Officer Sandman turned host Sunday by entertaining two men at the Hotel "Cooler." Three tramps were also taken out of the cold and entertained at the same hostelry. While the two Barrington lads were giving vent to their feelings in songs the other three dust stained travelers were "kicking." Three mile heats out of five will proclaim the winner. Other races will be pulled off if possible. A good deal of rivalry has existed between the above gentlemen for some time, and this race is expected to decide the question of who owns the fleetest horse. You will never regret the trip.

Have you seen H. D. A. Grebe's oil heaters? They are just the thing to make your room comfortable, and they are not so very expensive either. Better call and look at his stock of stoves.

On Tuesday noon George Hansen, Steve Palmer, John and Henry Brazel hitched up a team to an old farm wagon which was loaded to the brim with tents, baggage and provisions, a supply of hatchets predominating, with an assortment of firearms consisting of axes, saws, files, monkey wrenches, etc. The hatchets and saws were taken along to scalp hostile Indians with, that are expected to attack the caravan. Their destination is nowhere in particular, but will spend about two weeks in the wilds of Wisconsin, showing the natives how to break bronchos, etc. They were sent off amid the song of the "Gwaw, Gwaw," which was rendered with a will by a large party of their friends. Orders for bear or buffalo meats may be left with Ed. Peters. We wish the gentlemen a pleasant time.

NEWS OF ILLINOIS.

HISTORY OF SEVEN DAYS IN THE PRAIRIE STATE.

Important Occurrences, Social, Religious, Political, Criminal, Matrimonial and Obituary That Have Taken Place Since Our Last Issue—State Brevities.

The marriage of Judge Irwin, of Edwardsville, and Miss Luella Nichols, of Carlyle, is announced.

John Bailey, alias Bennett, was arrested at Rockford on a charge of having relieved guests at a number of hotels of watches and money.

Failure to meet a \$2,300 note due a bank caused the implement house of Collins & Stevenson, at Lacon, to be closed. All liabilities will be fully met.

Gov. Stone of Tennessee, who has been visiting in Illinois, Iowa and the northwest has returned and expresses himself as highly pleased with what he saw.

Champaign—George Masten, one of the two University of Illinois students arrested this summer on the charge of attempted train wrecking in Douglas county, and who left town recently, has returned and claims that he was simply looking for work. His bondsmen believe him and will continue to stand good for him.

Decatur—The new armory of Company H, I. N. G., was opened Thursday. Speeches were made by Governor Altgeld, General James H. Barclay, Adjutant General Orendorf, W. F. Calhoun and others. Twenty officers in the guard were here from different places. After the speeches there was a reception and dancing. The armory occupies the second and third floors of Loeb's new building and is elegantly equipped and furnished. It is the finest armory in the state outside of Chicago.

The records of Cook county now proclaim George F. Meyer a dead man, although his mother, Mrs. Margaret Meyer, 2948 Armour avenue, does not know where his grave is, if perchance he lies in a grave. Judge Kohlsaat issued letters of administration for his estate of \$600 upon proof that he had been missing for seven years and that every effort had been made to find him. Meyer was born in 1851 and lived with his mother and two sisters until 1888. Then he disappeared, and now he is recorded as being legally dead.

The supreme court has denied the application for advancement in the celebrated court house case at Eureka. The application was made on the grounds of the great importance of the case to the people of that county. The resolution of the board of supervisors which asked an early decision and also a report of a recent grand jury, which strongly condemned the county jail, were introduced in the arguments, but failed to accomplish the desired result. In the meantime the county seat will remain at Metamora and the old building will have to be used.

The state board of health, being so empowered by the legislature, is sending out rules and regulations to govern the care of milk cows and sale of milk to be sent to every sanitary officer, board of health, to supervisors, town clerks, county commissioners, etc. Adulteration of milk is punishable by a fine of not less than \$50 or more than \$200 for each offense. The sale of milk from cows fed on distillery waste or similar substance is prohibited under heavy penalty. Sheriffs, police, etc., shall enforce the law, and especial milk inspectors will be appointed by the board for municipalities where milk is received from beyond their jurisdiction.

Judge Shirley, of the Sangamon circuit court has rendered his decision in the proceedings brought to oust the trustees of the Eastern normal school and to compel State Superintendent Inglis to show why he exercises the powers of a trustee in voting at the meetings of the board. The decision declares the trustees have been legally appointed and qualified to act, and that Mr. Inglis is ex-officio a member of the board and entitled to act as such in all respects, and that his acting in such capacity is not a violation of the law. Judge Shirley also held that the objections raised that the appointment of the trustees by the governor before the date named for the law to go into effect, July 1, did not invalidate the appointments, for the law had really become a law when signed by the governor and simply remained inoperative until the date named.

Maltey, the man taken to Wheaton from Blair, Neb., supposed to be one of the Ott murderers, has been released.

Officers of the Brotherhood of Railway Trainmen are considering bids for the permanent location of headquarters.

Judge Allen, in the federal court at Springfield, postponed for two weeks the matter of the confirmation of the sale of the Chicago, Peoria & St. Louis railroad.

Judge Cartwright opened the October term of the circuit court at Rockford, but the cases against "Messiah" Schweinfurth will not be reached until next week.

Postmaster General Wilson has authorized the inauguration of the free delivery system in Urbana and Paris November 15. Each city will have three letter carriers.

Rev. James Preston Green, a Presbyterian minister at Shelbina, Mo., was clandestinely married at Quincy last week to Sallie Bush, a wealthy girl of Monroe City. Miss Bush has been kept in confinement by her father, although she is of age. Her father objected to Green, because he was poor. Twice the couple tried to elope, and the groom had marriage licenses in three counties. Saturday the girl got away from the house where her father had placed her and came to Quincy to visit friends. Mr. Green attended a ministers' conference there, heard Miss Bush was in the city, drove up to her stopping place in a hack and carried her off by force. They crossed the river and were married by a country justice near West Quincy. Some weeks ago Mr. Green threatened habeas corpus proceedings to get Miss Bush from her father's control, but the matter was dropped. The bride is 22 years of age, pretty and has a large fortune in her own right.

Auditor Brown of the Allegheny Valley road, is now in the custody of a United States marshal, charged with contempt of court in refusing to answer questions asked him regarding illegal rebates said to have been paid by his company to coal shippers. Brown set up the constitutional plea that such testimony would incriminate himself, a plea rendered famous by the Counselman case. Since the Counselman case was tried the interstate act has been amended so as to free the witness from its penalties. In the Newell case, in Chicago, it was afterward held that such a change in the law was unconstitutional. The point is now pending in the supreme court. In the Brown case, however, there will probably be a quick decision, as he has appealed to that court for a writ of habeas corpus. If the law, as changed, is held to be constitutional, it will be in the power of the interstate commerce commission to force testimony which will convict practically every road in the United States of rate cutting and payment of rebates.

Christian Endeavor societies have decided to start a monthly publication in Chicago, with a guaranteed circulation of 100,000, to be known as the Christian Endeavorer. The four great forward movements for which this paper will stand will be: Missionary extension, Christian citizenship, evangelistic endeavor and the rescue of the Sabbath. This last is the newest movement in Christian Endeavor ranks. The plan is first to bring Christians up to what is considered the proper stand for them to take on the subject before the work is carried on outside of the churches. The paper will be published in Chicago, as this city is the great geographical center for Christian Endeavor movements and it is the point in which these four great forward movements have originated. It will be in the nature of a co-operative paper, as 40 per cent of the subscriptions received from each state will be donated to that particular state union. This donation will be used for the four movements for which the new monthly will stand. Edward F. Cragin, S. L. Mershon and others will be identified with the business.

Hattie Ledge and P. J. O'Connell, two pupils in the Englewood high school, fell in love with each other while solving problems in arithmetic, and now the teacher, the scholars, and the parents of the couple are startled with the news of their elopement. The girl is only 15, her father, Henry Ledge, living at 6340 1/2 Honore street, and the boy is the 18-year-old son of P. J. O'Connell, ex-collector of the town of Lake, who lives at the corner of Sixty-third and Honore streets, less than a block away. The two were last seen Tuesday noon, when each went home to dinner. Hattie donned her best dress, much to the displeasure of her relatives, who insisted that she should not wear her good clothing to school. Prostitution was in vain, and the girl tripped lightly away with a happy and buoyant spirit. The couple had gone to church together last Sunday, and it is thought the elopement was then planned. Mr. Ledge is much hurt over the affair and when talking about it his eyes were filled with tears. He did not care so much, but his daughter was so young. He said he would forgive them if they returned. The elopers are both well known in the Lewis and Champlain Grammar schools and the Englewood high school, which stand in the same square at Sixty-third street and Stewart avenue.

VICTORY FOR CUBANS.

SPANIARDS LOSE HEAVILY IN A RECENT BATTLE.

One Thousand Soldiers Said to Have Been Slain—Insurgents Lose Two Hundred Dead and Wounded—General Campos Afraid of Dynamite.

Letters were received by the Cuban Junta in New York Monday from General Carlos Roloff, and William G. Capp, an American citizen, who went to Cuba to assist the patriots in their fight for freedom. Clapp's letter is dated October 7, in camp near Holguin. It says a battle was fought October 5, and of the 3,000 Spaniards engaged in it nearly 1,000 were killed or wounded. They were commanded by Suarez Valdes, who was wounded in the hand, and they were chased to the coast. The Cubans had 100 men killed and 100 more wounded. They captured two guns, with a great quantity of cartridges.

General Roloff's letter to Delegate Palma said that September 22 a column of Spanish soldiers made their appearance at Batia de Bijoge. They were attacked by the Cubans and compelled to retreat to a small wood. It was im-

DURRANT TRIAL POSTPONED.

Business Men on the Jury Secure a Vacation.

San Francisco, Cal., Oct. 15.—The trial of Theodore Durrant did not go on yesterday. So many of the jurors are business men, and it being collection day, the court adjourned until to-day. It is likely that the court will take a further adjournment this morning. Attorney Deuprey, the leading counsel for the defense, is confined to his bed with rheumatism, and his associates will base this as a reason for continuance for several days. Although the court is known to be opposed to delays in this trial, it is believed, however, that he will grant the continuance. In that case, the trial will not likely be resumed before next Monday. In the meantime Theodore Durrant remains in his cell, never leaving it for the customary exercise in the corridors. It is said he is becoming exceedingly irritable. Since he finished his testimony in Judge Murphy's court the defendant has lost considerable vivacity, and instead of being nervous and indignant, he is serious and troubled.

For the first time since his arrest the medical student seemed impressed with the proper idea of his terrible position. At last it has dawned on him that he may be convicted, and, as he realizes the chain of circumstances against him, he has become much depressed.

MARINES ARE LANDED

RUSSIA AND AMERICA INTERFERE IN KOREA.

Great Britain Also Reported to Have Taken a Hand in the Affair—No News of the Queen Received at the Washington Legation.

Washington, Special: Information of the formidable uprising in Korea, resulting in the disappearance and probable death of the queen, and the landing of military forces by the United States and European powers, has been received by Minister Kurino of Japan from the foreign office at Tokyo. It is quite sensational, indicating the landing of marines by Russia, the United States and probably Great Britain.

The latest dispatch to Minister Kurino states that a force of Russian marines, forty in number, has been landed. Thus far they have confined themselves to guarding the Russian legation at Seoul.

United States marines were landed from the Yorktown to the number of sixteen. It is believed also that British marines have been landed. Besides these the Japanese have a considerable force of soldiers at Seoul who have been preserving order.

possible for the Cubans to follow, as their force was made up wholly of cavalry. Six patriots were killed and thirty-seven wounded. The Spaniards lost 124 men.

On the steamship Yumuri, which arrived Sunday, was George Reno, who left there six weeks ago, saying he was going to join the revolutionary forces. When he reached Cuba he gave out that he was a newspaper correspondent, and the Spaniards shipped him back to New York.

The agents of the steamship lines which ply between that port and Cuba estimate a falling off of \$1,000,000 a month in the trade. Forty per cent of the steamers have been taken off, and others may follow. The Spanish line says its exports have fallen off \$3,000,000 within the last five months, due entirely to the war.

AFRAID OF DYNAMITE.

General Campos Issues Rigid Orders Relative to Outrages.

Havana, Oct. 15.—The recent use of dynamite by the insurgents along the line of the railroads is causing the authorities grave uneasiness, and it has been considered necessary to employ special measures to suppress the practice. It will be recalled that on several occasions recently dynamite bombs have been hurled at railroad trains containing passengers and details of troops, and dynamite has also been placed upon the tracks. Considerable damage has been done in this manner, and fears are felt that greater harm may come from this practice. With a view to checking it, and of preventing further attempts, Captain General Martinez de Campos has published an order that all trees and bushes shall be cut down and all huts removed within a distance of 200 yards of the railroad track on both sides. It is further ordered that no one shall be allowed to approach the trains. Violators of these orders are to be summarily court-martialed.

Nominated for Congress.

Litchfield, Ill., Oct. 15.—The republican congressional committee of the Eighteenth district last night nominated ex-State Senator W. F. L. Hadley of Edwardsville to make the race for congress in place of Cyrus L. Cook, who died suddenly in Chicago a few days ago.

Attorney Dickinson, for Durrant, yesterday remarked that he thought the defense would be able to put in the balance of its testimony in two days or less. Then the prosecution will put its witnesses in rebuttal. District Attorney Barnes says he will handle them rapidly, but Dickinson is preparing to cross-question witnesses at length, and on that account it need create no surprise if another week is devoted to the work of taking testimony.

CONVERTERS OVERTURNED.

One Man Fatally Burned and Seven Others Injured at Pittsburg.

Pittsburg, Pa., Oct. 15.—Two converters at the American Iron Works of Jones & Laughlins overturned at 3:40 o'clock yesterday and sixteen tons of molten metal poured into the pit below, where a score or more men were at work. One man was fatally burned, three dangerously and four others sustained serious injuries. The names are:

SQUIRE WATSON, widower, terribly burned about head and body; will die.

JOHN B. BURR.
WILLIAM EDWARDS.
CHARLES FREEBORN.
WILLIAM C. FAULKNER.
THOMAS W. FAULKNER.
FRANK KERLING.
SAMUEL LOWE.

The injured were removed to the hospital, where everything possible was done to alleviate their suffering. The physicians say Watson will die and that the chances of recovery are against Burr, Edwards and Freeborn. The burns of the others are painful, but not dangerous. The responsibility for the accident has not yet been placed, but it is said to have been unavoidable. The damage to the mill was not very heavy.

Shelled an Arabian City.

London, Oct. 15.—The Kolnische Zeitung publishes a dispatch from a correspondent in Constantinople asserting that information had been received there that the town of Zabara, Arabia, on the Persian Gulf, had been bombarded by two British war ships, and had been destroyed. The English government has no news of any such bombardment, and officials believe that it refers to the shelling of Arab dhow off the town of Bahrein in the middle of September.

The Tokyo dispatches do not state specifically what became of the queen, further than that she has disappeared and cannot be located. The officials are inclined to believe, however, that the unofficial report of the queen's death are true. The Japanese government, the dispatches further state, has acted quickly on the reports and has appointed a commission to inquire into the facts. In the meantime it is emphatically denied that the queen's death, if it has occurred, was due to the Japanese. One report is that a Japanese soshi killed the queen. This is not yet confirmed in the dispatches received here. The officials say that the soshi are an irresponsible and lawless class, and that their acts cannot be laid to the Japanese people or government.

At the Korean legation no word has been received from the disturbed capital. The officials are much exercised and do not doubt that the queen has met her death, although they are not ready to abandon hope.

AGAINST FREE SILVER.

Farmers' National Congress Puts Itself on Record.

Atlanta, Ga., Oct. 15.—Soon after the Farmers' National Congress, which met here last week and has been holding daily sessions since, resumed its sittings yesterday a sensation was sprung in the form of a fight on free silver, which resulted in the complete defeat of the 16 to 1 forces. By a vote of 251 9-14 to 104 5-14 the congress refused to insert the words "at a ratio not to exceed 16 to 1" in a resolution asking congress to use both gold and silver on a parity and calling for an international conference on the monetary question. The states known as silver states favored the amendment, and the east, the north and the south voted almost solidly against it. The issue was in no way clouded with parliamentary technicalities. Those delegates who favored the free and unlimited coinage of silver at 16 to 1 voted for the amendment, and it was lost by a majority of 147. The victory was emphasized later in the day, when a resolution declaring opposition to a further issue of interest-bearing treasury bonds or notes under any circumstances was lost. A resolution favoring congressional enactment against the beef trust was adopted.

Little Gracie Edith Church Dies Suddenly.

Gracie Edith Church, the youngest daughter of Mr. and Mrs. Delos Church of Barrington Center, died last Friday, October 11th. She was sick only two days; and a day or two before her death she attended the public school at the Center.

Gracie was born September 2d, 1886, at her present home, where she spent all of her life except one year, being 9 years 1 month and 9 days old at the time of her death. She leaves in her family a father and mother, two sisters and an infant brother, who sadly mourn her departure, as she was the little flower of the home.

Little Gracie was a bright, active and sunny child, and her death is sorely mourned by schoolmates, teachers and all who knew her; but now she rests in her permanent home above, where sickness and pain cannot come. The hand of death cut off this little life very early, but in God's providence she has only joy, for much of the sadness the world might give.

The funeral services were held at the Barrington Center M. E. church at 1:30 Sunday afternoon, and the large attendance was but a proof of the high esteem and love that all had toward Gracie.

The Rev. T. E. Ream, of Barrington, preached the funeral sermon, and took for his text the words from St. Luke: "Suffer little children to come unto me and forbid them not, for of such is the kingdom of God." The services were very beautiful and most appropriate for the occasion.

The Death of Thomas Ponder.

Mr. Thomas Ponder, who lived with his brother about five miles southwest of Barrington, died Friday of last week at the age of 65 years.

The funeral services were held at Barrington Center, last Sunday afternoon at 3 o'clock, and was largely attended. Rev. T. E. Ream officiated at the services.

Wauconda may well feel proud of her fire company. Last Wednesday evening the bell rang an alarm and it took them just 4 1/2 minutes to get their engine to throw a stream. They had a run of about 2 1/2 blocks to make, at that. Good discipline is Captain Ed. Golding's watchword. A REVIEW reporter timed them Wednesday. Few towns of three times Wauconda's size can show a more efficient company.

Miss Alice Smyth, of Chicago, visited with Mr. and Mrs. John Golding Saturday and Sunday, and while here the elegant residence was thronged with people, eager to listen to Miss Smyth's performance on Mrs. Golding's new Crown piano, which is equipped with that grand orchestral attachment by which a person can imitate thirteen different instruments, among which are the harp, mandolin, zither, guitar, banjo and bag pipe. The Twenty-first General Conference of the Evangelical Association.

The twenty-first general conference of the Evangelical association convened at the First church, Elgin, Oct. 3d, eighty-nine delegates being present. At the opening session the four bishops and Mayor Wayne occupied the platform.

Mayor Wayne in a neat and appropriate speech welcomed the conference to Elgin, and extended to them the hospitality of the city. Bishop Breyfogel responded to the mayor. The opening address in English was made by Bishop Bowman.

Rev. G. Heinmiller, of Cleveland, was made the official secretary, while Rev. S. P. Spreng was appointed English secretary. The Episcopal message, read by Bishop Esher, was an able document.

As announced in our last issue's supplement, the four bishops were rejected. Revs. Heinmiller and S. P. Spreng were retained as editors of the official German and English papers.

On last Tuesday evening Mr. and Mrs. Wm. Grote entertained the members of the conference, choir of the church and heads of families of the congregation at a reception in honor of the four bishops and their wives, who were guests of Mr. and Mrs. Grote during the conference. The hosts did everything in their power to make it pleasant for their guests, and they succeeded in making them feel at home. The refreshments were done ample justice to.

A hard rap was given cigarettes and tobacco by a resolution passed during the session.

St. Paul, Minn., was selected to hold the next conference.

The Evangelical association has a membership in this country of 100,000.

Death of Herman Stille.

Herman Stille, who lived with his parents two miles east of Lake Zurich, died Sunday morning at 6 o'clock, at the age of 24 years.

For the past two weeks he had been feeling rather depressed in spirits, but was able to be around. On Saturday noon he was compelled to take to his bed, which he was never to leave alive. His death was caused by congestion of the lungs, the result of overheating himself while working with a threshing crew this fall.

He leaves a father and mother and two brothers to mourn the loss of a dutiful son and a loving brother. The high esteem in which Herman was held in this community, was amply demonstrated by the large number of friends that followed his remains to their last resting place in the Fairfield church cemetery. THE REVIEW extends its sympathy to the bereaved family.

Its Value Recognized by Physicians.

As a rule I am opposed to proprietary medicines. Still I value a good one, especially when such is the source of relief from pain. As a topical (external) application I have found Chamberlain's Pain Balm the best remedy I have ever used for neuralgia of any kind. I have conscientiously recommended it to many persons. William Horne, M. D., Janesville, Wis. Sold by A. L. Waller.

If Messrs. Corbett and Fitzsimmons cannot find a place to fight there is a fearful possibility that their jaws may give out.

Several years ago I was taken with a severe attack of flux. I was sick in bed about ten days and could get nothing to relieve me until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured me and has been a household remedy with us ever since. J. C. Marlow, Decaturville, Mo. For sale by A. L. Waller, druggist.

A vein of warm water has been discovered in Michigan. Politicians of that state should be warned, so they may keep out of it.

In a recent letter to the manufacturers of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and unequalled by any other. They are for sale here by A. L. Waller, druggist.

A boy in Delaware encountered a barrel of apple jack. The boy overcame two gallons of the delicacy and since then the barrel has been having its innings.

From all accounts Chamberlain's Cough Remedy is a Godsend to the afflicted. There is no advertisement about this; we feel just like saying it.—The Democrat, Carrollton, Ky. For sale by A. L. Waller, druggist.
