustee Capulli suggested perhaps ordinance should be changed to allow for 32 s.f. rather than 16 s.f. and might be worthy of consideration. Attorney's opinion to be awaited.

CIRCUS: Mr. Bob Yetzsky, Pres. Jaycees, asked about their permit for circus to be held June 18th, approved Jan. 10, 1966. He was advised to present permit request and check for \$50. in Village Hall offices and same would be processed. Mr. Yetzsky informed Board the Jaycees have \$300. they had thought of presenting to Village for beautification by tree plantings; however, would prefer to have it used for child safety program and Manager suggested they present their plan to the Trustees.

PETITION: President noted that after agenda had been prepared he received petition from Michael Graft with check for \$50. requesting approval of rearrangement of 2 lots at Exmoor & Roslyn Rd. President felt \$50. not necessary since no hearing required. During the discussion it was felt the lot sizes were or would be non conforming. MOTION Trustee Wyatt that this matter be referred to Plan Commission for recommendation and report and that the \$50. be returned to petitioner. Manager stated this has been reviewed by Attorney and, if matter is understood correctly, he said what the petitioner wants to do is ok if it complies with ordinance - if they are directed to Roslyn Rd. rather than Exmoor Ave. they will not meet the ordinance requirements and Manager felt this should go to Zoning Board of Appeals. MOTION WITHDRAWN. MOTION then made by Trustee Wyatt that this matter be referred to Attorney for report and recommendation to Board; 2nd Trustee Shultz. Ayes. (see later)

TREASURER'S REPORT: Since auditors were working books were not available for preparation.

PARKING LOT & METER REPORT for May received and passed to files.

FIRE & POLICE COMMISSION: As result of recent exam held Sgt. Hemmingson was promoted to Lieutenant as of June 1st. President suggested salary adjustment by ordinance. Trustee Capulli felt Resolution would cover. Since money has been appropriated

salary should be automatic. Protection for payroll records & Treasurer questioned by President. Attorney noted an ordinance had been passed previously giving specific names and salaries and general principle is to amend an ordinance with an ordinance and there is no specific salary for lieutenant in said ordinance - it could be repealed and this could be an administrative matter under the appropriation. It was noted the Police Dept. has a pension fund to which the Village also contributes. Attorney will draw necessary ordinance but did not recommend holding up any pay checks on technicality.

LAKE COUNTY ZONING BOARD to hold public hearing at N.S.Park fieldhouse 6-23-66 with reference to Transolene property northwest of Village which is to be considered for change from Estate to Gen. Industrial zoning. It was felt Barrington should be represented by observers - President & Manager will attend.

COOK COUNTY ASSESSOR'S MOBILE UNIT to be in Village June 21-25 at 110 E. Station St.

NORTHWEST MUN. CONFERENCE will meet 6-22-66 at 8 P.M. at Public Safety Bldg. 2nd fl.

CHICAGO AERIAL IND. INC. presented \$10,000. bond to Village 6-8-66. Metal building painted; letter received from Mr. Willard on their plans to lower lights in parking lot to minimum of 9 feet and add shields to same. MOTION by Trustee Voss to concur in proposal of Chicago Aerial Ind. Inc. to lower lighting fixtures in parking lot a minimum of 9 feet and shield, according to letter over signature of Mr. Willard of 6-10-66. Second Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

BARRINGTON REST HOME INC.: Letter received requesting reconsideration of request of last year for a variation; 1 copy received without filing fee. MOTION by Trustee Wyatt that this be referred to the Zoning Board of Appeals for hearing in accordance with law, subject to receipt of proper fees and other required documents; 2nd Trustee Voss. Ayes.

RESOLUTION FOR MAINTENANCE OF ARTERIAL STREETS: covering 1-1-66 thru 12-31-66 in amount of \$9,087.65 - MOTION Trustee Wyatt to adopt Resolution for maintenance of arterial streets in amount of \$9,087.65 and that the proper Village officer be and is hereby authorized to execute same; 2nd Trustee Voss. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

RESOLUTION FOR STOP & GO LIGHTS: MOTION Trustee Capulli to adopt Resolution for maintenance of traffic signals in amount of \$800. for year 1-1-66 thru 12-31-66 and that proper Village official be and is hereby authorized to execute same; 2nd Trustee Shultz. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

BULK PETROLEUM CORP.: President noted name of concern should be "Corporation" in ordinance rather than "Company" - ordinance read & correction to be made. MOTION to pass ordinance as corrected by Trustee Voss; 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister. (#924)

Copies of President's report on Cleveland meeting recently held were distributed.

SEWAGE DISPOSAL PLANT: Lab. analysis to be instituted. Manager explained problems to date and briefed on his report adding that unless we do something State may order something to be done; since this came up before appropriation ordinance was typed there is an allowance therein to cover personnel for this work. MOTION Trustee Wyatt that procedure as outlined in Manager's letter of 5-27-66 be adopted; 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

REFUSE & GARBAGE: Letter received from Barrington Trucking Co. (Ben Essenberg) following meeting recently held. Mr. Essenberg stated tonight that a brochure will go to printers tomorrow; will be circulated with water bills and by drivers. Discussion.

DEPARTMENTAL REPORTS: received from Building, Health, Sewer and Water Depts.

CONSTRUCTION ACTIVITY REPORT: briefed by Manager covering Main St. sidewalk; Eastern Ave. paving & Fox Point trunk sewer. Meeting had been held today on the latter on which Manager reported including discussion on further issuance of occupancy permits in Fox Point.

PARKING LIMITATIONS ON HOUGH ST. ORDINANCE: READ AND Trustee Voss questioned how this would handle summer traffic - why not include Saturdays? Following discussion MOTION Trustee Wyatt to adopt this ordinance; 2nd Trustee Shultz. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister. (#925)

BAKERS LAKE ANNEXATION: Portion to be annexed to Village & plat of area revised. Attorney to prepare notice for Barrington Countryside Fire Protection District; if no objections received area may be annexed at next Board meeting.

BILLS: Payment estimate #4 received for Cuba Elec. Shop \$1536.94 recommended for payment by Manager. MOTION Trustee Shultz that bills be approved for payment from funds indicated and 1 item be added to General Fund of \$1536.94 to Cuba Electric Shop, changing total that Fund to \$9891.15 and grand total of payments to \$25,081.07. 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

APPROPRIATION ORDINANCE - 5-1-66 thru 4-30-67: Prepared by Village Manager and Treasurer and approved as to form by Attorney. Item #142 showing \$600. for 1 lieutenant questioned by Trustee Voss. Discussion, during which it was stated there may be an exam for sergeant; it was felt ordinance sufficient to cover when Wage & Salary ordinance is repealed. Trustee Shultz asked that, before ordinance is brought up for adoption, he be permitted to read a statement from Trustee McCaw with reference to certain requests from Police Dept. personnel and which he personally felt worthy of study before adopting ordinance. It was stated a meeting had been held for the study of this ordinance at which Mr. McCaw was not present. Manager's answer to the suggestion was "no". Trustee Wyatt felt the Appropriation Ordinance as prepared and presented is the best that can be done at present time; matter of 48 vs 40 hrs. per wk. discussed at the meeting & it was felt this would require 2 additional men at cost to Village of about \$14,000. Chief Muscarello stated he had a list of requests from personnel in his department; consideration was given to the 7 days pay for holidays and compensatory time for court work & overtime. Manager reminded that a personnel survey has been allowed for in the appropriation to cover all Village employees; a budget meeting was held at which all items were discussed fully and now the statement has been read. During discussion it was noted the Lieutenant would be paid the Sergeant's salary plus the \$600. Use of auxiliary force discussed - would have to be paid also and it is difficult to get those who work elsewhere to work full shifts. Attorney explained procedure for publishing and dates for amendments & time limits for same, also use of contingency fund - emergencies and other purposes. MOTION Trustee Wyatt to adopt the Appropriation Ordinance as submitted for the fiscal year 5-1-66 thru 4-30-67; 2nd Trustee Voss. Ayes: Capulli, Shultz, Wyatt, Voss, Hollister. (#926) Manager complimented the Board for appropriating money for items that have never before been done in the Village - annual report and others plus additional off-street parking. Trustee Shultz felt the Manager and Treasurer had done an excellent job in preparing this ordinance.

ORDINANCE-CARPORTS ON PARKLANE (SCHURECHT): Propose ordinance presented last meeting & re-read tonight. MOTION Trustee Capulli to adopt; 2nd Trustee Voss. Roll call-Ayes:Capulli, Shultz, Wyatt, Voss, Hollister. (#927)

EASTERN AVE. REZONING: Plan Commission letter of 5-21-66 re-read. Mr. Rieke & Atty. Canby presented plans for buildings & time allowed for discussion. MOTION Trustee Shultz that the recommendations of the Plan Commission, with respect to petition of First National Bank & Trust Co. for rezoning from R6 to R9A of lots 5,6,7 & 8 in Block 6, deleting the recommendation to remove 1 dwelling unit from center building so there would be a total of 20 units as requested, be approved. 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz,Wyatt,Voss,Hollister.

SIGNS: Ordinance to set new fees for signs, amending Sec.19.1106 read. Manager reviewed reason for amendment. MOTION Trustee Wyatt to adopt ordinance amending Sec. 19.1106 of Municipal Code of 1957; 2nd Trustee Shultz. Roll call-Ayes:Capulli,Shultz, Wyatt,Voss,Hollister. (#928)

GRAFT PETITION (Cont'd.) Attorney Matthews stated there will need to be a variation hearing before the Zoning Board of Appeals since lots will not comply with ordinance being non-conforming. MOTION Trustee Wyatt that this be referred to Zoning Board of Appeals for hearing according to law and fee will be required. 2nd Trustee Capulli.Ayes.

POPP'S RESUB: Manager has written Developer and Supt. Public Works has endeavored to reach him by phone getting the answering service. Manager stated complaints are legitimate and Developer should remedy condition. Discussion had on whether or not Village should do work & bill him. President noted most debris is brush and trees. Not felt a good idea to do such things on private property - Manager.

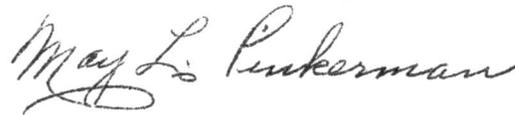

INDUSTRIAL DEVELOPMENT: Trustee Voss had recently met with Deer Park Plan Commission; they have been directed by their Village Board to draw up a zoning plan & they are interested in knowing when we might get study underway so they can tie ideas together. It was suggested the two Plan Commissions hold a meeting on this.

C & NW RR DIESELS: Trustee Capulli reported receiving complaints, as did Manager - complaints legitimate. (Later: Letter sent to Railway by Manager)

SIREN: In answer to question by Trustee Voss on warning system it was reported Mr. Belz had tested Saturday and several areas of Village checked. It was stated that due to type of signal desired by Fire Dept. a difference between that and disaster warning tone had been lost; at present a disaster or tornado warning would be a 3-minute blast. Location for the other siren under study.

MEETING ADJOURNED on MOTION by Trustee Wyatt; 2nd Trustee Hollister. Ayes. 10.15 PM

Respectfully submitted,

Village Clerk

Wyatt
Jm.

Report from Village President John H.D. Blanke of Barrington, Illinois to his Board of Village Trustees on Second Quarterly Meeting of Board of Directors of Illinois Municipal League held June 24-25, 1966 at Sheraton Motor Inn, Urbana, Illinois with The Honorable Herbert H. Behrel, its President, and Mayor of Des Plaines, Illinois, presiding.

1. The annual conference, 1966, of the Illinois Municipal League will be held Sept. 17 through 20, 1966, at Pick-Congress Hotel in Chicago. The third quarterly meeting of the League's Board of Directors will be held on Sept. 17, first day of the conference period.

The 1967 annual conference is scheduled for Springfield, Illinois, and a request to hold the 1968 conference in Peoria, Illinois, is being considered by the League's site committee.

2. At the last meeting of the Northwest Municipal Conference, held in the Public Safety Building in Barrington on Wednesday, June 22, 1966, Mayor Behrel of Des Plaines advanced the question of an improvement in the tornado alert system, which elicited constructive comments. Mayor Behrel presented the same question at the June 25 meeting of the Board of Directors of the Illinois Municipal League, which concurred in sponsoring a state-wide survey of alert-sounding practices. The results of the survey, under direction of A. L. Sargent, the League's executive director, are to be made available to member municipalities of the League.

3. The proposed Illinois Revenue Article was subject of a panel discussion at the session of the Board of Directors in Springfield in March 1966. The League's Policy Decision on the subject was deferred until the June 25 meeting in Urbana. After considerable debate on the subject, the officials in session decided not to make a policy stand in favor of the Revenue Article. Instead, it was indicated that the language of the proposed Revenue Article should be referred back to the experts for revisions. Fear was expressed that the municipalities might face loss in revenues and uncertainty in revenue receipts for needed operations if the Revenue Article should be adopted as it stands.

4. A threesome of municipal administrators ~~ordered~~^{offered} a panel discussion on a proposed Constitutional Home Rule Amendment to the State of Illinois Constitution. The panel was headed by Assistant City Manager Charles B. Hetrick of Park Ridge. Following the panel discussion and some comments, the Home Rule matter was left on the table for future consideration.

Village President Blanke attends the Board of Directors meetings at the League's request, being a member of the General Assembly Liaison Committee.

Your Village President has a file of reports on Constitutional Home Rule, titles of which will be made available to any person interested in the subject. A casual observer must conclude that Constitutional Home Rule in the form proposed today has a long road to travel before reality comes.

Respectfully

John H. D. Blanke, President
Village of Barrington, Illinois
June 27, 1966.

John H. D. Blanke

Re: Personnel Study

Gentlemen:

As authorized in the 1966-67 appropriation ordinance, herewith attached are two proposals from reputable firms in the field of public personnel administration and finance, to conduct a position classification and pay survey of thirty-seven full-time village employee positions.

After reviewing each proposal letter, Mr. Hunt of the firm of J. L. Jacobs & Company of Chicago was contacted by phone on June 14th who confirmed their proposal letter of April 11th, and from whom supporting data sheets were requested, copies of which are attached for your information.

Mr. Hunt advises the study will begin the week of the approval by the Village Board and will take from six to eight weeks to complete. At the beginning and before the preparation of the final report, contacts will be with the Manager and supervisory personnel in the Village. The final report will be submitted to the Village Board for review and subsequent meeting with representatives of J. L. Jacobs & Company before official adoption of the documents by the Village Board.

Based on the foregoing information, it is recommended that the firm of J. L. Jacobs & Company be authorized to conduct such a personnel study for a sum not to exceed \$1500.00.

cc: All Department Heads:

Respectfully submitted,

Patrick J. Gaffigan

April 1, 1966

Mr. Patrick J. Gaffigan
Village Manager
Village of Barrington
206 S. Hough Street
Barrington, Illinois 60010

Dear Mr. Gaffigan:

As I indicated to you on the telephone, we would be very interested in assisting you in developing a position classification and pay plan.

We do a great deal of this work and, as you will see in the list of clients enclosed, much of it is with cities. We are presently working in Des Moines, Iowa and Minneapolis-St. Paul (Hennepin County).

Based on the information you gave me as to the scope of your operations, we would suggest that you budget approximately \$1700 for this project.

If you decide to proceed, we would like to have a representative call on you to discuss the study in more detail and to answer any questions you may have.

We hope to have the opportunity of working with you.

Very truly yours,

Elmer Williams
Principal Consultant

50TH
ANNIVERSARY

April 11, 1966

Mr. Patrick J. Gaffigan, Village Manager
206 South Hough Street
Barrington, Illinois 60010

Dear Mr. Gaffigan:

Thank you for your letter of March 24th requesting information about the procedure and cost of services in connection with a classification and pay study.

Enclosed are some descriptive materials which will give you an idea of the objectives, methods and end products of our classification and pay surveys.

Based on 37 full time employees, we estimate that the total amount of our charges for services and expenses will not exceed \$1,500 and may be somewhat less. Mr. Hunt explained to you on the telephone, we will be conducting a similar survey for the City of Des Plaines beginning in May. If we are able to work in your village at about the same time, we feel that the total charges can be reduced.

Should there be any questions concerning our services on this proposal, please feel free to call.

Sincerely,

Carl F. Lutz

MAIN STEPS IN TYPICAL SURVEY AND DEVELOPMENT

OF

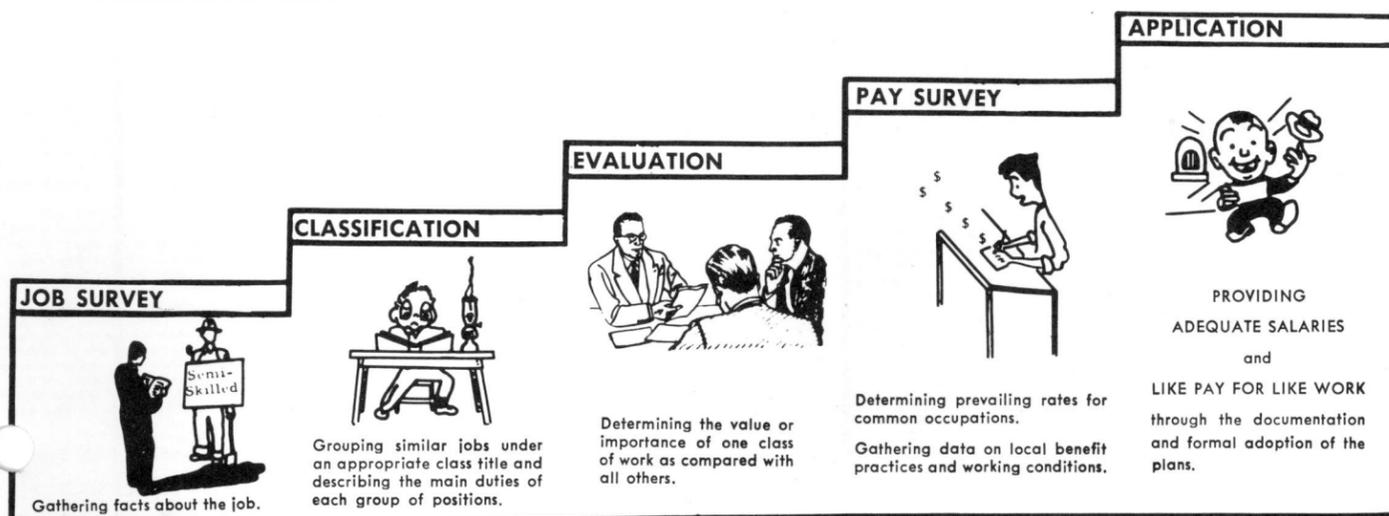

POSITION CLASSIFICATION AND PAY PLANS

1. Preparation and distribution of position classification questionnaire forms to be filled in by individual employees and reviewed by supervisors on the present duties, responsibilities and requirements of each position included in the survey.
2. Review of classification questionnaires and field examination of the duties and responsibilities of representative positions and discussion of the same with employees, supervisors and department heads.
3. Analysis of the completed classification questionnaires and supplemental information gathered by field examination, and classification of all positions having similar duties, responsibilities and qualification requirements under appropriate standard descriptive titles.
4. Preparation of a class specification containing the class title, description of typical duties and responsibilities, and statement of the qualification requirements for each class of positions.
5. Survey of salaries and employment benefits for common occupations by means of appropriate questionnaires and personal contacts among local business establishments and comparable government organizations.
6. Analysis and summarization of data on salaries and benefits in private employment and comparable governmental agencies as a basis for the development of the pay plan.
7. Preparation of a recommended pay plan with salary schedules and benefit provisions for all positions to reflect prevailing salaries and benefits and to assure like pay for like work.
8. Evaluation of the several classes of positions as to their relative importance with consideration to organizational relationships and the results of the salary survey.
9. Preliminary assignment of individual classes to appropriate grades which reflect the relative importance of the classes based on the evaluations, and which refer to pay ranges in the pay plan.
10. Preparation of preliminary allocation records, listing every classified position, identified by the name of the incumbent, with its proposed title and grade.
11. Review of preliminary classifications and allocations of individual positions with appropriate officials and employees, and revision of the classifications and allocations based on any supplemental or corrected information received during the review.
12. Preparation of complete rules and regulations for the adoption, implementation, administration and maintenance of the classification and pay plans.
13. Preparation and submission of a report summarizing the procedures and methods used in the survey and development of the classification and pay plans and including the proposed plans in detail.
14. Meetings with the government officials for explanation and discussion of the survey procedures at the beginning of the survey and additional meetings to explain and discuss conclusions and recommendations (1) at the time of the review of preliminary plans described in step 11 above, and (2) at a time during a reasonable period after the submission of the report described in step 13 above.

SURVEY AND DEVELOPMENT OF POSITION CLASSIFICATION AND PAY PLANS

OBJECTIVES

- PROVIDE AN ORDERLY AND SYSTEMATIC IDENTIFICATION AND DESCRIPTION OF JOBS
- ASSURE LIKE PAY FOR LIKE WORK
- ESTABLISH PAY LEVELS WHICH ARE ADEQUATE TO OBTAIN AND RETAIN COMPETENT EMPLOYEES
- FACILITATE BUDGETING AND ACCOUNTING, ORGANIZATION PLANNING, SUPERVISION, AND ALL PHASES OF PERSONNEL ADMINISTRATION

THE TOOLS AND POSITION CLASSIFICATION

PAY SURVEY AND JOB INFORMATION

SALARY SURVEY QUESTIONNAIRE
July, 1960

CITY _____ CODE NO. _____

Type of business agency: _____ Date: _____ Total Employees _____

INSTRUCTIONS ON COMPLETING QUESTIONNAIRE: Please answer all questions on Benefits and Working Conditions as they relate to salaried and to hourly employees whose rates are reported. Add any comments or explanations on back of page, referring to questionnaire number. On each sheet listing a group of jobs or classifications, please read descriptions of jobs carefully, and match with similar jobs in your organization. For comparable jobs in your organization, please show:

- Hours of regularly scheduled work per week.
- Number of employees (or approximation).
- Actual MINIMUM and MAXIMUM rate paid to qualified employees.
- If rates are on hourly, weekly or monthly basis.

Rates reported should be exclusive of living adjustment.

1. OVERTIME PRACTICE
a. Do you pay overtime?
b. If YES, at what rate?
c. If NO, do you pay overtime?
d. If YES, at what rate?

2. HOLIDAYS:
a. Are employees compensated for holidays?
b. If YES, how are they compensated?
c. If an employee works on a holiday, does he receive extra pay?
d. If observed day, do you give additional pay?

3. VACATIONS:
a. Do you allow vacation?
b. If yes, what is the policy?
Salaried: _____
Hourly: _____
Police Officer: _____

4. RETIREMENT:
a. Do you have a retirement plan?
b. If yes, is it contributory?
c. If contributory, what is the plan?
by: Employee _____

CLERICAL, ADMINISTRATIVE AND FISCAL JOBS		Hours per Week	Number of Employees	Rate Range (Excluding Minimum)
JOB TITLE AND DESCRIPTION				
JUNIOR CLERK - no previous experience; entrance level clerical duties of very limited nature.				
JUNIOR CLERK TYPIST - no previous experience; entrance level of simple routine typing and clerical work.				
JUNIOR CLERK STENOGRAPHER - no previous experience; entrance level of simple routine stenographic work.				
CLERK TYPIST - minimum previous experience necessary.				
CLERK STENOGRAPHER - minimum previous experience necessary.				
LEGAL STENOGRAPHER - minimum previous experience necessary; of specialized legal office clerical duties.				
TELLER (Clerk-Cashier) and keeps simple records handled. Some experience and clerical work required.				
ACCOUNT CLERK - maintains accounts of a single BOOKKEEPING MACHINE OR keeping machine in position determined program by TIMEKEEPER - keeps and unit of maintenance ACCOUNTANT - degree in previous experience.				
TELEPHONE OPERATOR - previous experience required; operates on (PBX) switchboard on KEY PUNCH OPERATOR - operates key punch machine to record data level job; no previous operating key punch experience.				
TABULATING EQUIPMENT OPERATOR - operates tabulating machines and related equipment; may perform simple work some experience and technical skill.				
STAFF JOURNALIST - degree professional level.				
STOREKEEPER - requisition issues materials and maintains storeroom or stores operation; previous experience and administrative or clerical skills.				
PERSONNEL TECHNICIAN - administration or clerical; beginning level as position classification BUYER - routine buying with specification of ATTORNEY - ILL - no previous experience; assists with research COURT CLERK - no previous experience; assists with court

ALLOCATION RECORD SHOWING EACH POSITION

GIVING EFFECT TO THE PLANS

COMPLETE ORDINANCE,
STATUTE, OR REGULATIONS,
AS APPROPRIATE

- **UNUSUAL SCOPE OF PERSONNEL AND OTHER SERVICES**—Advice and assistance by specialists with long years of varied experience in personnel administration are immediately available—in addition, every other phase of management is within the scope of available services—over the last 45 years many federal agencies, states, counties, school systems, cities and towns have utilized the services of J. L. JACOBS & COMPANY—also, several foreign governments and many private enterprises, both large and small, have been served.
- **UNIQUE EXPERIENCE**—The consultants of J. L. JACOBS & COMPANY have all held responsible administrative positions, mostly in government prior to entering the consulting field—the senior staff have had extensive experience which enables them to apply and adapt the best private and public management techniques to particular governmental problems—the know-how of J. L. JACOBS & COMPANY has been gained throughout the country and abroad, which permits bringing to bear on each assignment comprehensive knowledge of a variety of possible solutions—this is coupled with a keen awareness of the need to study and adapt to local conditions and practical situations.
- **THE JACOBS APPROACH**—The report on a JACOBS survey is only incidental—it is often a statement of improvements actually implemented and in being—the objective is to install, make it work, and reap benefits—every recommendation should pay for itself in economies or more effective operations—beginning with a preliminary discussion and definition of a project, without obligation to the client, and ending with consultant supervision of implementation of the recommendations, the JACOBS approach is refreshingly new and advantageous to the client.

J. L. JACOBS

& COMPANY

John F. White. Jewel TEA

Village of Barrington
Barrington, Illinois

LaSalle National Bank, as Trustee under Trust No. 22322 is filing the following objections in regard to the proposed rezoning and resubdivision of the West 20 feet of lot 101, lots 102 and 103 and that part of lot A in Jewel Park which said part of lot A has been set aside as a continuation of Roslyn Road and lot 219 which has been set aside for school purposes. All in Jewel Park, a subdivision of part of the N.E. $\frac{1}{4}$ of Section 36, Township 43 - North Range 9, East of the Third Principal Meridian, in Lake County, Illinois.

Basis of Objections:

Lot 219 is set aside for school purposes and should be so set aside. Out lot A, which extends from State Highway 59 at Roslyn Road and then east to Lake Zurich Road has been set aside as a continuation of Roslyn Road in connection with the adjoining property to the north thereof for which LaSalle National Bank is Trustee and holds title for the beneficial owners thereof.

Roslyn Road should cross directly as planned so as to make access to Roslyn Road Grade School directly across State Highway 59 at this point for the protection of school children from Jewel Park and the proposed subdivision to the North. Walking along State Highway 59, which is a heavy two-lane traffic road without sidewalks on either side and may mean the life and injury of many a child. Roslyn Road should be a direct cross road with traffic signals. The proposed resubdivision also closes part of Spruce Street which blocks access from adjoining property and uses part of the street thereof for lot purposes. This street and Magnolia Avenue should also remain open for low point sewer and water facilities and access to Jewel Park and the village proper. ✓

The State of Illinois will insist on entrance and exit at Roslyn Road for proposed subdivision to north, particularly on account of crest of Hill at this point which gives the motorist a clear vision from the Hill top of oncoming traffic which is extremely heavy from 7 A.M. to 9 A.M. and afternoons from 3:00 to 7:00 P.M.

A school for kindergarten first and second grades could be erected on lot 219 which covers approximately two acres and would relieve the crowded conditions at Roslyn Grade School in the future and now.

At this time we also wish to object to the damming up of Flynt Creek at the E.J. & E.R.R. crossing about 1,000 feet east of Lake Zurich Road which retards the flow of Flynt Creek and also the running of untreated sewerage into the creek which pollutes the stream.

We also wish to object to the damming up of the creek which crosses Highway 59 and runs east to Magnolia Avenue where it causes a permanent flooded condition.

A solution of these matters, we believe, can all be worked out at a conference between Jewel Tea Co., the petitioners for resubdivision, the county and State of Illinois and the undersigned.

Barrington, Illinois,

Gentlemen:

This Board will hold a public hearing on the petition of Cosmopolitan National Bank, trustee, on June 23, 1966, at 1:30 P.M., in the North Park Field House, Barrington, to rezone property in Secs. 27 and 34, Cuba, from E-Estates and O&R-Office and Research, to GI-General Industry.

This is the tract known as the Transolene property and is located near your Village limits.

Very truly yours,

Helen Strahan

Mrs. F. Strahan, Sec'y.

Sidewalks and Street Lights

Some day some curious graduate student working for his doctorate will make a survey to learn what types of subjects bring an angry "citizens' committee" down to city hall the fastest. We have been turning up with new ones lately. But over the long haul, new, brighter street lights, or sidewalks in new residential areas would loom high. As a matter of fact, some political scientists have noted that local opposition to street lights and sidewalks provided the unifying spirit for some new neighborhoods. If they had looked, they would have found the same to be true of other dubious issues. But this does not justify them.

Generally these citizens' committees consist of articulate and determined people from prosperous, upper-middle-income neighborhoods. And when they come to city hall, they are angry, and utterly in no mood to compromise. Their eyes are open wide. When they aren't talking, their mouths are in the traditional thin, hard line, and the cords stand out a bit in their necks. Invariably their arguments run somewhat as follows:

"I came here to get away from the city." (They always pronounce the word, "city," with a special sibilant slur as if they were fortunate refugees from the source of all evil.) "I moved here to raise my family in a quiet atmosphere. I will *fight* to keep it that way." This is generally followed by loud cheers, applause, and foot-stamping from supporting committee members.

This makes "bad guys" of the city administrators who have learned in the hard and painful school of experience that residential areas need both sidewalks and street lights. People are safer on sidewalks. Also violent crime, robbery, and burglary occur less often on streets with good lighting. And crime is on the rise, especially in suburban areas.

Nevertheless, these angry protesters will shout this logic down, and hint darkly about "communist dictatorship" in city hall. It is hard to equate dark streets and no sidewalks with the great democratic American dream, but these protesters can do it.

Dark streets are an attractive nuisance. They

tempt vigorous, alert, and active youngsters into anti-social acts. They may steal a car, break into a house, vandalize property. Those who argue for dark streets must accept their responsibility, and it is ugly.

On this subject of sidewalks, a heart-breaking little item came out of Sioux City, Iowa, recently. City Manager Conny Bodine has pleaded for them many times, especially in an area called Country Club Boulevard. Over the years, the residents have successfully opposed him, arguing that it would conflict with the rustic atmosphere of the estate-type area.

They are going to put in those sidewalks now. The opposition has disappeared. A 13-year-old school girl was killed walking the sidewalkless streets of Country Club Boulevard by a hit-and-run driver. The girl was Manager Conny Bodine's daughter Natasha.

The bucolic atmosphere of the Country Club area now has a red stain upon it. Would that this same accusing blood were to wash onto other areas with short-sighted citizens' committees who would trade a faked and unreal atmosphere for the safety of their loved ones.

Some time ago, a successful engineer, not in the municipal field, found himself appointed to his city's planning commission. He was pleased with the appointment, felt that with his technical training he could make a constructive contribution. But almost on the first meeting, he found himself face to face with an irate citizens' committee that wanted to substitute synthetic rusticity for the ugly danger of sidewalkless streets. The city engineer, he observed, argued stoutly for the sidewalks in the face of the most pugnacious opposition. The new engineer-member of the planning commission found himself confused and bewildered, and asked plaintively whether there wasn't some sort of book that spelled out specifications for this sort of thing. We had to write and say that this remained the responsibility of the local communities, but our preference was for sidewalks, especially in the vicinity of schools.

Now, the hospital records at Sioux City, Iowa, will confirm this judgement.
