ILLINOIS NEWS TERSELY TOLD

Decatur.—"No momentous or helpful school act has been passed in this state since 1883," declared David Felmley, president of Illinois Normal university, a state institution, to 1,900 teachers attending Central Illinois association meeting in Decatur.

Springfield.—Claims against the state of Illinois aggregating more than \$260,000 were filed with the court of claims, which met in this city. All are for injuries suffered July 4, 1910, when a bridge across the Illinois and Michigan canal, at North Ullin, collapsed.

Chicago.—Removal of the two state dams in the Illinois river at Hennepin and Coppers creek was practically assured after a conference held by Governor Deneen with members of the Illinois canal commission and trustees of the sanitary district at the Hotel La Salle.

Dixon.—An eight-legged pig was born on the farm of Jacob Snavely, four miles east of Shannon. It is a very peculiar looking animal. It has one head which is exceptional broad, two tongues and two palates.

Mount Vernon.—It was learned that Senator Lorimer and Len Small were on a passenger train that narrowly missed plunging off a bridge.

Griggsville.—The marriage of Miss Eva Polly and Virgil Smith of New Salem was solemnized at 10 o'clock in the morning at the residence of the bride and Mrs. Edward Polly.

Sycamore.—Edwin Hall, supervisor of DeKalb county and leaders of the Republican party in his county, committed suicide by hanging himself from a rafter in his barn. Poor health had unbalanced his mind.

Aurora.—Mrs. Helen Lee, seventy-four years old, one of the wealthiest women in northern Illinois, was probably fatally burned at her home here. She was making her "before bed" cup of tea on an alcohol lamp and it exploded.

Virginia.—Alfred Ray, a building contractor and veteran of the Civil war, fell dead while shoveling snow at his home here. He was sixty-eight years old. Heart failure caused his death.

Dixon.—Entering through a rear window, professional silk thieves cleaned out the silk department of the O. H. Martin & Co. dry goods store. They also cracked the safe and secured \$150 in cash.

Springfield.—Three hundred delegates, representing lodges in all parts of Illinois, are here to attend a three day school of instruction for officers of the order of the Eastern Star. Mrs. Hester M. Smith of Chicago, worthy grand matron, and Samuel F. Pritch of Chicago, associate grand patron, are conducting the school.

Charleston.—Both Danville and Paris are trying to raise \$50,000 from Westfield. However, attorneys declare that the board of trustees have no right to change the location of the college. If that is the case, the institute will be removed. Westfield will come to the aid of the college.

Decatur.—Efforts to save the life of little Juanita Meiri Graham, 13, who was severely burned January 7, were unavailing. She was too severely burned to be saved by the skin-grafting operation.

HOUSE PASSES BILL

SEVENTY-NINE REPUBLICANS JOIN DEMOCRATS IN PUTTING INCOME TAX THROUGH.

SENATE MAY DEFEAT IT

Measure Extends Existing Corporation Tax Law to Include One Per Cent on Yearly Net Income in Excess of \$5,000.

Washington.—The Democratic income tax bill passed the house amended by a vote of 249 to 41. The bill was supported by 170 Democrats and 79 Republicans, while the opponents of the measure were all Republicans.

The measure was framed by the majority leaders to make up for the loss of revenue to the government through the removal of the duty on sugar, as provided by a bill which already has passed by the representatives of the United States by which a previous income tax measure was declared unconstitutional.

The present bill was prepared with a view to meeting objections raised by the highest court against it in the litigation of a few years ago. It exempts incomes of less than \$5,000 a year.

Chicago.—Removal of the two state dams in the Illinois river at Hennepin and Coppers creek was practically assured after a conference held by Governor Deneen with members of the Illinois canal commission and trustees of the sanitary district at the Hotel La Salle.

COLDS AND CHILLS BRING KIDNEY ILL.

Colds, chills and grip strain the kidneys and attack back, urinary disorders and uric acid troubles. Doan's Kidney Pills are very useful in the raw winter months. They stop backache and urinary disorders, keep the kidneys well and prevent colds from settling on the kidneys.

W. New, 233 E. First St., North Kansas, says: "When I began taking Doan's Kidney Pills, I had just gotten over an attack of grip which had weakened my kidneys. My back ached continually and the kidney secretions caused great discomfort. Doan's Kidney Pills cured me entirely and I have had no kidney trouble since."

Curative Agent. "Do you think an ice cold plunge is good for people?" "Well," replied the indolent person, "I fell in while skating and I must admit that the frigid cured me of rheumatism."

**Graham Praised by Board.**  
Clerk Hendee read before the adjournment of the Lake County Board of Supervisors last Friday, the following resolution commending retiring Chairman Graham for his many efforts in the many years he served on the board:

Whereas this present meeting of the board of supervisors of Lake County, Illinois, is the last one at which our honored fellow member, Thomas Graham of Indiana will preside as our President or gather with us here as a member of this board, and whereas, for over fifteen years Thomas Graham has been one of us during which time he has rendered to the County of Lake a faithful service as Supervisor, and has been to all his fellow members of the Board a genial and loving friend, and whereas, for the past year he has acted as President of the Board with dignity and effectiveness and impartiality, and

Whereas, we desire that an intimate association among us for so long a time and a tenure on this Board of such unusual duration shall not terminate without a due memorial of our appreciation of such steadfast faithfulness in public service as has been that of Thomas Graham.

Therefore be it resolved, that on behalf of the Board of Supervisors of Lake County, Illinois, a vote of thanks be extended to Thomas Graham for his long years of valuable activity on this Board and a vote of appreciation for the spirit of geniality and kindness ever exhibited by him while among us, and

Be it Resolved, that this Board wishes him the highest success in whatever channel his life may hereafter flow, and

Be it Resolved, that this resolution be spread upon the records of the Board and a copy thereof to Mr. Thomas Graham.

Mr. Graham then made a few fitting remarks thanking the board for its words and expressing appreciation of the manner in which the board had worked with him the past year and for his pleasant relations during his services as a member. His remarks were ordered spread on record.

Given under my hand and seal, this 21st day of March, A. D. 1912.

50-2 J. F. GIERKE, Town Clerk.

**Annual Town Meeting and Election.**

Notice is hereby given to the legal voters, residents of the township of Cuba, County of Lake, Illinois, that the annual township meeting and election of officers of said township will take place Tuesday, the second day of April proximo, being the first Tuesday of said month.

The election will begin at the hour of seven a. m. and close at five p. m., in the place designated as follows: In the Schaefer building in the village of Barrington.

The officers to be elected are:

- One Supervisor.
- One Town Clerk.
- One Assessor.
- One Collector.
- One Commissioner of Highways.

The town meeting will open in the Schaefer building at the hour of two p. m. and after choosing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township and deliberate and decide on such measures as may, in pursuance of law, come before the meeting.

Notice is hereby given that the board of auditors of the township of Barrington will meet on Tuesday, March 26, at the office of Town Clerk Gierke.

Those having claims against said township are requested to file their bills with the undersigned on or before said date.

J. F. GIERKE, Town Clerk.

**Republican Voters, Attention!**

I desire to announce myself as a candidate for the Republican nomination for the office of county surveyor, subject to the Republican primaries to be held on April 9. The support of my friends in the county will be appreciated.

George P. Englehard for Congress. Formal announcement is made in this issue of the candidacy of George P. Englehard of Evanston for Congress in this, the tenth district. Mr. Englehard is no new man in the field and his entrance is not to be looked upon lightly as some of the political wiseacres try to make it. Mr. Englehard is the man who nearly trimmed Congressman Foss two years ago, a man who, it was declared by many, had he entered the race two weeks earlier, would have turned the trick. Mr. Englehard was defeated for mayor at Evanston last spring by but 75 votes and waged the battle single handed against the organization there. He and his followers declare that, with Foss and Paullin in the race, they are sure to split the vote which Foss got two years ago in the Chicago end of the district because they have always been of the same faction. Thus, with Englehard in the same relative position he was two years ago, and with Foss and Paullin asking support among the forces which in the past supported Foss, the situation assumes one of a rather interesting aspect, the outcome of which will be shown only on primary day.

**Notice of Color of Ballots.**  
Announcement is hereby made that the Colors of the Primary Ballots to be used at a Primary Election to be held in Lake County, Illinois, on the 6th day of April, A. D. 1912, by the respective parties will be as follows: Republican Party, White; Democratic Party, Green; Prohibition Party, Blue; Socialist Party, Pink.

Dated the twentieth day of March, A. D. 1912.

LEW A. HENDREE, County Clerk.

50-3

**Village Primary.**

Notice is hereby given that a primary will be held in the village hall, Barrington, Saturday, March 30, A. D. 1912, from two o'clock p. m. to eight o'clock p. m. for the purpose of placing in nomination candidates for the following village offices for the ensuing term: Three Village Trustees.

One Village Clerk.

Balloting will be under the Australian system, all names of candidates to appear on one ticket.

WALTER LAGESCHULTE, Village Clerk.

**Meant Their Work to Last.**  
Some of the early stones of Welsh slate in New England burial grounds show very fine carving, evidently the product of English rather than Colonial workmen. The enduring quality of these memorials is evident on a comparison between them and other stones put up at a much later date. In one of the old yards at Billerica, Mass., many of the stones of mid-eighteenth century date are badly scaled and partially illegible, while the oldest stone in the yard, dated 1684, shows no serious effect of weather and others almost as old are equally plain; practically unchanged after two centuries of exposure to the New England climate.

**Combine Against the Genius.**  
When a true genius appears in the world, you may know him by this sign, that the dunces are all in confederacy against him.—Swift.

**Bad Both Ways.**  
"A man should not seek an election to the senate with a view to making money." "No," replied Senator Sorghum, "and; on the other hand, he'll be criticized just the same if he accumulates money with a view to getting into the senate."

# To the Republican Voters of the Eighth Senatorial District

I hereby announce myself as a candidate for the House of Representatives of the next General Assembly, subject to the Republican primary to be held April 9, 1912.

I had intended not to be a candidate at this time, but the same power and influence working along the lines of destroying local self-government in the counties and townships and centralizing all power at Springfield, is again seeking to control Republican affairs at Springfield, and in fact two months ago commenced a campaign against me and my record at Springfield, especially upon the dairy subject and upon other questions, so that I have yielded to the solicitation of many friends that I have over the district, asking me to again be a candidate for the Lower House.

In this campaign I shall try to set before every Republican voter and the dairymen of the Eighth Senatorial District the exact situation as to dairy legislation at Springfield; and also along the other lines that have been and now are insidiously working to destroy the power of local township, city and county governments in the State of Illinois and establish a great job-holders' trust at Springfield.

I submit in this sheet the question of SCHOOLS, and whether the local counties are capable of self-government in the management of their schools and the Certification of Teachers, or whether that power should be exercised at Springfield.

## THE SCHOOL QUESTION AND LOCAL SELF GOVERNMENT

1. Do you believe in LOCAL SELF GOVERNMENT?

2. Do you think that the OFFICE OF COUNTY SUPERINTENDENT SHOULD BE ABOLISHED and all of its POWERS TRANSFERRED TO SPRINGFIELD? See Senate Bill No. 414.

3. Is a certificate a COUNTY CERTIFICATE if the County Superintendent merely SIGNS his name to it? As it is now, he makes his QUESTIONS, RULES and REGULATIONS, and GRADES—THE PAPERS, etc. This bill TAKES ALL THESE POWERS FROM HIM. See Sec. 6.

4. Do you believe that the TEACHERS' INSTITUTE—THE COMMON PEOPLE'S NORMAL—SHOULD BE ABOLISHED and all training of the beginners left to the COLLEGE? The TEACHERS' INSTITUTE IS RECOGNIZED as a school for the BEGINNING TEACHERS from the COMMON PEOPLE WHO ARE UNABLE to attend higher schools. Why CRIPPLE it FINANCIALLY (see Sec. 11) and MAKE the County Superintendent a FIGUREHEAD? See Sections 6, 8, 11 and 15.

5. Should applicants have the RIGHT TO IGNORE the County Superintendent and go to the State Superintendent, EXCEPT BY AN APPEAL? See Sec. 6.

6. Why make the DIPLOMA of a HIGH SCHOOL GRADUATE the basis for teaching in all COMMON SCHOOLS in Illinois?

7. Do you believe that RURAL and CITY schools can be superintended the best, through the certification of teachers, by a COMMISSION AT SPRINGFIELD or by a LOCAL COUNTY OFFICER WHOM YOU ELECT AND KNOW, and whom you can call in TO SEE THE ACTUAL CONDITIONS BEFORE ACTION? See Sections 2, 3, 4, 6, 7, 9, 10, 13 and 15.

8. Do you believe that we need a "COUNCIL OF EDUCATION" AT SPRINGFIELD? See Sec. 15.

9. Do we need an EXAMINING BOARD AT SPRINGFIELD to take the place of the County Superintendent or to improve our schools by the selection of teachers whose "PERSONALITY" and "GENERAL QUALIFICATIONS OTHER THAN SCHOLARSHIP" may be BEST DETERMINED BY "LONG RANGE METHODS"? See Sec. 3.

10. Do you believe a NATURAL SENTIMENT arising from EXISTING CONDITIONS created this bill or was it not another CREATION OF THE "JOB TRUST" at Springfield? Talk with your neighbors.

11. On March 30, 1911, (see Senate Journal 1911, page 581) this bill PASSED THE ILLINOIS STATE SENATE SENATOR A. J. OLSON VOTED FOR THE BILL.

This bill was DEFEATED IN THE HOUSE.

### Senate Bill No. 414, Introduced in the Senate March 23, 1911--A Bill for An Act to Provide for the Certification of Teachers

SECTION 1. No person shall receive for teaching in the common schools of this state any part of any public school fund who does not hold a certificate of qualification covering the entire period of his employment and granted by THE SUPERINTENDENT OF PUBLIC INSTRUCTION, a County Superintendent, or in a city having a population exceeding 100,000 inhabitants, by the Board of Education of such city.

SECTION 2. State certificates granted by the Superintendent of public instruction and the requirements for the same are as follows:

1. A life elementary school certificate.
2. A life high school certificate.
3. Supervisory certificates of two grades, first and second. A second grade supervisory certificate shall be valid for five years for supervisory work in any district in the state and for teaching in schools supervised by the holder. A first grade or life supervisory certificate shall be valid for supervisory work and for teaching in any district in the state.

SECTION 3. County certificates granted by the county superintendent and the requirements for the same shall be as follows:

1. A third grade elementary school certificate valid for one year in the elementary schools in the county in which it is issued. Applicants for such certificates shall be required to pass an examination in such subjects of the elementary curriculum as may be prescribed by the superintendent of public instruction. The issuing of this form of certificates may be discontinued by the superintendent of public instruction.
2. A second grade elementary school certificate valid for two years in the elementary schools. The requirements for this form of certificate shall be graduation from a recognized high school or the completion of an equivalent preparation and a successful examination

in any of the methods of teaching and such other subjects of the elementary school curriculum as may be prescribed by the superintendent of public instruction.

3. A first grade elementary school certificate valid for three years in the elementary schools, renewable indefinitely for periods of three years. Requirements shall be graduation from a recognized high school or an equivalent preparation and four years successful teaching and an examination, prescribed by the superintendent of public instruction.

4. A united high school certificate valid for one year. Requirements, graduation from a recognized high school, etc., and a successful examination in English, shall be chosen from a list prescribed by the superintendent of public instruction. The issuing of this form of certificate may be discontinued at the option of the superintendent of public instruction.

5. A high school certificate, upon an examination upon subjects chosen from a list prescribed by the superintendent of public instruction, etc.

SECTION 4. Examinations for county certificates shall be held at the various county seats on the same day, under such rules as may be prescribed by the superintendent of public instruction, and questions for each examination shall be uniform throughout the state, and prepared by a committee of seven county superintendents appointed by the superintendent of public instruction. Such questions shall be forwarded to the county superintendent, under seal, to be broken only at the time of examination and in the presence of applicants. The county superintendent shall conduct the examination in his county and at the close of the examination all papers shall be graded by the county superintendent or the superintendent of public instruction, at the option of the applicant, such option to be declared in advance.

of the examination. The papers sent to the superintendent of public instruction, who shall be returned to the county superintendent, who shall issue the certificate of the kind designated to each applicant in his county who has passed the examination.

SECTION 5. An applicant for a certificate who has not completed a high school course shall be admitted to preliminary examination, set by the superintendent of public instruction, on subjects announced in advance, for the purpose of determining whether such applicant possesses an equivalent preparation.

SECTION 13. Committee of seven appointed by the superintendent of public instruction shall be called a Council of Education and shall determine what the word "recognized" means when used in this act in connection with the word "school" or "university." The rules of such council shall also be final in the matter of determining the meaning of the words "high school" and "equivalent preparation" as used in this act, and all other words and phrases in this act which have no recognized legal definition.

SECTION 15. For the purpose of assisting the superintendent of public instruction in carrying into effect the provisions of this act, a council of education is hereby established, consisting of eight members, the superintendent of public instruction, who shall be chairman, and seven others appointed by him, representing the following school interests: The University of Illinois, the State Normal Schools, the Non-State Colleges and Universities, the City Superintendent and the County Superintendent, the State High Schools, the Non-State Schools.

The incidental expenses of the council and the necessary traveling and other incidental expenses of its members, incurred in the performance of their official duties, shall be paid from the state treasury, from funds appropriated, etc.

The above was an administration measure, urged and insisted by Gov. Deneen, and received the support of Gov. Deneen's friends in the Senate.

During the last four years, at every regular session and at two special sessions called for that purpose, the state administration has endeavored to pass a measure bonding the State of Illinois in the sum of twenty million dollars, to construct a deep waterway, so-called, and develop water power and buy water power sites on the Illinois river, for which there would not be one dollar's worth of compensation, consideration or benefit to the people of the Eighth Senatorial District. THE ABOVE HAVE BEEN DEFEATED IN THE LOWER HOUSE.

Next week I shall have something to say as a resume upon ROADS, TAXATION, ASSESSMENTS and SCHOOLS.

### FRANK R. COVEY of Belvidere, Boone County Candidate for Representative from Eighth District

To the Republican Voters of the Eighth Senatorial District. I hereby announce myself as a candidate for Representative in the General Assembly, subject to the action of the Republican Primary Election to be held April 9, 1912.

Previous to four years ago, the Republicans of Boone County for more than thirty years, had been represented in the state legislature at Springfield. During the last four years however, Boone County has had no Republican representation, either in the Senate or House of Representatives.

The Republicans of Boone County feel that they are entitled to a representative, and being assured by many voters both of Lake and McHenry Counties that there was again a disposition to give Boone County representation, it will be necessary for me to receive substantial support from both Lake and McHenry Counties if I am to be nominated.

I served two terms in the legislature from 1904 to 1908 and am known to most of the voters of the district, by reputation if not personally. If you think my record is such that I am entitled to another term I shall appreciate your support, and if elected shall endeavor, as I always have, conscientiously and faithfully.

Respectfully Yours, FRANK R. COVEY.

### Why the People Need Watson

"Judges of the law are selected from lawyers."  
"Judges of property should be selected from real estate men."

The Board of Review determines the value of real estate as a basis for taxation. Since its organization it has been filled by men in other lines of business who have little or no knowledge of real estate from a practical standpoint. Oliver L. Watson, a member of the Board of Review, was born on a farm in central Illinois to Chicago in 1891 and started the real estate business in 1892. In 1900 with Frederick H. Watson he organized the Watson Real Estate Company, which was continued until 1908. Since then Mr. Watson has resided in Chicago at 332 North Dearborn Street. He is a member of the Chicago Real Estate Board, the Illinois Board of Commerce and several fraternal organizations.

Mr. Watson is a man of high character and high ability. He is a member of the Chicago Real Estate Board, the Illinois Board of Commerce and several fraternal organizations.

You can test Mr. Watson's fitness for this office by calling him on the phone (Main 333) or visiting at his office on any street in Chicago or farm lands in Cook County.

### LEWIS O. BROCKWAY

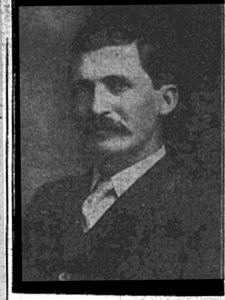

Clerk of the Circuit Court of Lake County

CANDIDATE FOR RE-ELECTION

### REGULAR CANDIDATES OPPOSED TO LORIMER

William Busse and Associates Ask for Support on Their Record.

A man is known by what he does and by the company he keeps. You do not entrust a man with your money just because he is a friend of yours. But you put your money in the hands of the man whom you know from past experience is honest, has ability and has shown that he knows how to take care of your property. Every taxpayer in the country should look squarely at the problem before him. As he is careful with his own money so should he be equal as anxious to place the funds of Cook County in the hands of men who have shown that they know how to handle it. Here are a few of the things which

WILLIAM BUSSE

Wm. Busse and the Republican board members have done: New Courthouse—built in 18 months, without extras, within contract price. Juvenile Court Building and Detention Home—erected within contract price, time, and without extras. Erected building for the care and treatment of tuberculous within contract time, price, and without extras. Installed at the Hospital for the insane a modern system for the treatment of insanity. Installed a free dispensary at the Juvenile Detention Home for the treatment of diseases of children. Improvement of facilities for the care of insane at the Detention Hospital.

Built a new infirmary on most approved modern charity lines. Constructed the latest and best type of a large consumptive Hospital. Made preparations for turning Illinois Asylum over to the State of Illinois, thereby saving the county \$500,000 per year. Which transfer is to take effect July 1, 1912.

They favor the honest enforcement of the Civil Service Law. Also the economical administration of County affairs consistent with good service. What they have opposed and are against: Opposed to Hartzenan and all it implies. Opposed to the packing of the pay rolls thereby increasing taxation.

Opposed to the issue of \$122,000 expenditures for salaries by Democratic Administration of 1910. The candidates on the Regular Republican Ticket were selected by Representative Republicans of every precinct in the county whereas the candidates on the Lorimer-Lincoln League were selected by Lorimer and his benchmen.

A man who is capable of making a success of his own business is capable of handling the public business. Wm. Busse has done both. Why change from having a number of men who have proved their worth in direct our business and put in men, all of whom formerly held minor jobs in the county to the present?

It is said that a lot of the Democrats will go to the polls April 9, and ask for a Republican ticket so that they can vote for the Lorimer-Lincoln League. Do the regular Republicans want to let the Democrats say who shall be their candidates?

The regular Republican organization is in favor of the honest enforcement of the civil service law. According to that law a capable man is kept on the payroll just so long as he can make good. The man who wants a job just to draw a salary has no chance of working for the county. If you, Mr. Voter, believe in such a law you should investigate the fitness of the men you elect to the higher offices. You should not put men in office just because they may want a job. Hartzenan and his party will spend \$122,000 more for government and Lorimer. That man is fighting for his political life. He wants to use the Cook County offices to further his ends and if his candidates are elected, the whole machinery of the county will be used to strengthen him politically. He is looking out for Billy Lorimer, not the tax payer. John and William, two brothers, were discussing the candidates for county commissioner. John had been down town talking to a Lincoln League man and was claiming that the present office holders had been there long enough. After listening patiently, William spoke up and said: "Mr. Busse has held that office a number of years, but he has shown that he is a man who is looking out for the people's interests, and has saved the tax payers a lot of money and is not under the thumb of Lorimer and his crowd. I would rather elect William Busse ten times to the office than help to put Lorimer in power in this county for 10 minutes."
