MILLER BROS. FUN & FACTS. No. 18 Barrington, Illinois, Thursday, May 6, 1937 VOL. 49

Sunday, May 9 "As others on this Mother's Day Their fondest greeting send, We want to send ours also To the Mothers of our Prads. Definition: A fern is a plant that you are supposed to water once a day, but if you don't it dies; and if you do, it dies anyway, only not so soon. Our Heroes! Prof. Smith, our school superintendent, who has a flock of students, a lot of teachers, and the entire public to please. If you wish praise, die. If you wish blame, marry. How could you get a set of teeth inserted free of charge? Phone your answer. A Cooper Power Lawn Mower does not only cut the grass... it rolls the lawn and tamps the sod to firm. That is the surest way of getting a fine lawn. Come in and see one. Another job that we don't want to do is that of a radio announcer at a big league ball game. One of our hobbies is our Myers Deep and Shallow Well Pump, and why not, we have been selling them for years, and they always give satisfaction. Mr. Arthur Croxon's farm is the latest to enjoy running water in the home with a Myers Deep Well Pump. The sweet young thing broke her glasses. She took the remains back to the optometrist. "Will I have to be examined all over again?" she asked. "No," he replied, "just your eyes." If you need repair parts for your implements we have the genuine I.H.C. article. Look your implement over and see what you need. Good Equipment Makes a Good Farmer a Better Farmer.
