

BRONCHOS ON ALL-LEAGUE-TEAM

ARMANETTI, FREY, MCNICHOLS REPEAT

The official Northwest Conference all-star football team chosen by the conference coaches and G.A. McElroy of Palatine, was announced last week by the Palatine Enterprise. For the second consecutive year Barrington stars dominated the first team selections, three lineman and three backs being honored. Northbrook and Ela each placed two players, and Ela and Bensenville placed one each on the all-star squads.

Two Bronchos--McNichols, a first team guard last year, and Roake-were selected at the end positions. Armanetti, rated as one of the best linemen in conference history, for the second season was a logical choice at one of the tackle positions. Schwarz of Ela is the other tackle.

All-star guards are Alderman of Grant and R. Schmidt of Northbrook. Iske of Bensenville was placed at center on the all-conference team.

Five backfield men were chosen because of the difficulty of selecting a fullback. Hansen of Barrington and Centoni of Ela, both outstanding hard runners, were rated even at this position. At quarterback Frey of Barrington was a repeater from last year's all-league first team. Shuett of Barrington and F. Schmidt of Northbrook won

BARRINGTON'S NEW SCHOOL IS FORMALLY DEDICATED

Few people will forget the week end of November 18, 19, 20, 1949, when the Barrington Consolidated High School was dedicated. Students and citizens listened to speeches and took part in ceremonies that brought

starting halfback berths on the all-star team.

Berghorn (center), Beutel and Calkins (guards). Popp (halfback), and Hartwig (tackle) of Barrington received honorable mention.

to reality the dreams which they had had for years.

Friday afternoon the student body assembled in the new gymnasium to hear speeches given by student representatives and guests. The Girls' Glee Club sang two selections.

An estimated crowd of nineteen hundred came to the dedication of the gym Friday night. The building was filled to capacity, and about six hundred people were turned away.

Approximately two thousand people were guests at open house and community (Cont. on page 6, col. 2)

CORRAL" PICTURES TO BE TAKEN NEXT WEEK

Activity and group pictures for the yearbook will be taken next week on Thursday and Friday, December 8 and 9, in the cafeteria.

Students are asked not to wear shirts or sweaters with bright plaids or loud designs, for these distract attention and may spoil a group picture. Neither do tee shirts on boys nor slacks on girls make a very impressive photograph.

None of these informal or sloppy clothes help to make a successful "Corral." As this issue, dedicated to the improvements in our school, is being planned to be larger and better than before, it is hoped that everyone will cooperate and have enough pride in his appearance to help make a yearbook of which we can all be proud.

LIBRARY IS FUNCTIONING AT FULL EFFECTIVENESS

The student body of B.H.S. is very fortunate this year to have a beautiful new library. In accordance with this structure, a new system of operating the library has been put into effect. Many students probably do not realize all the advantages the library offers to each one of us.

With the \$150 donated by the P.T.A. many books were purchased. These were on display during the dedication week end and may now be checked out. Some of the jackets to these books are being displayed on the bulletin board at the front of the library.

CHECKING OUT PROCESS FOR 'NEW BOOKS AND PAMPHLETS IS EXPLAINED

The process of checking out new books will be the same each time a new shipment arrives. If you would like a book that is in demand, sign your name on a card at the charging desk. Each person will be allowed a two-weeks' use of the book; then it will be given to the next person signed up for it.

College catalogs and pamphlets are arranged alphabetically in the conference room. These may be used during a library period or checked out over night. taken home, they should be returned by 8:25 the following morning.

FILES SOON TO BE IN USE

Two new vertical files, each consisting of four drawers, have arrived and soon will be in use. One of these will be an information file. Here will be indexed pamphlets and clippings of various nature. These will be very helpful in preparing class reports.

The other file will contain vocational booklets of all types. These will also be listed alphabetically and may checked out.

"I wonder whether the pursuit of hap piness hasn't become a frantic flight from reality."

-- David Crystal

DUNDEE BEATS BRONCHOS IN OPENER

The Bronchos suffered tough sledding on the dedication night at the new gym. Prior to the game they had practiced very little on the large floor. At any rate things added up in Dundee's favor and remained that way.

Dundee capitalized often on its underthe-basket shots and finished with an average of thirty-three per cent of its shots made. Had the game been scheduled for a later date, both teams would have been in better shape, but if there are av doubts, the January 21 game at Dundee should settle all of them. Barrington trailed throughout the game and finally finished 13 points behind Dundee, 45 to 32.

Armanetti was high man for the Bronchos with 15 points. Beth scored 17 points for Dundee.

BARRINGTON DEFEATS LAKE FOREST, 38-28

Saturday night the Bronchos engaged in a non-conference tilt with Lake Forest on the home floor. The first quarter of the game moved rather slowly, the score resting at 8-6 in favor of Barrington as a result of a shot by Shuett in the last 10 seconds of the quarter.

The Bronchos scored twice as many points in the second period, but in spite of this their shooting at times looked bad. Lack of rebounding throughout the game was costly to the Bronchos. Lake Forest had an advantage in this respect because of its height, but this was of little value, as the Scouts consistently missed their baskets. This partially accounts for the Broncho victory. Shuett made a spectacular repeat performance almost as the whistle blew, sinking a long one. The half ended at 20 to 11 in Barrington's favor.

In the third quarter L. F. scored but two baskets, while Barrington pushed through 9 points. Barrington finally wound up as the team with the advantage, 38 to 28. However, it was evident that there is much room for improvement.

水水水 林水林 水林状 杯米林 米米米 米米米

WAUCONDA IS TROUNCED, 45-32

Out to avenge the beating they suffered the season opener against Dundee, the Bronchos defeated the Bulldogs of Waucoma 45 to 34. After a close first quarter the Bronchos pulled away to a good lead never relinquished. The Bronchos displayed better shooting than that which was shown against Dundee, and a few moments of good ball handling. To combine with this the Bronchos used an excellent defense, giving the Bulldogs few good Roake was high scorer with 16 points.

BARRINGTON ROUTS GRANT, 77 TO 24

Striking a new scoring pace, the Barrington Bronchos beat Grant, 77 to 24, for their second conference win and third victory of the season.

The first string couldn't hit its stride in the opening moments and was finally yanked as a unit after blowing easy lay-up shots which could have given it a good lead. The second team replacements, led by "Big" Dick Aspinwall, who scored five points in the first quarter, quickly made up the deficit and put the Bronchos in a one point lead at the beginning of the second period.

The first string was back in the game to start the second quarter, and from that time on the game was never in doubt. The Bronchos scored ten points the first two minutes of the second quarter and led 32 to 15 at the half. Grant was held to three free throws in this quarter.

The third period was all Barrington's, with the Bronchos very seldom taking a shot more than ten feet from the basket. This was true throughout the game.

In the last period the second team played the whole time, scoring 20 points and holding Grant to one. The high scorers were Forrest Berghorn and Kenny Shuett, with 13 points apiece.

Friday night the Bronchos have a tough game with Bensenville on their floor. On Saturday Foreman of Chicago meets Barrington in the new gym.

PONIES LOSE TO DUNDEE IN LAST 20 SECONDS, 42-41

Friday, November 18, the Ponies opened their 149-150 basketball season in the new gym, when they lost by one point to Dunce in a thrilling fourth quarter.

The Ponies, led by Freddie Cochran, who scored seventeen points, played a very good game and led their favored opponents through the second and third periods.

In the last quarter Dundee, determined to wipe out the Ponies' slim margin, began to sink a large percentage of their shots, but the Ponies matched them basket for basket until, with only thirty seconds remaining to play, Dundee tied the score. Ten seconds later the visitors sank a tiebreaking free throw, and the time was too short for the Ponies to score again.

A great deal of controversy was raised over this game because of the fact that an extra minute was played in the firal quarter and that apparently the scorebook showed that the Ponies had won, 41 to 40. (Cont. on page 7, col. 2)

WAUCONDA LOSES TO PONJES

After losing their opener to Dundee in a close game, the Ponies ventured to Wauconda Wednesday evening and were victorious, 41 to 31. The contest was the first conference game of the year.

Wauconda's aggressive style of ball and superior rebounding gave it an early lead, but ultimately accuracy on shots paid off for Barrington. Schwemm sank fourteen points, Tuohy eleven, and Heckmiller ten, which is encouraging, in that a good many people felt after the Dundee game that the Ponies might turn out to be a one-man team, a condition never known to produce the best results.

PONIES GALLOP OVER PUPPIES, 35-27

The Ponies accomplished their second straight conference victory over the bewildered Grant Pupples Tuesday evening.

At half time the Ponies, taking advantage of an edge in height, were leading 17 to 10. This margin increased by one point during the next sixteen minutes, and the final score was 35 to 27.

Jack Schwemm held scoring honors with 10 points, and Heckmiller was second with 9. Touhy followed with 6 points. Cochran, Hamilton, Berghorn, Paulson, and Thomas all scored 2 points.

PONIES LOSE TO LAKE FOREST, 26-23

Saturday night, November 26, the Pories lost their second game of the season as the Libertyville J.V.'s downed them 26-23.

The low score is indicative of the poor play exhibited by both teams. The Ponies lacked the offensive spark which they had shown in their two earlier games and were not breaking for the basket or fighting for the rebounds. However, the majority of the frosh-soph players, competed in either the J.V. or the freshman game Saturday morning, and one game a day (Cont. on page 8, col. 1)

BEGINNING TYPISTS CHALLENGE RECORD

On the typing horizon have zoomed three beginning typists who promise to jeopardize the enviable four-year typing record of Janet Parmalee, who completed her first year with the 70-word Gregg gold pin, won at the spectacular speed of 72.7 words a Joan Zimmerman, the first contender for the typing record, won the 40word Gregg certificate early in November with 41 words a minute. Lois Heidke with 45.5 words a minute and Kit Lasch with 44.4 words a minute won their 40-word certificates last week. If these three typing neophytes live up to this early promise, they should achieve real typing prominence this year.

Other beginners who distinguished themselves by winning 30-word Gregg certificates are Emily Kampert with 37.2 words a minute, Joanne Barnes with 36 words a minute, James Frey with 34.7 words a minute, Ronald Andrae with 32.5 words a minute, Linden Chiles with 32.4 words a minute, Charlotte Alexander with 30.5 words a minute, Ellen Kleinsmith with 30.2 words a minute, Marjorie Piffner with 29.8 words a minute, and John Calkins with 29.5 words a minute.

Typing 2 students are not lagging. Five 50-word Gregg gold pin winners—Pat Johnson with 56.2 words a minute, Helen Piffner with 54.3 words a minute, June Morecraft with 52.5 words a minute, Zella Henning with 51.6 words a minute, and Shirley Kampert with 50.7 words a minute—prove that. Forty-word certificate winners are Jane Porter with 44.3 words a minute, and Eileen Kadansky with 43.7 words a minute.

All these Gregg awards were won by typing the standard ten-minute test issued for that purpose. The speeds of these typists are net speeds, achieved within the maximum five-error limit.

June Morecraft joined the exclusive company of Jane Meller, the only other member of the advanced shorthand class to win the 100-word Gregg gold pin. These two girls are now striving to win the 120-word Gregg pin, a really commendable goal. Betty Etters won her 80-word Gregg shorthand certificate.

FRESHMAN SPEECH CLUB TO BE KNOWN AS "FIRST NIGHTERS"

The Freshman Speech Club, one of the later clubs to organize, has been meeting with Miss Sheel on Wednesdays during activity period for the past several weeks. About twenty-five freshmen are enrolled.

Nancy Macdonald was elected to represent the club in Student Council.

Each year the club has attempted to choose a permanent name, but so far has been unsuccessful. This year the group decided on "The First Nighters" or "F.N." for its name in the hope that it will become traditional.

Up to now the speech club has been giving short skits at its meetings, but a short play, Homework, is to be presented at the next meeting under the direction of David Schwarz.

Typing laurels are merited by Mary Titterton, self-trained typist, who amazed associated Broncho staff members yesterday after school by typing 37.7 net words a minute with 4 errors on the standard Gregg material, thereby achieving the 30-word Gregg certificate.

RADIO CLUB HOLDS

One of the new clubs formed in the past few weeks is the Radio Club, informally known as the Live Wires. The main purpose of the club is to give broadcasts from the local stations. Its first play, "The Magic Nutcracker," has just been ordered. This is a children's Christmas play based on the recording from "The Nutcracker Suite." The club hopes to get it ready before Christmas.

As yet Radio Club is only Subsidiary to Masque and Wig, but it is on the way to becoming a separate club. A group of the members are now working on the constitution. Interested people are urged to join.

MASQUE AND WIG IS ENLIGHTENED BY MAKE-UP CLUB

In the meeting last week Bri Anderson, Donna Duerwachter, and Donna Black asked for more people, particularly boys, to try out for the one-act plays which they

NATURAL HISTORY CLUB MEETS UNUSUAL PETS

The National History Club had its biweekly meeting Friday. The meeting was devoted to the showing of unusual pets of some of the members of the club.

John Beutel had brought his pet crow, Jim, to display. John told how he happened to find Jim in a nest last spring and about some interesting things that Jim has done.

Next Charlotte Alexander showed her pet turtles, Tex and Jinx. "Goofy," a gopher belonging to Janet Parmalee, was the last pet to be shown.

Meeting these animals and hearing about the good times that their owners have had with them made many of the members interested in looking for unusual pets themselves.

are directing.

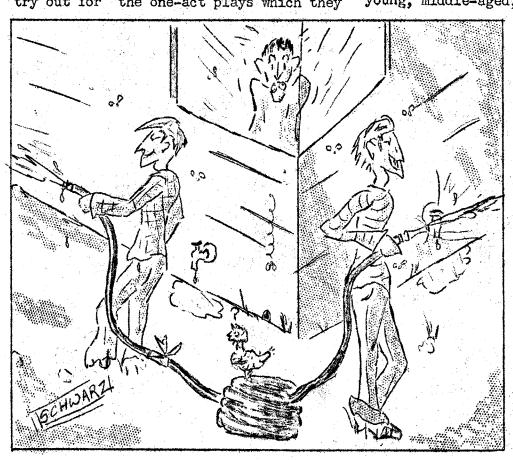

The remainder of the meeting was consumed with a demonstration given by the Make-Up Club. Marlene Johnson, Carol McCoy, and Nancy Prickett were made up as young, middle-aged, and old people, with

Freddie Herriman, the president of Make - Up Club taking charge. She explained the reasons for putting a shadow here or a high light there.

BARRINGTON'S NEW SCHOOL
IS FORMALLY DEDICATED
(Cont. from page l,col3)
night Saturday, November 19. They enjoyed
walking through the
halls and rooms of the

two buildings.

The formal dedication on Sunday was well attended also. After many specifies were given the a cappella and the orchestra concluded the service. Everyone felt the audience left the program felt pleased with the new schol which had been dedicated to the Barrington community.

WHOSE BLOG?

The gal interviewed for this week is 5' 4" in height, has brown eyes and long dark brown hair. Her birthday is just six days before Lincoln's-February 6.

Since this female started playing the piano only a little over a month ago, she is very proud of the fact that she can play both hands in the piece, "Jealous Heart." She is now an accomplished musician in her opinion.

Some people surely do have peculiar likes and dislikes. Among the former for our pianist are kittens, cats, knitting, green beans, Gruenewald's jalopy, and wrist watches????? Her dislikes, including her pet peeve, are crew cuts, roller coasters at Riverview, her brother's little jokes, certain nicknames a certain person has for her, and having to get up on Monday mornings at 6:15 for her piano lesson.

And now for her ideal man. After long concentration on the subject, she finally said she could fill a whole page with mice things about him, but she would just say that he's the nicest fella she knows—Jim Frey.

Itd like to mention here that her lucky number is 22; I wonder if that has anything to do with her phone number.

Who is she? Joy Paulson, of course.

The gent for this week is 6' 1" tall, has blue eyes and light brown hair; he emphatically stated that it was not blond. He was born on January 28, 1933.

He has gone to the Barrington school from the first grade on and has had to walk only one block to school. This year it is entirely different; he has to walk a good many blocks every day. This he calls both his unusual incident and his pet peeve.

Among his favorite sports are basketball, skiing, hockey, and tiddlywinks???? This last one I am sure he enjoys the most.

The ambition of our tiddlywinks player is not to be champion tiddlywinks player, but to have a lot of money, a "good-look-in' woman," and three or four cars. Seriously, he wants to be somehow connected with the government.

Now, again, we come to the ideal woman,

MONDAY: CLUB DISCUSSES ACTIVITIES

"Do you think activities in school are over-emphasized?" was the topic for discussion last Monday. Since this was based entirely on opinion, many generalizations and varied ideas were presented.

In general it was agreed that participation in activities was essential in forming a well-rounded personality. However, it was also stated that many students join too many organizations and contribute too little of their talent, and in contrast some individuals assume too much work in activities, thus endangering their scholastic standing.

The discussion soon became centered around athletics and the emphasis placed on them. A clash of opinions immediately ensued. One side justly declared that when a sport ceases to be a recreation and a character building activity, it is being over-emphasized. Also if the time necessary to do one's school work efficiently is interfered with, a well-balanced sense of values is obviously lacking. This applies to any extracurricular activity.

In sharp disagreement with some of these views was the opinion that when a boy engages in a sport, he should strive for perfection. To reach this unattainable goal he must work during every available opportunity he receives.

There is merit in both sides of the question. There only remains to reach a happy medium in the situation.

PONIES LOSE TO DUNDEE IN LAST 20 SECONDS (Cont. from page 4, col. 1)

However, according to Mr. Fry, acting as official score keeper, the clock was stopped whenever the ball was not in play only in the final minute of play instead of the final two minutes, so that the two teams played only about 15 seconds more than usual; and a check of the score book revealed that, although one basket was omitted in the Dundee score, the record of the "running score" proved that the score board was correct and that the Ponies had lost, 42 to 41.

He tells me that she is 5' h" tall, has blue eyes and blonde hair, and is very attractive. She goes by the nickname of "Gus" and lives in—sorry, girls—southern Illinois.

I hope that by now you have guessed who our tiddlywinks player is—Jack Wichman, Jr.

KAROUSING KID

Well, everyone's had a full week to recover from his turkey hangover. I'll admit it does take at least that long. Now we can bear down and study for three weeks, until Christmas vacation rolls around.

An open letter to Joan Gruenewald:

"Dear Joan,

"Don't you think you ought to realize by now that everything that goes up <u>must</u> come down. You are defying the laws of gravity when you try to stay up too long. Who do you think Dick is? Hereules?"

Have you heard of the latest time of day? It's Omtiflumph time. Just ask Peggy Reeve to explain, if you happen to be one of those old-fashioned people who haven't heard of it.

I guess everyone who went to the Sock Hop is now minus a pair of socks. Apparently all got quite a shock when they walked in and found Kriss Kringle decrations instead of the expected Tom Turkey.

It seems Duenna Grom tried to put up a false illusion Friday night when the kids arrived at her house and found all the lights out. But you were home, weren't you, Duenna? (And who else?)

Have you heard our new echo to the cheering section? Those sophomore boys have added something new. It is unique, but how unique can you get?

It seemed like old home week having all the college kids back again. They were quite impressed by the buildings that are now in the completed stage. They thought the gym was really great, even better than some that they have in college.

PONIES LOSE TO LAKE FOREST 26-23 (Cont. from page 4, col. 2) is enough for any team.

In the first half the Ponies managed to keep abreast of Libertyville, and the score was tied at 11-all as the half ended. The second half was all Liberty-ville's; the Ponies trailed through almost the entire period.

For the second time Freddie Cochran came close to scoring half his team's points as he made 10 of the 23 point total.

WHOSE BIOG?

Question: What faults do you find among the boys at B. H. S.?

Bonnie Barton: A small minority of them are nice, but most of them are too conceited and inconsiderate. They think the world was made for them.

Muriel Bacciocco: They're either too shy or too wrapped up in themselves.

Marilyn Dashiell: Instead of criticizing the girls all the time, why don't they try to notice some of their good qualities? They're much too conceited, which is their biggest fault.

Cynthia Brewer: They're really a bunch of swell kids. Some of the boys generalize too much when they talk about the girls, but then it isn't every school that has such good athletic teams.

Bumpy Burke and Nancy Macdonald: Just because some of the boys in this school have heads shaped like hubcaps, that's no sign they're big wheels. They're all a bunch of flat tires.

Ruth Blanke: As a whole the boys are pretty nice, but they're afraid to be themselves. Each one tries to be as big a wheel as the next, and what do you have? A bunch of dual personalities.

Mary Buschek: Some are too sure of themselves and have no consideration for others.

Lorrie Bowers: You go out with a boy once or twice, and then all the other boys think you are his girl and no one else will ask you out.

Judy Disney: Their attitude is that a girl who is not beautiful or who will not give them a good neck is not worth going out with.

Donna Black: They think that they are all "Van Johnsons" and ought to go out with "Lana Turners." What they ought to do is take a look at themselves in a mirror and then come down off their high horses. Then maybe they'll be satisfied with us "Gravel Gerties" and do a little dating.

CORRECTION

An error in score was made in the Wauconda article on page 3. The heafline should read, "Wauconda Is Trounced, 45-34."
