L. PECK.

Sam Snyder has received a vacation owing to ill health.

Mrs. Geo. Vehe visited relatives here the latter part of last week.

Mrs. Wm. Tank of Chicago visited friends in this place last Friday.

Mrs. Cook of Little Falls, N. J. is visiting her brother, G. A. Horstman.

Miss Grace Henry was much improved according to the latest reports.

Miss Minnie Pearman of Champaign is visiting her brother, Dr. Pearman.

Miss Bertha Horstman is entertaining her cousin, Miss Meyer of Chicago.

W. L. Smyzer ate New Years dinner with Mr. and Mrs. J. I. Sears at Barrington.

Several of our wheelmen have been trying the roads with their bicycles this week.

Will Ahlgrim started his labors in Attorney M. C. McIntosh's office in Chicago Monday.

Twelve of our firemen attended the dance at the Heights Friday night and report a pleasant time.

Congressman Foss has distributed copies of his speech made in the House at Washington on March 31 last.

Willis Johnson of Chicago is visiting his mother, Mrs. W. Johnson, who has been quite sick this week.

The P. A. C. dance on New Years Eve. proved a very pleasant affair, although the attendance was not large.

There are several first-class amateur photographers in town. The craze bids fair to equal that of bicycling.

Chas. H. Patten expects to leave for California next week where he will spend a couple of weeks, returning with his wife and two children.

Chas. Yates returned to Missouri with John Biggs Tuesday and expects to enjoy the excellent hunting of that country.

E. D. Cook and family of Gilmer and Mr. and Mrs. Edwin Cook of Libertyville, were guests of R. H. Lytle and family the first of the week.

Bert Van Vleck, who has been in Hoopstown, Ill., for several weeks returned to town the first of this week.

Mrs. Ed. Olcott of Chicago has been seriously ill with apendicitis, but is reported much better. Miss Mary Putnam has been attending her all week.

Harry Rea and Hosea Sawyer have resumed their studies at Northwestern and August Holste has returned to Chicago University.

Dr. E. W. Wood and wife started for California Tuesday to be gone several weeks. They will visit the South before their return.

Mrs. M. E. Peterson of Milwaukee and Miss Emma Weighe of Chicago visited with the Misses Flury over New Years.

Mrs. Katherine Oller of Dixon, Mrs. Etta Williamson of Chicago and Mr. and Mrs. H. A. Williamson of Ashton are occupying Mrs. Dr. E. W. Wood's house while they are away.

Herman Reese is recovering rapidly from his railroad accident and has been able to move about all week although his jaw will be in a plaster mould for some time.

Mr. and Mrs. John Page celebrated their silver wedding anniversary at their home in Deer Grove, New Year's Day, Jan. 1, 1898. About twenty-five relatives were present and help celebrate the day.

Congressman Wm. Lorimer of the Second Congressional district has recently flooded this section of the country with matter relating to the raising of poultry. "Billy" says he is out of politics, but we wouldn't be surprised if he was "laying" for a county office and his using his poultry pamphlet for its "hatching."

The Ladies Aid Society met with Mrs. E. F. Baker Wednesday afternoon and transacted important business. They decided to donate \$100 towards fixing up the interior of the church; \$100 towards the church debt and the balance in the treasury \$43.64 towards incidental expenses. The ladies have done good work.

Walter Lytle's friends gave him a surprise Wednesday evening at the home of his parents in honor of his twenty-first birthday. About twenty young people were present and a very enjoyable time was spent. A light luncheon was served.

The revival meetings in the Methodist church have increased in interest and attendance since the first of the week, and they will be continued a week longer, different pastors preaching each evening. Rev. Stewart of Arlington Heights will preach tomorrow evening. Everybody is most cordially invited to attend.

Palatine Village Board Meets in Regular Session.

Village Board met in regular session Monday evening, all members being present with the exception of Horstmann.

The minutes of the last meeting were read and approved.

Moved by Taylor and seconded by Ost that an order be drawn on the treasurer for \$2,000 in favor of C. H. Patten to apply on water works contract. Carried.

Moved by Taylor, seconded by Ost that F. J. Filbert be paid 1 per cent of all money paid out of the treasury as compensation for his services as treasurer, and collector of the special assessment taxes. Carried.

Mr. Filbert has served the village as treasurer for the past three years without any compensation. The commission on the funds disbursed by him up to June 30, 1897, to which he was entitled by law, amounted to \$325 which he generously donated to the village.

SUGGESTS MANY REFORMS.

Monetary Commission Announces Its Plans.

DETAILS OF THE REPORT.

Suggests a Scheme for the Redemption and Retirement of Treasury Notes and for Various National Bank Reforms.

Washington, Jan. 4.—The report of the monetary commission, containing the plan of currency reform proposed by it, together with a full discussion of the subject and a mass of valuable statistics and other information, has been sent out by the executive committee of the Indianapolis convention. Following are the main points of the plan:

"The existing gold standard shall be maintained; and to this end the standard unit of value shall continue, as now, to consist of 25.8 grains of gold nine-tenths fine, or 22.22 grains of pure gold, as now represented by the one-tenth part of the eagle. All obligations for the payment of money shall be performed in conformity to the standard aforesaid; but this provision shall not be deemed to affect the present legal-tender quality of the silver coinage of the United States, or of their paper currency having the quality of legal tender. All obligations of the United States for the payment of money now existing or hereafter entered into shall, unless otherwise expressly provided, be deemed and held to be payable in gold coin of the United States, as defined in the standard aforesaid. No silver dollars shall hereafter be coined.

"There shall be created a separate division in the treasury department, to be known as the division of issue and redemption. A reserve shall be established in this division by the transfer to it by the treasurer of the United States from the general funds of the treasury of the amount of gold in coin and bullion equal to 25 per cent of the aggregate amount of both the United States notes and treasury notes issued under the act of July 14, 1890, outstanding, and a further sum in gold equal to 5 per cent of the aggregate amount of the coinage of silver dollars.

"The division of issue and redemption shall on demand at Washington and at such subtreasuries of the United States as the secretary of the treasury may from time to time designate—

"(a) Pay out gold coin for gold certificates.

"(b) Pay out gold coin in redemption of United States notes or treasury notes of 1890.

"(c) Pay out silver dollars for silver certificates of any denomination.

"(d) Issue silver certificates of denominations of \$1, 2 and \$5 in exchange for silver dollars and for silver certificates in denominations above \$5.

"(e) Pay out coin in exchange for silver dollars.

"(f) Pay out silver dollars in exchange for gold coin, United States notes or treasury notes.

"(g) Pay out United States notes or treasury notes, not subject to immediate cancellation, in exchange for gold coin.

"(h) Pay out and redeem subsidiary and minor coins as provided by existing laws.

"(i) Pay out United States notes in exchange for currency certificates.

"United States notes or treasury notes once redeemed shall not be paid out again except for gold coin, unless there shall be an accumulation of such notes in the division of issue and redemption, which cannot then be canceled under the provisions of the act, in which case the secretary of the treasury shall have authority, if in his judgment that course is necessary for the public welfare, to invest the same or any portion thereof in bonds of the United States for the benefit of the redemption fund; such bonds to be held in the division of issue and redemption, subject to sale at the discretion of the secretary of the treasury for the benefit of the division of issue and redemption, and not for any other purposes.

"The secretary of the treasury shall be authorized to sell from time to time, at his discretion, any silver bullion in the division of issue and redemption, and the proceeds in gold of such sales shall be placed to the account of the gold reserve in the division of issue and redemption.

"The gold certificates and currency certificates shall, whenever presented and paid or received in the treasury, be retired and not reissued.

"No United States note or treasury note of 1890 of a denomination less than \$10 shall hereafter be issued, and silver certificates shall hereafter be issued or paid out only in denominations of \$1, \$2 and \$5, against silver dollars held by or deposited in the treasury.

"The assistant treasurer in charge of the division of issue and redemption shall, on demand, pay in gold coin all United States notes and treasury notes presented for payment, and as paid cancel the same up to the amount of \$50,000,000. After that amount shall

have been paid and cancelled he shall then from time to time cancel such further amounts of notes so paid as shall equal but not exceed the increase of national bank notes issued subsequent to the taking effect of the proposed act.

"If at the end of five years, next after the taking effect of the proposed act any United States notes or treasury notes shall be outstanding, a sum not exceeding one-fifth of such outstanding amount shall be retired and cancelled each year thereafter, and at the end of ten years after the passage of the proposed act the United States notes and treasury notes then outstanding shall cease to be legal tender for all debts public and private, except for dues to the United States.

"It shall be the duty of the secretary of the treasury to maintain the gold reserve in the division of issue and redemption at such sum as shall secure the certain and immediate redemption of all notes and silver dollars presented, and the preservation of public confidence; and for this purpose he shall from time to time, as needed, transfer from the general fund of the treasury to the division of issue and redemption any surplus revenue not otherwise appropriated; and in addition thereto he shall be authorized to issue and sell, whenever it is in his judgment necessary for that purpose, bonds of the United States bearing interest not exceeding 3 per cent, running twenty years, but redeemable in gold coin, at the option of the United States, after one year; and the proceeds of all such sales shall be paid into the division of issue and redemption for the purposes aforesaid.

"To provide for any temporary deficiency which may at any time exist in the fiscal department of the treasury of the United States the secretary of the treasury shall be authorized, at his discretion, to issue certificates of indebtedness of the United States, payable in from one to five years after their date, to the bearer, of the denomination of \$50 or multiples thereof, with interest at the rate not to exceed 3 per cent per annum.

"Whenever money is to be borrowed on the credit of the United States, the secretary shall be authorized, instead of issuing the usual forms of engraved bonds, upon receiving lawful money of the United States in sums of not less than \$50 in any single payment, to cause a record of all such payments to be made in books to be kept for that purpose in Washington, and thereafter from time to time, to pay to those so registered on such books interest not exceeding 3 per cent per annum in gold coin, on the amount with which they shall severally stand credited on such books in the same manner and at the same dates as if they were the holders and owners of registered bonds of the United States.

"The total issues of any national bank shall not exceed the amount of its paid-up and unimpaired capital, exclusive of so much thereof as is invested in real estate. All such notes shall be of uniform design and quality, and shall be made a first lien upon all assets of the issuing bank, including the personal liability of its stockholders. No such notes shall be of less denomination than \$10.

"Up to an amount equal to 25 per cent of the capital stock of the bank (the whole of its capital being unimpaired), the notes issued by it shall not exceed the value of United States bonds, deposited with the treasurer of the United States. The additional notes authorized may be issued without further deposit of bonds.

"Beginning five years after the passage of the proposed act, the amount of bonds required to be deposited before issuing notes in excess thereof shall be reduced each year by one-fifth of the 25 per cent of capital herein provided for; and thereafter any bank may at any time withdraw any bonds deposited in excess of the requirements thereof.

"Every national bank shall pay a tax at the rate of 2 per cent per annum, payable monthly, upon the amount of its notes outstanding in excess of 60 per cent and not in excess of 80 per cent of its capital, and a tax at the rate of 6 per cent per annum, payable monthly, upon the amount of its notes outstanding in excess of 80 per cent of its capital.

"Provision is made for payment by the banks to make a guaranty fund.

"Upon the failure of any bank to redeem its notes they shall be paid from the said guaranty fund, and forthwith proceedings shall be taken to collect from the assets of the bank and from the stockholders thereof, if necessary, a sum sufficient to repay said guaranty fund the amount thereof that shall have been used to redeem said notes; and also such further sum as shall be adequate to the redemption of all the unpaid notes of said bank outstanding.

"If the said guaranty fund of 5 per cent of all the notes outstanding shall become impaired by reason of payments made to redeem said notes as herein provided, the comptroller of the currency shall make an assessment upon all the banks, in proportion to their notes then outstanding, sufficient to make said fund equal to 5 per cent of said outstanding notes.

"The present system of national bank note redemption should be continued, with a constantly maintained redemption fund of 5 per cent in gold coin, and with power conferred on the comptroller of the currency, with the approval of the secretary of the treasury, to establish additional redemption agencies at any or all of the subtreasuries of the United States, as he may determine.

"National banks shall hold reserves in lawful money against their deposits of not less than 25 per cent and 15 per cent for the respective classes as now provided by law, at least one-fourth of which reserve shall be in coin and held in the vaults of the bank. Neither the 5 per cent redemption fund nor the 5 per cent guaranty fund shall be counted as part of the reserve required. No bank shall count or report any of its own notes as a part of its cash or cash assets on hand.

"Permit the organization of national banks with a capital stock of \$25,000 in places of 4,000 population or less.

"Provision should be made whereby branch banks may be established with the consent of the comptroller of the currency and approval of the secretary of the treasury.

"For the purpose of meeting the expenses of the treasury in connection with the national bank system, a tax of one-eighth of 1 per cent per annum upon its franchises, as measured by the amount of its capital, surplus and undivided profits, shall be imposed upon each bank.

In conclusion several minor amendments to the existing law are suggested, among them these:

To make it penal for any bank to loan money or grant any gratuity to an examiner of that bank and penal for such bank examiner to receive it.

Existing banks may accept provisions within one year.

Existing banks which do not accept the new law within one year to be wound up.

State banks may come in as provided for.

Explosive Sea Shells.

Walking along the beach on Mobile Bay, a young woman, a relative of the writer, picked up a handful of little shells, left by the tide; and among them several shells of a small marine "snail," the largest of which was probably a half-inch in diameter and the smallest some three-eighths of an inch. She dropped them into her pocket and forgot all about them until several days afterward, when an unpleasant odor in her wardrobe attracted her attention to them. On taking them out of her pocket some fell on the floor, and in recovering them she placed her foot on one. The act was followed by an explosion, quite sharp, and loud enough to be heard all over the floor on which her room is. Astonished, she concluded to try another, and the same result followed. The shells were then brought to the writer, who on examination found the mouth of each firmly closed by a membrane of greater or less thickness, formed by the drying of the animal slime. This had probably occurred soon after the removal from the moisture of the beach, and the little inhabitant of the shell dying, the gases of decomposition had quite filled its internal space. On exerting a little pressure by squeezing the shell between two blocks of wood quite a loud explosion was produced, the fragments of the shell being thrown several feet. Subsequently, on trying the experiment, out of a dozen shells only two failed to explode. The conditions most favorable to success in making the experiment seem to be removal from the beach in very hot, dry weather, which causes the slime to be exuded in greater quantity than usual and dries it up rapidly as it exudes.

Washing the Face.

There are some misguided persons who object to washing the face often, especially with soap, thinking this is an injury to the complexion. Those, however, who have made a specialty of skin diseases, will say that no part of the body needs soap so much; that the face being constantly exposed to dust, collects so much that it is not enough to wash it in clear water. They agree that if soap makes the face shiny, as so many claim, it only shows that it is the more needed, and that the work of drying after the bath has not been properly performed. The face, however, should not be wet immediately before or after going out. Its most thorough ablutions should be performed at night before going to bed, and the following method should be observed in the process: Fill a basin with soft, warm water, lather a medium-sized sponge with good soap, and wash carefully. Then take fresh water without soap, and wash again with the hands, and rub thoroughly with a Turkish or crash towel until the face is dry and tingling. This will do much towards improving and preserving the complexion.

THIRTY PERSONS KILLED.

Fearful Disaster at London, ONTARIO.

CITY HALL FLOOR FALLS.

Crowd That Had Gathered to Listen to Political Speeches Hurlled Down with the Heavy Timbers—Building Was Notoriously Unsafe.

Thirty-one persons were killed and many injured by the collapse of a floor in the city hall at London, Ont., Jan. 3. The night closed the municipal campaign, and the hall was crowded to hear the addresses of the successful candidates.

During the course of a speech there was a sudden sagging of timbers and the next moment hundreds of people were hurled twenty feet to the floor below. A beam running along the center of the hall had given way and the crowded mass standing above that section of the floor was thrown into a heap to the basement. A large safe stood in one corner of the hall, and with a huge steam coil weighing half a ton, came crashing down on the heads of the victims.

Following the crash there was a rush for the doors and a wild panic, during which some thirty persons received injuries.

The building was an old one, having been erected in the early '50s, and of late years additional stories had been placed on the old walls. It had been pronounced unfit for use.

Surplus for November.

The preliminary figures of the government receipts and expenditures show that the total receipts for the month of December amounted to \$59,646,698 and the expenditures \$27,095,000, which leaves a surplus for the month of \$32,551,698.

State Files a Brief.

The state of Indiana has filed a brief in the supreme court in the contention affecting the constitutionality of the anti-gas waste law, raising the point among other things that every gas consumer has a right to enjoin against its useless waste.

Uniformity Scheme Falls.

The scheme to place coal operations in the Pittsburg district on a fair equitable basis has failed. The meeting adjourned without putting the uniformity agreement into effect. It was decided to meet again in January.

HOME FOR ODD FELLOWS.

Indiana Members of the Order Will Erect a Building.

Indiana Odd Fellows are making preparations to build a home for indigent members and widows of Odd Fellows. A location for the home is already being sought. The home will be very elaborate and maintained by the lodge in good style. It will be large enough to accommodate several hundred.

The Odd Fellows are also preparing to build a temple at Indianapolis that will compare with the one which has just been erected by the Indiana Masons. There are now 43,186 members in the state, members of 628 different lodges.

Indiana Teachers Elect Officers.

The Indiana State Teachers' association elected F. M. Stalker, Terre Haute, president.

The Indiana Academy of Science elected C. A. Waldo of Purdue university president.

The State Association of Elocutionists elected T. J. McAvoy of Indianapolis president.

Monetary Convention Called.

H. H. Hanna, chairman of the executive committee of the Indianapolis monetary convention, has mailed to the boards of trade and commercial organizations of the country the notice of the call for the reconvening of the convention in Indianapolis Jan. 25.

Wheat "Corner" Hurt No One.

December wheat went out peaceably with the old year at Chicago at 95 cents. The much-talked of "corner" was nowhere in evidence. Not a short was squeezed and not one default in delivery was recorded.

Thirty-Six Buildings Burned.

Fire at Farmville, Va., Jan. 2, destroyed thirty-six buildings. The loss is estimated at \$150,000, on which there is insurance of about one-third that amount.

AN EMINENT EDUCATOR OF ILLINOIS.

Professor J. H. Collins, the new president of the Illinois State Teachers' Association, is a type of the best educators in the country. He is by study and practice thoroughly versed in the applied science of education, and in addition he has the practical experience which emphasizes the virtues and faults and needs of the public school system—that experience which comes in all completeness only to the self-made man. Professor Collins was born about forty years ago on a farm in central Missouri. His early life was like that of most country boys of that period. He attended the district school in the winter and on rainy days, otherwise he worked on the farm. His ambition went beyond log schoolhouse. By diligent study he fitted himself for

college and by hard work and ingenuity he made his expenses along the road toward a degree. More than seventeen years ago Professor Collins came to Springfield, and he has served there continually since. He was principal of the Palmer school three years, principal of the high school five years, and for nine years has been superintendent. His reputation as an educator has not been confined to Illinois. Last year he was elected a director of the National Educational Association, and he is in charge, for the national association, of the movement to get a large attendance for Illinois at the national gathering in Washington next summer. Among the school men of Illinois Professor Collins is allied with the solidly and thoroughly progressive element.

A pleasant surprise party was tendered Miss Madie McGinty last Saturday evening by a number of her friends at the home of Miss Mary Glueh, where she has been spending the past week, and a very pleasant evening was spent by all present. Refreshments were served. It was at a late hour when the merry congregation bid their charming hostess a reluctant farewell. Miss McGinty will return to spend the summer here.

An Ideal Holiday Gift.

The holidays are near at hand. You are thinking about what you will give. Could anything be as appropriate or as welcome as a piano? Encouraged by the overwhelming success of our October Clearing Sale, in preparation for the holiday trade we have placed on our floors a very large number of the Bradbury Pianos in the latest styles of cases and in all woods. Remember the Bradbury since 1854—over forty years—has stood in the first rank; that thousands are in use in every large eastern city and in Chicago; the world's greatest artists endorse them; our enormous capital—over one million dollars—and our large output reduces the cost to the lowest point consistent with standard workmanship; and that you buy direct from the maker and save all dealers' profits. We guarantee these pianos superior to any piano on the market. We also show several makes at lower prices. For those whose needs can be met with a second hand piano we offer very excellent instruments in good repair from \$25 up. Selections now may be delivered later if desired. Cash or time payments to suit your convenience. F. G. SMITH, Mfr. Bradbury Pianos. J. M. HAWXHURST, Western Manager, 255-257 Wabash Ave., Chicago. Telephone Harrison 771. Factories—Brooklyn, N. Y., and Leominster, Mass.

Corbett and Sullivan each met his Waterloo after declaring that he had retired permanently from the ring and then entering it again for one more victory. This has been the history of nearly every champion prizefighter on the list. However mighty he was, if he continued in the ring after winning a great fight, he found a man who was mightier. Will Fitzsimmons repeat the chapter?

Of all systems of discipline, domestic, educational or political, the spy system is the worst. The spy is infinitely meaner than the one spied on.

Small a big job and private advertisement be made of the benevolent government enterprise to feed the hungry, if there be any, in the Alaskan gold region and the Klondike?

Sleep.
"A man receives a certain term of life," Nikola Tesla said recently, "so many hours to pass on this earth—I mean hours when he is alive, awake. I do not count the hours when he is sleeping. I do not believe they are, strictly speaking, included in his term of life. When a man really lives, he is dying hour by hour, but when he sleeps he is accumulating vital forces which will make him go on living. In other words, in measuring out our dole of hours to each one of us, the great timekeeper stops his count while we are sleeping. Therefore the longer a man sleeps the longer he will remain on earth."

Mothers whose children are troubled with bad colds, croup or whooping-cough will do well to read what Dr. R. E. Robey, of Olney, Mo., says on this subject. He writes: "For years we have used Chamberlain's Cough Remedy, and always keep it in the house. It is regarded in our family as a specific for all kinds of colds and coughs. The 25 and 50 cent bottles for A. L. Waller, Barrington, and A. S. Olms, Palatine.

The reduction of New York's 400 to seventy-five was doubtless due to a slump in the social market.

The progressive ladies of Westfield, Ind., issued a "Woman's Edition" of the Westfield News, bearing date of April 3, 1896. The paper is filled with matter of interest to women, and we notice the following from a correspondent, which the editors printed, realizing that it treats upon a matter of vital importance to their sex: "The best remedy for croup, colds and bronchitis that I have been able to find is Chamberlain's Cough Remedy. For family use it has no equal. I gladly recommend it." 25 and 50 cent bottles for sale by A. L. Waller, Barrington, and A. S. Olms, Palatine.

The discovery of those bogus \$100 bills in the government treasury shows how easy it is to flim-flam your Uncle Sam with one class of financial-reform plans.

"My daughter, when recovering from an attack of fever, was a great sufferer from pain in the back and hips," writes Loudon Grover of Sardis, Ky. "After using quite a number of remedies without any benefit she tried one bottle of Chamberlain's Pain Balm, and it has given entire relief." Chamberlain's Pain Balm is also a certain cure for rheumatism. Sold by A. L. Waller, Barrington, and A. S. Olms, Palatine.

Navigation from Seattle to open all winter to Juneau and points along the south Alaskan coast. By means of ice breakers it may be possible in future winters to keep open water to a point much farther north. General Miles is of opinion that even this winter the government supply expedition for the Klondike should start in by way of the mouth of Copper river and proceed directly northward to Dawson. By this route the expedition will travel all the way except a few miles in our own territory, which will be an advantage.

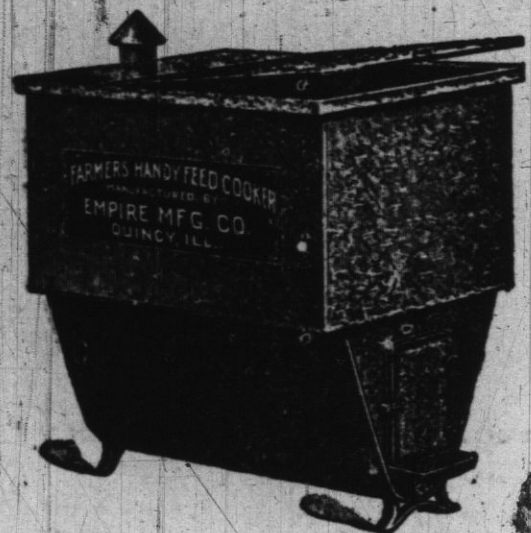

The career of Dr. Thomas W. Evans, the dentist, in Europe shows how genius always makes itself manifest. Here was a man who made his living at a mechanical occupation and gloried in his work, yet fashionable and scientific circles throughout Europe were alike glad to welcome him. It would have been the same if instead of being a popular dentist among the rulers of Europe he had wrought at any other occupation, even the humblest. The worker honors the work.

It is to be hoped our government will be able to lease to Denmark a strip of land along the northwest coast of Greenland on which to establish naval and coaling stations. Such stations will be a benefit not only to us, but to Denmark itself and to all other nations that send ships to the arctic waters in that part of the world. With such stations exploring operations whose end and aim is the reaching of the north pole will be greatly facilitated.

The interest of the United States in the eastern question lies in preserving the treaty rights which we have with China and the securing of convenient naval stations. We are at peace with all the world, however, and it is not likely that either Russia, England or Germany would seek to deprive us of friendly treaty rights we have long enjoyed. Our task is merely to look out for the maintenance of our commercial and other rights.

Canada has been ahead of the United States in sending supplies to the Klondike. During February 100 tons of food in charge of the Canadian mounted police will begin to arrive in dog sleds at Dawson by the route down the Yukon from Lakes Bennett and Tagish.

FARMER'S HANDY FEED COOKER.
We desire to call our readers' attention to the Farmer's Handy Feed Cooker, which is sold at the low price of \$12.50 for 50 gallon capacity.

By feeding poultry and stock with cooked food during the winter months, at least one-third of the food is saved; also having stock in a healthy condition, preventing hog cholera among your hogs, and insuring the hens laying freely during the winter months when eggs are always wanted at high prices. This Cooker will pay for itself in one week's time and is without doubt the best and cheapest on the market—just what its name implies, a Farmer's Handy Feed Cooker. Upon application to the Empire Manufacturing Co., 616 H street, Quincy, Ill., a catalogue, giving a full description, may be obtained. They are made in all sizes.

NEWS OF ILLINOIS.

IMPORTANT HAPPENINGS OF LAST SIX DAYS.

A Cruel School-Teacher in Jail—Henry Allen Bell vs. Carter H. Harrison—Dr. Smith Chosen—Farmer Loses by—Minor State Events.

Lindstrom in Jail.
Galesburg—Neils Lindstrom, who so brutally whipped Loren Rumbo and Ellory Morse, during school hours in the Cook school house in Orange township, is now in jail here until he pays the fine and costs imposed on him in a justice court. Lindstrom is a powerful man. The two boys on whom he wore out a rawhide are but 14 and 11 years old respectively. Lindstrom admitted his guilt, and said that he was enraged by the report that the boys had offered an affront to his little girl in the same school. This the boys denied under oath. The fact came out that some of the smaller boys were so terrified by the whipping and screams that they have not yet fully recovered. Robert F. Anderson, the teacher who allowed the performance in his school room, was so humiliated by it that he has resigned. He is a graduate of Lombard University, and stands high. His explanation is that he lost his head in the excitement. The school directors yesterday decided also to institute action against Lindstrom.

More Glucose Talk.
Bloomington, Ill.—A very wealthy man has been here several days interesting local capitalists in the erection of a large manufacturing plant. To build and equip such a plant as is required will cost close to \$1,000,000. In it will be manufactured glucose and various by-products, such as starch, oil, gum, cattle feed, etc. The glucose business is now in trust and is practically controlled by one man in Chicago. The price has been advanced by the trust from 85 cents to \$1.50 per barrel. The gentlemen who are about to erect a plant are heavy users of glucose in other manufacturing enterprises representing a total capital of millions, and have decided to become their own glucose producers.

Farmer Loses by Fire.
Wenona—Thomas McGrath's farm residence, five miles east of Wenona, together with his barn, all outbuildings, hay, oats, corn, harness, farm machinery, household goods and in fact everything in his possession were totally destroyed by fire at an early hour this morning. The family had a narrow escape from cremation; in fact, they were not cognizant of the fire's presence until the burned roof caved in. They emerged, meagerly attired, only to find that the remainder of their property was being devastated. The loss will foot up close to \$5,000, with but \$700 insurance.

Hill May Beat Harrison.
Springfield—Henry Allen Bell is likely to be heard from in state politics. If Harrison is defeated for mayor of Chicago, Bell will be candidate for governor. If Harrison wins then he must contest with Bell for the nomination. In the latter event Bell is likely to win. The feeling has spread that Chicago cannot again get the gubernatorial nomination. Mr. Bell is strong among the Democrats of the rural districts. He was in Chicago last week, where he was frequently pointed out as the next democratic candidate for governor.

Dr. Smith the Choice.
Bloomington, Ill.—The trustees and board of visitors of the Illinois Wesleyan University, located in this city, after a session of only four hours, elected Dr. E. M. Smith, a graduate of the Connecticut Wesleyan University and president of the Montpelier Seminary, Montpelier, Vt., as president. The institution has been without a president since Dr. Wilder's resignation in June last. The new president is 52 years old and comes highly recommended.

Minor State News.
Eureka, Ill.—The old court house at Metamora was decided to that village by Woodford county on the promise of the people of that place to keep it up because of its interesting history. The building is probably one of the most historic in the state. It was built over half a century ago, and its halls have often echoed with the eloquence of Lincoln, Ingersoll, Stevenson and Davis. The building was used as a court house until a year ago, when the county seat was moved to this city.

Mattoon, Ill.—The proposition of establishing a city court in Mattoon was yesterday submitted to the people. The total vote cast was 1,490 for court, 1,075 against, 415 being 82 over a two-thirds majority, as required by law. An election for judge will be held in January, and among the probable candidates are J. F. Hughes and L. C. Henley.

AN OPEN LETTER TO MOTHERS.

We are asserting in the courts our right to the exclusive use of the word "CASTORIA," and "PITCHER'S CASTORIA," as our Trade Mark. I, Dr. Samuel Pitcher, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of CHAS. H. FLETCHER on every wrapper. This is the original "PITCHER'S CASTORIA" which has been used in the homes of the mothers of America for over thirty years. Look carefully at the wrapper and see that it is "the kind you have always bought," and has the signature of CHAS. H. FLETCHER on the Wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.
March 6, 1897. SAMUEL PITCHER, M. D.

Long Fasts of Animals.
Animals are often able to bear very protracted fasting. In the Italian earthquakes of 1795 two hogs were buried at Soriano in the ruins of a building. They were taken out alive forty-two days later, but very lean and weak. A dog at the same time and place was buried for twenty-three days and recovered.

STATE OF OHIO, CITY OF TOLEDO, ss.

Devoted to His Regiment.
Col. Inglis Hamilton, who led the Scots Grays at Waterloo, was a Glasgow man. The colonel was so devoted to his regiment that, having lost both arms that day, he held the reins in his teeth, made a final charge at the head of his troopers, and fell dead.

Try Grain-O.
Ask your grocer to-day to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. 1/4 the price of coffee.
15 cents and 25 cents per package. Sold by all grocers. Tastes like coffee. Looks like coffee.

A STITCH IN TIME SAVES NINE.

Heat, sense of tenderness and swelling of a part, are all indications that there is need of instant repair—the stitch in time. Where these symptoms exist on the left or the right side of the womb, disease of the ovary is setting in, and soon there will be, if there is not already established, a discharge, trifling at first, but later copious and irritating. Soon, also, there will be felt dull, dragging pains radiating from the ovary.

Do not, my sister, let your malady go so far, but those of you who are already suffering in this way should begin at once a course of treatment with Lydia E. Pinkham's Vegetable Compound. It will restore the organs to their normal condition.

In this connection Mrs. E. L. MYERS, Quakake, Pa., says: "My ovaries were badly diseased, and for almost a year I suffered with severe burning pains which were almost unendurable, and a dull, heavy pain in the lower portion of my back. If standing I was most relieved with my foot resting on a stool or chair. The doctor told me I would have to take my bed and keep quiet. I had not used half a bottle of Lydia E. Pinkham's Vegetable Compound before it worked wonders with me. I now owe my health to the Compound. To those who are suffering from diseases peculiar to women, I would say that Lydia E. Pinkham's Vegetable Compound is just what they need."

Mrs. Pinkham wishes to befriend you, and if you will write her at Lynn, Mass., telling her just how you feel, she will give you the very best advice free of charge. Think what a privilege it is to be able to write to a woman who is learned in all these matters, and willing to advise you without charge.

JOHN COLLEN.

The election of the Salem church Sunday school, held Sunday, resulted as follows: Superintendent, John C. Plagge; assistant superintendent, August Boehmer; secretary, Frank Plagge; treasurer, John L. Meiners; librarians, Samuel Landwer and Charles Schaefer; organists, Misses Luella Plagge and Amanda Schroeder. The secretary's report showed the school to be in a very flourishing condition. The penny collection for the year amounted to \$185.82, an average of \$3.64 for each Sunday.

The B. S. A. C. held their regular meeting in their rooms in the Howarth building Monday evening. The Constitution and By-Laws were adopted, and two new members were received into the club, making the total membership twenty-five. Under the By-Laws adopted the membership is limited to thirty-five, with the membership fee at \$5. It is required that all applications shall be bulletined at least ten days previous to the meeting at which they are to be acted on. Regular meetings are held on the first Monday evening of each month.

Mr. and Mrs. John Thies gave a wedding reception at their home at Plum Grove on New Year's Day, which was attended by about sixty relatives and friends from Chicago, Itasca and Barrington. The reception was in the form of a reunion. In the evening the young people participated in games, vocal and instrumental music, etc. At 8 o'clock an elaborate banquet was spread. The day was spent in an enjoyable manner by all present.

Mrs. M. B. McIntosh entertained the members of her Sunday school class at her home on Friday of last week. At 6 o'clock the guests repaired to the dining room, where a large table was spread with all the dainties of the season. Rev. Hageman responded to the toast "The Old Year," while "The New Year" was responded to by Rev. Holt, followed by a very pleasant address by M. B. McIntosh, wishing the assembled guests a happy New Year. Those present were: Rev. and Mrs. Hageman, Rev. Holt, Mr. and Mrs. F. E. Lines, Mrs. M. C. McIntosh and daughter, Violet; Mesdames Lombard, Leonard, Ela and Harrower, and Misses Hazel-tine and Lombard.

On Wednesday afternoon while Theodore Gildemeister and George Hager's teams were standing at Lageschulte's feed store an argument was begun between them as to which team was entitled to the championship racing record of Barrington. It was finally decided to run it out. Hager's team was to run to the milk platform while the other was to run to Plagge's lumber yard. A train coming up answered the purpose for a signal, and no better start could have been hoped for. Gildemeister's team got the worst of the deal, for when both teams were

again brought back to the starting point an inventory showed all the loss to fall on Mr. Gildemeister. The loss consisted of a pound of rice.

The 9th annual banquet was given by the Barrington Military band on New Year's Eve, in Sodt's hall. The election of officers resulted as follows: President, Geo. Stiefenhofer; Vice-President, Samuel Landwer; Secretary, F. H. Plagge; Treasurer, Samuel Gieske; Librarian, Charles Peterson; Sergeant-at-Arms, John Riecke; Assistant Sergeant-at-Arms, Emil Naehner; Leader, John Kampert. The treasurer's report showed the band to be in a most prosperous condition. After the election a banquet was spread, at which Emil Naehner presided as toastmaster. The evening was such a pleasant one that it will long be remembered by the boys, who, without a single exception recommend Chef Emil Naehner as one of the best.

Started The New Year Right.

A cleverly arranged and most pleasant surprise party was tendered Mrs. Fred Kirschner on New Years Eve. It is hard to tell which was the most pleased—Mrs. Kirschner at being surprised or the many friends who tendered the party. Games of various kinds, delicate and elaborate refreshments, good cheer, etc., will make the evening one long to be remembered by both host and hostess and the guests.

Those present were: Messrs. and Mesdames Dr. Kendall, P. A. Hawley, F. J. Hawley, L. A. Powers, John Collen, H. K. Brockway, Wm. Peters, George Hager, Charles Otis and L. H. Higley; Miss Cora Higley, Mrs. Luella Austin, and Dr. Lytle.

Ela Mutual Insurance Company Elects Officers.

At the meeting of the Ela Mutual Fire Insurance Company, held at Lake Zurich on Tuesday, the attendance was unusually large. The following persons were elected to compose the Board of Directors: H. C. P. Sandman, D. Huntington, Henry Berghorn, Joseph Whitney, George Schneible, John Froelich, Frank Thomas, Frank Hollister and Wm. Ernsting.

The report of the secretary was read and adopted. The condition of the treasury shows a balance on hand of about \$60.

It was agreed to pay the loss of Fred Fischer, amounting to \$1450.

It was also decided to pay the loss of Chas. Kleinsmith for the loss of a horse burned in a fire in a barn at Long Grove. A motion was made to cancel all policies now held on buildings situated within the limits of any incorporated village. The motion was lost, but it was decided not to renew the policies after their expiration.

The Board of directors held a meeting yesterday for the purpose of organizing and auditing accounts.

Proceedings of the Village Board.

The regular meeting of the Village Board was held Monday evening.

The following bills were allowed and ordered paid:

- A. S. Henderson, night watch, \$85.
- H. A. Sandman, marshal, \$35.
- Leroy Powers, oil etc., \$7.23.
- Western Electric Co., light, \$57.62.
- BARRINGTON REVIEW, publishing ordinances and printing, \$85.48.
- A. J. Redmond, court costs on account of special assessment, \$72.
- L. A. Powers, stationery, \$3.
- L. D. Castle, commissioner's fee Station street, \$12.50.
- F. H. Frye, commissioner's fee Station street, \$12.50.

Gray Bros., the firm having the contract for sinking the water works, well were unmercifully scored for not making better progress. The city engineer reported on Thursday that the firm had got the well down 170 feet. From December 14th to January 3 they only got down 20 feet. The contract was looked into, and, inasmuch as it calls for the completion of the contract by March 15th the Board decided to let the matter rest and see whether Gray Bros. intend to fulfill their contract, and if not then to take action.

The Electric Light company sent a proposition to the Village Board as follows: The Board to take the light plant at 60 per cent of the actual money spent in construction of the same. [The village could run it in connection with their water works.] Payments of

\$57 is to be made monthly (the amount now paid for street lighting) and this \$57 to apply on the purchase price. In other words the company wants the village to take the lighting plant, and run it and apply the amount they now pay for street lighting each month on the purchase price, and in the course of a few years they would own the plant. The company says they are not in the business of running electric light plants and want to get rid of it. The cost would probably be between \$4,000 and \$5,000.

The county surveyor sent a communication informing the Board that the village had no title to the south extension of Cook street, the property owners having signed no release of the property. Peters was appointed a committee to get the property owners to sign a release along that portion of the street.

Mr. Arnold of Woodstock was present and made application for the position of spreading the special assessment. He said he got 5 per cent at Palatine. The Board of Local Improvement was instructed to agree on a price to be paid Mr. Arnold.

C. H. Patten was allowed an installment of \$2,000 for work completed on the water works plant.

M. T. Lamey was instructed to place \$2,000 insurance on the city hall and pump house.

On motion Board adjourned to Thursday evening.

THURSDAY'S MEETING.

For lack of a quorum Thursday evening meeting adjourned until next Tuesday evening.

SPRING LAKE.
