

**"Love Affair" - Is
Week-End Feature
at Catlow Theatre**

"Early Railroad Days,"
Here Wednesday

The world's record for the hundred yard dash is 4.2 seconds. Evidently the record of the feature appearing with the top troupe in "The Politics of 1939," at the Catlow Theatre on Friday and Saturday does it in 4.2 seconds. Midwestern, whose record on Saturday night was 4.2 seconds, is only one of the champion stunts of the feature. The record for the numbers of the production. Former world's champion speed skater, H. McCowan makes his film debut in the drama of back-stage Hollywood.

Others include Heale Brock, known as the "Ice cream king," Her Shipley, American professional boxer, boxing champion, Alvin Karpis, whose acrobatic stunts are featured in "The Politics of 1939" for the title of "Wrestling star."

The instant appreciation of a great love for which they thought they were immune is enjoyed by Irene Dunne and Charles Boyer in their earlier roles in "Love Affair" coming to the Catlow Sunday and Monday.

Miss Dupree is cast as the fiancée of the young collector, while Boyer enacts the role of a successful inventor who has been rejected by an American bride.

When a great love suddenly develops between the worldly pair at the time of the wedding, the New York board steamer, the two determine to forsake their lives of ease, go to work and after a strenuous separation, meet at the appointed place. The wedding bells strike a discordant note when the aristocratic lady is mistaken in an automobile accident and decides not to hold her lover with a hand veil.

"Hollywood's finest," America's most popular outdoor attraction here, has two new features "Remo-gate Trail" coming on Tuesday to Catlow. The first is from Cuyler's story, as presented by Charles Boyer. The second is the new leading lady, The second comes from a brand of new spectacular Arizona comedy.

Double featured Tuesday with "Remo-gate Trail" is "Society Ladies" featuring the stars of the Virginia Bruce and Lee Corlieo. The feature is a presentation of the golden spike ceremony which signaled the completion of America's first transcontinental railroad at Promontory Point, Utah, on Jan. 10, 1869. Journeyed to Hollywood as the personal guest of Cecil B. DeMille, to watch the re-creation of the occasion by DeMille's epic of the railroad, "The Union Pacific." He was Robert J. Greig, with 12-year-old resident of York, Neb.

While on the Promontory Point during the filming of the production, which opens at the Catlow Wednesday for three days, Greig well was also entertained by Barbara Stanwyck and Fred McCrea, the co-stars.

\$694

The model illustrated in the Buick Review #44 of five-hundred market sales 1939 delivered at Flint, Mich.*

SUMMER'S COMING! Warm sun - deep shade - no burning heat - long, lazy days inviting you to take it easy!

Gonna fall for that? Well, maybe - if that car in your driveway is just a run-of-mine job. But suppose it's a Buick - then what?

Then, good sir, you're in for an active summer. A summer of going places, seeing sights - and having some honest-to-goodness fun!

You'll observe another brilliant Dynaflex straight-eight engine as thrilling to handle as a flyrod.

You'll get exploring over the little-traveled back trails - and soft springs of coilrod steel will cradle every jolt and jar. You'll look out to the far horizons through windows wider, and bigger - there's as much

as 412 square inches more space to make your outlook easier.

Yes, you'll pilot a carriage that's staunch and strong and firm beneath you - yet every nook of your treadle foot gives instant quick action that'll bring a grin of deep delight.

This far-ranging beauty is not only the car of the year for performance, but the ruler of the year. It's priced lower than a year ago - lower than you'd think to see it - lower even than some sizes!

And when you check all of the standard items that you're asked extra for elsewhere, you find that Buick costs less in the end even than some cars with lower advertised prices!

"Better buy Buick!"
