

Midgets? Pygmies? Nope, Just Freshmen

"But you told me the cafeteria was at the bottom of the stairs," says freshman, Lynn Brady, to know-it-all senior, Ann Grabenkort. Ann was quick to straighten Lynn out and prevent a minor catastrophe. (Photo by Scott Ewart)

To an outsider entering BHS Aug. 31, around 1 p.m., it probably looked like there was a pigmy convention in full swing. Actually it was just our 380 new freshmen running through a short schedule of classes.

The freshmen met in the auditorium at 8:30 a.m. for a welcoming speech from Mr. Gillis. Next, they went to various classrooms to register.

After lunch, they again congregated in the auditorium to learn more about school activities. Speeches were given by Jack McAuliffe, president of Student Council; Bonnie Conner, president of Honor Council; and Greg Jennings, editor-in-chief of **THE BRONCHO**.

Then the boys and girls went to the study halls for talks with their counselors. After this all the comparative peace and order of Freshman Day stopped. Pandemonium broke out as the freshmen attempted to run through a short schedule of their classes. They drove Student Council guides crazy with questions like, "I'm already seven minutes late to class. How do I get there before it's over?" or "Is this 4th, 5th, or 6th hour?"

At about 2:30, freshman boys were free to go home from a tiring day, but freshmen girls convened in the new gym for a "Special Orientation for Freshman Girls" or the "Big-Little Greeting."

About 180 junior and senior girls who volunteered to serve as "big sisters" drew the names of their "little sisters." Name tags for juniors and seniors were made by Janet Wagner's committee, and name tags for freshmen were made by Susie Cruttenden's committee. Reminder postcards for the "big sisters" were sent out by Sue Bowker and Linda Ernst's committee.

While getting acquainted, the girls ate and drank refreshments served by Ann Sparling's committee.

Miss McKinney, Girls' Club sponsor, said that "big sisters" were not just to help their "little sisters" for the first week of school. It is hoped that they will also assist them the first few months. Answering questions like "What do I wear to games? Dances?" and "Why can't we wear kilts to school?" will also be part of their job.

"Going up!" says senior Pat Graham as she shows Cheri Kugath, the proud possessor of an elevator pass, a quick shortcut to the third floor. Cheri soon found out that elevator passes are a popular upperclassman prank. (Photo by Scott Ewart)

The Broncho

Vol. XXXII, No. 1

BARRINGTON CONSOLIDATED HIGH SCHOOL — Barrington, Illinois

September 5, 1961

New Superintendent Welcomes Students

Have you met BHS's most prominent freshman? If not, Dr. Robert Finley, new Superintendent of Schools, has invited any students interested in getting acquainted to drop into his office (see letter on page 2).

Unlike most freshmen, Dr. Finley has been in school for the past few weeks getting ready for the arrival of students.

Dr. Finley came to Barrington with his family from Chagrin Falls, Ohio, where he was Superintendent of Schools.

One of Dr. Finley's reasons for coming to Barrington is that there is a bigger school system here which provides a challenge for him. Dr. Finley also said, "I think people in this community want a good education for their children, and that's what I'm interested in."

Dr. Finley has attended Ohio, Georgetown, Capital, and Northwestern Universities. He has received bachelor degrees in journalism and education, a masters degree and a Ph.D.

Miss Bolin Marries

Miss Bolin, English and journalism teacher and sponsor of **THE BRONCHO**, was married August 5 in Bloomington to Mr. Charles Brintlinger, of Barrington.

Students of BHS attending the wedding were Ceci and Casey Chapple, Greg Jennings, Peg and Janet Kuhlman, Bud Frick, and Jill Jurs.

BHS Adds 18 To Faculty

THE BRONCHO wishes to extend its welcome to the new assistant principal and 17 teachers who join the BHS staff this fall.

This year when you walk into the new office of the assistant principal, you will see the smiling face of Mr. Denis Thoms (rhymes with homes).

Mr. Thoms' home town is Dundee, Illinois. He went to school at Lawrence College in Appleton, Wisconsin, and is doing graduate work at the University of Wisconsin. Last year he was assistant principal at Monroe, Wisconsin, where he was also assistant football coach.

Plays Golf and Tennis

Mr. Thoms is enthusiastic about jazz and classical music. He says he's glad he moved to Barrington so that he can go to Chicago concerts. He enjoys tennis and golf and is a spectator of other sports.

In talking about his job as assistant principal, Mr. Thoms said that there were no new duties connected with it, but that this year he will not be the faculty advisor to the Student Council.

He wouldn't give away any of his trade secrets by making public "excuses-that-won't-work-with-me," but he said, "I've had experience in this type of job." So, when you're making up an excuse, remember that he's not a newcomer. "I feel that I have a pleasant disposition," he stated, "but I can go to the other side of the fence, if necessary." Then he added, "I thoroughly enjoy BHS and Barrington. The high school has the best facilities I've seen, and I'm completely enthralled with it."

The biggest change-over will be in the English Department, where there are six teachers joining the staff.

Mr. Mark Allison from Albuquerque, New Mexico, will teach junior and senior English classes. He is a graduate of the University of Illinois and the University of New Mexico.

Mrs. Dorothy Aylward, a native of New York and a graduate of Ripon College in Wisconsin, will teach freshman and sophomore English classes.

New English Teachers

Mrs. Elaine Gjertsen comes from Bannockburn, Illinois, and graduated from the University of Indiana. She will teach sophomore English.

Miss Nancy Hahn comes from Woodstock, Illinois, and graduated from Coe College in Iowa; she will teach freshman and sophomore English.

Mr. Edwin Murbach, who graduated from Adrian College in Michigan, will teach freshman English.

Mr. Charles White comes to us from Blue Island, Illinois. He graduated from the University of Illinois and will teach junior and senior English.

Cont. on page 4

Enrollment Hits 1200

This year the faculty of BHS is preparing for an estimated 1200 students, a 15 per cent increase over last year's enrollment.

As usual, the Freshman Class is the largest with approximately 380 students. The sophomores follow with about 325. The juniors have around 270 class members, and there are about 225 students in the Senior Class.

SCCIPECA

Council Committee Makes Suggestions

After many meetings, stormy discussions, and much contemplation, the Student Council Committee for the Improvement of Participation in Extra-Curricular Activities has formed a tentative list of suggestions.

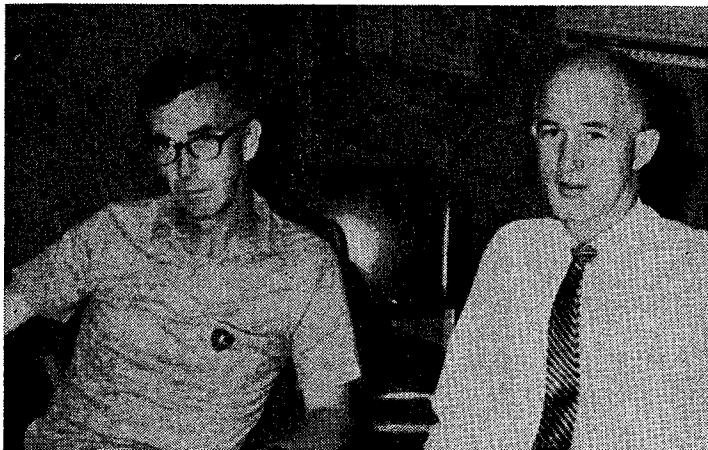

The SCCIPECA, originally known as the "Point System" committee, felt that Barrington students, as yet, did not need a point system to limit the amount of activities a person could join. This type of system would limit club officers to a point where they could join very few other clubs. It also would not help students to be well-rounded individuals or permit them to decide for themselves what clubs they would have time to join.

Members of the committee decided that it would greatly help activities if the students who join clubs only to get their picture in **THE CORRAL** and to go to club parties were weeded out.

Therefore, the committee has formed a list of suggestions for club sponsors showing how this might be done. Among other things, the committee suggests club constitutions be enforced, candidates for officers be interviewed by club sponsors, students who do not attend club meetings should lose membership, and officers of Student Council should not be class officers.

These suggestions are now awaiting approval of the faculty and the Student Council.

Finley, Gillis Welcome Students

Dr. Robert Finley, Barrington's new Superintendent of Schools, and J. Walter Gillis, BHS principal, are mapping out plans for the coming year. Dr. Finley, who comes from Ohio, is replacing Dr. Arthur Wright.

Dr. Finley . . .

To all BHS students,
It is indeed a pleasure to have this opportunity to contact each of you through THE BRONCHO. I hope that in the near future I shall have the pleasure of meeting you personally.

Since coming to Barrington and assuming my duties, I have read with great interest the past issues of THE CORRAL and THE BRONCHO. You are to be congratulated for such fine publications. I also noted that the students of BHS seem to have spirit and pride, as do the people of the district.

It is my opinion that your building is one of the finest in the country—but a building is not a school. It takes people to make it come alive. I feel that each of you, together with our teaching staff and all those who make this building "tick," can have the best high school in the United States. But it will take each of us doing his part. When we work—we work hard. When we play—we play hard. There is no greater feeling than a job well done. Together we can do it.

Already, I am proud of our school, as I know you are. Let's make Barrington "The Best Educational Location in the Nation."

Please be assured that you are welcome to visit my office. I enjoy talking with students. I hope it will not take me too long to become a Broncho Booster.

Most sincerely,
Robert M. Finley

Mr. Gillis

Dear Students,

It is a pleasure to extend to each of you a welcome to BHS for the coming school year. We are particularly happy to greet the 50 students who are new to our school and to our community.

It is hoped that the summer has been restful, enjoyable, and profitable for each of you. We trust that you are again ready to take up the task which is your primary responsibility for four

years of your life.

At the start of this school year, as in other school years before us, we find the world engaged in the eternal struggle for men's minds. Our best hope in times such as these is a strong foundation of good basic education and a firm faith in our democratic way of life. If each of you attacks his day to day educational problems with a sincere resolution to do your best, you will acquire the necessary background to give you the necessary tools for survival in this struggle.

You who are new to our school will hear us talk about the Broncho spirit many times. The Broncho spirit is that un-defined quality which makes the students at BHS take an extreme pride in each of our endeavors. It will give you a feeling that you have always been a part of BHS. It is the spirit with which each student makes the utmost effort to achieve up to his maximum academic abilities. The real Broncho Booster shows the same desire for success in the classroom as our fine athletic teams exhibit on the field.

To each of you, old and new Broncho Boosters alike, best wishes for a successful school year. And—Go Bronchos Go!

Sincerely,
J. Walter Gillis

Let's Give It A Go!

Write an editorial, she said.

Make it good, she said.

Tell why we put out THE BRONCHO, she said.

Ha, I said.

Sit down sometimes and try to tell why you do something. I go to school because . . . Bah.

Try to put in words why THE BRONCHO appears every other Friday. Try to put in words the ideas behind every BRONCHO story, feature and editorial. Not so easy, huh? Let's give it a go anyway.

1. THE BRONCHO is the school newspaper, planned and written by students.

True or false? Sure, it's true, but this doesn't say much about THE BRONCHO. Try again.

2. The faculty and the advisor do not dictate what shall and what shall not appear in THE BRONCHO?

Lah-de-dah. Of course they don't—within reason. But even so, this may tell a lot about THE BRONCHO editorial policy but nothing about THE BRONCHO.

All right then, what IS THE BRONCHO?

THE BRONCHO is the school newspaper. Not everyone subscribes; not everyone reads it. But, as the voice of BHS, THE BRONCHO represents the ideas, opinions, impressions, and feelings of the entire student body.

Cookie, Catlow Meet In Japan

When Mrs. Olive Catlow landed in Japan this summer, she was pleasantly surprised to see Akiko (Cookie) Tsuzuki, a former BHS exchange student, waiting at the bottom of the ramp.

Cookie, who is an airline stewardess, said that she hopes to take an overseas flight to visit the United States again. After talking with Cookie, Mrs. Catlow, BHS math teacher, boarded a Japanese airplane headed for Itzukee Air Force Base. There she visited her son Joseph and his family, whom she hadn't seen for two years. A tour of Japan was next on the agenda.

Nagasaki, where the second atomic bomb fell, was one of Mrs. Catlow's first choices. "The city is almost back to normal and shows little of the destruction the bomb caused," reports Mrs. Catlow.

Their next adventure was an ex-

ursion boat ride that covered all the islands of Japan in just two days. They also saw the highest mountain in Japan and took a ride around a dormant volcano.

Mrs. Catlow then went to Tokyo for a bus tour to all the interesting parts of the city, and again met Cookie. She showed the tourists the best restaurants and ate a good Japanese meal with them.

As Mrs. Catlow boarded the plane for home she took one last look at Japan. "I'll always remember the Buddhist temples and Shinto shrines, the beautiful parks and little villages, and the kind, hard-working people."

Heinz Tells Views of Barrington Here We Go

Austrian Comments On American Life

"American cooking? Bah! Anyone can cook if he can read. All he has to do is read the label and open the can with that machine (can-opener), and there is a meal. And then he asks 'am I not a good cook?' and expects the answer 'yes'."

This out-spoken statement was made by Heinz Kroell, one of the BHS exchange students. Heinz ("My name is pronounced like 'Heinz 57 Varieties,' I am the 58th!") is living with the John F. Chapple family on Donlea Road. His six "brothers and sisters" are quite a change from his small family in Vienna, Austria where he lives with his parents, Mr. and Mrs. Friedrich Kroell; Fritz, his older brother; and Ulli, his younger sister.

Greets American Family

The tall 18 year old arrived in New York by plane on July 28. After two days of sightseeing, Heinz boarded a bus for Chicago which carried AFS students bound for the Midwest. On the morning of July 31, he arrived at the Greyhound Bus Terminal in Chicago.

Getting acquainted with Angie, Suzy, Steve, Casey, Ceci, and Jeff Chapple has kept Heinz busy, but he has had a chance to see much of Barrington.

"Your houses here in the Barrington countryside are all like Austrian garden houses," he remarked. Another discovery is the convenience of American supermarkets. "In Austria," commented Heinz, "a person goes to one store for fruits, and another for vegetable, and a third for any other food.

Heinz Kroell, one of two AFS exchange students at BHS this year, gets set for winter in his Austrian hat and sweater. The pins on his sweater are coats of arms of the many Austrian towns Heinz has visited. (Photo by Scott Ewart.)

Here it is nice to get everything in one store."

"In Vienna, I have not much time for my hobbies. I have to study much, but I enjoy music. Two years ago I learned to dance, and I like it very much. The dance I prefer is the waltz, not for patriotism, but, I think the melody is great." Skiing and mountaineering are also favorite activities.

Casey, one of his American sisters, was afraid that Heinz would not like

his home in the flatlands of Illinois and thought that he would prefer the mountains of Colorado. But he says, "I enjoy it here very much, and I like to live in the countryside with my American family."

In school, Heinz will take English III, U.S. History, Contemporary Civilization, Latin I, Art II, Art III and P.E.!

Discusses American Music

When speaking, Heinz will often slip in a German word of expression. For instance, when discussing Elvis Presley, Heinz declared, "In Europe we don't hear good American music. 90 per cent of the teenagers think Elvis is good music. I call him 'fetzenschadel'. This is a . . . a person with a head made of old rags."

When Heinz returns to his Austrian home, he will attend the Academy of Arts and the University of Vienna and will major in art and history.

"I'm very interested in attending BHS because the American school system is so different from the European one. There are many discussions in Europe concerning these differences, and now I can discover them for myself. But, one thing is wrong with both: you have to study! !"

This morning I was awakened from a deep sleep by this awful commotion, which, after hasty investigation turned out to be my alarm clock. It hasn't rung since June, on the last day of school.

Suddenly I knew . . . sob, I knew that they had caught me again. Those horrible school days had snuck up before I even had a chance to run. I felt ill, but I bopped out of bed, resigned to my fate, while these guys on the radio were singing "Vacation Time Is Here Again," which, I might add, was a sneaky thing to do.

Man, what a summer I had. You see, I met this really great girl. She's the kind you could bring home to meet your mother, if one were inclined to bring girls home to mother. Anyway, one time we were sitting in my mother's car, in a fairly decent spot, when the cool car wouldn't start for anything, I pushed and she steered for a whole mile and a half to the nearest road. I still don't believe it.

And there was that time we had one of those family picnics, and the Mosquito Abatement Service came bopping through, and completely poisoned all the food on the tables. Gad, you've never seen so many screaming relatives in all your life.

And all those movies under the stars. Of course, somebody with a car full of howling kids would pull into the spot next to us, and demand our second speaker, which was rightfully theirs, I must admit. They sure did kick a hole in our stereo set-up, though.

Boy, I began to feel better and better about going back to school. I found myself rushing, struggling into my clothes. It would be great to see everyone again, and to get back to that normal, well-adjusted life. If you know what I mean.

HEY FRESHMEN!

Do You Want To Join Cub Club?

BHS is doing everything possible to welcome new freshmen and make them feel at home. Not to be outdone, THE BRONCHO has originated a new activity with just freshmen in mind.

Cub Club will give freshmen an opportunity to begin work on the school paper. It will meet weekly under the direction of the managing editor of THE BRONCHO.

Meetings will give experience in writing, proofreading, copyreading, page make-up, photography, and many other fields related to putting out a school newspaper. The department edi-

tors and advisors will be featured as speakers.

After attending several meetings each member will be given an assignment on THE BRONCHO staff of his choice.

If possible, tours of the print shop or newspaper office will be planned for the end of the year.

All freshmen who wish to work on THE BRONCHO should join Cub Club. Applications are available in Room 224. Watch THE BRONCHO bulletin board and listen to announcements about the first meeting.

Freshmen Have Differing Ideas About Future High School Years

How does it feel to be a freshman in a new and larger school with many strange classmates and teachers?

It's going to be exciting, thinks Jill Jurs, because everything will be so different. But the same strangeness has Janet Kuhlman scared, although she's glad she's starting high school and welcomes the change in school life. Chuck Mallon doesn't, however. "I'm not going to like being a freshman," he says. "I would rather still be in grammar school."

Richard Kenley says he'll feel too much like a novice and wishes he was going to be an upperclassman instead. John Kolkmeier says that it's always rough at first, but they won't be strangers at BHS for long.

"High school years are the best of your life," observes Betsy Ferries. Many are eager for different teachers and more interesting subjects, and others want to make new friends and participate in the variety of activities and sports.

"It's important to get off to a good start in studying," maintains Jill Daubenspeck. The freshman year is as important as any, most of her class agrees. In fact, Steve Chapple thinks his first semester will be more im-

portant than any other during his years at BHS.

Most of the freshmen are sure high school will mean more fun, but will there be more work too? Tony Panker says that the work will be much harder, but the typical freshman, like Craig Bean, doesn't think that the work will be more difficult this year at all.

Studying is the most important thing to many freshmen. Sherry Thompson feels that you should go to high school to learn. But to Maurine Gayer enjoying school life is as important to a well-rounded person as are good grades. The majority has found a happy medium, as Betsy Jensen says, "Social activity is necessary, but an education must come first."

The freshmen are looking forward to more activities, dates, games, and dances. "I want all the extra activities I can get," says Gail Blackburn. Being with new people, doing different things, is the way to have fun, thinks Pam Thompson; most disapprove of having a steady girl or boy.

What about the Freshman Class as a whole? Almost every frosh feels his class is a bit above average and will have lots of fun in high school. All the freshmen agree on one thing: they're glad they're going to Barrington because it's a great school.

17 New Teachers . . .

Cont. from page 1

In the Language Department there will be two additions to the staff, Miss Aileen McNamara and Miss Karen Wurtz.

Miss McNamara graduated from Rosary College in River Forest, Illinois, and comes from Oak Park. She will teach French.

Miss Wurtz, a native of Wisconsin and a graduate of the University of Wisconsin, will teach freshman and sophomore Spanish.

Teacher Handles All Four Grades
Joining the staff of the Math Department will be Mr. John Anderson and Mrs. Grace Sarius.

Mr. Anderson will teach mathematics to all four grades. He comes to Barrington from Grant High School in Chicago.

Mrs. Sarius, who lives in Barrington, taught at Hough Street School last year. She will teach freshman mathematics.

New teachers joining the Social Studies Department will be Mr. James Chapin and Mrs. Elizabeth Lutton. Mr. Chapin will teach freshman social studies in the place of Mr. Williams. He has attended Indiana State Teachers College and Illinois Normal.

Housewife Teaches History
Mrs. Lutton, who lives in Barrington, attended Michigan State University and will teach World History and U.S. History.

Teaching biology, will be Mr. Arthur Gjertsen. He went to school at Northern Illinois University and

taught last year at Highland Park High School.

The new industrial arts teacher will be Mr. Donald Kenney who attended the University of Illinois.

Teaching business education will be Mr. William Curtis. He went to the University of Iowa and comes from Decorah, Iowa.

Miss Doris Breitenfeld will teach girls physical education. She attended MacMurray College in Jacksonville, Illinois, but comes from Nebraska.

Miss Lois Buchbinder will join the counseling staff in the place of Miss Kientzle, who is taking a year's leave of absence. Miss Buchbinder will be the counselor for freshmen and sophomore girls.

Poetic Puns

The first school week is lots of fun, The teachers are just great.

The second week you've just begun The homework that you'll hate. 'Cause soon you'll find in one short time

That you cannot compete, For fun is fun, and homework is homework

And ne'er the twain shall meet. So rally round the vitamins, And bring the No-Doze in, We're stocking up, so bottoms up We'll hail the school year in!

Claudia Trimble

Sign Up Soon For Adult Ed.

Did you get "A's" on last year's English themes?

Then you might be interested in the new Adult Education course, "Writing for Fun and Profit." This is just one of 65 courses of an expanded program for fall and spring.

Juniors and seniors can enroll in any of the evening classes, according to Mr. Ben J. Russo, director. However, any student applying must have the consent of his parents and the administration.

Other Adult Education classes students might want to join are Judo, Auto Mechanics, Fashion and Modeling, and Painting. Registration will be held from 7:30 to 9 p.m. on Sept. 20 and 21. Mail registration is also provided by writing to the Adult Education Division.

Broncho Editors To Go Downstate

Eight BRONCHO editors and reporters will attend the Illinois State High School Press Association convention at the University of Illinois, Sept. 15 and 16.

This year is the 41st annual meeting of the ISHSPA. The students will attend many types of journalism classes to get ideas and information useful in publishing THE BRONCHO. They will be leaving Barrington early Friday morning, Sept. 15 and will return Saturday evening.

In addition to the 40 divisional meetings, there will be three convocations and also the traditional Friday night fun-fest.

AFS Needs Salesmen

For you eager-beaver salesmen, the American Field Service magazine sales will begin early this year.

"The early start will permit the first issue of gift subscriptions to reach their destination before Christmas," said Miss Werham, AFS sponsor. The money received from the magazine sales will finance two or possibly three foreign students next year.

Although the definite starting date has not been reached, it is tentatively scheduled for Sept. 29.

ARCHER'S BOOTERY

The Shoe of Champions

Harriers Face Tough Season

The Broncho cross country team, coached by Mr. Arthur Gjertsen, is looking forward to another challenging season. Maine West is the first squad the harriers face.

Palatine and Dundee will be the teams to beat this year. Palatine won the conference meet last year with a 26 followed by Dundee's 82. We placed third with a score of 90. Crystal Lake's Tigers could mean trouble for our Bronchos, but our prediction is a first division finish for the Bronchos.

Scoring consists of any of the first five runners to finish from each school. The places of these five runners are added together and the totals compared. The lowest score wins.

Concession Stand Open First Game

Hungry Broncho football fans will be glad to hear that our football field boasts a new concession stand opening for the first game.

The building, sponsored by the "B" Club and financed by the school, is on the same spot where the old one stood. It contains wiring for electricity and facilities for water, in addition to offering a larger serving area.

Most of the outdoor football equipment, girl's archery apparatus, and some of the track gear will be stored in the building.

HOOF BEATS

By Gary Hansen, Sports Editor

The Broncho football season was officially kicked off on August 22 when upperclassmen received their equipment. Senior players collected their gear at 6 p.m., while juniors, who didn't have enough seniority, waited until 7 for their tackle.

August 28 saw the Broncho gridiron in use once more as the scene of the first practice. At 7 a.m., the sleepy-eyed Broncs found their way to the field for a brisk workout which soon took the sleepiness out of their eyes. This practice was followed by another workout at 4 p.m.

Today sees the Bronchos with a week of practice under their belts plus an ample supply of aches in muscles that they had forgotten even existed.

From First to Last

Nevertheless, BHS anxiously awaits the crack of the gun for the first game on Saturday, Sept. 16, against the team from Wisconsin's Racine Horlick High School. From the first game with Racine till the last contest with Crystal Lake on November 3, we face a very challenging season, but one which will certainly leave Broncho fans regretting that the season is so short.

As usual, the Frosh-Soph games will precede Varsity contests. Saturday games will be played at noon and 2 while night games will begin at 6:15 and 8. The Varsity and Frosh-Soph schedule is as follows:

Sat., Sept. 16	RACINE HORLICK
Friday, Sept. 22	at Woodstock
Saturday, Sept. 30	PALATINE
Saturday, Oct. 7	at Libertyville
Saturday, Oct. 14	DUNDEE
Friday, Oct. 20	at Zion-Benton
Saturday, Oct. 28	McHENRY
Friday, Nov. 3	at Crystal Lake

JV Games Scheduled

All Junior Varsity games are to be played on the Monday following the Varsity game at 4:15 p.m. Their schedule is as follows:

September 18	CRYSTAL LAKE
September 25	at Elgin
October 2	at Palatine
October 9	LIBERTYVILLE
October 16	at Dundee
October 23	ELGIN
October 30	at McHenry

Broncho Boys To Meet Racine

The Barrington Bronchos will test their football prowess the first time this year against the gridders from Racine Horlick, September 16 on our field.

The Bronchos have never before faced this particular opponent, but there will be no lack of information for the Wisconsin squad has opposed the Crystal Lake and St. Charles squads, two teams the Bronchos have often played.

Racine Horlick, a school of about 3500 students, is in the Big Eight Conference, comparable to our Suburban League. Racine wound up at the top of the second division last year against 7 very tough teams.

The Bronchos will play their first game with Racine Horlick here, and next year will travel to Racine for a contest there. This is known as a "home and home series."

Here are our predictions for the North Suburban conference, for what they are worth.

1. Barrington Bronchos — Injuries won't stop us this year.
2. Crystal Lake Tigers — Could turn the trick against us.
3. Palatine Pirates — Might scuttle someone or be scuttled.
4. Dundee Cardunals — Dark horse — could surprise everyone.
5. McHenry Warriors — Could be worse — or better for that matter.
6. Libertyville Wildcats — With breaks could pull a 3rd or 4th.
7. Zion-Benton Zee-Bees — No where to go but up (so the ZB's hope.)
8. Woodstock Blue Streaks — Need a couple years to rebuild.

Buy The Broncho!

Sixteen big issues of THE BRONCHO, BHS newspaper, will be published this year. All students have the opportunity of subscribing to this all-school newspaper for \$1.50. BRONCHO staff members will be selling subscriptions this week, or they may be purchased in THE BRONCHO office, Room 224.

Broncho Expectation: Uphill Struggle

"How 'bout a larger size?" says Coach Frederick as he tries to make ends meet. Parker Jones, Mr. Gehler, and Bob Lindberg lend moral assistance as Mr. Frederick and Mr. Graham try to squeeze Alan Wessel into his equipment. (Photo by Ken Bergquist)

With a shortage of returning lettermen, this year's Broncho grid squad will need a lot of rebuilding in order to whip up a pennant contender.

The Broncos look forward to a season only slightly less strenuous than last year's very tough schedule. It was a year in which the Broncos, although plagued by injuries, still managed to finish strongly in second place, only a half game out of first.

Starting with the first practice on Aug. 28, competition among the expected 45 man squad will be hot and fierce for any one of the 22 positions available.

Vying for the end slots are George Lenk, a senior letterman; Mike Mueller, a junior and starting end on the soph squad last year; Charles Mirs, a junior; and Pepper Etters, a senior.

Lots of Guards

The winning of the guard spots will set up a contest among Tom Hone-mann, a senior and returning letterman; Ernie Coc, a junior who was up with the varsity for a couple of games last year; Dennis Lindberg, a junior; and Bob Suwalski, a junior.

Bob Graham, a senior and one of the few remaining starters back from last year; Bert Leaf, senior; and Bob Salerno, another "B" holder, will be contesting juniors Denny Dunn and Vernon Neal for the left and right tackle slots.

Gary Fink and Ed Wichman, centers on the Pony team last season, will try to unseat letterman and last year's starting middleman, Jeff Lewis.

Hot Contest

According to Coach Tom Frederick, the most open and widely contested position on the team is the quarterback spot. Fighting for this spot will be seniors Jerry Post and Tom Brodhay and junior Gary Showers, who played quarterback on both Frosh-Soph and Varsity teams last season.

Competition for the half-back openings will be keen among seniors Jack

Fouse and John Egan, and juniors Steve Holzwart and Bill Potter.

Kim Wood, a regular on the Frosh-Soph eleven as a freshman until a leg injury put him out of athletics for two years, and Jim McGaw, last season's Pony starter, will compete for the fullback position.

Platoon System Planned

Coach Frederick and his staff have been thinking about instituting a platoon system into their strategy for this season. This would involve a more specialized game for the participating players. This system employs two different teams, one offensive and one defensive. However, this does not mean that all first stringers will see duty on only one squad.

Some of the principles in the defensive set-up are seniors Michi Mori and Duane Rieke and juniors Walter Grove, Marv Wolverton, Doug Hudson, Denny Dunn, and Steve Laugh-ton.

The North Suburban Conference might be somewhat weaker than last year since the strength of most 1960 ball clubs was based on seniors. Palatine is expected to give the Broncos a tough fight this season. The Crystal Lake Tigers, last year's co-champs, even though they lost a good number of seniors are still strong enough to give the Broncos a lot of stiff competition.

Libertyville, the other co-title-holder, is the doubtful school on the list. With the new Mundelein High School now completed, the Libertyville High School District is being split. This division may or may not hurt the school's standing. Most coaches will wait to judge the Wildcats until they have played a couple of games.

Pony Prospects "Just Fine"

by Tom Miller

Since Racine Horlick does not have a sophomore team, our Ponies will face the Elgin sophomores Sept. 16 at the Barrington field.

Almost all of the 40 boys who turned out for positions on the soph team played last year on the freshman squad. Returning mainstays for the ponies are last year's honorary captain, Dave Frederick; Russ Stamm, voted the most valuable player on the Colt team; and tackling trophy

winner, Scot King.

Coaches Madding and Murphy are working hard to get the boys into a well-oiled football machine so that they will continue their winning ways. The Colts posted an undefeated record winning six and tying only one. This was the first Frosh team to go through an entire season with an unblemished record. The last game with Woodstock almost ended in defeat, but a last quarter touchdown by the Colts tied the score at 14 to 14.

The coaches are shuffling many of the gridders around into several positions this year, but we can be sure of a season of excellent football from the whole sophomore team.

Yea, Rah Team!

This year our varsity teams will be led on to victory by the returning senior cheerleaders Deb McFarland, Anne Lahti, and Sheri Zimmer.

Moving up from the Pony section are juniors Dayanne Schurecht and Susie Cruttenden. Helping them out will be substitutes, Carol Holzman and Lorey Treacy.

Barb Putta, Janean Miller, and Gail Engelking will be leading the cheers for the sophomores this year, and Carol Gerhardt will be the sophomore sub. From the new Freshman class, two regulars and one substitute will be chosen for the frosh-soph squad.

The cheerleaders will be under the guidance of Miss Doris Breitenfeld, who replaces Mrs. Rathgen, who has retired.
