ERS CAN WRITE IN NAMES ON BALLOTS

SPRINGFIELD, Ill., Feb. 4—(AP)—Voters may write in names of candidates on ballots in both the primary and general elections, if the names they wish to vote do not appear in print, Attorney General Oscar E. Carlstrom has advised Secretary William J. Stratton in answering a query forwarded from W. J. Smith, county clerk of Adams county.

Carlstrom quoted the election law. "Spaces between the names of candidates under each office shall be uniform and sufficient spaces shall separate the names of candidates for one office from the names of candidates for another office to avoid confusion and to permit the writing in of the names of other candidates."

"In view of the foregoing," Carlstrom's letter said, "it is apparent that an elector has the privilege, either at a primary or at a general election, to write in on the ballot, the name of the candidate of his choice, if his name does not appear on the ballot."

Special Meeting of the Board of Supervisors of Lake County was called but I did not receive the notice until after the Meeting had adjourned in April 1851

The law of 1850 made it the duty of the Supervisors to give bonds for the faithful performance of duty and the proper Disburs-ment of moneys received by him. of this law I was not informed until June. it was the opinion of the auditors that my Election was void

On the 28th day of July they appointed me to the office of Supervisor in due time I was sworn into office. executed my Bond and filed the papers in the town Clerks office

The following amount was audited in this Town in March and Sept as reported to me by the Town Clerk $101. 15
