SALOON MEN TO BE BRIDLED

They Are to be Required to Observe Order Hereafter.

THE VILLAGE BOARD TRANSACTS BUSINESS

Station Street Matter Disposed of Satisfactorily—Action in the Minnecke Case—Hennings' Fine Remitted—Bills Allowed—Proceedings in Detail.

Although the thermometer on Wednesday climbed to the highest pinnacle that it has reached in years it did not deter the members of the Village Board from attending the meeting of that body, and divesting themselves of every particle of clothing that they could do so with propriety, they transacted the business before them in a thoroughly business-like manner.

The meeting was called to order promptly at 8 o'clock by President Boehmer. Clerk Powers being absent on account of sickness Trustee Willmarth was appointed clerk pro tem.

With the exception of Trustee Robertson, who was absent, every member answered "present" when the roll was called.

The minutes of the previous meeting were read and approved, after which a communication from a lighting company from Chicago was read and tabled. The communication informed the Board that the company would furnish the village seventy lamps and keep them lit for a certain number of hours in the night for \$15 per lamp per year, the lamps to become the property of the village at the expiration of that period. The total cost would have amounted to \$1,050 for the year.

The following bills were then read and allowed:

Sandman, refunding of taxes on Mill	\$18 06
Jas. Sizer	6 45
Peters & Collen	6 50
C. Wolf	14 40
C. Horn	26 55
L. E. Runyan	13 05
E. Rieks	14 55
A. Neahr	12 55
John Jahnke	12 15
H. Pingle	10 75
C. Peters	9 00
H. A. Sandman	70
Fred Weseman	80
L. F. Schroeder	2 03
Leroy Powers	16 07
Barrington Review	11 08
Plagge & Co.	47 02
W. Gieske	8 00
H. A. Sandman	35 00
A. S. Henderson	47 50
Total	\$432 47

The refunding of taxes on Sandman's mill property was ordered by County Clerk Hendee in compliance with an order from the Board of Supervisors of Lake county.

Police Magistrate Castle then informed the Board that he would like to make a communication. He said that the case of the Village vs. D. Minnecke, which was tried by a jury before him some time ago, resulted in a verdict of \$10 and costs in favor of the village. The case was appealed first to the Circuit court and afterwards to the Criminal Court of Cook county, the proper tribunal to try the case. When the case was called in the Criminal court Mr. Minnecke and his lawyer failed to appear and the case was thrown out of court. The costs of the appeal, amounting to \$13, had been paid by Mr. Minnecke to the clerk of the Criminal court, which again brought the case before him to collect the fine and costs. He wanted the Board to take some action in the matter, as the defendants thought the fine excessive and thought he (Castle) could drop the matter without collecting any fine.

After some discussion it was decided to appoint the judiciary committee to see Mr. Minnecke, and if he will meet the Board half way by paying the costs they would remit the fine.

C. C. Hennings' fine was also remitted. Mr. Hennings was fined some months ago for selling liquor without license, but has since taken out saloon license, and the Board felt lenient towards him.

It was now that the vender of the foaming beverage (called beer) was jumped upon with both feet by the Trustees, nearly all of whom wear No. 10 shoes (so the story goes), and they had no regard for any corns or bunions

that the little (?) saloonkeepers might possess.

Nearly every one of the Trustees announced that he had been the recipient of many complaints from citizens who had been unable to sleep "the sleep of the just" on account of the vulgar and loud noises issuing from the saloons on Saturday evening, and also Sunday morning. The way the members of the Board expressed themselves it was quite evident that the dealer in "make-me-forget-my-trouble" concoctions had not a champion on the Board. It was argued by some that 11 o'clock was too long hours, but the rest of the members felt as though that hour was all right, but that they must close at that time. It was intimated that if any more scenes like those of Saturday and Sunday occur they would take the saloonkeepers in hand and teach them a lesson which they will not soon forget.

A motion by Collen, seconded by Peters, that the Board remit to the property owners the amount of the assessment previously agreed upon, and thus settle the matter of opening Station Street. Carried unanimously. The judiciary committee was appointed to meet the committee of the property owners and wind up the whole matter.

No further business being on hand the Board adjourned.

THEY DISCUSS WOMAN.

After a Thorough Discussion the Domestic Woman is Declared Superior to the Political Woman.

One of the most interesting meetings of the Young People's Missionary society of the Salem church occurred Tuesday evening.

In spite of the fact that the heat was almost undurable, the handsome parlors of the church were filled with young people by 8 o'clock. The meeting was opened with a song, after which President Mary Frye read a lesson from the scriptures, followed by a prayer by Miss Amelia Beinlich.

The society sang another song, which was followed by an instrumental selection by Miss Lydia Beinhoff, which was very much enjoyed by the audience.

The double quartette rendered a beautiful selection, which was followed by a select reading by Miss Mary Frye.

After a song by the society the leading number of the program was announced, namely, a debate entitled "Resolved That a Woman Can Make Herself More Useful in Political Than Domestic Life." The political woman was most ably championed by Miss Luella Plagge, assisted by Mr. Albert Kampert in place of Walter Roloff, who was unable to be present. Miss Plagge did splendid, but owing to the fact that her assistant only had three hours time to prepare himself for the fray, she had to almost fight the battle alone.

Miss Esther Lageschulte and Henry Solt espoused the cause of the domestic woman in a very brilliant manner.

The four combatants quoted scripture, history and anecdotes, and made the debate interesting for the audience.

While the judges, Miss Minnie Meyer, Rev. Suhr and Frank Landwer were deciding which side had won, Messrs. Fred Schaefer and Sam Lageschulte entertained the audience with a dialogue, at the conclusion of which Miss Minnie Meyer announced the verdict of the judges which was to the effect that both sides did excellent, but that Miss Lageschulte and Henry Solt excelled. The verdict was received with a storm of applause.

The society decided to hold a picnic in the near future. The officers of the Sunday school and Missionary society were appointed a committee of arrangements. The time and place of holding the picnic will probably be within three weeks, and will be announced later.

Mr. Samuel Pummel was unanimously elected a member of the society.

A pleasant reunion took place at the home of Mr. and Mrs. L. D. Castle Sunday, all the children and grand children being present. One of the features was that Mr. Castle's mother, who makes her home with him, was present to enjoy the day. The group was composed of Miss Eva, who resides with her parents; A. L., who is in the employ of the government mail service, was accompanied by his wife, and two sons nearly grown to manhood; Percy V., the well known lawyer of Chicago, with his wife and little daughter; Chas. S., president of the State Bank of Austin, with his wife and three children; Ben B., with the J. V. Farwell Co., with his wife; and Lotta, (Mrs. Dr. Coltrin) with her husband and little son. There were present in all about twenty-five persons, ranging in years from 8 months to nearly 90 years. A picnic dinner was served under the trees, and a photograph was taken of the group. The day was perfect, and nothing was lacking to make those present extremely happy.

In the vicinity of Boquet, Westmoreland Co., Pa., almost any one can tell you how to cure a lame back or a stiff neck. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it on the affected parts and in one or two days the trouble has disappeared. This same treatment will promptly cure a pain in the side or chest. Mr. E. M. Frye, a prominent merchant of Boquet, speaks very highly of Pain Balm, and his recommendations have had much to do with making it popular there. For sale by A. L. Waller, druggist.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of black-berry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent this same remedy. Only four doses of it were required to cure him. He says he owns his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by A. L. Waller, Druggist.

CAPTURED BY FRIENDS.

Miss Lizzie Batterman of Elgin, a Guest at the Home of Mr. H. J. Lageschulte, Tendered a Surprise Party by a Host of Her Friends.

Among the pleasant surprise parties of the season the one given to Miss Lizzie Batterman of Elgin at the home of Mr. and Mrs. H. J. Lageschulte, Saturday evening, takes front rank.

The young folks commenced to wend their ways towards the residence of L. F. Schroeder as early as 7:30 o'clock, and they kept coming until there were present a most formidable array of warriors of both sexes, each one loaded with ammunition of the fruit, confectionery, cake, etc., variety. A campaign of warfare was planned, after which they filed in double rank and with cautious step approached the handsome residence that sheltered the fair victim. The young lady was completely taken by surprise, which fact helped to put the merry-makers in a very happy mood.

After divesting themselves of the superfluous apparel the company repaired to the lawn, which was brilliantly lit up by many Chinese lanterns. Such games as "Pull-away," "Last Couple Out," "Drop the Handkerchief," etc., were hugely enjoyed by the assembled guests, but the game that eclipsed them all was one, the name of which sounded like "Copenhagen." The way the young ladies and gentlemen vied with each other in catching unsuspecting victims was simply bewildering, and caused the young bachelors present to tremble with excitement.

When the guests had enjoyed enough outdoor games they took possession of the parlors of the residence, and amused themselves with playing "Three Kingdoms," "Spot Them Out," etc. At 11 o'clock an elegant supper was served.

Among those present were: Misses Mary Frye, Laura Frye, Amelia Beinlich, Laura Landwer, Cora Landwer, Grace Landwer, Ida Gieske, Minnie Schwemm, Rieka Landwer, Edna Hausam, Laura Wessling, Gertrude Meyer, Minnie Meyer, Luella Plagge, Laura Boehmer, Esther Lageschulte, Martha Kampert, Mary Batterman, Rosa Lageschulte, Esther Kappert, Alta Powers, Clara Lageschulte, Anna Schaefer and Amanda Schroeder.

Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave a very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. WE LEAD, OTHERS FOLLOW.

We make the low prices—others follow if they can.

The extreme low prices at which we are selling strictly pure white lead and oil, gives us pleasure to place the figures in large black type before the public so that all may read the slaughter of prices we have inaugurated in the paint business.

D. B. Shipman Strictly Pure White Lead

Best Linseed Oil 45c. a Gallon.

It may pinch our competitors to sell at such low figures. Let them squirm; the public is getting the benefit of the "pinching" prices, and that isn't a bad thing either, is it? Then again low prices encourages the painting of many buildings which would otherwise have been neglected for some time to come, thus giving more employment to the painters, which is a good point too; we also find that our low prices bring to us trade for miles around. Large sales is what we depend on, and our low prices are making the sales.

If you are thinking of doing painting this year, don't put it off thinking that materials might still go down a little lower in price. Delays are dangerous. Buy right now, for it is safe to say that they will not go down any lower in price, for they are now as low as they can be got—the lowest notch ever sold at, anywhere in this vicinity. Call around and let us talk with you.

THE GREAT ECLIPSE.

ASTRONOMICAL INFLUENCE THAT WILL FOLLOW IT.

Many Troubles in Store—A Prediction of Wars and Physical Disturbances and Other Evils—Ancients' View of Such Events.

I begin this writing with China because the Chinese and their neighbors and recent foes, the Japanese, are among the nations most interested in the subject matter of what is to follow, to wit, the astrological meaning and influence of the total eclipse of the sun which will take place August 9.

The studies in "manners and customs," as taught us in the geographies of our early childhood, gave special weight, so far as the Chinese were concerned, to the announcement that they were accustomed to beat gongs to scare away eclipses, which they thought were the result of the intrusion of evil spirits between the earth and the luminary eclipsed. This curious custom, it was explained to us by enlightened modern civilization through its school teachers, was the result of gross ignorance, stupidity and superstition in which the average Chinaman dwelt and had his being. Later discoveries led people to believe that a race which had produced Confucius and Lao-Tse, two of the four greatest philosophers the world has ever known (the other two being Plato and Socrates) could hardly be properly subject to just this line of criticism. On the contrary, it grew to be demonstrated that the Chinese were among the most intelligent and best informed people of antiquity; that they used gunpowder and the magnetic needle

who transmitted to modern times his great knowledge of ancient astrology. The art of reading the effects of the stars and the zodiacal signs upon the earth and upon human life, as derived from him, includes the influence of comets and of eclipses. Ptolemy says as to predictions based upon these latter phenomena: "One part of the observations required in forming predictions relates to the locality of the event, and points out the cities or countries liable to be influenced by particular eclipses, or by occasional continued stations of certain planets, which at times remain for a certain period in one situation. These planets are Saturn, Jupiter and Mars, and they furnish portentous indications."

The eclipse of August 9 covers a space on the earth extending spirally from 65 deg. 13 min. north latitude to 3 deg. 34 min. above the Equator, and from 0 deg. 3 min. west longitude to 153 deg. 36 min. east longitude. It will be visible to the Arctic regions, Eastern Europe, the northern half of Asia and the western portion of the North Pacific ocean. The line of totality will run through northern Norway and Finland, Siberia, Yezo (the northern island of Japan), Nova Zembla and the Sandwich islands. In casting the horoscope of the exact totality of the eclipse I have chosen the island of Yezo (or Yesso, or Yeddo), Japan, where an astronomical party will be located, and where it occurs at two hours and twenty-eight minutes p. m., local time, in 17 deg. 3 min. of the zodiacal sign Leo, and only 37 deg. 51 min. from the zenith, or mid-heaven, of the horoscope, thus fulfilling one of the conditions of Ptolemy. Under the general rulings of astrology, which take into consideration the square and opposition of the place of the eclipse, that of August 9

THE TRADE REVIEW.

BUSINESS OF THE COUNTRY CONTINUES DULL.

Wheat Being Exported Very Freely for the Season—Little Doing in the Fabric Market, and Prices Low—Iron and Steel Slow.

Dun Co.'s Weekly Review of Trade says:

"Business conditions have clearly improved, though business has not. It is now the torpid season, and better prospects have little effect as yet. The signing of a compact to control foreign exchange by a syndicate, pledging the use of \$750,000,000 for that purpose, may render it unnecessary to use the gold, and has given some stocks a slight advance. Gold exports have been stopped, and foreign trade is more promising of an early demand for our product. The prospects for large crops of cotton and corn are still excellent.

"Two important labor contests have been settled between iron mills and puddlers, one the Brown hoisting works, at Cleveland, which recently caused the troops to be called out. But the strike of garment workers has extended, although appearing near an end.

"None supposes that the exchange syndicate is interested to do more than bridge over a period in which merchandise exports has been light. But exchange in foreign trade is already in the helpful direction, domestic exports from New York having for four weeks been 17 per cent larger, while imports have been 20 per cent smaller than last year, and last week 26 per cent smaller.

"Wheat is already going out with more freedom than is usual for the season, and Atlantic exports have been 1,001,119 bushels, flour included, for the week, against 900,248 last year, and for four weeks 6,564,266 bushels, against 3,422,421 last year. Western receipts are also remarkably heavy, in four weeks 13,646,736 bushels, against 2,856,445 last year, and if part is old wheat so much the greater must have been the surplus from previous crops. In any event, the free movements show that the scarcity is due to the Western farmer and holders. The market, in spite of reports indicating smaller foreign supply, reacted after a rise of a little over 1 cent, closing 1/2 cent higher for the week.

"Lower rail rates helped corn to make a new record at 30.12 cents, and prospects are generally favorable. Cotton advanced by quarters on reports of injury, but there are really few who expect less than a large yield.

"Several weeks of extremely slack demand for cotton orders have brought further reduction in print cloths to 2.44 cents, instead of the advance expected in consequence of the stoppage of 4,000,000 spindles, but prints are selling more freely, while brown and bleached goods are dull, except for export kinds.

"The woolen mills do not get many orders for lightweights, opening 5 to 7 1/2 per cent lower in price than last year, and sales of wool now reported are less than a quarter of a full week's consumption; for the week only 1,619,700 pounds, against 6,072,450 last year, and for five weeks past only 11,547,131 pounds, against 50,851,314 last year, and 38,557,150 in 1892.

"Leather is stubbornly held without change in prices, and in some grades is really scarce, although manufacturers are buying only for actual needs, but hides have turned downward sharply at Chicago, declining 5 per cent for the week with heavy accumulations.

"The iron industry is helped but little by the settlement which gives puddlers of the Ohio region 50 cents advance in wages, because the demand is so light that few mills can run, and the association price is 1.2 cents, while steel bars are now being sold at less than 1.05.

Washburn Answers the Bishop.

G. F. Washburn of Boston, member of the national executive committee of the people's party, has issued a challenge to Bishop John P. Newman of San Francisco to name a single populist who is known as an anarchist. He says in his letter: "Let me inform you that 90 per cent of the populist party are native born American citizens, comprising mostly the sturdy farming element, which for years the statesmen of both old parties proudly alluded to as the 'bone, sinew and stability of the country.' Again, there were more delegates in our convention who owned their own homes and paid taxes than in that of any other political party. Lastly, the leading anarchist, Herr Most, is for the single gold standard and the republican party, and I defy you to name one in our ranks as an off-set to this."

Columbus Buggy Co. Assigns.

At Columbus, Ohio, the Columbus Buggy company, one of the oldest concerns of the city, has made an assignment. In the statement sent out the cause of the assignment is given as due to the general business depression. The firm employs about 1,000 men when running full force, and about 600 were at work at the time the failure occurred. No estimate of the assets and liabilities has been made, but they will each approach nearly \$1,000,000.

Harvest Excursions.

In order to give everyone an opportunity to see the grand crops in the Western states and enable the intending settler to secure a home, the Chicago, Milwaukee & St. Paul R'y. has arranged to run a series of harvest excursions to South and North Dakota, and to other states in the West, Northwest and Southwest on the following dates: August 18, September 1, 15, 29, and October 6 and 20, at the low rate of two dollars more than one fare for the round trip. Tickets will be good for return on any Tuesday or Friday within twenty-one days from date of sale. For rates, time of trains and further details apply to any coupon ticket agent in the East or South, or address Geo. H. Heafford, General Passenger agent, Chicago, Ill.

Fish Can Climb Waterfalls.

"Fish can and do manage to pass up stream over falls fifty feet in height," observed an investigator of the subject. "There are hundreds of well-authenticated instances of this on the Columbia river, in Oregon, where salmon, which is a salt-water fish, is found above the falls in the fresh water. There is no other way for them to get up the river except to use the falls as a kind of ladder, and they have been seen while making the ascent. By this I do not mean abrupt falls, but the kind of falls generally seen on western rivers. The Great Falls of the Potomac are an illustration. Though there is an artificial fish-way there, millions of fish managed to get into the upper Potomac during their spawning season before the fishway was constructed."

A Superbly Appointed Train.

Undoubtedly the handsomest train between Chicago and St. Paul, Minneapolis, the Superiors and Duluth is the "North-Western Limited," which leaves Chicago at 6:30 p. m. daily via the North-Western Line (Chicago & North-Western R'y). Its equipment, which is entirely new throughout, and embraces Compartment Sleeping Cars, Buffet, Smoking and Library Cars, standard Sleeping Cars, Dining Cars and ladies' coaches, has every luxury which imagination can conceive or mind invent for the comfort and convenience of passengers. All agents sell tickets via the Chicago & North-Western R'y. For full information apply to agents of connecting line, or address W. B. Kniskern, G. P. and T. A., Chicago, Ill.

Finds Dynamite in His Eye Crop.

Henry Glass, of Pipestone township, Berrien county, Mich., was about to commence thrashing his crop of rye Tuesday when three sticks of dynamite were found secreted in a bundle of the grain. A dozen or more men were working around the machine at the time.

DIAGRAM SHOWING THE PATH OF THE ECLIPSE.

many thousand years ago, and their historical records show that 2,000 years before Christ a Chinese emperor caused to be put to death his two chief astronomers for not predicting an eclipse of the sun which then occurred.

The astrological theory of a total eclipse of the sun contends that it exercises an inimical influence over the earth and its inhabitants. A score of coincidences have been found between solar eclipses and California earthquakes from 1859 to 1883. The influence is thus supposed to be at least physical by modern scientific observers. Xenophon alleges that the capture of the city of Larissa, on the River Tigris, was caused by an eclipse. The eclipse of Athens August 3, B. C. 431, ushered in the first year of the Peloponnesian war. Julius Caesar crossed the Rubicon while the annular eclipse of the sun of B. C. 49 was progressing. Long prior to that, in B. C. 715, an eclipse coincided with the death of Romulus. The derivation of the word eclipse is from a Greek origin signifying "abandonment."

Claudius Ptolemy, the great astronomer and geographer, who was an Egyptian, and flourished in the second century A. D., was also the authority

will affect, primarily, Japan, China, Korea, Eastern Siberia, the country about the Danube, Egypt, Armenia, Western Russia and the Northeastern part of Scandinavia, Brazil, Venezuela and Guiana, New England, Newfoundland and Eastern Labrador, California, Nevada, Oregon, Washington, Idaho and Alaska. Of these China, Japan and Russia will feel its evil influences the most, beginning not later than April, 1897, and culminating not later than February, 1898.

It happens, most unfortunately, that at the time of the eclipse there are congregated in the sign Leo, besides the sun and moon, the planets Jupiter, Venus and Mercury, all practically in astrological conjunction. Unfortunately, because, while these planets unafflicted would greatly tend to mitigate the evil influence of the eclipse, they are actually in square with the evil planet Mars on the one hand, and on the other, also in square with the no less evil planets Herschel and Saturn, in practical (astrological) conjunction. With this combination confronting me, I am bound to predict that the period named in the countries named will be notable for events of the most unfortunate character.

AZRAEL.

AN INFANT MADE A PEERESS.

Queen Victoria Revives a Barony That Was in Abeyance.

There is in England a small peeress for whom the queen has gone out of her way and done a remarkable thing in order that this little girl may enjoy her full rights when she gets bigger. She is Mona Josephine Tempest Stapleton, elder daughter of the late Baron Beaumont, who was accidentally killed in the hunting field about a year ago. The peeress is a year and ten months old, and after the death of her father the barony fell into abeyance. The queen, however, has very graciously revived it. This is not the first time the Beaumont barony has been in abeyance. Once before, in the reign of Henry VII, it fell into abeyance, and so remained for 333 years, and was then revived, so that this is the second time the queen of England has taken the same action for the same family. The diminutive peeress comes of one of the oldest families in England. It started with Henry de Beaumont, who is supposed to be a grandson of John de Brienne, the last King of Jerusalem. Henry de Beaumont went to England and became a favorite with Edward I. The crown made him King of the Isle of Man for life, and March 4, 1309, he was summoned to parliament as baron of England.

A Unique Overcoat.

S. N. Malterner of Spokane wears an overcoat that is bound to attract attention, no matter where it is seen. This coat is made out of fur of an unborn musk ox. The coat is light in weight and, were it not for the weight of the lining, would seem as though made of the softest down. The color is a light silver gray when the light is upon it from one direction and as soon as the light is shifted it turns to a clear gray. When seen under a light not very bright it has the appearance of jet black. Mr. Malterner says that it has attracted so much attention in the eastern cities that he had to lay it aside to keep from being bothered answering questions as to what it was and where he got it.—Spokane Review.

ANOTHER GOOD MOVE.

The Illinois Central Adds a New Fast Day Train to Its Chicago-St. Louis Service, the Diamond Special

Beginning August 1st the Illinois Central will add a new solid vestibule day train to its Chicago-St. Louis service, which will make the run between the two cities in eight and a half hours. It will be known as the "Daylight Special," and will leave Chicago at 10:35 A. M., arriving at St. Louis at 7:04 P. M.; returning leaving St. Louis at 8:32 A. M. and arriving at Chicago at 5:00 P. M. It will carry a free reclining chair car and an elegant Pullman combination parlor and buffet car. This in addition to the regular night train, the Diamond Special, with its free reclining chair car, its elegant Pullman full compartment sleeping car and Pullman combination sleeping car containing buffet, state rooms and open sections, which will continue to leave Chicago at 9:00 P. M., arriving at St. Louis 7:24 A. M.; returning, leaving St. Louis at 9:10 P. M., and arriving at Chicago at 7:35 A. M.

These trains will, in every sense, be solid through trains of the Illinois Central Railroad for the entire distance between Chicago and St. Louis, but they will both run via a new route from Pana to St. Louis, i. e. over the tracks of the Big Four Route, the line between Chicago and Pana being over the Illinois Central via Clinton—regular route of the Diamond Special. Trains make regular stops in both directions in Chicago at 22d Street, 39th Street, Hyde Park and 63d Street Stations, for the accommodation of patrons to or from the Kenwood, Hyde Park, Pullman or South Chicago districts of the city.

QUEER CASE OF WIFE SWAPPING

Keeping a Contract Entered Into Ten Years Ago.

Ligonier, Ind., July 16.—John Krubelman of Cass county, Mich., was married in La Grange county, this state, to the divorced wife of William Hecklyman of Monroe county, Ohio.

Krubelman and Hecklyman were both suitors for the hand of Cora Huggins, a pretty country girl, who was at a loss to decide which one she preferred for a husband. The sequel was an unusual compact, by the terms of which she agreed to marry Hecklyman and live with him ten years as his wife, when Krubelman, if he was living, was to become her husband.

Hecklyman went west and obtained a divorce, as did also Krubelman, and now Mrs. Krubelman becomes Mrs. Hecklyman, and Mrs. Hecklyman becomes Mrs. Krubelman.

THE GREAT NURSERIES.

LOUISIANA, MO., ROCKPORT, ILLS.

Visited by Gov. Colman, Ex-Sec'y Agri., and the Hort. Ed., Judg. Miller.

"Oh, how insignificant all my fifty years of nursery business seems, all combined, when compared with this stupendous establishment, where they count by millions," said Judge Miller, that veteran horticulturist, as he, in company with the writer, were being driven to the various departments of this vast nursery.

It is not in the soil of every farm that one finds qualities essential to the growth of the different kinds of Nursery stock, hence it has devolved upon these gentlemen, who were born to the Nursery business, to select from among the hills and valleys of the two States such portions as are adapted to their purposes. But in this very fact of selection of soil we see their exceeding care for the future success of their stock.

Missouri and Illinois have no more worthy institutions than the Stark Nurseries, and surely no better or more representative men than the proprietors. The business is growing on their hands, as it deserves to grow.

They have a system of 40,000 acres of commercial test orchards located in great fruit growing regions.

The canvassing force is being increased, 5,000 fine outfits ready. Stark Nurseries always have room for more active workers because they have millions of Stark trees to sell.—Colman's Rural World.

Rabbit's Foot for Bryan.

After Bryan was nominated and during the great crush at his rooms a friend of Mr. Bryan asked if he had kept his watch. With a smile the candidate reached into his fob pocket and pulled out—a rabbit's foot.

"Don't tell me that a rabbit's foot isn't lucky," said he to his wondering friends. "An unknown man came to my rooms yesterday and made me a present of this, and begged me to keep it until the balloting began. I am not superstitious in the least, but he begged so hard that I took it." And he restored the talisman to his pocket.

A WESTERN SHEPHERDESS.

Mrs. Mattie Taplin a Type of the Nebraska Ranchwoman.

Mrs. Mattie McGee Taplin of Sidney, Neb., is a lady whose striking personality and her sterling womanly qualities, not less than her interest in and connection with western sheep husbandry, will commend her to the friends and patrons of the golden hoof throughout the country. Mrs. Taplin was born in Preston county, West Virginia, was educated in the public schools and at Fairmount Normal school of that state, and for ten successive years taught in the public schools of her native county. In 1886 she removed to David City, Neb., and after teaching two terms in Butler county determined to become a land owner and found a sheep ranch in the wild west. In pursuit of this purpose she journeyed to Cheyenne county, in company with her cousin, Miss Minnie McGee, and the two girls fled upon adjoining homesteads, near Sidney, in the spring of 1887, and built a sod house on the line of the two claims, so that the fair claimants could both sleep under the same roof and yet each sleep on her own chosen homestead.

Cheyenne county was little more than a beautiful wilderness, with few settlers, in those days, but Mattie McGee and her cousin Minnie were brave, dauntless, self-helpful women, quite equal to the demands of the day and

MRS. MATTIE TAPLIN.

occasion, and while Minnie kept house and "held down" the claims, Mattie taught the children of the new settlers, until it began to dawn upon the gallant frontiersmen about her that she was a young woman of rare executive gifts, as well as culture and courage, and in the fall of 1889 they elected her superintendent of general instruction for Cheyenne county, a position which she honored with marked administrative ability for four years, at the end of which she returned to David City and taught in the city schools until June, 1895, when she was married to Mr. Eugene Taplin, an extensive sheep ranchman of Cheyenne county.

In 1892 Mrs. Taplin invested \$300 of her earnings in 250 yearling Lincoln-Merino ewes, and leased them for one-half the wool and increase, the wool paying her liberal interest on the investment, and the increase augmenting the flock until it now numbers 660 sheep. The marriage of our fair and level-headed shepherdess to the fortunate ranchman brought with it a union of flocks and ranches, as well as of hearts, and the mistress of the "greater" ranch writes us, with evident pride and pleasure, that "a finer lot of sheep may not be found in Western Nebraska."

Ornamental Swallows.

A flight of swallows made of the finest glittering brilliants is one of the newest ornaments with which the summer matron delights to adorn herself. Each of the five jeweled birds can be separated and worn either as a brooch or as an ornament for the hair. To those who find the swallow too modest a device the robin redbreast is a fashionable substitute. The robin is mounted on a branch of leaves and berries, and has gay jeweled wings and a breast of enameled iridescent red. A conceit that is more odd than beautiful takes the form of a white rabbit, his body all pearly, his pink eyes of the balas ruby and his long ears are pearls with suggestions of pink about their tips. Often by way of further elaboration, the little rabbit is mounted upon his hind legs upon a gold bar, and is gazing upon a butterfly glistening with golden beryls and purple amethysts.

A Queer Hand.

Miss Harriet Morgan died recently in Piketon, Ohio, from quick consumption contracted last winter while going to watch at the bedside of a sick friend. She possessed one peculiarity which had given her considerable notoriety in the region adjacent to her home and which entitled her to rank as a curiosity. Her right hand was a trifle larger than her left, but it was so perfectly formed that a casual observer would not notice the difference in them. She also had the power to increase the size of the larger hand by a simple effort of her will. She could not explain how she did it, but without an effort she could lengthen the fingers and make the flesh swell considerably. She was a talented musician and a popular girl socially.

MELANCHOLY WOMEN.

Always Afraid Something Dreadful is Going to Happen.

How a Little Baby Girl Rolled the Clouds Away.

Of course a woman will naturally see the dark side of everything when tortured by some form of female disease, which her doctor cannot or does not relieve. No wonder she is melancholy when head and back ache, pains run through the whole body and loins, nerves are weak, stomach out of order, digestion poor, sense of fullness and bearing-down, poor sleep and appetite, always weak and tired, irregular menstruation, whites, etc.

She probably is not so fortunate as to know that all female ailments are indicated by these never failing symptoms, and are controlled by Lydia E. Pinkham's Vegetable Compound; all female weaknesses quickly disappear by its use. It has been the thinking woman's safeguard for twenty years, and all druggists sell large quantities of it because it can be relied upon.

Still another woman speaks: "I wish you would publish my name with your testimonials. I want every one to know that your Vegetable Compound has made me well and strong. I sing its praises all the time. When I was first married I was very weak and had female troubles badly; Oh, I was so weary, sick and melancholy, but the Vegetable Compound built me up, and now I have a dear baby girl, and I am so happy. No home is complete without a dear little baby and Lydia E. Pinkham's Vegetable Compound to roll the clouds away."—MRS. GEO. CLAUS, 85 Danforth St., Buffalo, N. Y.

MENA, ARK.

Here's a town to draw to—17,500 square miles tributary territory, 85 miles from Mena to Hot Springs due east, 85 miles to Tusahoma, 17 1/2 west, 90 miles to Fort Smith north, 95 miles to Texarkana south—not a railroad in this district save THE PORT ARTHUR ROUTE. 945,000 acres government land and 61,000 people, census of 1890. Division point on the Port Arthur Route. Valleys fertile and well watered that grow every product of the temperate zone. Black Walnut, Oak and Pine Timber. Elevation 1,350 feet, 325 feet higher than Kansas City. Will be County Seat of Polk County. No Hot Winds, no Blizzards, no Droughts. Climate equal to Southern California. Cool in Summer, temperate in Winter. Cheap Land Values, 40 miles from any railroad except the Port Arthur Route. Buy quick before the railroad gets in and the boom comes. The railroad is 10 miles away now. The sale of agricultural implements and household goods will beat Oklahoma's record. Mena is one town against Oklahoma's dozen.

THE CHANCES.

Mena is a record breaker for business chances—nothing like it in the country—only new country in the United States opening up—Mena's boom is the only boom on any town in the country, but it's a winner for that reason alone, if for no other. Drowned in a Bath Tub.

Mrs. Matilda Isaacson, a midwife, was found drowned in a bath tub in a barber shop at Superior, Wis., Tuesday morning. The circumstances of the case were suspicious and pointed to suicide. The woman was found face downward in the water, her head under the faucet and a bottle of whisky was near by. She had been left there the night before by the shop employes to finish her bath, it being her custom to remain several hours and let herself out of the barber shop.

A MAGNIFICENT CHURCH

The First United Evangelical Church of Elgin Dedicated Sunday.

Although the congregation of the Salem church of Elgin is only about fifty strong they have shown a spirit of thrift and enterprise that warrants the prediction that they will eventually become one of the strongest religious bodies in that beautiful city.

On last Sunday they dedicated their magnificent church, which cost \$7,000, and before twenty-four hours had elapsed every cent of the indebtedness had been raised.

The Elgin Daily News of Monday had the following to say of this beautiful building:

"The new building on the corner of Fulton and Geneva streets was formally dedicated Sunday evening as the First Salem church of the United Evangelical association. The building is frame, with a veneering of handsome pressed brick, which makes it to all intents and purposes a brick structure. It is a pretty building and is a compliment to its architects, the Marckhoff Bros. The cost of the church and lot was \$6,700, which amount is entirely made up. This is a good showing for a church of 54 members.

"The inside has been decorated very artistically. Neat chandeliers will furnish either gas or electric light. The large and comfortable pews will seat 500 people. The basement will be used as a Sunday school and social room.

"Three services were held in the church Sunday with a good attendance at each. The dedication proper took place in the evening. Bishop R. Dubbs, D. D., LL. D., of Chicago, conducted all the services. Five new members were taken in at the evening service.

"The officers are as follows: Pastor, W. Schweiker; Sunday school superintendent, C. Marckhoff; Trustees, C. Marckhoff, president, C. Weiskopf, A. Golden, H. H. Marckhoff, C. Bruns. "Much credit is due the building committee, W. Schweiker, C. Bruns, and the Marckhoff Bros."

The Courier of the same day among other things says:

"The Young People's society of Barrington raised \$25. Bishop Dubs was using his lead pencil, when someone offered him \$5 for it. The sale was promptly made, and this amount was added to the fund.

"The Ladies' Aid society have done a wonderful amount of work. There are but seventeen members, with Mrs. Charles Marckhoff as president. In a year and a half they have raised \$419, subscribed another \$100 yesterday, and gave a cash contribution of \$25. They have also furnished the church entire, purchased the organ and paid for the frescoing.

W. H. Hintze, although not a member, generously gave all the stone used on the structure and made cash contributions of \$200. The business men of the city have been generous and liberal, and many who have no connection with the society have subscribed from \$25 to \$100.

"The music at all services was very fine. The choir of the church was assisted by the Barrington choir.

"This afternoon the trustees obtained subscriptions sufficient to entirely clear the society from debt."

It is needless for THE REVIEW to say more than to state that the above quotations are not exaggerations but simply plain facts.

A great many visitors from Barrington were in attendance at the services, and they were most royally entertained by the members of the Elgin congregation and their friends. Every visitor had more invitations than they could accept for dinner and the same might be said in regards to supper.

The elegant residence of Mr. and Mrs. Chas. Marckhoff seemed to be headquarters for the Barrington delegation. Everything that was conducive to the comfort of their guests was provided by those hospitable people.

THE REVIEW, on behalf of the people of Barrington, extends thanks to the citizens of Elgin for their hospitality, and guarantees them that if they will visit Barrington the citizens of our town will show them that they are not behind the times.

Among the Barrington citizens who attended the services were:

Messrs. and Mesdames L. F. Schroeder, Aug. Boehmer, John Meiners, Fred Frye, Henry Gieske, H. D. A. Grebe, Frank Plagge, Sam Gieske, Rev. Suhr, Jno. Kampert, Henry Meier, H. J. Lageschulte, H. Garbisch, Fred Kampert, Aug. Klein, Aug. Landwer, Frank Landwer, Jos. Zorno, G. H. Lageschulte, H. Aurant, H. Wiseman, and Harry Lageschulte.

Messrs. Albert Gieske, Elmer Gieske, Theo. Suhr, Reuben Plagge, Geo. Stiefenhofer, Herbert Meiners, Chas. Schafer, Henry Schroeder, Edw. Bauman, Henry Landwer, Ezra Suhr, M. J. Rauh, Edw. Wessel, Henry Miller, Ben Beinhilch, Albert Kampert, Geo. Hansen, Fred Bauman, Jno. C. Plagge and Wm. Schmitz.

Mary Louise Friedericke was the name given the little daughter of Mr. and Mrs. Carl Jahnke at the St. Paul's church Sunday.

ORDER OF ANANIAS.

A Peculiar Organization Has an Annual Meeting Every Two Weeks and Awards a Champion Medal at Each Meeting.

Last Saturday afternoon the Chicago club of the order of Ananias held one of its frequent annual meetings in Mr. Kimberly's Grove on the banks of Honey Lake. None but good spirits are admitted to fellowship in the organization and no other is allowed about the camp.

At midnight Saturday the championship medal was awarded to Atty Mathews with appropriate ceremonies. Mr. Mathews took it very kindly though he lost it at the first opportunity.

The order is for the promotion of truth among those not members, and the unlimited consumption of fish by the members. Of course fish are not the only birds devoured by the thirsty Ananiasians.

The highest officer in the order is the "Cook" and the lowest officer is the "President" who has to dig the worms and chop the fire-wood. The Vice-President's duties are to carry from the spring and pick the bones out of the fish for the chowder, or get a substitute. He generally finds it easier to do the work than get a substitute.

The entire camp took turns at saying "Truly Rural" at seven o'clock Monday morning and then adjourned for two weeks. After adjournment a vote of thanks was tendered to Chief McIntosh and President Mathews in appreciation of the memorable fish-chowder which marks a red letter day in the annals of the order.

YOUNG ONCE MORE.

An Evening Which is Heartily Enjoyed by Both Old and Young.

Thursday it was just 40 years ago that Mr. Henry Boehmer was born, and the occasion was observed in a fitting manner.

About 8:00 o'clock Thursday evening a number of Mr. Boehmer's admirers gathered at the home of Mrs. G. Meyer and a little later marched over to the beautiful home of our worthy village president where, after giving him a pleasant surprise, they spent a most enjoyable time.

There were present old and young folks—little people who have not yet passed through the fifth reader and some who have long passed the half century mark—all determined to make the evening a success, and they succeeded, too.

It was not long before "Thaler, thaler, du must wandern," sang by a chorus of the older people, could be heard, and it was a pleasure to watch them pass the silver dollar, while the victim on the inside of the circle vainly endeavored to locate the coin. Afterwards such games as "Pretty as a Redbird," "Happy is the Miller," etc., were played by the guests with vim and might. It was indeed an evening when the ladies and gentlemen forgot the weight of their years and lived childhood days over again.

At 10 o'clock the guests were ushered into the spacious dining room, and the table was turned on them. They were bidden to be seated at a table that was loaded with good things—several kinds of cold meats, salad, buns, relishes, coffee, several kinds of cake, and fruit of almost every description. For desert ice-cream was served. The guests did ample justice to the sumptuous repast. At a late hour, after bidding Mr. Boehmer many happy returns of the occasion, the guests reluctantly departed for their homes.

Among those present were: Messrs. and Mesdames Rev. Suhr, Fred Frye, B. Sott, H. Meyer, Fred Lageschulte, J. Forke of Wheeling, F. Kampert, H. Lageschulte, L. F. Schroeder, Dr. Kendall, A. W. Meyer, J. C. Plagge, N. Stenger, S. Gieske, M. C. Naebler and August Boehmer.

Mesdames J. P. Hausam of Wheeling, John Meyer, and G. Meyer.

Misses Hamilton, Maud Meyer, Lulu Boehmer, Laura Boehmer, Alvina Myers, Edna Hausam, Gertrude Meyer, Minnie Meyer, Emma Meyer, Ida Gieske, Mary Frye, Frieda Boehmer, Laura Frye, Laura Wessling and Ruth Meyer.

Messrs. George Stiefenhofer, Emil Meyer, Roy Meyer, Albert Kampert, Roy Boehmer, Jesse Hausam of Wheeling, Albert Gieske, Reuben Plagge, Alex. Fred, Arthur and Charlie Boehmer and M. J. Rauh.

Messrs. and Mesdames John Robertson, Prof. F. E. Smith, and A. J. Redmond; Mesdames Leroy Powers, Flora Lines and Kate Ganong; Misses Lydia Robertson, Leila and Nellie Lines, and Mr. Frank Robertson are camping at Beechwood Point on Paw Paw Lake, near the town of Watervliet, Mich. Reports from there received Thursday evening stated that a severe cyclone raged there early Thursday morning blowing down a house and several trees, but fortunately no one was injured.

Rev. E. Rahn on Sunday installed Rev. C. Lohse as pastor of the St. Paul's congregation at Nunda. The pastor will also have charge of the congregations at Cary and Algonquin. The congregations at Nunda and Algonquin were organized by Rev. E. Rahn last autumn.

Mrs. B. Backus and daughter of Lockport were guests at the home of L. E. Runyan.

BARRINGTON BOYS WIN

The Prizes for the Most Members in Line Captured by Camp No. 809. While the B. M. B. Carries Off the Cash Prize for the Best Band.

Barrington Camp No. 809 attended the Woodmen picnic at Wauconda in a body. They took along with them the Barrington Military band, and both came home in a happy frame of mind. Over fifty members of the Barrington camp marched in the procession, each one carrying a broom. The Barrington Military band headed the procession, and rendered some fine selections, while the Wauconda band and Woodmen brought up the rear of the column.

Over fifty members of the Barrington boys marched in the procession, each one carrying a broom. The Barrington band headed the procession and rendered some elegant selections, while the Wauconda band brought up the rear of the column. Over 2,000 people listened to the appropriate remarks made by Head Clerk C. W. Hawes, C. T. Heydecker, Attorney Spitzer, and Director Quackenbush. The singing by local talent was good. Especial mention must be made of the manner in which the picnic was conducted. Everything for the comfort of the guests had been provided by the management, who are to be congratulated on the success of the day.

Although the weather was extremely warm the dance pavilion was crowded both afternoon and evening.
