

Christian Science Lecturer Talks on One's Salvation

A lecture on Christian Science was given by William Duncan Kilpatrick, C. S. E. of Detroit, Mich., member of the Board of Lecturers of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, under the auspices of First Church of Christ, Scientist, in Barrington High School, Sept. 14.

The subject of the lecture was "Christian Science: Its Message of Individual Salvation." Mr. Kilpatrick spoke in part as follows: "With the understanding that material existence is merely a state of the human consciousness, and that our material world is the externalized expression of carnal thoughts which come from a so-called carnal mind claiming existence independently of that consciousness, we may begin to understand how the process of individual salvation is to be accomplished. "Through the carnal mind our consciousness we endow our material universe with those laws and conditions which make for the unhappiness, the misery, and the tragedies of human life. Through the carnal in human consciousness we endow our brother man with the hate, the jealousy, and the dishonesty with which he comforts us. "The sickness, the poverty, and the inharmonies of the human body are inflicted thereon by the carnal which obtains in the consciousness of the possessor of the body. The injurious and harmful elements of nature are not inherent therein but become a part thereof through the carnal mind in human consciousness. The gold and silver and other beautiful expressions of nature embody no natural elements of danger and discord. They become annoying and pestilential only through the carnal mind in human consciousness. "The fierceness and the voracity and the carnivorous nature of the beasts of the jungle are simply the manifestation of the carnal claiming existence in the human consciousness. The poison and venom hidden in the fangs of the reptile are imposed thereon by the carnal in our human consciousness. The carnal mind in human consciousness not only creates material world but it likewise endows that world with those material and harmful qualities which render material existence a most precarious and perilous experiment.

"Through the influx of the divine into the human mind these carnal thoughts which are externalized in our consciousness as sickness, poverty, hate, poison, bestiality, danger, and the like are gradually displaced. The carnal thoughts externalized in the human consciousness are thrust out by the divine, so that the process of salvation involves the necessity of human perfection of the material state before complete spiritualization of existence can follow. Thus, in accomplishing the process of complete spiritualization, each individual must have overcome and eliminated from experience the minor or secondary conditions of material existence, such as sickness, poverty, sorrow, inharmonies, and the like, before he can proceed to the larger problem of spiritual or mentally overcoming and eliminating matter entirely. In following, then, the divine order of complete salvation, instead of being possessed of a human mind through which is manifested a sick, poverty-stricken, material body, we shall find ourselves, as thought becomes more spiritual, possessed of a consciousness through which is manifested a material body and a material universe, from which have been eliminated all elements of

sin, sickness, hate, jealousy, poverty, inharmonies, danger, discord, and the like. "What a boon to be permitted to enjoy the gifts of nature in all their pristine simplicity, without the carnal accompaniments of danger, hate, and destruction, for which our eyes wrong thinking has ever been responsible! How beautiful the smile of the goldenrod without those elements of distress which annually plague the victim of say fever! What happiness and contentment in the world wherein the creatures of forest and field are free from the carnivorous and bestiality of human imposing! Surely, "the wolf also shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the falling together, and a little child shall lead them." What happiness, joy, and comfort shall be found in the company of those in whom we find no guile, no sin, and no hate, because we see as Jesus saw."

EIA TOWNSHIP

Mrs. Charles Platt and son of Chicago, called at the Charles Herschberger home. Mrs. Steve Keller of Long Grove visited her brother, August Frie in Bensenville Monday evening. No church services were held in Long Grove Sunday because Reverend Kings was delivering a sermon in Iowa. Mr. and Mrs. Charles Herschberger and Mrs. Henry Tonne of Long Grove spent Thursday in Hinsdale with friends. The Elmer Cross family of Libertyville and Orville Gross and family of Mundelein, were visitors at the George Gross home, Sunday. Carl Kneth of Chicago, and Miss Grace Lafrantz drove to Heppner, Wis., Sunday afternoon. Mr. and Mrs. Charles Herschberger of Long Grove visited the Ralph Herschberger family in Prairie View Sunday afternoon.

Mrs. George Umbdenstock of Glimmer gave a birthday party in honor of her husband Saturday evening. Paul and Earl Roder spent Sunday at the William F. Tonne home in Fairfield. Robert Moser and Mrs. Rose Out of Palatine were married in St. Peter Evangelical church parsonage in Lake Zurich Saturday evening at 8 o'clock. They are taking a wedding trip to New York to attend the American Legion convention there. Mr. and Mrs. William Wickersheim and family and Henry Stoll of Prairie View motored to Minnetonka this week to visit friends.

Barrington Hills Younger Set Starts Fall School Term

A number of Barrington Hills young people have started back to school and are scattered over a wide territory. The Russell Pettingills went east to place their son Russell and daughter Laura in school. Joan Hilton has gone to Ferry Hall, Priscilla White to Sweet Briar, Joan White to Rawlins College, Chelsea Canby goes back soon to Massachusetts and Kitty and Evelyn Lawrence have returned to Warrentown County school at Warrentown, Va. Vivian and Ruth Reed have returned to Lake Forest college. Barrington Country Day school opened Monday and many of the younger Barrington Hill children are enrolled there.

Gymkhana a Success
Ideal weather and a large crowd of onlookers helped to make the Barrington Hills Riding club gymkhana Sunday a great success. The games were played in the

ring of the James R. Cardwell place, and with the usual enthusiasm and sportsmanship of a large number of participants. The opening parade of all the riders was colorful and exciting and the events that followed well performed and amusing as well as interesting. A balloon chase, a potato race and also an obstacle race provided fun for the crowd. The jumping events were a feature, too. The climax came however with the final number. A covered wagon containing Brigham Young and his wives came into the ring. In the midst of their security a band of Indians dashed into the picture and with much bravado attacked the little group. Each Indian attempted the capture of a wife, and the gymkhana wound up in the true circus fashion. Mrs. Cardwell and Miss Virginia Cardwell are to be congratulated upon their ingenuity in always planning this annual event interesting.

Women's Season Closes
Tuesday was the last Ladies' Day of the season at Barrington Hills Country club and the golfers took liberties with their game, discarding all conventions and rules and making their own. Four team play, one ball to a team, one club for the entire team, fancy costumes and other amusing features marked the arrangements. The year's prizes were awarded as follows:

No wonder there's such a demand for such new cars. Look at the wrecks you read about on Monday mornings.

One of the best means of farm relief we can suggest is an F-13 Farm - All tractor - Little tractor with a world of power for \$428.00 F.O.B. factory.

The silver plated bath sponge goes to the "rotator" who defined a stugwump as a bird that sits on a fence with its mug on one side and its wump on the other.

You'll be thankful for every acre of all spring when the spring runs open. How about a new McCawley's tractor plow?

You can always tell a college town by the number of hitch-hikers along the way.

The great modern convenience is hot water—for the bath, kitchen and washing. A Book Hot Water Heater solves the problem beautifully.

To disperse a crowd start passing the hat.

For you farmers who are doing your fall plowing and do not have a gas pump on your farm, we have some hand-gallon gas cans that will fill the bill.

If your hair is falling out, a nice cardboard box is a convenient thing to keep it in.

Need a coal chisel? We can supply you with all kinds and sizes of tools. Drop-in any time.

The old back-woodman club threatened a clock. It slipped a cog one night and struck 13 times. "Get back

sakes, Maria," yelled the old man. "Get up, it's later'n I ever knowed it to be!"

No matter what you have to shovel we can supply you with the right kind of shovel or spade, for the entire nation. Mone Keen Kutter line.

"Did the doctor know what you had?" "I think so. He asked me for ten dollars and I had eleven."

You can't expect a pump to last always. Better come in and see the new line of Meyers pumps. They are good for years of service.

Officers: "You're been going sixty miles an hour. Don't you care anything about the law?" Lady: "Why, officer, how can I tell?" "I've only just seen you."
