COLLEGE DAY DEC. 13

College Day will be held here in the gymnasium on Thursday afternoon, December 13, beginning at 1 p.m. The seniors of the eight conference schools are invited to visit the more than sixty representatives from college and universities. B. C.H.S. juniors who are planning to attend college also will have a chance to attend College Day. Parents of interested students are cordially invited.

This is a good opportunity for the students to find out about the colleges of their choice. This saves transportation and correspondence to many of the schools, although it does not take the place of an actual visit to the campus.

A visit with some of the representatives may help to limit the number of colleges to be considered. A list of the colleges participating will be available for the next week's BRONCHO, according to Miss O'Connor, who is supervising the plans for the day.

CONFERENCE CHANGE CONSIDERED

A realignment of schools in the Northwest and Northeast Conferences is being considered by the school officials of both conferences, according to Superintendent Thomas.

No decisions have been made as yet, but meeting is to be held December 5 for that purpose.

BRONCHO TO COME EVERY WEEK

Beginning with the December 6 issue of the BRONCHO, the paper will be published weekly.

In order to accomplish this, two groups have been established to do the technical work. These groups will work on alternate Wednesdays, thereby overcoming the main obstacle which has prevented weekly publication before this time.

Nancy Prickett and Edith Haffner have been named Feature Editor and Clubs Editor, respectively.

Under a new policy adopted at the last staff meeting, a news deadline has been set at 12:30 p.m. the Monday before publication.

It is hoped that these measures will serve to make the BRONCHO a better paper.

STUDENT COUNCIL

At the Student Council meeting yesterday morning the conditions in the cafeteria were discussed and it was decided that there were three main problems. These are crowding in line, the messy condition in which the tables and cafeteria in general are left after each lunch period, and the failure of the staff to sell food as soon as the line forms. A committee of Phyllis Leonard, Doug Smith, and Jack Schwemm was appointed to talk to Mrs. Price and the cafeteria staff about this. It was also decided that if each student would do his part to keep the cafeteria and his table clean and take it upon himself not to crowd in line it would solve the problem automatically.

(Cont. on page 7, col. 2)

ACTIVITIES SURVEY PLANNED

In co-operation with the Illinois Secondary School Curriculum Program a survey is being taken to come to an agreement on what pupils, faculty, parents and other lay persons think this school should be doing in its Extra-Class Activities Program, what is and what is not being done in our program, and to work out a plan for doing a better job in the extra-class activities.

A committee of one hundred, consisting of twenty-five students, twenty-five teachers, twenty-five parents of high school students, and twenty-five other

lay people will take part in the survey.

The twenty-five students were chosen Wednesday by the Student Council from a list of seventy-five prepared by the faculty. This was done to make sure that an accurate cross section of the student body would be obtained.

A preliminary inventory of the group will be taken on a form provided by the I.S.S.C.P. before discussion is begun. After discussion has been completed, another inventory will be taken to determine the final attitudes of the committee.

(Cont. on page 7, col. 2)

"A WONDERFUL PREPARATION" SAYS BHS GRADUATE

The following is an excerpt from a letter received by Mr. Thomas from Miss Peggy Reeve, a freshman at the University of Arizona.

"I'm glad to have found an excuse for missing you, for my old school isn't forgotten. As time goes on, I've come to realize that BHS gave me a wonderful preparation for college, and I'm very thankful that it's made things a little easier for me. The study methods I learned have certainly come in handy (but I wish now I had taken typing). After listening to me of my friends, I was amazed on realizing what some of the other high schools lacked what I had taken for granted. I really have something to brag about. They're astounded at the tales of our class trip; to some of these westerners, tales of the far east are unbelievable. I'll never forget the experiences that trip; we could never tell you in words how much it meant to us. For me especially, it was a wonderful climax to travel with my friends just before having leave."

PEGGY REEVE

MAY BACK WHEN

In 1929 the BRONCHO was called the BIRCH and sold for five cents a copy, one dollar for the whole year.

October, 1929-A sweet young miss and a youth fell out,

And this is the reason why -

They had nothing in the world to quarrel about, But he swung the hammock too high.

January, 1930-The Barrington Bronchos traveled to Antioch only to be beaten by them 17-26. (Let's do better this Friday.)

September, 1929- From the column "Clipped" are the following:

Be courteous to all, but intimate with few, and let those few be well tried before you give them your confidence.

* * * * *

STUDENTS PROTEST ACTIVITY PERIOD

The best way to lose a privilege is to abuse it.

Here at Barrington High School we have an excellent extra curricular activities program. It is doubtful that many of these activities could survive without the forty minutes school time devoted to them.

Therefore it is imperative that this period be preserved for that purpose.

Since students are often in as many as five different rooms during the course of a week, it has become difficult to keep an accurate check on attendance in activity period.

Taking advantage of this situation, some students have acquired the attitude that "ditching" activity period is all right because there is not too great a chance of getting caught.

There could be no better way to protest against having an activity period.

If these protests occur frequently enough, they are bound to be heard.

Do YOU want an activity period?

BRONCS OVERWHELM WAUCONDA!

BRONCS WIN OPENERS-LOOK GOOD AND BAD

Saturday, November 17, the Bronchos opened the 1951-52 basketball season successfully, by beating the Evanston Wildkits, 52-43, on our home court. The following Wednesday, Thanksgiving Eve, they journeyed to Grant and brought home a slim 45-43 victory.

In these first games, the Bronchos looked very good at some times and very poor at others. The opening game was nip and tuck for three quarters. At the beginning of the fourth the Bronchos got hot and built up a 14 point lead, only to get careless. So instead of winning by twenty, they won by nine. Evanston comes from the powerful Suburban League, but is not by any means a powerhouse this year. Following this defeat of Evanston, Dundee remains the only team ever to have beaten us unavenged in our present gym in three years of competition.

In preparing for the Grant game, all the team members and Coach Harman looked for a terrific scrap-and got it. In the first half they held Grant's hot-shots nicely. Barrington's offense was good, but they missed a dozen free throws. At the half the Broncs were ten points ahead, whereas they could easily have led by 16 or 20 points. Our offense began to bog down in the third period and came to a complete standstill in the final one. At the same time Grant began to hit phenomonally well and really made a game of it. Barrington stalled the last four and one-half minutes. Grant fought hard and must be given credit. Finally, with thirty seconds remaining, Cochran sank the deciding basket and Grant was unable to score after that.

Barrington is always at a disadvantage when playing conference games away. First, the gyms are small, and BHS's type of ball is extremely cramped. A team having a "hot" night at home, such as Grant did and Northbrook did last year, is always rough. Secondly, everyone would like to see us dumped by a conference opponent. Thirdly, Barrington fans take these games for granted. They should have learned by now not to do
(Continued in next column)

Tuesday night Barrington's flashy-Bronchos, hitting a very respectable 47% of their shots, dumped the Wauconda Bulldogs 72-39. Mick McGowan paced the victors with 21 points, while Cochran and Paulson followed with 18 and 15 points respectively. All of the Barrington players saw action, and eight broke into the scoring column. All conference Bob Nolan led the Bulldogs with 21 points.

The Broncs outscored their opponents in every quarter, leading by a 5 point margin at the end of the first quarter, and pulling to a 30-18 half time lead. A 25 point 3rd quarter put the game on ice. McGowan, Liebert, and Heckmiller controlled the boards throughout the game, backed with some fine shifting from the front line by Paulson and Cochran, and some good ball-handling by Hohfelder and Schwenn. Doug Stevenson looked good as a reserve forward as did Heckmiller proving pre-season predictions of a well-balanced team.

PONIES BEAT WAUCONDA, 44-29

A much improved Pony team overcame Wauconda 44-29 Tuesday.

It was a fast moving game with Roy Dewitz leading the scoring with 15 points Elmer Savely was second with 12 points.

Dick Popp, regular on last year's undefeated Pony team, will soon be back in action. He has sufficiently recovered from the broken collar bone receive during football season to begin practice next Monday.

(Continued from column one)
this.

To offset these, we must have the support of everyone at these games, especially. They are our toughest games.

The team has gotten off to what seems to be a fairly good start. But it is evident that a lot of work is in store if it intends to end the season at Champaign. The boys are working hard and it will take a little time before they really hit their stride. But it will come. Coach Harmon has a good bunch of boys who are aiming right now for the State Finals next March.

ACTIVITIES

PARMELEE WINS IN PHOTOGRAPHY CONTEST

The Photography Club just completed its first contest. The contest was on no particular subject. Each member participating in the contest brought in from one to three enlarged pictures. Dave Parmelee took first place and Bruce Dockery took second. Fred Cochran took third, while Diane Larlee and Judy Turner were awarded honorable mention.

Their next contest is slated for December 18. The subject is landscape.

PLAY PRESENTED BY SPANISH CLUB

The Spanish club officers have charge of a future meeting. They have included folk dancing, plays, songs, handicraft, and regular Spanish Conversation in the plans. Their plans were lately put into action when the club was presented with a small Spanish spoken play, which was reported by two groups of singers, each singing his contribution in Spanish.

F. F. A. PLANS ALL SCHOOL SKATING PARTY

F. F. A. members are making plans for an all school roller skating party that will be held at the Arlington Heights roller rink December 10. Tickets will be obtainable from any member of F. F. A.

The party is limited to Barrington High School Students.

TWIRLERS TO PERFORM AT GAME

The twirlers under the leadership of Miss Isringhausen, have been working on their formations, which will be presented at the Bensenville game December 14. The formations, a star and a bell, will be presented in the dark with flash lights attached to the end of their batons.

D. H. I. A. ELECTS OFFICERS

The results of the elections of the Junior Dairy Herd Improvement Association have been announced. Al Fisher's work with his brown Swiss dairy project gained him the laurels of president of the organization. Frank Romanski is this year's vice-president, and Gerry Wickwire was

elected to the post of Secretary-treasurer.

MASQUE AND WIG PLANS DRAMATIC FESTIVAL

The Masque and Wig meeting of November 14 was spent discussing the Dramatic Arts Festival which will be held at the school January 26. Mr. Johnson also talked to the group about the Thespian Society and its members.

During the meeting November 21 Mr. Hasemann entertained the group with excerpts of "Angel Street" in which he starred several years ago when he was a senior at Barrington.

DELEGATES SELECTED BY JUNIOR RED CROSS

Four members of the club were chosen to be delegates to the meetings in Chicago. They are Pete Devereaux, Ann Sproul, Sue Disney, and Joan Graber. If for some reason one of the chosen delegates can't go, one of the other members can go in his place.

The club is now working to complete a Christmas project which consists of sewing and knitting. The project should be finished by December 1.

INTRAMURAL UNDERWAY

Starting Wednesday, November 28, Mr. Harman, Mr. Frederick and Mr. Siegworth put to work their plans for a good program of intramural basketball. There will be twelve teams and eight players on a team. The teams will be named after big colleges, such as those in the Big Ten. The games are scheduled for every Wednesday night from 6:30 to 9:00, and all teams will participate at that time.

At the end of the first round of competition there will be an all-star game. The boys to participate in this all-star game will be picked by the referees. The referees will be boys who have starred at E. H. S. in the past.

At the end of the second round there will be a tournament involving the first and second place winners of both rounds to determine the school intramural champs.

! D E C 21 ! ! ! !

BRIEF BIOGS

Cute as a button describes Barbara Jean Holland. Barb was born on April 3, 1934, in, of all places, good old Barrington, Illinois.

Barb has blue-grey eyes (two in number), brown hair, and stands 6'1". (that is, when wearing 12" heels.)

Her likes include Stan Kenton, Dixieland jazz, (some combination), scenic design work for plays, food and horseback riding.

This doesn't sound like it could happen to Barb, but her dislikes include clothes made from feed sacks (no reflection on her mother's sewing) Spelling, and the nickname "Bubbles."

"Bubbles," I mean Barbara's ambitions are to learn to drive right, have her art work amount to something, and go to choir practice with B.B.---

Her favorite songs are "Mood Indigo," "Monologue" (or "Pretty and the Wolf"), "Tortillas and Beans", and Glen Miller in general.

Barb's ideal man is "1", has light brown hair, brown eyes, and a super personality, and last but not least, the most beautiful engaging smile you ever saw.

When asked about her hobbies, she exclaimed, "Who has time?", but then admitted she finds time to read good books.

Barbara's unusual incident was having a certain teacher in a certain class look at a certain ID bracelet and ask how much it cost!

Her wise advise to lower class men is: "Don't think you can wait till you're a senior to put forth a little effort! As they say, "Time waits for no man."

-52-

William "Bill" Staehle, a handsome Senior boy who has blond wavy hair, blue eyes, weighs 170 pounds, and is 6'3" tall, was born in good old Barrington on September 19, 1934.

Bill likes A's on Tests (who doesn't?) running cross country, track, basketball, and 1936 Chevies. Tying in with his likes is his hobby, working on cars. He, like everyone else, has his dislikes, which are people who are always mooching, great lovers, and paying four cents a mile to use his dad's car.

His greastest accomplishment was beating the time of a certain junior boy who calls himself Valentino. Bill doesn't have any favorite song but anything played by a good New Orleans jazz band will fill the bill nicely.

Bill's ideal woman is a little girl who is always sure of two dates for the same night. Guess things aren't so tough after all. Bill says his most embarrassing moment came one night after saying goodnight to a date and then hearing a group of chums clapping and cheering wildly from out of the night. Maybe the show was worth the ovation, huh?

An interesting thing about Bill is that he wears white bucks in the dead of winter and a green cashmere sweater practically every day, which he says proves what people will do to keep peace.

Bill advises boys to "Save your money so that when you're a senior you won't have trouble with girls who have healthy appetites."

-52-

On September 27, 1933, at Barrington, Illinois, Edward Dedina was brought into this cruel world. Ed stands to the tremendous height of 6' 1", has blue eyes, and brown hair.

Ed likes the 3:40 dismissal bell, sports and plenty of food. But he dislikes people who talk to much.

Ed's favorite song is "Cool Water" and as yet he hasn't given his ideal woman the slightest thought. (you'd better start lookin')

A very unusual incident was when Ed narrowly missed the industrial arts teacher by using a guided missile launched by the table saw.

Ed's favorite hobbies are hunting and raising homing pigeons. His ambition is to make a million dollars and live in the back woods of Canada alone!! (???)

--52--

Coming into this world on August 28, 1934, in Chicago, was cute, brown haired, brown eyed, Nancy Franzen. Nancy is 5'4" tall.

Nancy's ambition is to get her 50 award in typing, while her favorite songs are "Sin" and "Always Late". Her ideal man is (cont. on page 6 col 1)

BRIEF BIOGS

(Cont. from page 5, col. 2)

good looking, tall, has a good sense of humor, and has brown eyes and hair.

Nancy likes baby sitting at a certain someone's house, typing, this last Halloween, and pictures.

Skating, sleeping, and working constitute Nancy's hobbies.

Her dislikes include people who are always late, getting up in the morning, and quiet study halls. Her biggest pet peeves are the food in the cafeteria and teachers who give homework.

To the lower classmen, Nancy says, "If at first you don't succeed--give up."

-52-

Ted LaBarre was born. Yes, on September 6, 1933, in the small town of Sherwood, North Dakota, Ted was born.

Today he has blue eyes, brown hair and has stood 5' 11 $\frac{1}{2}$ " for the last two years.

Among Ted's dislikes are homework, and a certain stop sign at the corner of 72 and Bartlett Road. (Had a little trouble there, eh, Theodore?) He also dislikes the name Theodore! Ted likes hot rods, food, airplanes, sports, and having fun.

When asked about his ideal woman he replied, "There isn't any such things; something's wrong with all of them." Ted's favorite songs are "Sin and "Shot-gun Boogie." (Gad, what a combination!)

A very unusual incident for Ted is being the only boy in Typing II class. He says, "I like it!"

Ted's ambition is to be a jet pilot (he's practicing now on his hot rods), and also to return from the Navy as an admiral.

For his advice to underclassmen, Ted recites, "Either work hard while you're a lower classman, or quit while you're ahead."

-52-

Last but not least on the list for the day is a 5' 7" blue eyed, bottle blond, alias William A. Meister. Bill agrees with the adage that "Nature isn't always right, but Tinthair is." He ought to know --he's applied it! Bill was born in Barrington on June 4, 1934, which, he says, was also a good vintage year.

Bill isn't too particular about his likes just so they include food, travel, women, and parties. He was a little more specific about his dislikes which are a certain teacher's homework and tests (three guesses whose), and a certain Broncho reporter who kept pestering him for his brief biog. His main pet peeve is Berghorn's big mouth.

Bill was a little misleading about his ideal woman. All he said was that he didn't have anyone special in mind at the moment but that she should have a few good qualities.

The only thing Bill seems to want out of life is a good time and to be able to retire at 25. When questioned as to his favorite song, he replied that he liked classical, semi-classical, popular, and especially "Dixieland."

Being of sound mind (?) and body, Bill wouldn't say what his hobbies are, but I can guess. His most embarrassing moment was having to face the gang after postponing a certain trip a couple of weeks ago. I hear you also lost a little money on the deal, huh, Bill? His unusual incident was being born-----with such a sense of humor.

Bill's advice to lower classmen, in this case girls, is "If you want to get your man in two weeks, take your lessons from Edie H. Isn't that right, Jack??"

ONE ACT PLAYS NOW ARE BEING CAST

Now that the juniors have successfully presented their play, Masque and Wig is concentrating on producing four one-act plays to be presented for the members of the club. The play which is voted as the best and most enjoyable will be presented to the entire student body and later at the Dramatic Festival which Masque and Wig is sponsoring in January.

The four directors, who are members in good standing of the club, are Rhoda Hertzberg, Bonnie Barton, Saralu Thomas, and Phyllis Leonard. They selected their plays two weeks ago and try-outs are being held this week.

The plays chosen by the directors are "We Regret to Inform You," "All Were Invited," "The Red Lamp," and "The Last Autumn."
