Mrs. Henry L. Lipofsky and Family  
215 S. Cook Street  
Barrington, Illinois 60010

Dear Mrs. Lipofsky:

Not only as a personal friend of long standing, but also as President of the Village of Barrington I express to you and your beloved family my deep sorrow in the departure to the Great Yonder last Wednesday, Sept. 4 of your dear husband and helpmate.

During the forty years, since 1928, that I knew Henry, I found him always to be a person with whom I wanted to associate and discuss issues and problems in scouting and many other topics of mutual interest.

When the late Village President Martin H. Schreiber appointed Henry to the Zoning Board of Appeals in August of 1959, he obtained for the betterment of our village the values of sound understanding and the helpful comments of a man who showed not only interest in local affairs but expressed himself with deep devotion and rare ability.

Our Barrington community has been rewarded richly by the contributions of your dear husband who will be missed by his many associates and friends.

I feel assured that the entire Board of Trustees and all other officials of our Village join me in my expression of sympathy to you and your relatives.

Sincerely,

*John H. D. Blanke*

Village President's Report: Item 4, Sept. 9, 1968 Board Meeting

Compensation for Local Liquor Commissioner

Several months prior to the 1965 municipal election your Village President requested that consideration be given to the drafting of an ordinance that would provide some compensation to the local liquor control commissioner, such compensation to be separate and above any compensation for services as Village President. At that time the Board of Trustees declined to establish an ordinance for such compensation.

Your Village President at this time is reviving the request for such compensation, to be effective May 1, 1969, in view of data obtained as a result of a recent survey by the Illinois Municipal League. A questionnaire on local liquor control practices was mailed to 221 Illinois municipalities, all having a population in excess of 5,000. Replies were received from 200 municipalities ( of which 18 permit no sale of liquor ). In 36 reporting municipalities the mayor or president has appointed or designated other persons to assist him in the administration of local liquor control.

In approximately 66 municipalities the city council or the village board has provided for compensation to the mayor or president for his services as local liquor control commissioner who by Illinois Statute is an ex-officio member of the Illinois Liquor Control Commission obligated to prescribed duties within the municipality where he is mayor or president.

The following tabulation lists the compensation to mayor or president in reporting municipalities ( with approximate population shown in round figures within parenthesis:

\$10 per year in Villa Park (25,000)  
\$100 per year in Chester (5,300); Canton (13,000);  
Mundelein (14,000); Oak Forest (11,000)  
\$200 per year in Lockport (8,000); Monmouth (10,000)  
\$250 in Elmhurst (43,000)  
\$300 per year in Geneseo (5,000); Harwood Heights (8,000);  
Riverside (9,000); LaSalle 11,000); Summit (;0,000)  
\$375 per year in Bridgeview (9,000)  
\$400 per year in West Frankfort (9,000)  
\$500 per year in Flora (5,000); Park Forest (31,000);  
Roxhwillw (7,000); Schiller Park (8,000); West Chicago (8,000)  
\$600 per year in Alsip (6,000); Bradley (10,000); East Peoria  
(13,000); Hoffman Estates (15,000); Metropolis (7,000);  
Murphysboro (9,000); Riverdale (13,000)  
\$700 per year in Morton Grove (25,000); River Grove (11,000)  
\$800 per year in Berkeley (6,000)  
\$900 per year in Harvey (33,000)

Note: Compensation of \$1,000 or more per year is not listed being considered not necessary for comparative study to determine compensation for local liquor control commissioner in Barrington, Ill.

Compiled Sept. 9, 1968

John H. D. Blanke, President  
Village of Barrington, Illinois

# INTEROFFICE MEMO

DATE 9/9/68

TO: President and Board of Trustees

FROM: R. D. Heninger, Manager

SUBJECT: Watermain to Service Southgate

EMERGENCY

---

---

I have just, today, received a letter from Mr. McBride of Consoer, Townsend and Associates relative to watermain installation in Cook Street, which was, as you know, stopped by the Village, due to a large amount of and depth of the peat in the area of Cook Street and Harvard Avenue. A copy of this letter is presented for your information and action.

Mr. Borah, the developer, and Mr. Arthur Rice of Technical Publishing, have repeatedly expressed their concern in regards to the Village supplying water to this area at the earliest possible date.

In view of this letter, it is my recommendation that the Village Board concur in the recommendation of Consoer, Townsend and Associates' letter of September 6, 1968, and hereby approves the installation of a proposed ten-inch internal diameter steel watermain, in compliance with the revised plans and specifications as prepared by Wight and Company through a peat area located in the vicinity of Cook Street and Harvard Avenue, complete with Dresser coupling joints and cathodic protection and subject to the Village's receipt of a five-year maintenance bond in the amount of \$8,500.00 (EIGHT THOUSAND FIVE HUNDRED AND NO/100 DOLLARS) with a special provision to specifically state that the Village maintain the right to reconstruct the proposed watermain at a new location if the Village authorities deem it advisable to do. Said bond and terminology therein subject to the approval of the Village Legal Counsel.

My purpose in classifying this matter as a "Emergency Item" is that the manufacturer states that delivery will be made approximately eight weeks after the order is placed. Also, Technical Publishing has informed the writer that they hope to occupy their new facilities around the first of the year.

RECEIVED  
VILLAGE MANAGER

SEP 9 1968

WATERMAIN, ILLINOIS

Dear Mr. Heninger:

In accordance with your request of August 16, we have reviewed the revised plans and specifications for the installation of the watermain in Cook St. through the peat area, as prepared by Wight & Company, Consulting Engineers, consisting of six sheets and dated May 6, 1968. The specifications are identified as BE-1404 and contain Addendum No. 1 dated July 12, 1968. The proposed construction appears to be satisfactory and, therefore, we recommend Village approval of the installation of the proposed 10" internal diameter steel watermain complete with Dresser coupling joints and cathodic protection.

Because of the unusual nature of the conditions at the site of this proposed construction, we are of the opinion that Village approval of the plans and specifications be granted contingent upon the Village's receipt of a five-year maintenance bond in the amount of not less than \$8500.00. As a precautionary measure, we also feel it to be in the Village's best interests to insist upon a special provision in the maintenance bond which would specifically cover the reconstruction of the proposed watermain at a new location if the Village authorities deem it advisable to do so. Such a provision would permit a rerouting at some future date in the event that repairs become impractical. In our opinion, it is not out of the realm of possibility that conditions could prevail which would make it necessary to reroute this facility. We have estimated that such rerouting would cost in the neighborhood of \$8500.00 and have thus used this estimate as the bond amount.

We recommend that you contact the Village attorney so that the appropriate wording to fully protect the Village be incorporated in the recommended maintenance bond.

Very truly yours,  
CONSOER, TOWNSEND & ASSOCIATES

September 4, 1968

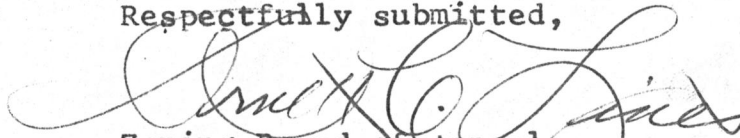

Honorable President and Trustees and  
Office of Building Inspector  
Village of Barrington, Illinois

Gentlemen:

Re: John B. Peter Zone Petition

Please be informed that, after the public hearing of the John B. Peter petition this evening for permission to erect north of his house at 420 Waverly Street an unattached porch, not being provided for in the building code, it was the decision of your Zoning Board of Appeals that we recommend your granting the petition for we find no harm in it.

Respectfully submitted,

Zoning Board of Appeals  
Arnett C. Lines, Secretary

STENOGRAPHIC REPORT of a Public Hearing held before the Zoning Board of Appeals of the Village of Barrington, in the Village Hall, on September 4, 1968, at 8:00 PM, on the petition of John B. Peter. Meeting having been duly published.

## MEMBERS PRESENT:

Arnett C. Lines, Secretary  
F. H. Beinhoff  
Clyde L. Church  
E. T. Vorbeck

RECEIVED

SEP - 9 1968

VILLAGE OF BARRINGTON

In the absence of a Chairman, it was moved by Mr. Church and seconded by Mr. Vorbeck that Mr. Beinhoff act as Chairman for the evening.

MR. CHURCH: Mr. Chairman, before we proceed with the meeting, I have a sad message to bring to you. One of our members, Mr. Henry Lipofsky, passed away this evening, and I suggest that all of us arise for one moment of prayer for him. --- I am sure his family will appreciate this.

MR. BEINHOFF: We will have the recording secretary read the petition.

MRS. JOHNSON: Notice was given that a public hearing would be had on July 31, 1968 to hear the petition of Mr. John B. Peter at 420 Waverly Road, for permission to erect an unattached screen porch. There being no quorum the meeting was reset for August 28, 1968. Due to no quorum the meeting has been reset to be heard first tonight.

MR. BEINHOFF: Anyone like to speak on behalf of this petition?

Mr. John B. Peter of 420 Waverly Road, Barrington, Illinois was sworn in.

MR. PETER: I would like to show you gentlemen the drawing which I presented to the Building Commissioner and was turned down. I have several I will pass around to you. Back in April I mentioned what I had in mind to the Building Commissioner and discussed it with him and he suggested I submit a drawing. I did submit this drawing as you now see it. He took it and reviewed it and said he did not see any reason why the building permit could not be issued. I submitted it to the Building Committee for action and the application was denied, I think, because it was not attached to my home.

The first thing I would like to point out is that this type of porch would be a complete building immediately adjacent to my house, to provide an outdoor summer living area. This can be done and was done previous by me when I lived in Lake County on Highland Road and it still stands today. It would be sturdy, all screened in, but it would not become an all-round living space for the entire year. It would not be near anyone in the area; these drawings show the location to the nearest buildings. There would be lattice-work between the building and my house, but no attachment. There is no intention of making it living quarters for the entire year, as I have plenty of living area in my home for myself, wife and three children.

I am submitting these drawings to you tonight in the hopes of getting a reversal decision to the denial of the petition so that I may proceed with the construction of this building for summer living. I will be glad to answer any questions.

MR. LINES: The porch would be to the north and wouldn't the roof of the porch overlap the eaves of the house?

MR. PETER: The roof of the new porch would be merely under the gutter of the eaves of the house with one inch clearance from the eaves.

MR. BLANKE: Under what portion of the Village Code was it denied?

MR. PETER: I do not know.

MR. BLANKE: I have no information whatever as to why it was denied.

MR. VORBECK: Your lot is 95 ft. north and south and the northerly line of the screen porch would be 11 ft. south of that lot line, is that correct?

MR. PETER: Yes. I have a sketch showing two methods proposed to build it, which I will also pass on to you gentlemen. Any other questions I might answer to help you make a decision? The porch would be 13 ft. 6 in. x 16 ft. - outside dimensions.

MR. BEINHOF: Any further questions? A nyone else wishing to speak on this matter. We have heard the discussions and there will be a later discussion by our Board and a recommendation will then be made to the Village Board.

MR. PETER: If this should still be denied, we are very anxious to have this porch and ask then may I receive permission to build it to the house. He would cost me more money, but if you prefer it that way I will go along with it.

MR. BEINHOF. We will accept the request and will have to have the attorney determine whether we can act on one request if not on the other. This property is zoned R6, for information purposes. Thank you. Meeting adjourned.

September 4, 1968

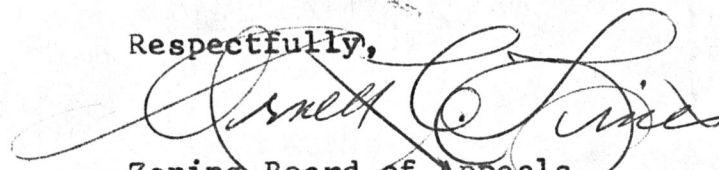

Honorable President and Trustees  
Village of Barrington, Illinois

Gentlemen:

Re: Freund Bros. Zone Petition

Decision in this petition is postponed and taken  
under advisement until October 2, 1968, at the  
Village Hall at 8:00 p.m.

Respectfully,

Zoning Board of Appeals  
Arnett C. Lines, Secretary

MRS. NARUSIS: On February 14, 1968, this Board held a Public Hearing (it was later corrected that on this particular date the public hearing was before the Plan Commission of Barrington) requested on behalf of Freund Bros. for a special use permit for the use of some residential property directly in back of this building, as they wanted to use it to store automobiles, tractors, etc. This was denied by this Board and the Village, however, the violations are still being made. Our main objection is that Freund Bros. has continuously violated your building code and ordinance, this Body's' action and the Village Board and there is a law suit pending, and when a petitioner acts in such a way and violates all these laws and still can ask permission for another violation, if granted you are condoning all these violations.

Mr. Leedstrom you were the Building Commissioner until only approximately six weeks ago, you issued this permit to Mr. Freund when he originally made application - how many stop-orders have you since issued.

MR. LEEDSTROM: Ten or fifteen violations.

MR. RUTH: It is not necessary to bring such things up now, they are of the past.

MRS. NARUSIS: I feel you should come with clean hands when asking for another variation.

MR. RUTH: Are you aware of who brought up this petition?

MRS. NARUSIS: Yes, Mr. Freund.

MR. BEINHOFF: We will end this matter of arguing matters between Counsels about various points to be brought out. We will conclude this meeting and will have our discussions and make recommendation to the Village Board for their consideration. This will terminate the hearings for tonight.

JFW

# INTEROFFICE MEMO

DATE 9/6/68

TO: President and Board of Trustees  
FROM: R. D. Heninger, Village Manager  
SUBJECT: Two-Hour Parking Ordinance  
Agenda Item  
Board Meeting September 9, 1968

I am attaching a copy of a letter from Chief Muscarello, which is self-explanatory. I, also, have received four calls from residents complaining of all day parking on Hager and Raymond Streets.

This Ordinance will appear on the agenda for our meeting on September 9, 1968, and it is my recommendation that the Ordinance be adopted, not only for the control of parking, but to support school authorities in their program to control the use of automation vehicles by Freshmen and Sophomores.

POLICE DEPARTMENT

September 4, 1968

Mr. R. D. Heninger  
Village Manager  
206 S. Hough St.  
Barrington, Illinois 60010

Dear Sir:

Since the High School has prohibited the Freshmen and Sophomores from parking in the High School Parking Lot, they are parking on adjacent streets.

We are now getting complaints from the residents on these streets and I am recommending that the following streets be made 2 hr. parking, by ordinance:

Hager Ave. from the south end to the north end.

Raymond Ave. between Main St. and North St.

North St. between Hager and Raymond.

LaVerne between Hager and Raymond.

Yours truly,

*Joseph L. Muscarello*  
Chief of Police

Re: Purchase of 200 South Hough Street

Gentlemen:

In response to the Village Manager's letter of August 16, 1968, and the memorandum of August 15, 1968 from J. William Braithwaite, the Plan Commission concurs in the recommendation to acquire this property for a parking lot.

The subject property has been a matter of discussion by the Commission on many occasions in the past and the current action regarding it is deemed to be in the best interests of the Village.

Respectfully,

BARRINGTON PLAN COMMISSION

RE: PROPOSED DANCE HALL ORDINANCE

Pursuant to your request we have reviewed and revised the original draft of the enclosed ordinance and transmit herewith another draft. We especially call to your attention the following:

1. The term "Public Dance" has been defined in Section 19.1201. Do you find the definition broad enough and are the exclusions satisfactory?
2. We have attempted to provide, in Section 19.1202, more definite guide lines for the matters to be included in the application for a license.
3. Your policy decisions are especially required for Section 19.1207 (Section 8 of the former draft ordinance).
  - a) The draft provided to us specified that no one under the age of 21 could attend a public dance if alcohol were served. Do you wish to prohibit attendance by minors who are accompanying a parent?
  - b) The draft furnished to us had an absolute prohibition against some one under the age of 14 attending a public dance. Should this prohibition apply to a person in the company of a parent?
  - c) The original draft would have allowed children

of the age of 14 years and older to attend a public dance. If you desire to prohibit youngsters 14 and under from attending, then the ordinance should specify that no one under the age of 15 can attend.

4. The original draft made it unlawful to indulge in or permit any improper or immoral conduct. We suggest that this is covered by other ordinances and state statutes and is so vague it would be difficult to enforce.
5. The building commissioner's advice especially is needed on Section 19.1205, relative to exits and lighting. We suggest adding the last sentence to this section.

  
J. William Braithwaite

(VILLAGE CODE AMENDMENT)

(DRAFT)

ORDINANCE NO. \_\_\_\_\_

LICENSE REQUIRED FOR PUBLIC DANCES

BE IT ORDAINED by the President and Board of Trustees of the Village of Barrington, Cook and Lake Counties, Illinois, that:

The Municipal Code of Barrington of 1957 as amended, is hereby amended to add thereto and to insert therein the following Sections 19.1201 through 19.1208, inclusive, as part of Chapter 19, as follows:

"Section 19.1201. License required.) It shall be unlawful to operate or conduct a public dance in the Village without first having obtained a license therefor as provided in this ordinance. A public dance is defined for the purpose of this ordinance as any dance for which admission is charged, excluding any dance held on the premises of any public school, regularly operated parochial school or any church, or conducted under the direct supervision of any such school or any church.

"Section 19.1202. Application.) Applications for such license shall be filed with the Village Clerk. Each application shall be in writing, shall specify the location proposed to be utilized, the person, firm or corporation operating and in charge of the dance hall, and such other information relevant to the background and qualifications of the applicant as the Village Manager, after consultation with the Chief of Police, shall, from time to time, deem necessary.

No such license shall be issued to any person who is not found to be of good moral character. If the applicant be a firm or corporation no license shall be issued if any officer, director, trustee or

manager is not found to be of good moral character. No such license shall be issued to a person under the age of twenty-one years.

"Section 19.1203. Fees and costs.)

a) The fees for such license shall be as follows:

For an annual license ..... \$ \_\_\_\_\_

For a license for one (1) day ..... \$ \_\_\_\_\_

b) The license holder shall also pay the cost of necessary special police protection.

"Section 19.1204. Investigations.) It shall be the duty of the Chief of Police to make or cause to be made an investigation into the character of each applicant and report the results of such investigation to the corporate authorities of the Village.

"Section 19.1205. Exits.) It shall be unlawful to conduct a public dance in any hall or building which is not equipped with such number of exits, four feet or more in width as are reasonably necessary to provide for safe emergency evacuation. Without limiting the foregoing right to require a larger number, each hall or building shall have not less than two such exits. It shall be the duty of the owner and the occupant in charge of any building or hall used for public dances to provide and place a sign, on which the word "Exit" appears in letters at least six inches high, over each door or other opening from such building or hall to every means of egress therefrom, and a light shall be provided with a red globe, and placed at or over such signs, which light shall be kept burning during the entire period that the hall is open to the public and until all persons have left the hall. Said light shall have an independent electrical power supply so as to remain lighted if the primary electrical power supply fails.

"Section 19.1206. Parking Facilities.) Parking facilities

must be provided in accordance with the Zoning Ordinance of the Village and such additional spaces as may be required by the Village, from time to time. Parking areas shall be lighted by lights rated at not less than two foot candles.

"Section 19.1207. Minors.) No person under the age of twenty-one years shall be permitted to attend a public dance if alcoholic beverages are served on the premises, unless said minor is accompanied by a parent or guardian.

No person under the age of fifteen years shall be permitted to attend a public dance unless said person is accompanied by a parent or guardian. No person under the age of twenty-one years shall attend any public dance between the following hours:

- a) 11:30 P.M. on Friday to 12:00 noon on Saturday;
- b) 11:30 P.M. on Saturday to 12:00 noon on Sunday;
- c) 10:30 P.M. all other nights to 12:00 noon of the following day.

"Section 19.1208. Penalty.) Any person, firm or corporation violating any provision of this ordinance shall be fined not less than five dollars nor more than five hundred dollars for each offense; and a separate offense shall be deemed committed on each day on which a violation occurs or continues."

Passed this \_\_\_\_\_ day of \_\_\_\_\_, 1967.

RE: PROPOSED LIBRARY DISTRICT

Questions have been raised as to the effect of the  
Library District which is being proposed.

First, it may be well to advise you as to the mechanics  
and referendum required in this matter. After publishing notice  
of its intent to do so, the present Library Board adopts a  
resolution by a two-thirds vote relative to conversion of the  
present District into a new Library District. The existing  
Library Directors cause a petition to be filed in the Circuit  
Court of the County containing most of the property of the  
existing Library District. A date for Court hearing is set  
and a notice of this date is published. If a petition  
bearing the signatures of 100 or more voters of the present  
District so requests, then the question of converting to a  
new Library District must be submitted to the voters. If  
there is no such petition and if the other steps are found  
to have been proper, the Judge approves the conversion to  
a new Library District, appoints the incumbent Library  
Directors as Trustees of the new District with the same  
terms, specifies the effective date of the conversion and  
covers other matters necessary to effect the conversion.

All of the assets and liabilities of the former  
Village Library become the assets and liabilities of the  
new District. The maximum tax rate of the new District  
shall be the same as the maximum now provided through the  
Village levies. Of course, where a separate District is

created, the Village no longer has any responsibility as to tax levies and the amount levied for the Library District is not included in the Village tax as is now the case.

MEMORANDUM

TO: PRESIDENT AND BOARD OF TRUSTEES, VILLAGE OF BARRINGTON  
COPIES: VILLAGE PRESIDENT  
VILLAGE MANAGER  
VILLAGE CLERK, with original memorandum for reproduction ✓  
and transmittal to Board  
MR. ROY W. KLEPPER, FIRST NATIONAL BANK & TRUST CO.

DATE: September 5, 1968  
RE: EAST STATION STREET PARKING LOT - LEASE AGREEMENT  
WITH FIRST NATIONAL BANK & TRUST CO. OF BARRINGTON

Enclosed are Mr. Klepper's letter of August 15, 1968  
to the Manager and my memorandum of July 31, 1968.

Mr. Klepper points out that \$490.00 of the total \$862.00  
additional expense was occasioned by cutting a trench in the  
street and replacing the street surface. It appears that when  
original cost figures were obtained and when the lease was  
negotiated, it was contemplated that wires would be placed under  
the street by forcing a hole without disturbing the surface.  
This could not be done due to conditions under the street.  
The Bank's position is that the Village should have known of  
these sub-surface conditions (although no one contends that  
the Village did in fact have any knowledge) and that had this  
matter been brought to the attention of the parties, the Bank  
would have collected more funds from the property owners  
involved or the Village share of the cost would have been  
increased.

In other words, the Bank's argument is essentially  
an equitable one which claims that if the subsequent facts had  
been known at the time the lease was signed, a different  
arrangement would have been made. From a purely legal viewpoint,  
I must adhere to the conclusions of my memorandum of July 31.  
The matter is one of policy for the Board.

  
J. William Braithwaite

JWB:eg

Mr. R. D. Heninger  
Village Manager  
Village of Barrington  
206 South Hough Street  
Barrington, Illinois 60010

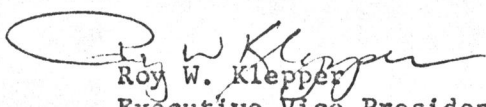

Dear Mr. Heninger:

I have discussed with the Village attorney, Mr. Braithwaite, the matter of who should pay for the opening of Station Street in order to facilitate the placing underground of electrical service serving the area being developed as a village parking lot.

We agreed that it will probably take a policy decision by the Village Board to determine if the Village should pay for the opening of the street. He suggested that I write you requesting that you seek such permission from the Board. It would seem that the Board would agree that payment of \$490.00 by the Village is in order when they have been informed of the fact that the bank has agreed to pick up all costs of changing easements and considering that the Village has paid none of the underground wiring costs which will benefit the Village lot.

We would, therefore, sincerely request that the Village pay \$490.00 toward this improvement and would invite you to call me if you have any further question on this matter.

Sincerely,

  
Roy W. Klepper  
Executive Vice President

J. WILLIAM BRAITHWAITE

MEMORANDUM

TO: VILLAGE MANAGER, VILLAGE OF BARRINGTON  
DATE: July 31, 1968  
RE: EAST STATION STREET PARKING LOT - BANK LEASE

Your letter of July 2, 1968 states that of the total additional costs of the parking lot improvements, \$490.00 represents cutting a trench in the street and replacing the street surface all for the underground utility work. ✓

Paragraph 8 of the lease with the First National Bank and Trust Company of Barrington provides:

"The Bank, at its own expense (by utilizing such portion of the aforementioned escrow funds and such other funds as may be required) will cause to be placed underground all utility services located on said service alley, on the combined Bank and Village properties, over Station Street contiguous to the combined Bank and Village properties and serving the buildings contiguous to said service alley and said combined properties."

Therefore, the entire cost of the underground improvements, including the cost of trenching in the street and replacing the street surface, was one which the Bank agreed to bear. The

Village has no authority to pay the \$490.00 except under direction  
of the Village Board. ✓

Re: 1968 MFT Maintenance; No. 68-160

Dear Mr. Heninger:

We submit herewith two (2) copies of a tabulation of the one bid received by the Village of Barrington on September 3, 1968 for the bituminous work included in the referenced maintenance program. The bid was received from Liberty Asphalt Products, Inc.

We have checked the extensions and total and found them to be correct, with the exception of the extension for item 3, which is shown corrected on the bid sheet. This correction, however, does not change the Contractor's total bid, in the amount of \$34,328.17, which amount is under the Engineer's estimate.

It is recommended that the contract be awarded to Liberty Asphalt Products, Inc. If the award is made as recommended, kindly advise us and we will submit the necessary copies of the contract to the Contractor and his surety for execution, with instructions to forward them to you for review and execution by the Village.

We return herewith for your files the proposal submitted by Liberty. This Contractor's guarantee check should be retained until the contract and bond have been properly executed and approved.

Very truly yours,  
CONSOER, TOWNSEND & ASSOCIATES

Gentlemen:

As authorized at the board meeting of August 26, 1968, bids were solicited from oil companies for opening at 11:15 AM on September 5, 1968. Bids were received from five firms as follows:

		<u>Regular</u>	<u>Premium</u>
1. Lake - Cook Farm Supply		\$ .199	\$ .236
Motor Oil 10W30	\$ .98 per gal.		
SAE 20 & 30	\$ .79 per gal.		
2. Marathon Oil Co. Park Ridge		\$ .216	\$ .256
Motor Oil 10W30	\$ 1.09 per gal.		
SAE 20 & 30	\$ .86 per gal.		
3. Standard Oil Co. Chicago		\$ .145	\$ .170
Motor Oil 10W30	\$ 1.07 per gal.		
SAE 20 & 30	\$ .73 per gal.		
4. Union Oil Co. Berwyn		\$ .165	\$ .195
Motor Oil 10W30	\$ .99 per gal.		
SAE 20 & 30	\$ .82 per gal.		
5. Sinclair Refining Co. Chicago		\$ .138	\$ .170
Motor Oil 10W30	\$ .97 per gal.		
SAE 20 & 30	\$ .71 per gal.		

All prices are quoted exclusive of any taxes, and the Village must pay the .06 cent State Gasoline Tax, being exempt from Federal Tax and State Sales Tax. On the basis of the bids submitted and opened on September 5 it is recommended that the Sinclair Refining Company be awarded the 1968-1969 annual requirement for gasoline and motor oil, according to specifications and as stated in their bid proposal of September 4, 1968.

VILLAGE MANAGER  
VILLAGE CLERK, with original memorandum for reproduction  
and transmittal to Board.  
DATE: September 6, 1968  
RE: SOUTHGATE STORM CULVERT UNDER BARRINGTON ROAD

If the Village could reasonably anticipate that allowing the installation of a culvert smaller than that recommended by the Village Engineers might cause flooding and property damage to residents, then the Village could be held liable for civil damages. Of course, in the event of a lawsuit, the Village would defend in part based upon the requirements of the State. However, we have no assurance that this argument would be successful.

## VILLAGE OF BARRINGTON

POLICE DEPARTMENT

September 4, 1968

Mr. R. D. Heninger  
Village Manager  
206 S. Hough St.  
Barrington, Illinois 60010

Dear Sir:

I am requesting herewith authorization for Mr. Drauden, Chairman of the Fire and Police Commission, to hold an examination for the positions of Sergeant and Patrolman in the Police Department.

Will you please present this request to the Village Board Monday night as we wish to hold these examinations in the near future.

Yours very truly,

*Joseph L. Muscarello*  
Chief of Police

DATE: September 6, 1968  
RE: ILLINOIS MUNICIPAL LEAGUE ANNUAL MEETING IN PEORIA

I strongly urge each of you to attempt to attend this meeting, at least for the working sessions on October 14 and October 15. The various seminars are extremely valuable. Many Villages have all or most of the Village Board there, along with many other appointed officials. In the past few years, only the President and Attorney for Barrington have attended.

The payment by the Village of the expenses of Trustees and their spouses to this meeting is perfectly proper. (As the undersigned represents several municipalities, my expenses are borne by our office).

FROM: R. D. Heninger, Village Manager

SUBJECT: Copy of Review of Existing Zoning and Subdivision  
Ordinances - Technical Supplement - B.A.D.C.  
"INFORMATIONAL"

Through the cooperation and interest of Trustee Voss, I am happy to forward subject mentioned material for your information and file.

In reviewing the report, I think you will find it extremely interesting especially where our rating shows a deficiency. In my opinion, this is valuable information and it may be well at this point to consider a consolidation, for use by all concerned, and to provide area continuity and unanimity on some of the various codes.

Mr. Voss has also informed me that members of the staff of Barton-Aschman Associates, Inc. are going to present a complete and detailed review of their B.A.D.C. reports at the Middle School sometime early in September. I will confirm this date at the very earliest time to you in order that you can make arrangements to be in attendance.

Attachment (1)

ZONING ORDINANCE--1966

Feature	Optimum (Recommendations)	Barrington	Rating	Comment
1. Organization of the Ordinance	Arrangement that facilitates use and administration.	Adequately organized for use and administration, although the administration and variation provision might be better located in front with the General Provisions.	Adequate	-
2. Definitions	All significant terms and phrases precisely defined.	Seventy key words and phrases excellently defined.	Excellent	-
3. Administration and Enforcement	<p>Enforcing officer to be responsible for daily enforcement inspection and issuance of certificates.</p> <p>Board of Appeals to hear and decide appeals and requests for "hardship" variances and/or exceptions.</p> <p>Planning Commission to review and hold hearings on requests for conditional uses and amendments, and make recommendations to Village Board.</p> <p>Village Board to be responsible for final action on conditional uses and amendments.</p> <p>Penalties to be prescribed for violations.</p>	<p>Enforcement of the ordinance by the Building Inspector.</p> <p>Board of Appeals:</p> <p>a. Hears appeals from decisions. b. Requests for variances. c. Interpretations of text and map.</p> <p>Makes recommendation to President and Board of Trustees.</p> <p>President and Board of Trustees may grant variances by ordinance, may approve special conditions by ordinance after hearing by Board of Appeals.</p> <p>President and Board of Trustees may grant change of zone or amendment to ordinance after public hearing by Plan Commission.</p> <p>Penalties are prescribed.</p>	Adequate	Should indicate physical makeup of Board of Appeals and the fact that this body is only advisory to Board of Trustees for the variance procedure, if this is in fact the case.
4. Appeals	Any person should be permitted to appeal from a decision of the building inspector at a public hearing before Board of Appeals. Further appeal should be provided to the courts.	Any person may appeal to Board of Appeals for Public Hearing. Final determination reserved to President and Board of Trustees.	Adequate	Should establish procedure for appeal to the courts.
5. Variances	Board of Appeals to allow variances only under proof of hardship in compliance with specified standards.	Variations may be granted by the President and Board of Trustees where undue hardship exists.	Deficient	Standards for granting variations should be established. Use variations should be specifically prohibited.
6. Amendments and Changes	President and Board of Trustees authorized to amend text or map after public hearing and recommendation by the Plan Commission.	Apparently anyone may file amendment to map or text--public hearing by Plan Commission and recommendation to President and Board of Trustees.	Deficient	Ordinance does not set forth complete requirements.
7. Nonconforming Buildings and Uses	<p>Comprehensive provisions concerning: relocation, repairs and alterations, additions and enlargements, restoration of damaged building, expansion of use, discontinuance, and change of use.</p> <p>Amortization schedules to allow for gradual elimination of nonconforming uses, signs, and buildings. Period of amortization to be based on value of building and type of construction (estimated length of life).</p> <p>Distinction made between (1) nonconforming building designed or intended for a nonconforming use and (2) nonconforming use of a building designed or intended for permitted use, with certain concessions allowed in the former.</p>	<p>Legally established uses and structures may continue without physical change.</p> <p>Amortization schedule for uses and/or structures not exceeding \$500.00 in value; change of use to same or more restrictive use permitted; use may not be reestablished after discontinuance; no expansion of use permitted; no additions permitted; no restoration permitted when structure is damaged in excess of 50 percent of replacement cost.</p> <p>No distinction made.</p>	<p>Excellent</p> <p>Adequate</p> <p>Deficient</p>	Suggest amortization schedule for all other uses if there are many such uses in the Village.
8. Conditional or Special Uses	<p>Within each zoning district, a list of uses to be allowed only after public hearing and recommendation by Plan Commission and approval by the President and Board of Trustees.</p> <p>A comprehensive section within the chapter on administration and enforcement should specify procedures and standards.</p>	<p>A comprehensive list of special uses is provided without standards.</p> <p>Special uses may be granted by President and Board of Trustees after public hearing and recommendation by Plan Commission.</p>	Adequate	Suggest this section be incorporated with administration section.
9. Sign Regulations	Within each zoning district, sign regulations as to: content, total area, projection and height.	Brief general regulations and reference to signs permitted in business districts, as regulated in a separate code.	Deficient	All sign regulations should be with the zoning ordinance, preferably within each district.
10. Off-Street Parking	Comprehensive schedule of required number of spaces per type of use, plus complete design standards for: lighting, surfacing, setbacks, size, access and screening.	Same as optimum.	Excellent	-

ZONING ORDINANCE--1966 - (Continued)

Feature	Optimum (Recommendations)	Barrington	Rating	Comment
11. Off-Street Loading	Comprehensive provisions including: complete schedule of required number of loading berths based on type or intensity of use and amount of floor space, access to loading area, screening, design and maintenance.  Minimum dimensions to be 12 feet in width by 30 feet in length by 15 feet in height.	Comprehensive provisions consistent with good zoning practice.	Adequate	Could include provisions relative to access to spaces and screening.
12. Annexation Procedure	The proper permanent zoning classification of all annexations should be decided and adopted coincident with the approval of the annexation; or it should be made mandatory within 90 days of annexation, with no construction permitted within that period.	Newly annexed area acquires R-1 (five acres) single-family until such land is zoned differently.	Adequate	The optimum requirement would be better.
13. Home Occupations	Precisely and appropriately defined and controlled so as to preclude nuisances. Should prohibit: signs or displays, commodities being sold on premises, nondomestic mechanical or electrical equipment.	Allowed only in R-10 District.	Adequate	Employees other than residents should not be permitted.
14. Bulk Regulations	Bulk control by minimum lot area and width, yards, setbacks, and floor-area-ratio or height limitations.	Building bulk controlled in each district by lot area, setbacks, yards and height limitations.	Adequate	Recommend floor-area-ratio control for bulk.
15. Planned Developments	Allow for residential, commercial, and industrial planned developments, which grant certain premiums and flexibility to the developer in exchange for a degree of design control by the city. Flexibility should be offered both for density or intensity of use and types of land-use allowed.  Complete procedures and standards to be specified in the chapter on administration and enforcement.  Planned Developments to be considered as conditional uses within each district.	No standards.	Deficient	Even in a prestige community planned developments should be provided for, especially if large tracts of land are vacant.
Residence District Regulations	Appropriate number of districts, distinguished by density, to accommodate desired population levels.	Ten districts are established for residential uses. Residences also permitted above first floor in business districts.	Adequate	Number of units permitted in R-9A and R-10 restricted by required lot area--not in R-9. Suggest floor-area-ratio concept.
17. Commercial District Regulations	Sufficient number of districts to accommodate every type of business or commercial activity in a proper location. Permitted and conditional use lists to be established on the basis of compatibility.	Four business and commercial districts provided.	Adequate	-
18. Industrial District Regulations	At least two districts, one designed to accommodate "clean" industries requiring a nuisance-free environment. Permitted activities to be controlled by definitive performance standards, or by listing permitted uses established on the basis of normal performance levels.	Establishes two industrial districts with minimum performance standards. M-2 Heavy Industrial District accumulates all business and commercial uses--also permits residential above first floor.	Deficient	Allowing residential and commercial uses to develop in industrial district leads to blighted areas and could preempt prime industrial land for less desirable usage.
19. Airport Zoning	Comprehensive controls limiting the location and size of structures in close proximity to airports.	Allows landing field either public or private as special use, with whatever restrictions are appropriate.	Adequate	-

SUBDIVISION REGULATIONS--1958

Feature	Optimum (Recommendations)	Barrington	Rating	Comment
1. Authorization	Cities and Villages given power to review and approve all proposed subdivisions within municipality and within planning jurisdiction.	Any city may adopt subdivision regulations for entire city and the unincorporated area within one and one-half (1½) miles of such boundary. Subdivisions outside corporate boundaries required to conform to city requirements if they are more stringent than county regulations.	Excellent	Check statutes with regard to other municipalities whose area of jurisdiction may overlap.
2. Administration	By Planning Commission, with assistance of, and recommendations from, city engineer, city planner and health officer.	Subdivision regulations administered by the Plan Commission and requires prior approval of city engineer.	Excellent	-
3. Enforcement	Enforcement by: 1. Not allowing filing or recording of plats which are not approved by Plan Commission. 2. Refusing zoning certificate and building permit on lots in non-approved subdivisions.	Same as optimum.	Excellent	-
4. Definitions	All significant terms and phrases precisely defined.	Twenty-five key words and phrases defined.	Excellent	Suggest definition of planned development.
5. Design Requirements or Standards	Subdivision regulations to specify design standards to be used by Plan Commission and staff in considering proposed subdivisions. Should include comprehensive standards for: 1. Arrangement of streets and alleys. 2. Access to major streets. 3. Right-of-way and paving width for streets. 4. Street grades. 5. Vertical and horizontal curves. 6. Cul-de-sac or dead-end streets. 7. Street intersection design. 8. Easements. 9. Block design. 10. Lot size, shape, and orientation.	Village of Barrington provides: 1. Minimum rights-of-way to be provided for all types of streets. 2. Permits one-half (minor streets) dedications adjoining unsubdivided property. 3. Requirements for off-set streets. 4. Vertical and horizontal curves. 5. Length of cul-de-sacs. 6. Alley provision. 7. Easements provided for. 8. Block design standards. 9. Building lines required.	Adequate	1. One-half streets should be prohibited. 2. Centerline off-sets of less than 125 feet should be prohibited. 3. Clear visibility along centerline of streets should indicate (vertical and horizontal) distances. Tangent should be required between reverse curves. 4. Minimum pavement widths and maximum grades on all types of streets should be established.
6. Procedure for Filing and Approval	Preliminary Plan to be filed with Plan Commission, reviewed by Commission and Village Engineer, approved with or without conditions and sent to Village Board for approval.  Village Board on basis of Plan Commission should approve, disapprove, or approve with conditions.  Final Plat to be filed with Plan Commission for review as to conformance with Preliminary Plan as approved by Village Board.  Village Board should approve final plat which is in conformance with approved Preliminary Plan.	Filed with Village Board, referred to Plan Commission.  Same as optimum, except procedure should indicate the standing of the Preliminary Plan after approval by Village Board.  Filed with Village Board, action taken.	Adequate  Deficient  Adequate	One copy of approved preliminary plat should be filed with the Village Clerk.  Suggest review by Plan Commission and Village Engineer for conformance with approved Preliminary Plan. Also, recording should occur 30 days after final approval--or recording by Village Board to eliminate any problems.
7. Required Improvements	Regulations to require, as a condition for subdivision approval, completion of the following: 1. Grading and surfacing of streets. 2. Installation of water, sewer, and drainage utilities. 3. Installation of required street signing and lighting. 4. Completion of sidewalks.	Regulations require: 1. Performance Bond for installation of required improvements, and a Maintenance Bond to provide maintenance for a period of one (1) year. 2. Streets to be improved--setting forth maximum grades, and minimum paving widths. 3. Street name signs. 4. Minimum curb returns to be 15 feet and 25 feet at major intersections. 5. Sidewalks required on major collector streets, and on minor streets terminating at a school. 6. Landscaping required on all parkways and street trees required (43' apart) throughout subdivision. 7. Street lighting as required by Village Board.	Excellent	Some of the required improvements should be noted in the design standards i.e., curb returns, street grades, etc.
8. Variances, Penalties	Procedure to allow some variation to the regulations where there would be a hardship should be established.  Penalties should be established for violation of these regulations.	Optimum requirements met.	Excellent	-

RECEIVED  
VILLAGE MANAGER

AUG 14 1968

BARRINGTON, ILLINOIS

Dear Mr. Heninger;

Today as I walked to school for the first time since school was out in June, I was dismayed at the condition of the path along Hillside Avenue that so many children must traverse on their way to Middle School.

Over the summer the weeds have grown over six feet tall, their noxious odors are terrible for people with allergy! Also the path needs much additional gravel. There is an open drainage ditch alongside the path which is a menace to health. It is dirty and scummy and I'm sure must breed all kinds of disease. This most important of all must be covered or filled in.

With your many other tasks I'm sure you were not aware of these conditions but I wanted you to know before school starts so this can be remedied. Registration for school this year will start the Thursday before school, August 29th, so it is imperative that something be done soon.

Thank you for your attention to this matter.

Sincerely yours,

*Mrs. Robert Walter Klug*

DEPARTMENT OF PUBLIC HEALTH

ADDRESS LETTERS TO  
STATE SANITARY WATER BOARD  
SPRINGFIELD, ILLINOIS  
62706

BARRINGTON - Fox Point Unit 7  
Sanitary Sewer Extension

President and Board of Trustees  
Village of Barrington  
Barrington, Illinois 60010

Permit is hereby granted to the Village of Barrington, Lake County, Illinois, to install and to operate a system of eight and twenty-one inch sanitary sewers to serve Fox Point Unit 7 with outlet to an existing twenty-four inch sanitary sewer in Lake Shore Drive tributary to the municipal sewage treatment works all in accordance with plans and specifications submitted by R. C. Sale, Civil Engineer, acting as your agent, said plans consisting of 5 sheets and entitled "Fox Point Unit 7 Plans for Engineered Construction," dated July 1, 1968 with sheet 1 of 2 revised August 19, 1968; being made a part hereof.

To Mr Heninger  
8/28/68  
John W. Blanks

WGD:arl

This permit is granted in accordance with the provisions of an "Act to establish a Sanitary Water Board and to control, prevent and abate pollution of the streams, lakes, ponds and other surface and underground waters in the State", approved July 12, 1951, and is subject to the following conditions:

1. If any statement or representation in the application is found to be incorrect, this permit may be revoked and the permittee thereupon waives all rights thereunder.

2. There shall be no deviations from the approved plans and specifications unless revised plans and specifications shall first have been submitted to the Sanitary Water Board and a supplemental written permit issued therefor.

3. During or after the construction or the installation of the sewage works, any agent duly authorized by the Board shall have the right and authority to inspect such work and its operation.

4. This authority: (a) shall not be considered as in any manner affecting the title to the premises upon which the sewage works are to be located, (b) does not release the permittee from any liability for damage to person or property caused by or resulting from the installation, maintenance or operation of the proposed sewage works, (c) does not take into consideration the structural stability of any units or parts of the project, and

CC - SWB, Chicago

- Lake County Health Department
- Cook County Health Department
- R. C. Sale, Engineer

(d) does not release the permittee from compliance with stream channel requirements of the State Division of Waterways, with other applicable statutes of the State of Illinois, or with applicable local laws, regulations or ordinances.

5. This permit is void one year from date of issue unless installation of this project has started on or prior to date of expiration.

6. Rain water from roofs, streets and other areas, and ground water from foundation drains shall be excluded from the sewer system.

7. The installation shall be made under the supervision of an inspector provided by or approved by the operating agency.

8. Treatment works will be operated or supervised by a duly qualified sewage works operator Certified under the Regulations of the Sanitary Water Board.

CW Klassen  
Technical Secretary

VILLAGE MANAGER

AUG 27 1968

ILLINOIS

Mr. Sigmund C. Ziejewski  
District Engineer  
Illinois Division of Highways  
595 S. State St.  
Elgin, Illinois

Attention: MFT Section

Re: Barrington, MFT Section 30-CS  
Modernization of Traffic Signals  
at Hough & Main Sts.; No. 68-040

Dear Mr. Ziejewski:

We submit herewith for your approval two (2) certified copies of an MFT Construction Resolution and four (4) sets of plans and yellow proposal booklets containing estimate of cost, specifications and proposals which provide for traffic signal improvements at the intersection of Hough and Main Sts. in the Village of Barrington, known as MFT Section 30-CS.

The plans provide for modernizing and upgrading the existing fixed-time traffic control signals, together with widening of street return radius at the northeast corner. The plans also provide for advance green with left turn arrows to serve eastbound traffic on Main St. and northbound traffic on Hough St.

Our Mr. Gundlapalli had previously discussed this proposed improvement with Mr. Wayne Carlson of your Traffic Department. It is believed that the plans and specifications are in accordance with our discussions, including provisions for the aforementioned advance green with left turn arrows. Traffic counts made by the Village at this intersection are enclosed for your information, together with a copy of the Village Manager's letter dated April 25, 1968.

COPY

Mr. Sigmund C. Ziejewski

August 26, 1968  
Page 2

We also enclose an Intersection Study of Routes 59 and 14 and Route 59 and Main Street, which the Village Manager furnished us with the request that it be sent to you.

Very truly yours,  
CONSOER, TOWNSEND & ASSOCIATES

MINUTES OF MEETING OF PRESIDENT & BOARD OF TRUSTEES  
AUGUST 26, 1968.

MEETING CALLED TO ORDER by President John H. D. Blanke at 8 P.M. Present at roll call were Trustees: David R. Capulli, Paul J. Shultz, J. Frank Wyatt, Frederick J. Voss, James F. Hollister. Also present: May L. Pinkerman, Village Clerk; R. D. Heninger, Village Manager; B. J. Zelsdorf, Finance Director; Leroy J. Tornquist, Legal Consultant.

MINUTES of 8-12-68 approved as written on MOTION Trustee Voss; 2nd Trustee Hollister. Ayes. Trustees Capulli & Wyatt not voting due to absence that meeting.

INQUIRIES INVITED FROM AUDIENCE: No response heard.

PRESIDENT'S REPORT: President Blanke briefed on: Notice received today from Library Board of Directors re intention to adopt a resolution to petition for conversion to a Library District. Attorney asked to check into this; would it be separate taxing body, etc.?

Lake County Regional Planning Commission letter of 8-23-68 approved proposed improvements to our wastewater project which had been referred to them by N.I.P.C.

Part-time &/or Special Police: Illinois Municipal League Bulletin reported Governor Shapiro has signed bill recently passed on this and will send copies to legal advisors of municipalities; perhaps matter should receive further consideration here.

Panker project: Dodge Reports show bids to be opened this week on \$400,000.est.cost.

Liquor License Suspension: Dates for Barrington Liquors suspension changed to Sept. 9th thru 13th, same hours as before noted, to satisfy legal time requirement.

Illinois Municipal League Convention, Peoria, Ill. Oct. 12-15, 1968. President, Manager and Attorney plan to attend; Attorney suggested it most desirable for as many Trustees as possible to attend.

TREASURER'S REPORT for July 1968 presented and passed to file.

BILLS: MOTION Trustee Capulli that list of bills be paid from funds indicated; 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

SIDEWALK DAY-CHAMBER OF COMMERCE: Permission requested to use sound truck with organ mounted thereon and to cover parking meters as courtesy to shoppers. MOTION Trustee Wyatt to adopt both motions as requested in the memo from Village Manager dated 8-26-68 in consideration of the requests for permission; 2nd Trustee Shultz. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

BACHEWICZ PETITION: President reported petition for rezoning had been received and forwarded to Plan Commission for hearing; this was returned to Village Clerk for lack of enough information as to location and reason for rezoning request from B1 to B3. Mr. Al Bachewicz of 533 W. Northwest Highway present tonight with copy of a plat of property and explanation that if rezoned it would be purchased by Bender-Rieger Pontiac whose property is directly east and that Burrows Chevrolet Inc. has land to the south.

It was noted that sometime ago motion was passed authorizing Village Manager to forward all petitions received to Plan Commission or Zoning Board of Appeals if found to be in order and advise Board at next meeting. Discussion. Attorney advised since this was procedure no motion necessary at this time.

HOLLISTER PETITION FOR REZONING: Property at Coolidge Ave. & Lill St. now occupied by a church building, rezoning requested from present status to R9 two-family - forwarded to Plan Commission. Further discussion on procedure for handling petitions.

VARIATION ORDINANCE-FOX POINT SIGN: MOTION Trustee Wyatt for adoption of Zoning Variation Ordinance with respect to the Kennedy Co. Fox Point sign at Cold Spring & Lake-Cook Rds.(Main St.); 2nd Trustee Capulli. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister. #1040.

TREE TRIMMING & SPRAYERS ORDINANCE AMENDMENT: Presented for discussion. MOTION Trustee Wyatt to adopt ordinance amending Sect. 1 of Section 14.1001 of Municipal Code of 1957; 2nd Trustee Shultz. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister. #1041.

L.F.DRAPER REZONING ORDINANCE: Resubmission of plans awaited. No action tonight.

BULK GAS PURCHASES: MOTION Trustee Voss that Village Manager be authorized to solicit bids for bulk gasoline purchases to be opened Thurs. Sept. 5, 1968 at 11.15 A.M. for report to Board 9-9-68; 2nd Trustee Hollister. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

SHORELY WOOD: Village Manager reviewed recommendation of Village Engineers. MOTION Trustee Shultz that Village accept the Sanitary Sewer and Water Main Improvements installed in Shorely Wood in accordance with letter from Village Engineers of 8-15-68; 2nd Trustee Wyatt. Roll call-Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

VILLAGE MANAGER COMMUNICATIONS DISTRIBUTED TO TRUSTEES ON:

HOUGH & MAIN STREET TRAFFIC SIGNALS.

RUSSELL & SUMMIT STS. SANITARY SEWER. SPECIAL ASSESSMENT #75-BARRINGTON MEADOWS.  
BLDG. DEPT. REPORT FOR JULY - correction made.

BARRINGTON TRUCKING CO. CONTRACT - NOTICE: Manager noted Board had reminded him sometime ago not to allow contract to automatically renew itself and he had written the Company per copy distributed. MOTION Trustee Wyatt that Board ratify action taken by Village Manager in his letter of 8-23-68 to Barrington Trucking Co. concerning agreement dated 1-1-59; 2nd Trustee Voss. Ayes. Manager reported steps are being taken to set up plans and specs for new contract and will be advertised for bids in plenty of time and he will give written report in about 2 weeks on recommendations for amending scavenger ordinance.

"COLLEGE STREETS": Manager reported Mr. Reagan had been in contact with him; they are still circulating petitions and when prepared will be submitted and referred to Atty. Braithwaite; their group has discussed estimated costs given by Engineers and they are not pushing at this time. Manager was asked to contact them on this.

COMMENDATION: Trustee Voss commended Village Manager Heninger on action taken on handling of storm damaged trees, etc. Manager stated a lot of this was emergency work and many helped including Fire Dept.; when warning was over streets were opened; all work has not yet been completed.

FORESTRY COMMITTEE: Trustee Voss asked what had been heard about trees? Manager stated they gave him a copy of their 1963 report. Mrs. Kuffel has given Manager information on a tree farm on Kelsey Rd. where it is understood trees are available at 25¢ ft. in ground. This will be checked out and if it looks good report will be made; suggested getting all organizations possible in Village to cooperate on a project; it was noted newly set trees would require watering and perhaps people could be asked if they would want them in parkways or on private property. 1967 statistics on Village trees read by Manager. Discussion.

TRAFFIC SURVEY: Query by Trustee Voss. Manager reported Mr. Ross called him and will be here tomorrow afternoon to go over their findings and their report.

SOUTHGATE AREA: Trustee Wyatt asked if all the items on that, including the 36" dia. culvert matter were taken care of? Manager and Mr. McBride discussed this; State has suggested changing plans from 36" culvert to an 18" one and Attorney has copy of letter on which to make his recommendation to Village.

BARRINGTON MEADOWS CLEANUP: Trustee Wyatt was advised a cleaned up except for shack.

RUSSELL & SUMMIT AREA: Trustee Voss asked about the sanitary sewer and storm water matter. Manager stated he and Mr. McBride had discussed this but did not agree on disconnection recommendation. Trustee Capulli reminded there was an ordinance on this, a survey was made of entire town and checked out many years ago under direction of former Supt. Water Works; smoke and dye tests had been used and there is a report. President stated he could show a number of places where downspouts were questionable and explained the drainage procedure for a vast area in that section of Village. Discussion following which Trustee Voss suggested enforcement of ordinance already passed, requesting Attorney to check same and discuss it with Manager and if not found adequate have an amendment prepared. Manager reported infiltration was noticed during TV inspection of sewer lines.

COMMENDATION: MOTION Trustee Shultz that the Village Board commend the Village Manager, Civil Defense, Police Department, Fire Department and Public Works Department for their excellent surveillance during storm August 16, 1968 and on prompt action taken during and after storm had subsided after causing severe damage within Village limits; 2nd Trustee Wyatt. Ayes.

ALL CLEAR SIGNAL: Mr. Lynn Austrheim, 109 Dundee Ave. asked if there could be such signal; was advised Village signals are according to Federal regulations and it was suggested radios be used; however, suggestion to be referred to Mr. Belz of C.D.

SIREN INSTALLATION: Trustee Shultz discussed this; there is a central one, one on south end of Village that went out with power failure; requested towers be installed north and east as soon as possible after phone strike is over. Manager Heninger reported he had sent letter to Mr. Belz 3 weeks ago re supervising installation but so far he has not provided for this. He was asked to contact Mr. Belz as soon as possible so these installations can be completed; school has indicated their location.

MULTIPLE FAMILY ORDINANCE: Trustee Shultz asked if this could be ready for review at next meeting - as well as the Dance Hall ordinance tabled sometime ago. Attorney to check.

"110" STATION ST.: Manager reported cement contractor to work this week and electrical work completed for this parking lot.

BARTON-ASCHMAN REPORT: Manager reported more information should be available tomorrow.

LIBRARY: President asked Attorney to check State legislation amendments on this.

DUNDEE AVE.: Manager reported curbs to be at corners only at this time.

PARKING METERS: Mr. Austrheim was advised Board is awaiting Manager's report re policy of procedure on meters in residential areas, etc.

PARKING LOT #2: Mr. McBride presented landscaping page from plans and specs and suggested advertising for bids. MOTION Trustee Shultz that Village Board, thru office of Manager, advertise for bids for paving improvement and landscaping of Parking Lot #2 in accordance with plans & specs prepared by Consoer, Townsend & Assoc. to be published 9-5-68; bids to be received & opened 10 A.M. 9-21-68; 2nd Trustee Capulli. Roll call- Ayes: Capulli, Shultz, Wyatt, Voss, Hollister.

MEETING ADJOURNED on MOTION Trustee Capulli; 2nd Trustee Hollister. Ayes. 9.20 R.M.

Village Clerk

INTEROFFICE MEMO

JFW

DATE 8/12/68

TO: President and Board of Trustees  
FROM: R. D. Heninger, Village Manager  
SUBJECT: Water Main Extension - Jewel Tea Company

---

---

I am enclosing a copy of a letter received from Mr. McBride of Consoer, Townsend and Associates which is self-explanatory.

It is my recommendation that we concur in the "Recommended for Approval" report of our Village Engineers and in order to allow the Jewel Tea Company to expedite this installation, put this item before the Board tonight, August 12, 1968, for their action.

By allowing the Jewel Companies to make this improvement it provides them and the Village with a looped water main, rather than a long stub, and of course, will also provide them with a more certain source of water in case of a fire or any other need.

Re: Plan Review, Water Main Extension For  
Jewel Tea Company  
Barrington, Illinois: No. 68204

Dear Mr. Heninger:

We have reviewed material submitted by Ciorba, Spies, Gustafson and Company, Engineers, on behalf of the Jewel Tea Company, Owner, for a water main extension from Northwest Highway to Lake Zurich Road.

In detail, the reviewed material consists of the following:

1. Plans dated July 5, 1968.
2. Standard Specifications for Sewer, Water Main and Pavement Construction, dated March, 1961, prepared by Ciorba, Spies, Gustafson and Company.
3. Contract Documents and Special Provisions for the referenced project.

We are forwarding four (4) sets of the plans, together with four (4) copies of Contract Documents, all of which are stamped "Recommended For Approval." We are also forwarding one (1) copy of the estimated cost of construction, and one (1) copy of the Standard Specifications for your general file.

Escrow arrangements should be made for the sum of \$15,951.00, which is our estimate of project costs, and includes plan review and detailed inspection charges.

Please forward one approved copy to Ciorba, Spies, Gustafson and Company for their file.

Very truly yours,  
CONSOER, TOWNSEND AND ASSOCIATES

INTEROFFICE MEMO

DATE 8/12/68

TO: President and Board of Trustees  
FROM: R. D. Heninger, Village Manager  
SUBJECT: Accounting Machine

---

---

I hand you copies of the quotations received from Accounting Machines, Inc. and Burroughs Corporation. The N. C. R. Model 31-10-10-(22) 26 SP and the F1501/30C from Burroughs are basically the same machine or I should probably say their functions, capacity and programming are similar. Both of these machines can be designed and programmed for our payroll, water and sewer billing, special assessments, accounts payable, other accounts receivable, cash receipts plus any other accounts to be created in the foreseeable future.

After analyzing the two bids it is my recommendation that we accept the quotation submitted by Accounting Machines, Inc. and that the Village Manager be authorized to purchase one (1) N. C. R. Accounting Machine Model 31-10-10-(22) 26 SP in the amount of three thousand five hundred dollars (\$3,500.00) and one (1) N. C. R. Class 6000 Cash Register programmed to the Village's specifications in the amount of one thousand dollars (\$1,000.00) for a total expenditure of four thousand five hundred dollars (\$4,500.00) in accordance with quotation submitted by Accounting Machines, Inc. dated May 27, 1968.

Dear Mr. Pederson:

Pursuant to your letter of June 27, 1968, requesting information on Mr. William PANKER, please be advised that our files reveal that PANKER was arrested by the Illinois State Police on November 10, 1955 for possession of a slot machine.

At the time of his arrest he was listed as the owner of PANKERS LOUNGE located in Fox River Grove.

The State Police records indicate that PANKER was tried and convicted on December 8, 1955. He was found guilty and fined, however, the records do not indicate the amount of the fine.

This is the only reference to PANKER in our files.

Sincerely yours,

Robert J. Walker  
Acting Executive Director
