Ice Cream

on kind but a kind so good that it commonly used than the common kind by people who know, is Gibbs "Special." Made in the sweet, clean country away from city smoke and dirt, from the best materials, by a may who knows how to make ice cream. Its the best that can be made. If you've eaten it you know this; if you haven't, you owe it to yourself to try a dish. You'll need no urging after the first time. My parlor in the rear is neat and clean and there you can eat a dish of see cream in quiet enjoyment.
