'Wings of the Navy' Coming to Catlow for Week-End Bill

'The Three Musketeers' Opens Three Day Run Here Wednesday

Old Man River has gone swing! The Mississippi may keep on rolling, just as it has in thousands of time-honored folk songs, but it will have to roll to swingtime after the nation has seen "St. Louis Blues," the picture coming to the Catlow theatre Saturday for "St. Louis Blues," the new Dorothy Lamour vehicle, while taking place on a showboat, is up-to-the-minute enough to concern the experiences of a Broadway celebrity who runs away from glamour and takes refuge on a floating theatre.

"Wings of the Navy," which is declared to be by far the best to date of the remarkable succession of smashingly successful "service" pictures turned out, comes to the screen of the Catlow Sunday and Monday, with a cast headed by George Brent, Olivia deHavilland, John Payne and Frank McHugh.

As its title so aptly indicates, "Wings of the Navy" is a story laid against a background of naval aviation. It is a powerful tale that effectively transfers to the screen the spirit and traditions of the aerial division of the nation's guardians of the sea and coastline, and in the course of telling the story, the film production impressively unfolds scenes which give the onlooker a vivid conception of the strength and competence of the navy's aerial wing.

Jean Hersholt makes an abrupt character change in "Danger Island," coming to the Catlow Tuesday night. Long famous as the "country doctor" in the Dionne Quintuplet pictures, Hersholt is here cast as a shrewd businessman who Mr. Moto, played by Peter Lorre, and everyone else suspects of the ruthless murders committed in the course of the thrilling story.

"California Frontier," starring Buck Jones is on the double feature bill Tuesday night with "Danger Island."

With Don Ameche, as a singing, loving, fihting D'Artagnan, and the Ritz Brothers, as phoney musketeers more at home with a carving knife than a sword, 20th Century-Fox, in the musical comedy version of "The Three Musketeers" has found a new way of presenting the Alexandre Dumas story which has captivated and enchanted audiences and readers from the day it was conceived almost a century ago.

Opening Wednesday for two days at the Catlow with a brilliant cast of supporting players, the film is hailed as one of the happiest entertainment ideas since the movies began to move.

Crop Indications on High Spring Average

A report from the Illinois crop reporting service, as summarized by the farm bureau office, indicates the following propects for spring crops.

Wheat went through the winter in rather good shape and there will not be much of the acreage abandoned. While the wheat crop last year was the largest on record and the price very low, the reduction in acreage last fall was very large, with a heavy compliance with the AAA in the wheat areas which should assist some in partly restoring the price. During the past year wheat farmers suffered as severely from price reductions as the dairy farmers are experiencing at the present time. Farmer's stocks of corn are the largest on record also. Compliance with the AAA indicates that there will be a considerable reduction in corn acreage this next year. Also the increase in the pig crop would indicate that a lot of the surplus corn will go into hogs. Hog raisers are warned to keep their pigs coming on as rapidly as they can in order to strike an early market. It is not improbable that most hog raisers will have the same idea and we will see an early break on hog prices this next fall.

Stocks of oats and soybeans are large. Plant growth over the state has been retarded by the cool spring. Field work over the state is well advanced. Oat seeding is one-half completed as of April 1, compared to 25 per cent for the past two seasons. In the northern part of the state, of course, very little oats have been seeded.

Pasture conditions are about 86 per cent or 4 per cent above a year ago, yet 9 points above average. Milk production is reported at 15.9 lbs. as against 15 lbs. a year ago, with a 10 year average of 14.4 lbs. Egg production is slightly larger than a year ago; averages are slightly higher than a year ago.

STATE OF ILLINOIS, COUNTY OF COOK—SS. TOWN OF BARRINGTON, OFFICE OF TOWN SUPERVISOR.

The following is a statement by V. D. Hawley, Overseer of Poor, Supervisor of the Town of Barrington in the County and State aforesaid, of the amount of public funds received and expended by him during the fiscal year just closed, ending on the 28th day of March, A. D. 1939, showing the amount of public funds on hand at the commencement of said fiscal year; the amount of public funds received, and from what sources received; the amount of public funds expended, and for what purposes expended, during fiscal year ending as aforesaid.

The said V. D. Hawley, being duly sworn, doth depose and say, that the following statement by him subscribed is a correct statement of the amount of public funds on hand at the commencement of the fiscal year above stated, the amount of public funds received, and the sources from which received, and the amount expended, and purposes for which expended, as set forth in said statement.

(Signed) V. D. HAWLEY, Supervisor

Subscribed and sworn to before me this 28th day of March, 1939.
(SEAL) HARRY G. MUNSIG, Notary Public.
