

Backache Means Dying Kidneys

How You May Cure Yourself Quickly and Thoroughly.

Every man who would avoid backache should know that backache is usually a well-defined symptom of kidney trouble. It is not a disease, but a symptom, and backache means that the kidneys are not doing their proper work. It is a warning signal that the kidneys are becoming diseased and that unless you take prompt action you will be in danger of losing your health.

There are three ways to cure backache. The first is to take a course of treatment. The second is to take a course of treatment. The third is to take a course of treatment.
