THE LEGION CARNIVAL

The Barrington post of the American Legion will hold its annual carnival next week—August 21 to 26. Mark those dates on the calendar because the Legion is a worthy organization deserving of substantial support.

Some twenty years ago Legionnaires learned at first-hand the horror and cost of war. Today, they are the leaders in appealing and working for world peace. Not only do they complete one great job every year but now are under taking a bigger one.

The money spent at the Legion carnival will go for such worthy causes as charities and the fulfillment of much good work.

So remember! The date is August 21 to 26.

LEARNING GOOD MANNERS

Where shall one go to school for manners? It is easier to ask the question, perhaps, than to answer it. Of course, it may be held that one's tutelage in manners should begin at home and be continued there consistently and continuously.

It is interesting, therefore, to read that a director of street traffic studies holds that the road truck driver is "the gentleman of the road." It is not a truck driver, inasmuch as he is not a truck driver for most of our manures is displayed.

In this connection, it may be recalled that someone said the other day that Americans learn good manners at service stations. We do not know what higher compliment could be paid the many thousands of young men who daily service our cars quietly, efficiently, courteously and with a friendly greeting, a courteous enquiry, and still a strict of parting.

Perhaps it is a strange school for manners that has opened to the public. But if so, it is none the less welcome.—Waukegan News-Sun.

European Corn Borer Found in Lake County Fields; Infestation Light

During the past week the European corn borer has been found in Lake County and also in the northern border of Lake County and also in the northern border of Lake County and also in the northern border of Lake County.

The region surrounding these fields is a corn belt and the infestation here is very light. The corn borer is a pest of the corn belt and is found in all parts of the corn belt.

It is interesting to note that the corn borer is found in all parts of the corn belt and is a pest of the corn belt. The corn borer is a pest of the corn belt and is found in all parts of the corn belt.
