## Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair **permanently**, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **1-847-381-9020** for your appointment.

**Clear Reflections** has provided 26 years of service at the same location.

## Editor's Ink

October, 2002

Dear Reader,

Before we get into all the many fall festivities to be added to our calendar, let's take a glimpse of the Service Club of Chicago's Annual "Day in the Country." Over 200 guests attended the fashion event held at a fabulous country estate in the area this summer. Gowns, furs and jewels were presented for all to enjoy. The Service Club of Chicago is the oldest woman's philanthropic organization in the Chicagoland area, providing grants to health, educational, cultural and welfare organizations throughout Chicago and outlying areas.

The Barrington Area Crop Walk is slated for Sunday, Oct. 20. Grand marshals this year are Paul Heideman and Bob Evans. Join them in this worthwhile cause to help fight hunger by either being a walker, a sponsor or a volunteer.

The Barrington Junior Women's Club (BJWC) is bringing back their fashion and craft show on Nov. 16. Entitled "Circle of Friends," the event will be held at The Hyatt Regency in Schaumburg. Proceeds from the event will go to PADS, Service for Seniors, Safety Town and local scholarships.

Enjoy the season! It's my personal favorite.

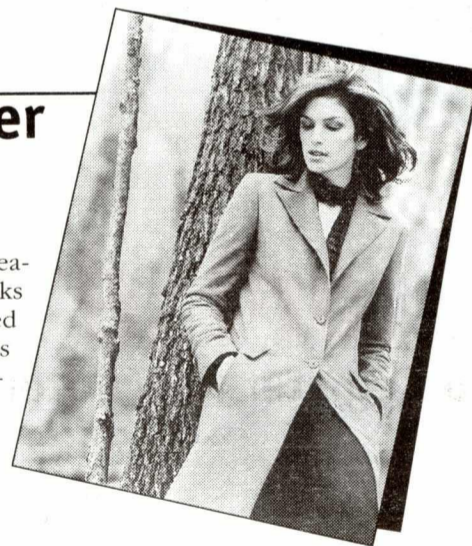

Until next time, peace and happiness.

With warm regards,  
Glenn McMonigal  
Editor, *Lifestyles Magazines*

## About Our Cover

Company Ellen Tracy Fall 2002 features a playful mix of tailored looks and feminine details. The brushed texture of suede replaces leather this fall. Here it's shaped into a knee-length jacket and worn with stretch gabardine.

## The Service Club of Chicago's Annual "Day in the Country"

It's a summer day. A steady stream of beautiful ladies from near and far sporting fabulous accessories and matching hats sip cocktails on the hill overlooking Nancy Traylor's fabulous country Tudor home. Poised below was a beautiful estate decorated and waiting for the "show of shows" to begin. Umbrella shaded tables dressed in pink and white surrounded the pool. Runways were ready and waiting. It was the perfect backdrop for the Service Club of Chicago's annual Day in the Country fashion show and luncheon!

At promptly 11:45 a.m., Hazel Barr cascaded out onto the runway wearing white lace and organdy and announced to Chicago society's best, "Don't think 'heat index,' think 'chill factor.' Now, let the fashion show begin!"

Over 200 guests—this coveted event sold out—having ventured down the hill to the magnificent poolside setting, were now seated, listening to the music by Avron and savoring a sumptuous smoked salmon mousse purse creation of Froggy's. It was garnished with gulf shrimp and asparagus in an orange cayenne pepper vinaigrette. In anticipation of the upcoming "Venetian Masquerade" fall benefit ball, hats and fans punctuated by an occasional feather mask turned and took notice as the fashion "show of shows" began. Truly an extravaganza, the show featured clothes by Burberry, Chacok, Hana K, St. John, Polo-Ralph Lauren, Rikei Boutique, Starr Couture, Nordstrom Fur Bou-

tique and exquisite gems by Van Cleef and Arpels!

Coordinated by Tracy Terrantino of ZZAZ productions, models began to sashay out to a strong rhythmic beat dressed in colorful sparkling creations by Chacok with lots of metallic touches and color, color, color! Burberry's followed with great trend-setting looks sprinkled with classic wools and leathers, including a retro-black trench coat with a smashing red wool hat and matching red wool purse, great for fall! Mother and daughter Yvette and Christina Cusak modeled Burberry together. Myra and John Reilly were darling in their matching Burberry leather and wool and Maggie Barr, Hazel's granddaughter, graced the runway adding to the family affair!

Rikei Boutique showcased exotic, euro-style Lithuanian pieces of the Ramune Piekautaitė fashion house. Camille Rudy and Roni Siegel, benefit chairs of the upcoming "Venetian Masquerade" ball on Nov. 8, were flowing and elegant, as was model Mamie Walton, who is busy planning incredible decorations for the November ball!

St. John Boutique entered with elegant ensembles for day and evening, or both at once as a dressy bejeweled collar that unzips to reveal a sleek day-knit, demonstrated by Laura Ekstrom of Barrington. Also from Barrington were Marilyn Hayden, Sandy Denny and Judi Duchossois, all sleek in St. John!

Enjoying a delightful "Day in the Country" are Barrington area Service Club of Chicago members and guests: (from left) Nataleah Dietzmann, Judi Duchossois, Ruth Kern, Andrea Meijer, Sandy Denny, Marilyn Hayden, Betty Brown, Peggy Scoville, Laura Ekstrom and Starr Kondos.

Polo-Ralph Lauren featured a fabulous fall collection draped in sumptuous leathers, suedes, cashmeres and wools and, as with Burberry's, the addition of Van Cleef and Arpels butterflies, dragonflies and the signature vintage Alhambra design jewelry were an extraordinary addition!

Starr Couture's collection of beautifully original, hand-crafted European apparel, a stunning cashmere collection from Milan, featured fur-trimmed coats with matching slacks and sweaters; from France, opulent silk, feather-trimmed dinner suits and magnificent evening gowns. Judi Duchossois glowed in a luxurious ivory and green hand-painted Tom Pries silk gown.

Then to advertise the Nov. 8th benefit came the Finale of Masked Models in fabulous furs! Hana K luxurious shearlings in gorgeous colors followed by a fur extravaganza from Nordstrom Fur Boutique—all in all, there were 45 of Chicago's most beautiful furs, sumptuous even in the summer heat! Our fearless leader Andrea Bacon, president of Service Club, was mystifying in mink as was our past president Jean Antoniou! Handsome in the heat were Bunky Cushing and Stanley Paul. Linda Leis and Diane Kingwell looked sporty even with the masks in Hana K! Gail Elmore was elegant. Lisa Daniels was darling. And Vonita Reeser sported a cane on the runway. Now everyone will want this fashion accessory!

The finale of glamorous masks was followed by Van Cleef and Arpels models sporting their exotic nature-inspired jewelry as they informally modeled the unusual gems set with exotic woods and mother-of-pearl throughout lunch. (Fashion note—In-between finger rings were big.) Prizes were awarded. Guests toured the beautiful home.

It was a day to remember. But then with Hazel Barr at the helm, aren't they all?

The Service Club of Chicago proudly stands as the oldest woman's philanthropic organization in the Chicagoland area and continues its tradition of "helping where the needs are greatest," providing grants to health, educational, cultural and welfare organizations throughout Chicago and the outlying areas. Every dollar raised goes directly to those in need, as Service Club uniquely has no paid staff and is member supported. Last year's benefit raised over \$240,000 which was distributed to 24 area agencies!

This year, the 112th annual benefit themed "A Venetian Masquerade" will be held on Nov. 8 at The Four Seasons Hotel in Chicago. Billed as a night of "intrigue and splendor," the event will feature cocktails, masked characters, games, dinner and dancing to the Ken Arlen Orchestra. For more information about The Service Club or the benefit, please call 312-603-6237.

Benefit co-chairs Camille Kearns Rudy and Roni Siegel don fabulous feather masks in anticipation of the upcoming Nov. 8th Service Club of Chicago Benefit Ball "A Venetian Masquerade"!

Judi Duchossois and Andrea Meijer are racy in red as they model the latest in Italian cashmere and fur eveningwear from Starr Couture—sultry and sumptuous!

Luscious in leopard and tempting in tiger, models Laura Ekstrom and Natalie Billingsly sport exotic fur-trimmed Italian cashmere animal print creations from Starr Couture!

## Hearthstone Manor Provides Care for Alzheimer's Disease and Dementia

How many times have you heard someone joke about "having a senior moment" or "having Alzheimer's?"

While it is true that forgetting where you put your keys can be exasperating, it is nothing to joke about when someone you love has Alzheimer's disease or other age-related dementia. The Alzheimer's Association estimates there are 211,000 people with Alzheimer's disease in Illinois. One out of 10 people aged 65 to 84 and one out of two aged 85 plus will be at risk. As our population ages, the chances grow that this disease will cast its shadow over someone we love.

People with Alzheimer's disease are our grandparents, parents, spouses, teachers, doctors, ministers, best friends and next-door neighbors. They are the people who have cared for us, taught us, loved us and mentored us. Alzheimer's disease and related dementia affects the entire family. An elderly spouse may try to care for their loved one at the expense of their own health. Adult children agonize over how to make the right decision for a mother or father whose condition is deteriorating. We cannot abandon them when they need us most.

Woodstock Christian Life Services is building **Traditions of Woodstock** to meet the community's need for a home-like program designed to provide quality residential care for those with Alzheimer's disease or related dementia.

You can make a difference for each person and family affected by Alzheimer's disease or other age-related dementia by making a charitable contribution to **Tra-**

**ditions of Woodstock**. Your donation will make a difference in the quality of life of our most vulnerable senior citizens.

Your contribution will provide:

- Cookware and kitchen items that will encourage residents to use skills based on their experience as moms and homemakers
- Way-finding and cognition enhancing features in bathrooms and common areas
- Activity centers based on each person's past job or interests. For example, an accountant may have a desk with a calculator and account ledger, a knitter may have patterns and yarn, a musician may have sheet music and an instrument.
- The myriad of items large and small that go into creating a homelike environment
- Training for compassionate specialized caregivers that understand the unique needs of the senior with Alzheimer's disease

Your donation of \$150 or more will be recognized with a hand ceramic leaf on the **Traditions Tree of Life**. Your donation of \$500 or more will be recognized with a bird on the **Traditions Tree of Life**. Your name and the name of a person or organization of your choice will be featured on a brass plaque. The Tree of Life will be on public display in the main entrance to Hearthstone Manor, 920 N. Seminary Ave., Woodstock, Ill. All donations qualify as tax-deductible charitable contributions to the fullest extent allowed by law.

For more information, please call LeeAnn at **815-334-6200**, ext. 229.

## Workplace Protection Under the Family and Medical Leave Act by Joette S. Doran, J.D.

The Family and Medical Leave Act of 1993 requires an employer with 50 or more employees at a given work site to provide up to 12 weeks of unpaid leave in a 12-month period to eligible employees. To be eligible, the employee must have worked for the employer for at least 12 months and have been employed for at least 1,250 hours during the 12-month period immediately prior to the leave. Leave is allowed for an employee who needs time off as a result of a "serious health condition" or for the serious condition of a parent, spouse or child of the employee when the employee is needed to care for the family member. Under the Family and Medical Leave Act, a "serious health condition" is defined as an illness, injury, impairment or physical or mental condition that involves inpatient care in a hospital, hospice or residential medical care facility or continuing treatment by a health care provider.

In the situation of a foreseeable leave of absence, the act requires the employee to provide at least 30 days notice to the employer. If the leave is not foreseeable, the act requires the employee to provide notice "as soon as practicable" under the facts of the particular case. Under the regulations which help to define the Family and Medical Leave Act, a request for leave should be, at a minimum, verbal notice within one to two business days after the employee learns of the need for the leave. It is unlawful for an employer to discriminate against an employee who uses the

act. Also, leave may not be used as a negative factor in employment decisions, such as promotions or disciplinary actions. An employee whose rights have been violated under the Family and Medical Leave Act is entitled to certain legal remedies which include job reinstatement and monetary damages.

If you believe your legal rights have been violated, I encourage you not to delay in seeking legal guidance regarding your particular situation. For further information, please visit our Web site at [www.joettedoran.com](http://www.joettedoran.com).

### A.G. Edwards & Sons, Inc.— Invest in Learning About Year-End Tax-Saving Strategies

No one likes to pay taxes. But it's a reality of life. However, investors can help reduce the taxes they pay by taking advantage of the following strategies before the end of the year:

• **Rebalance your portfolio to help match your objectives.** Take a look at your portfolio to make sure it contains the right combination of investments—across a variety of industry groups—to match your objectives and risk tolerance. To help reduce your tax bill, keep in mind that when you sell any of your securities, you should specify the shares that you intend to sell. Otherwise, the Internal Revenue Service will assume you are using the “first-in, first-out” method, i.e., the shares you’ve been holding the longest are the ones you are selling. That could mean you may pay more capital-gains taxes than needed.

• **Use losses to offset gains.** You can use losses to offset capital gains and reduce your tax burden. For example, if you incurred \$2,500 in capital losses and also had a \$2,500 capital gain, you would not incur a tax liability. Additionally, you can use net losses up to \$3,000 to reduce ordinary income, such as wages, interest and dividends, in a single year. After the offset, any further capital losses above this amount can be carried forward to offset capital gains and/or ordinary income in subsequent years.

• **Beware of the wash sale rule.** If you plan to reduce your tax liability by taking losses, make sure you understand the wash sale rule. It comes into play when you want to own a security long term but also realize losses on selling part, or all, of your position. The wash sale rule states that a tax loss is disallowed if you buy the same or substantially identical securities within 30 calendar days before or after the sale. The intent of this rule is to help ensure you take a real market risk to claim a tax loss.

• **Take advantage of long-term capital gains.** Before selling any investments, make sure your profits qualify as tax-favored long-term gains. You receive long-

term gain treatment—a maximum rate of 20 percent—only if you have owned the securities for more than 12 months. In addition, long-term investors can benefit from changes to the capital gains tax rules that took effect in January 2001. The good news is that these changes reduce the capital gains taxes owed on investments held for longer than five years. The bad news is that the rules are complex. Your financial consultant can help you determine whether you qualify.

• **Factor bonds into your tax picture.** Generally, the higher your marginal tax rate, the more tax-free investments can benefit you. For income investors, the benefit of municipal bonds is their tax-free status from federal income taxes. Municipal bond interest may also be exempt from state tax if you purchase a bond issued by your state of residence or by a municipality within that state. You should also consider whether you could reduce your taxes by offsetting bond gains with stock losses. Some bonds may be subject to state, local or the alternative minimum tax.

• **Consider gift securities to children and grandchildren.** If family members pay income taxes at lower rates, gift securities to these individuals. For example, if your child or grandchild is in the 15 percent tax bracket and the eventual sale qualifies for long-term gain treatment, you lessen your tax burden and your child or grandchild receives the investment. Keep in mind that once the security is gifted, you may lose control over the money. As always, investment decisions should be based on investment merit, not solely on tax considerations. Specific questions on taxes should be directed to your tax advisor.

## **Quality, Heritage and Custom Design** **at Furs, by John Pavlis**

At **Furs, by John Pavlis**, you will find the finest quality furs, leather and suede, shearlings, accessories, and denim jackets with fur collar and cuffs!

Angelo Pavlis, a fourth-generation master furrier, continues his father's heritage of custom-made furs. Since we do the production on the premises, we can custom design to suit the needs and tastes of each client.

This fall, the hot trend is the fur-trimmed denim jacket. It is the must have for today's busy and active woman, so versatile, fun and stylish. The Pavlis family invites you to come in and see the extensive variety of our collection. We offer denim jackets with mink, sable, Persian lamb or whatever fur you desire! Angelo Pavlis creates all of these designs himself. We have denim jackets in stock, or we can customize and create just for you.

Sheared fur is another big trend this season. We have a stunning array of unique, dyed, sheared beaver and sheared mink to choose from. Angelo Pavlis sculpts, grooves and recuts the fur, and is meticulous with the details right down to the custom-made buttons. In our elegant and comfortable showroom, you will find an amazing selection of fur-trimmed leather jackets, reversible jackets and fur-trimmed chenille sweaters. For the woman who

travels, Pavlis offers a sheared beaver knit jacket that is virtually weightless and can be rolled up into a ball. Another eye-catching design is his checkerboard-trimmed mink jackets, hand-sewn with squares of natural black and gray mink. Of course, we also carry men's leather and furs.

Angelo Pavlis encourages customers to bring in old furs they have inherited. Accessorize fashions, restyle, reline, alter—whatever your needs may be, we do it all! An adorable and fun gift idea is to transform older garments into teddy bears! What a treasured keepsake of a loved one's fur.

A traditional furrier, **Furs, by John Pavlis** has been in Arlington Heights for 30 years. We offer not only a huge selection of world-class furs but a wide range of services as well. From cold storage and cleaning to restyling and alterations, including fixing zippers or ripped panels on leather, our work is done right here on the premises. At **Furs, by John Pavlis**, we look forward to fall and winter with young and beautiful furs of all colors and designs. Please come in to our elegant surroundings and spoil yourself!

## **Ever Dreamed of Having** **Straight and Silky Hair?**

**Jon Paul Hair Salon** is pleased to announce **Liscio Thermal Technique** as well as **Rusk Thermal STR 8 Internal Restructuring System**.

Most women who have curly or frizzy hair have dreamed about having straight and silky hair. There were only two ways that might have solved the problem. One is using good conditioner; the other is relaxing it. However, neither brought satisfying results because using conditioner is temporary and relaxing is too risky.

Now, we are introducing a most suitable solution that can make permanently straight and silky hair without any damage. We call it **Liscio Thermal Technique**. Liscio has made straight hair a reality with an innovative straightening system that uses a patterned flat crimping thermal iron. Unlike other harsh relaxers, Liscio is made up of less damaging chemicals. In addition, protection cream allows you to adjust the strength of the solution, which provides extra coverage to the damaged hair.

Straight hair is, however, just the start. Salon clients want to be able to maintain their straight hair, so that they can fully enjoy their new look. Liscio was created to include these features and many more. The result is a system that allows you to work on colored hair. Liscio is a product that was created to respond to the wants and needs of salon clients everywhere:

*"Beautiful, straight hair is possible now"*

**Before**

**After**

*"Outstanding straightening effect, long lasting and suitable for various hair types"*

*"Great finish, even more than expected"*

**Rusk Thermal STR 8 Internal Restructuring System** straightens hair permanently. This new, patented technology system is the most advanced innovation in hair straightening.

**Jon Paul Hair Salon** is located in the Clock Tower Plaza on Northwest Highway in Palatine. Call us at **1-847-991-3600** to schedule your appointment. Walk-ins are always welcome.

## M.J. Miller & Company's Next Wine Tasting

*Indispensable for those who care for the true sensual enjoyment of wine—instruments to make your wine taste even finer. Riedel stemware is tailored to the character of the grape—it is the key to flavor!*

On **Wednesday, October 16, M.J. Miller & Company** will host a wine tasting at **D & J Bistro** in Lake Zurich. We are very excited to host this special event. A representative for **Riedel**, Barbara Fredell, will help us explore the difference a wineglass can make in the taste of a wine.

At check in, everyone participating in the event Wednesday evening will receive a glass of 2000 Sauvignon Blanc from Villa Maria. Each place will be set with four different wine glasses from the Vinum Extreme Series: Chardonnay, Riesling, Pinot Noir and Cabernet. This set of crystal stemware is yours to keep at the end of the evening—a \$118 value! Each stem is lead crystal and specifically designed to enhance the unique qualities of a specific grape varietal.

Hors d'oeuvres will be served from 6:30 to 7:00 p.m. We will serve smoked salmon and crème fraîche, minicrab cakes, individual tarte nicoise, satay of duck tenders, and homemade mousse of poultry liver.

Promptly at 7:00 p.m., our tasting will begin. We will serve four wines in addition to the Sauvignon Blanc: a 1999 Chardonnay from Flora Springs, a 2000 Riesling from Clayborne and Churchill, a 1998 Cab-

ernet by Girard, and a 1998 Pinot Noir by Byron Santa Maria. We will experience the aroma, taste and tone a stem designed for each grape varietal can make.

After the tasting, a box will be provided, designed specifically for your new stemware, along with a handled bag for you to carry them home. Barbara will be available after the tasting to answer any questions you may have about Riedel crystal. A table with additional Riedel accessories, decanters and stems from the Sommeliers Series will be set up for your viewing. Stemware for the Sommeliers Series is full lead crystal and hand-blown in Austria. These items are available at **M.J. Miller & Company**.

The wine tasting has a limited seating of 50 people, and seating is only guaranteed with a reservation. Please contact Lynnette or Sharon at **1-847-381-7900** to make your reservation. The cost is \$85 per person.

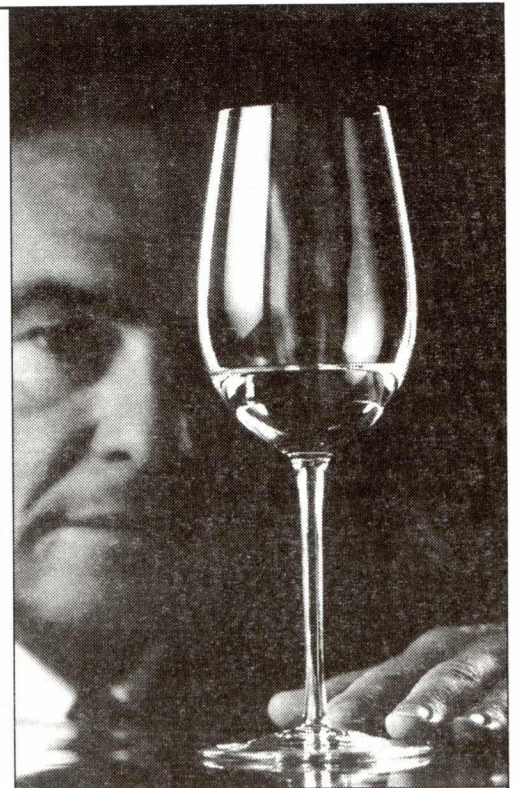

We do recommend if you are interested in dining at D & J Bistro after the wine tasting that you make a reservation with the bistro (1-847-438-8001) at this time. They are graciously offering a 10% discount on any dinner order for the participants of the wine tasting.

## Titanic Returns to the Museum of Science and Industry New Discoveries, Artifacts and Experiences

Guests can behold fascinating artifacts from the grand staircase in "Titanic: The New Exhibition" now at the Museum of Science and Industry.

Get your boarding pass and get ready to discover never-before-seen artifacts and experiences when "Sears Presents Titanic: The New Exhibition" for a limited engagement at the Museum of Science and Industry.

Tickets can be ordered through Ticketmaster at 312-902-1500 or online at [www.msichicago.org](http://www.msichicago.org).

Two years ago, "Titanic: The Exhibition" made museum history as one of the most popular and talked-about exhibits in the country when more than 1.5 million people nationwide, including 850,000 Chicago visitors, experienced the legendary ship's grandeur and tragic fate. Worldwide, nearly nine million people have experienced "Titanic: The Exhibition." Since the exhibit's closing in September 2000, tourists and Chicago residents alike continue to inquire about the exhibit's return. In fact, museum research found that 70 percent of tourists and city residents expressed a desire to see the exhibit again.

In the new exhibition, guests are brought back in time through sights, smells, sounds and powerful accounts from the famed luxury liner. Behold fascinating artifacts from the grand staircase, a handwritten letter and other personal possessions belonging to passengers and crew. "Titanic: The New Exhibition" also includes re-creations of the ship's verandah café, the promenade deck and the bridge.

Guests get another chance to come face-to-face with the "big piece," a 15-ton portion of the Titanic's hull, the largest piece of the ship ever recovered! Also returning is the stunning re-creation of the ship's grand staircase.

As guests walk through the exhibit, they have the opportunity to meet Titanic passengers and discover their unforgettable

table stories. In the second-class cabin and gallery, guests will hear the untold story of Marion Meanwell. According to Mrs. Meanwell's boarding pass, she was originally scheduled to set sail to New York aboard the Majestic. But due to fateful scheduling, the word "Majestic" was scratched out on the boarding pass and replaced with "Titanic." The story of Howard Irwin will welcome guests to the third-class cabin. Interestingly, Howard Irwin's possessions made it into the cargo hold, but he was running late and never boarded the doomed ship.

Encounter poignant sights and sounds on the promenade deck where guests will experience what it was like for Titanic passengers to get into lifeboats and say goodbye to loved ones. Guests will feel the chilly air and hear the band playing in the background while distress rockets explode over the Atlantic. In the memorial gallery at the end of the exhibit, visitors can reflect on the tragic voyage by viewing the 2,200 names of Titanic passengers and crew who were lost and saved.

If you missed Titanic on its first voyage to the museum, you won't want to miss it again. And, if you saw it before, prepare yourself for a whole new experience!

### Little Known Facts About the Titanic and Her Passengers

- It cost \$7.5 million to build the Titanic. It carried a \$5 million insurance policy. Today, it would cost about \$400 million to build the ship.

- While serving on the Titanic, Chief Officer Henry T. Wilde wrote a letter to his sister that said, "I still don't like this ship. I have a queer feeling about it."

- A first-class ticket for a parlor suite on the Titanic cost \$4,350, which would be approximately \$75,000 today.

pearls as well as multitudes of other precious and semiprecious stones.

Today, almost everyone sells jewelry. Department stores, discount outlets, gift shops, the Internet, huge "gem" shows and even drug stores have entered this highly specialized market. Sometimes, their special offers and discounts seem like good deals; but how much do such stores and "gem" shows really know about jewelry, the origin of the stones, etc.? Are you really getting good value for your money, or are you being tricked into thinking you are getting something that you are not (i.e. hired appraisers giving false gradings and values)? Know and trust from whom you are purchasing jewelry and make sure they will be there six months from now, not just the weekend.

Again, we thank you for being our customer. We know there are other choices out there, and we promise to always remember it is a privilege to serve you.

## Art in the Classroom Seminar

**Debbie Scanlan (left) and Sandy Hasse, back by popular demand!**

School volunteers look forward to the annual Art in the Classroom seminar sponsored by the Barrington Community Associates of the Art Institute of Chicago. The 2002 seminar will be Wednesday, Oct. 9, at the Presbyterian Church of Barrington, 6 South Brinker Road.

"A Palette of Ideas: What Students Want" is designed to provide lively inspiration as well as practical tips. Debbie Scanlan and Sandy Hasse are back by popular demand to demonstrate their unique flair with innovative presentation techniques, engaging activities and accessible exploration of contemporary media for use at all grade levels.

Debbie and Sandy have been volunteer-

ing as "art moms in classrooms" for many years. In 1998, they became art coordinators for Lines Elementary School. Their focus is to make looking at art fun and interactive for children. Creative ideas include reaching students through a variety of methods, such as music, games, role-playing, photography, gallery walks and computer art. Some of the artists to be presented are M.C. Escher, Ansel Adams, Leonardo da Vinci and other masters.

Registration and refreshments will begin at 9:00 a.m. The program will begin promptly at 9:20 a.m. and continue until approximately 11:30 a.m. The fee is \$8 per person. Checks should be made payable to Barrington Community Associates. On-site childcare is available at \$5 per child if registered by Oct. 2. Registration forms are available from local PTO/PTA organizations, or call Peggy McCotter at 1-847-885-7566.

## What's Happening at Starr Couture

Last June we featured designer Tom Pries with his incredible collection of hand-painted, one-of-a-kind silk fashions. Our customers were able to spend time with Tom and design an ensemble in the style, size and color of their choice. Everyone was so happy with the results and asked if I would invite Tom again. For those of you that missed Tom in June you will have the opportunity to meet with him on Friday and Saturday, Oct. 25 and 26.

With fall well under way we invite you to come and experience the latest European Fashions not found in other stores. Whether your need is for business, ladies who lunch or dine, travel, fun or social events. We can coordinate a wardrobe that will meet all your needs based on your lifestyle totally accessorized for a complete look.

I love fashion and our customers so it is natural for me to want and share what I see when I am on a buying trip in Europe. I have just returned after spending five weeks there and am equally excited about fall and what is to come for Spring 2003. We hope you will come and share the excitement with us.

## Assemblé for Her—A Boutique Treasure Three Years Strong

*"How long have you been here?"*

*"I can't believe I just found you!"*

*"This is wonderful. I love everything in  
your store!"*

Michelle DeWitt hears this on a daily basis as people continue to discover her boutique, **Assemblé for Her**. Unique materials purchased from the California and New York apparel markets arrive at **Assemblé** daily to create a fun and ever-changing shopping experience. Special offerings from a variety of cottage-industry designers are found throughout the store.

According to Michelle, **Assemblé for Her** carries sportswear that covers a broad base for a specialty boutique. Numerous visits to California guarantee a continuous supply of unusual and exciting new looks. Sweaters and knit tops have always

been a big business at **Assemblé**. Stocking the appropriate styles for ever-changing tastes has been a hallmark of the store's continually-increasing sweater volume.

Accessories are an especially fun part of the business. Brighton is a staple as is Judith Jack, but unique finds from small New York specialty designers really spice up the display counters at **Assemblé**.

Michelle says, "If I could define our focus, it would be that we strive for a clothing assortment of brands carefully chosen for local tastes rather than chain labels aimed at a consensus national audience. Even at that, we carry over 80 designers to satisfy our growing customer base. We then select accessories that we feel best compliment the special attributes of our inventory."

## "The Gardens of Kyoto— A Stroll Through Paradise"

The very popular Members Present Art Series, sponsored by the Barrington Community Associates of The Art Institute of Chicago, begins Wednesday, Oct. 23, 1 p.m., at the Barrington Area Library, 505 N. Northwest Highway.

Diane Hunter will give a unique slide presentation about nine of the most exquisitely beautiful gardens of Kyoto, Japan, including gardens rarely viewed by the public. By means of expert photography, participants are allowed to feel that they are strolling through the serenely beautiful moss garden or are intimately experiencing the brilliantly crimson fall colors of the Japanese maples. The presentation is accompanied by the hauntingly tranquil music of the "shakuhachi," or Japanese flute.

"Japanese Gardens of Kyoto—A Stroll Through Paradise" includes several gardens that are at least 800 years old. Beautiful Chinese school paintings dating from 1100 to 1500 will be seen, since virtually all Japanese gardens were influenced by Chinese landscape painting. Many Japanese garden designers studied landscape painting in China and frequently designed gardens by arranging rocks in ways to simulate the powerfully majestic mountain scenes of Chinese landscape paintings.

Diane Hunter has been actively involved in Japanese garden design for 15 years. She is a resident of Barrington and has designed her own Japanese stroll garden.

Diane has made several trips to Kyoto to study Japanese garden design and philosophy. While in Japan, she studied with the eminent Izumi Masatoshi. She is an active member of the International Ikebana

Tofuku-ji, Kyoto, Japan

Society and has studied and been an avid collector of Asian art for 20 years. Diane also produces professional-quality photography.

The beautiful slides in this program exquisitely capture the serene beauty of various Japanese gardens, whether they are a scroll, stroll, meditation or tea garden.

One viewer said, "I did not want your presentation to end; the feeling of beauty and serenity will be with me for a long time."

This presentation will truly be a "Stroll Through Paradise."

There is no charge for this program. Guests are welcome. For further information, call Arlene Martin at 1-847-381-2590.

## "Lunch and a Movie"

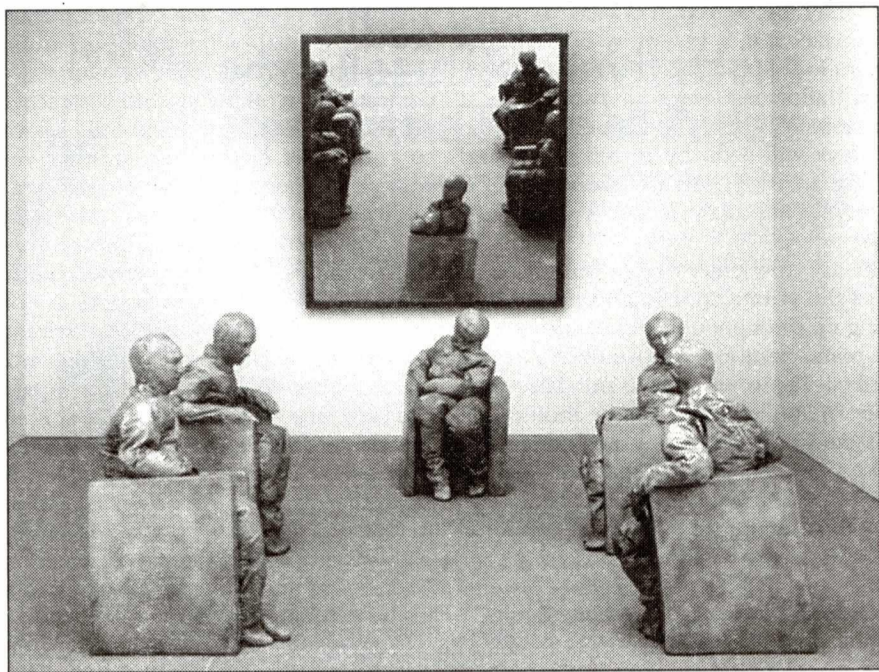

The Barrington Area Council on Aging, Inc., and the Barrington Park District will host "Lunch and a Movie" at Langendorf Park on Wednesday, Oct. 16.

Lunch will be served at 12:30 p.m. with the movie following at 1:00 p.m. *My Fair Lady* will be shown on a large screen tele-

vision. Bring a friend and enjoy an afternoon of movie magic. Popcorn will be provided.

Please call 1-847-381-5030 to register for lunch. The suggested donation for lunch is \$3 per person.

## Art Associates to View the Juan Muñoz Exhibit

**Five Seated Figures, 1996, by Juan Muñoz (Spanish, 1953-2001), Resin and Mirror, Collection of Camille O. Hoffman, Photo Courtesy of The Art Institute of Chicago**

On Wednesday, Oct. 16, members of the Barrington Community Associates of the Art Institute of Chicago are invited to attend the combined associates lecture "Unfolding Meaning: The Art of Anne Wilson."

For the past 12 years, Anne Wilson has created physical drawings, sculptural objects and Internet-based projects that explore themes of time, loss, private and social rituals. She predominately uses hand-stitching and found-object materials like table linen, bedsheets, human hair and lace that are familiar and rich with cultural meaning.

Her art is in the permanent collections of the Metropolitan Museum of Art, The Art Institute of Chicago and the Museum of Contemporary Art-Chicago among others. Her work was part of the 2002 Biennial at the Whitney Museum of American Art in New York. Anne Wilson is currently a professor in the Department of Fiber and Material Studies at the School of the Art Institute of Chicago, where she has taught since 1979.

In the afternoon, there is time for a self-guided tour of the Juan Muñoz exhibit in Regenstein Hall. This Spanish sculptor began in the early 1980s, creating highly

original work most often featuring architectural elements and then, later, the human form. His pieces allude to history, literature and the arts but also find discomfort in the normal.

During the 1990s, Muñoz created his signature "conversation pieces," large ensembles of figures installed in indoor or outdoor settings. Casting his figures in resin, papier-mâché and, eventually, bronze, he limited their size and descriptive details in order to heighten their psychological impact.

Muñoz's art explores the nature of psychological interaction and the art of looking. His conversation pieces allow the viewer to interact with the figures. Suddenly, the viewer becomes the object on view. Figures are almost identical with generic, vague facial features—a characteristic apparent in his compelling work titled *Five Seated Figures*.

The cost of this interesting day is \$30; no lunch is included. The bus will depart from Langendorf Park at 9 a.m. For reservations, contact Alice Berry at 815-334-8344. For membership information, contact Marianna Barr at 1-847-382-3952.

## Holiday Season Focus of Green Thumbs

The October meeting of the Green Thumbs of Barrington Garden Club will anticipate the upcoming holiday season when members gather at the Barrington Area Library, 505 N. Northwest Hwy., on Monday, Oct. 21, at 12:30 p.m.

Guest speaker will be Joyce Grattoni, AISD, who is coordinator of Plant Science Technology at Harper College. The creation and care of the beautiful gardens surrounding the college buildings and at the entrances to the campus are her responsibility. The plantings offer living testimony to her vision and expertise and are enjoyed by residents of the many communities served by Harper as well as thousands who just drive by.

The topic of Ms. Grattoni's presentation

will be "Floral Decorations for the Holiday Season." She will demonstrate how to put together striking arrangements for both the Thanksgiving and Christmas holiday seasons using fresh, dried and silk materials. This program will inspire members to get a head start on their own creations before life gets too hectic!

Membership in the Green Thumbs Club is open to interested gardeners with all levels of talent who reside in Barrington and the surrounding communities. Guests are welcome at meetings, held on the third Monday of each month (with occasional exceptions) at the library, and new members are welcomed throughout the year. For more information, please call Joan at 1-847-526-7537.

## Citizens for Conservation's Fall Seed Collecting Schedule

Citizens for Conservation's seed collecting workdays are running now through Sunday, Oct. 27. Times are Thursdays and Saturdays from 9:00 to 11:00 a.m. and Sundays from 3:30 to 5:00 p.m.

This restoration activity draws the largest number of volunteers. Almost anyone can do it, from grade-school children to senior citizens. It's easy, fun and a wonderful way to enjoy the fall season. Just because many volunteers participate, don't feel that your help is not needed. We need every bit of seed that we can collect. We use these seeds to restore new prairies and enhance existing prairie res-

toration. We always include a short educational component so you'll be sure to learn a little about our wonderful natural heritage: the Illinois tallgrass prairie. Make it a family activity!

Those wishing to attend should meet at the Citizens for Conservation office at 459 W. Highway 22, the white house with the silo across from Good Shepherd Hospital. We will carpool to the worksite if necessary. Be sure to dress in layers for those cool mornings and sunny fall days. Bring work gloves too.

For more information, call the office at 1-847-382-SAVE (7283).

## It's Time to Prepare for Holiday Portraits by Al Buschauer

I recently discovered in Costco, to my utter amazement, a vast array of Christmas decorations and lights already on display! Even Halloween seems far away to me at the moment. Then, I had to admit that the holidays will soon be in full swing and getting an early start on preparations is especially important in our type of business.

We are now entering our busiest quarter of the year. Appointments are quickly filling up throughout October, along with the prime portions of November and December. Those wishing to purchase portraits for holiday gift giving should not delay in making their appointments now.

We are keenly aware that families are traditionally reunited during Thanksgiving, Christmas and Hanukkah celebrations, as grown children wend their way home from college and others convene from distant locations. For some families,

your gathering time will be brief, leaving you only a small window of opportunity to be photographed together. Our staff is dedicated to working around your schedule and circumstances this holiday season, so you won't have to go another year without the portrait you've longed for.

We are also committed to continuing to give you innovative portrait photography. Our work has often been singled out for recognition and received honors at both state and national levels. We systematically research and implement the most current technologies in an effort to offer you new and better products and some quicker turnaround times. If you haven't stopped by in recent months, you'll be pleased with the new product lines we are carrying. We look forward to hearing from you soon. Our studio is closed on Wednesdays and Sundays. Saturday hours are by appointment.

## Día de Los Muertos—Day of the Dead

Every year on Nov. 1 and 2, a unique celebration takes place in Mexico. It is a holiday with a complex history dating back to the time of the Aztecs. It was intended to celebrate those who have died. The ancient indigenous peoples of Mexico believed that the souls of the dead return each year to visit with their living relatives to eat, drink and be merry. While it is strange for most of us to accept death, the Mexicans believe it is part of life and a time to celebrate rebirth. By mid-October, the streets, shops and homes of Mexico are decorated with macabre and ghoulish skeletons and skulls. Pre-Columbian Mexico saw the skull as a symbol of life, not death. Pictures of the deceased are placed on homemade altars.

To show that the dead have not been forgotten, the family displays trinkets the deceased were fond of and favorite food and drink.

On Friday, Nov. 1, Julio's Latin Café will guide the spirits home with its own celebration of "Día de Los Muertos," or "The Day of the Dead." Candles will be lit, chants intoned and food and drinks will be consumed. A \$100 prize will be given for best costume. A plastic toy skeleton will be hiding in the "Pan de Muerto," or "Bread of the Dead," and will bring someone good luck. Dos Julios will provide live music for your listening or dancing pleasure. Join us for the time of your life and don't forget to bring your own good spirits!

## Tyler Sisters are Repeat Champions at Bull Valley Golf Club

The excitement and anticipation began to build for Alexa and Sydney Tyler as the date of their Junior Golf Championship at Bull Valley Golf Club in Woodstock approached.

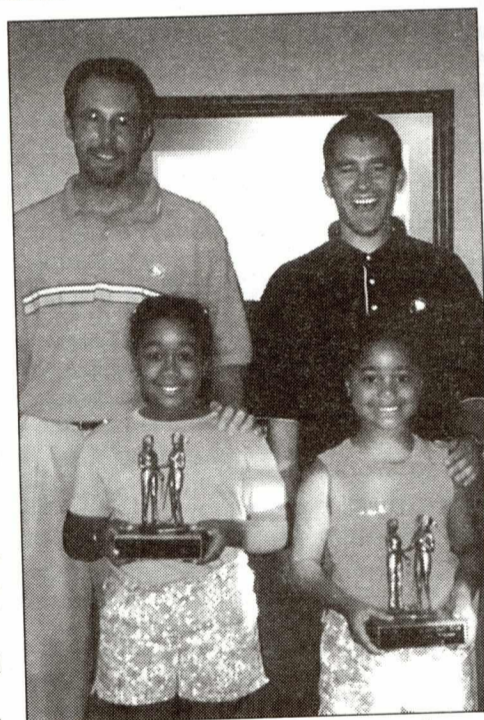

That day arrived on Aug. 14, and their determination was matched by their dedication in their practice rounds and patiently listening to their golf instructor, Robert Foxworth, and, of course, their dad.

Golf has been a way of life for the girls since they were 3. They have participated in the Junior Golf Program at Bull Valley since the age of 4. Each year, the girls are placed in a new division based on their skill levels. Last year, they played in the two- and three-hole competitions. This year, Alexa, 9, played in the four-hole competition, and Sydney, 7½, played in the three-hole competition. Both won first place.

Both girls attend Grove Avenue School in Barrington.

The girls' future goals are to compete in other tournaments outside of their club and possibly in other states.

Congratulations to Alexa and Sydney Tyler!

## Barrington Area Crop Walk on Sunday, Oct. 20

Grand Marshals and directors of FISH Food Pantry are (left) Paul Heideman and Bob Evans.

The Barrington Area will celebrate their 20th annual Crop Walk this year on Sunday, Oct. 20. Registration will be at 12:30 p.m. at Barrington Middle School, Station Campus.

Every year, people of all denominations and walks of life come together to raise funds to help fight hunger, provide education to overcome poverty and to give hope when disaster strikes. The Presbyterian Church of Barrington is the coordinating church this year, and they encourage everyone to get involved as a walker, a sponsor or a volunteer.

The Grand Marshals for this year's walk are two gentlemen who volunteer their time at the FISH Carpentersville Food Pantry. Paul Heideman has been distributing food to those in need for 23 years, and Bob Evans has been with him for eight years. They help approximately 300 people a month from their food pantry in the Meadowdale shopping center. They are honored for their dedication to the poor and always looking for ways to have enough nourishing food to meet the demand. Carpentersville has the highest unemployment rate in the state at 18 percent according to Mr. Evans. The challenge to provide help until employment is found is at a peak this year.

The FISH food pantry of Carpentersville

is one of the recipients of the funds raised by the Barrington Crop Walk. Other local pantries aided by the walk are the CWU Barrington Food Pantry, The Wauconda-Island Lake Food Pantry and the Northern Illinois Food Bank which distributes up to a million pounds of food a month to 220 food banks in Northern Illinois. Barrington Meals with Wheels and PIN are local agencies also receiving funds from Crop Walk.

The generosity of the sponsors and walkers extends nationally and internationally. And as difficult as it is to believe, children die from malnutrition and starvation right here in the United States. We have been exposed in the news this past year to the poverty experienced in many countries. One in five people on our planet lacks access to clean water. By joining the Crop Walk, you help dig wells, build schools, eradicate land mines, teach new skills and provide food and assistance to disaster victims. The hope is that with each step we take, we help change this world into a sharing, loving planet.

Contact your church or civic organization for more information, or call Janet Cole of the Presbyterian Church at 1-847-658-5019 to get involved in the fun of Crop Walk.

## Barrington Junior Women's Club to Bring Back Their Fashion Show

After a several year hiatus, the ladies of BJWC are proud to bring back their fashion and craft show entitled "Circle of Friends" on Nov. 16 at The Hyatt Regency in Schaumburg.

The afternoon will start with great shopping among some of the area's best crafters and artisans—perfect for those of you who want to get a jump on that holiday shopping. Then, it will be time to look over some wonderful and unique silent auction items. A delicious lunch will be served as you check out the best fashions around with a fun and energetic show produced by Fashions with Flair. There will even be a few models in the show which the BJWC considers part of its "Circle of Friends." The last portion of the afternoon, you will be able to take part in the exciting live auction featuring a host of superb items including a stunning fur provided by York Furriers.

At only \$50 per ticket, this is a great af-

## Infant Welfare Society Hosts "Legendary" Event

It was the stuff of which legends are made—Chicago style of course—as more than 550 eager party goers gathered at the Hyatt Regency Chicago on Saturday, May 18, to Celebrate Chicago Legends.

The gala was presented by the Infant Welfare Society of Chicago and WGN-TV Children's Charities, a fund of the Robert R. McCormick Tribune Foundation.

Proceeds from the event are expected to top \$300,000. The celebration is a biennial campaign organized by the Infant Welfare Society board of directors and its 1,200-member auxiliary. The campaign raises a significant portion of the operating funds for the Infant Welfare Society Clinic located at 1931 N. Halsted Street, which provides medical, dental, social and mental health services to 11,000 working poor women and children.

The event served not only to honor "legendary" Chicagoans but to illustrate the significant place the Infant Welfare Society holds in our city as it celebrates a remarkable 91 years of service to medically indigent families in Chicago.

As its name implies, Celebrate Chicago Legends recognized many "legendary" Chicagoans. Honorary chairs of the event were Mayor and Mrs. Richard M. Daley. Broadcast icons Paul and Lynne "Angel" Harvey received a standing ovation as they were introduced as Living Legends honorees for their extraordinary lifetime commitment to making Chicago a healthier and happier place for children to live. Mrs. Harvey has been an active and generous supporter of the society for nearly four decades and served two terms as auxiliary president.

Also honored for their dedication and their leadership in the community were Celebrate the Children Award recipients: Merri Dee, the director of Community Relations at WGN-TV; Sheila and Allan Duntzman of Oak Brook; Ann Lurie and

the Ann and Robert H. Lurie Foundation; Madeleine and Jim McMullan of Lake Forest; Dr. Petra Rissman of Glencoe; and Manuel "Manny" Sanchez, a partner with Sanchez & Daniels, the nation's largest minority-owned law firm.

The event was designed not only to highlight notable Chicagoans but to provide a glimpse of the sights and sounds of a city that is second to none. During the course of the evening, guests were transported back to memorable times in our city's history. A First Ward Ball greeted guests upon their arrival at the Hyatt Regency with a veritable lollapalooza of

## The Garlands of Barrington Welcomes First Residents

On Aug. 26, **The Garlands of Barrington**, 1000 Garlands Lane in Barrington (off of U.S. Highway 14 near the Barrington Area Library), welcomed the first residents to their new homes. This much-anticipated day brought the vision of a local Barrington partnership, Barrington Venture, LLC to fruition. **The Garlands** establishes new standards for the "next generation" of retirement communities in the Chicago area and, perhaps, nationwide.

"Our goal has been to create a retirement option that offers choice, selection, unparalleled quality, service, value and a vibrant lifestyle for adults ages 55 and older," said David Smith, Barrington resident and managing partner of Barrington Venture, LLC. "The plan was to create a service-oriented community with a neighborhood feel that would be an integrated part of Barrington."

To execute this vision, Barrington Venture, LLC commissioned Torti Gallas and Partners, CHK, Inc., an internationally-known, award-winning architectural firm, to design **The Garlands** based on the philosophy of new urbanism. The result of their work is a pedestrian-friendly campus where housing, workplaces, shopping, restaurants and entertainment venues are all integrated into a neighborhood set in a lush park with mature trees and rich landscaping. The community offers amenities that far surpass the status quo with regard to retirement living, including four restaurants that range from fine dining to casual venues; well-appointed hotel suites for visiting guests; and The Garlands

Center for the Performing Arts, offering: dinner theater, concerts, lectures and comedy productions, hobby rooms for music, woodworking and art classes, and a surround-sound theater. Ground-breaking for The Garlands Spa and Fitness Center is planned for the fall.

Kenneth E. Hurd & Associates Inc., Boston, Mass., known for its interior architectural work on hotels, including New York's Waldorf Astoria, borrowed from the arts and crafts movement as a theme for the interior design at **The Garlands**.

"We wanted to establish a sense of home—a place where people would spend many years of their lives in comfort, but where they would never become bored," said Hurd. "We had a commitment to create an environment where art would be part of everyday life at **The Garlands** by adding grace through artistic objects of everyday use."

The carefully chosen Garlands' private art collection centers on the arts and crafts movement's theme of portraying quality of life and beauty. The Barrington Area Arts Council will curate a rotating exhibit of local artists' work at The Gallery at The Garlands.

The 282 homes, of which 174 are already built, include private residences in the main buildings and two-story villas with elevators. They allow for a continuation of the gracious lifestyle of the residents. The floor plans are quite generous in size, featuring open space for entertaining, home offices, walk-in closets, high ceilings and luxurious bathrooms. Over-

sized wood windows, premium cabinetry, granite and marble counter tops and fine woodwork are standard throughout.

The architectural design of **The Garlands of Barrington** is a backdrop for the highest quality of hospitality services available in the Chicago area. Ron Ager, director of hospitality at **The Garlands**, formerly of The Stonegate Conference and Banquet Centre and Millrose Restaurant and Brewery, teamed up with executive chef Richard Rizer, previously with The University Club of Chicago, to create menus to suit all palates and moods. On-site housekeeping, activity programs, secretarial services, concierge and valet, as well as home health care, assisted living and skilled nursing support, are available to ensure that residents' needs are met and exceeded.

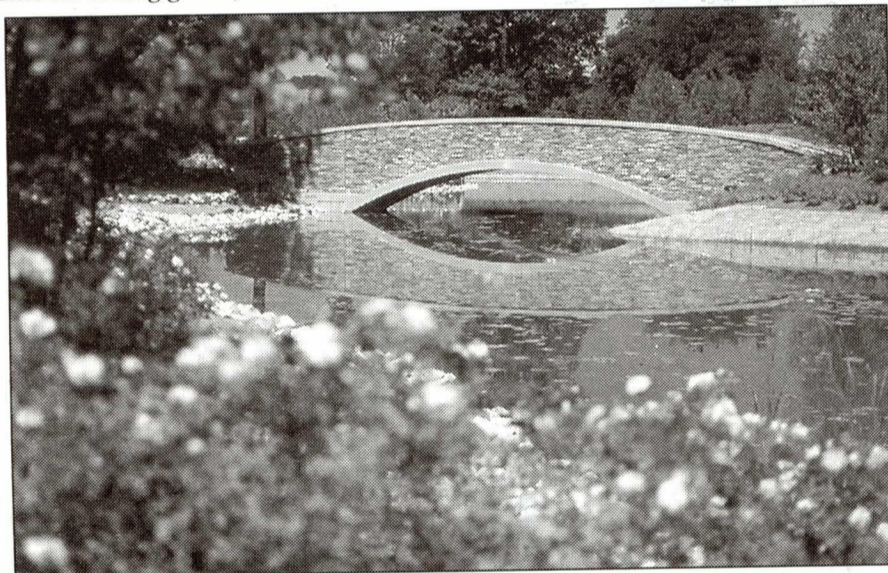

"Our commitment to our residents and to Barrington and the Northwest Suburbs is that **The Garlands** complements the greater community with beautifully designed homes, inviting gathering places and gracious hospitality," noted Willard Brown, Barrington resident and chairman of Barrington Venture, LLC.

## Harper "Treewhispers" Art Exhibit

An art exhibit called "Treewhispers," an "international collaboration involving paper, art and stories relating to trees as a symbol and resource," will be on display from 8:30 a.m. to 4:30 p.m. Monday, Sept. 30, through Friday, Oct. 25, in the Art Exhibition Space, Room C200, of the New Student Services and Art Center of Harper College, Roselle and Algonquin roads, Palatine.

Artists Pamela Paulsrud, Wilmette, and Marilyn Sward, Evanston, use their Web site, [treewhispers.com](http://treewhispers.com), to give participants directions on making recycled paper at home using paper (newspaper, junk mail, yellow pages, paper bags, etc.), water, bucket, blender, round papermak-

ing mold fashioned out of an embroidery hoop, synthetic window screening, vat or tub and other miscellaneous supplies.

After the recycled paper is dry, the artists suggest that participants "write your personal tree story, draw your favorite tree or trace a leaf, compose a silly tree poem ... think of trees, be creative and surprise us!"

Paulsrud and Sward have received round pieces of recycled paper from participants around the world. They bind the pieces together "to create large tree assemblages and ultimately a forest." The rounds of paper created by professional artists as well as amateurs, such as elementary school children, are displayed side by

side. Some of the works include "abstract imagery suggesting tree rings. Some depict leaves or a personally-significant tree. Others are imprinted with a poem or meaningful story relating to trees."

Sward is adjunct associate professor for the School of the Art Institute of Chicago Fiber Department and is the founder and former director of the Columbia College Center for Book and Paper Arts, Chicago. Paulsrud, a visual artist and calligrapher, received her masters degree from Columbia College Chicago in interdisciplinary arts with a concentration in book and paper. She leads workshops in lettering and book arts.

The artists will conduct special presentations, including a slide lecture about

"Treewhispers," from 11:00 a.m. to noon on Tuesday, Oct. 8, in the Painting Studio, Room C201 of the New Student Services and Art Center. A reception and discussion will follow from noon to 1:00 p.m. in the Art Exhibition Space, Room C200, of the same building.

The "Treewhispers" exhibit is sustained by the Harper Student Activities Office and is part of the Visiting Artists Program, a brainchild of Harper instructor Perry Pollock.

"The Visiting Artist Program provides a variety of venues for students and faculty to observe and interact with artists," says Pollock.

For more information about "Treewhispers," call 1-847-925-6568.

## Woodstock Mozart Festival's 16th Season a Smash Hit

The final chamber music concert featuring Mark Peskanov and Anita Whalen was a testimonial to the distinguished accomplishment of their unique collaboration.

The final evening of the Woodstock Mozart Festival on Aug. 10 brought the popular summer's event to an unprecedented pitch with audiences jumping to their feet with shouts and ongoing ovations. Violinist Mark Peskanov's Paganini-like virtuosity throughout the evening was climaxed by Sarasate's famous gypsy show stopper, *Zigeunerweisen*, performed in recognition of general director Anita Whalen's 10th anniversary with the festival.

Ms. Whalen is of Hungarian descent and, together with artistic advisor Mark

Peskanov, has developed the Woodstock Mozart Festival into a world-class event.

Other highlights of the season were performances by pianist Jeremy Menuhin, son of the late Yehudi Menuhin, and of pianist Grant Moffett of Naperville in his professional concert debut following his recent graduation from the Juilliard School. A veteran competition winner, Mr. Moffett has played with numerous orchestras including the Chicago Symphony at the age of 13.

## Protect the Economic Value of Your Life

Are you protecting the economic value of your life? With life insurance, you can fulfill your promises to your family and your business. William Allen and Debra Schoendorf, financial consultants with **Salomon Smith Barney** in Barrington, discuss the uses of life insurance.

There is no other type of product in our tax structure that can offer you the same benefit as life insurance. A life insurance death benefit can avoid probate and income tax and can provide considerable leverage. With the appropriate life insurance policy, you may have a source of tax-free income that can be used to satisfy a variety of objectives, including education funding and retirement planning.

Life insurance may provide:

- A substantial benefit in exchange for a relatively low amount of premium dollars
- An income-tax-free death benefit to your named beneficiaries
- Estate-tax-free proceeds with proper planning
- Liquidity when estate taxes are due
- An opportunity to accumulate assets on a tax-advantaged basis
- A source of tax-free income to satisfy a variety of objectives including education funding and retirement planning

Whether or not you already own life insurance, you should consider it an important part of your investment portfolio. If you currently own life insurance, you may want to ask yourself the following questions:

- Is your existing life insurance policy providing adequate coverage?
- Have the needs that prompted you to buy your existing life insurance policy changed?
- Maybe your financial goals have stayed the same, but are the products you are using among the most competitive and cost-effective on the market today?

Like all other investments, life insurance policies should be reviewed regularly, especially since they have advanced considerably in the past 10 to 15 years. If your lifestyle, family situation or personal and financial objectives have changed, it may be a good time to determine if you have the appropriate type of insurance and the right amount of coverage.

*A policy change may incur fees and costs and may also require a medical examination.*

the festival's wind section bearing the traditional title of Amadeus Harmonie delighted an enthusiastic audience in Woodstock's Park in the Square on July 31.

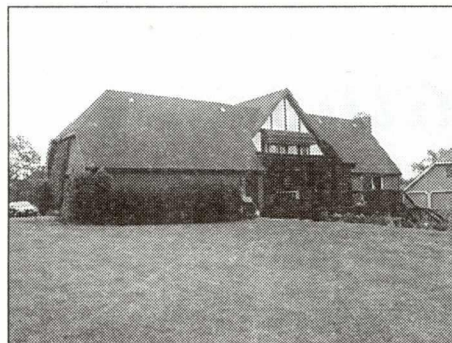

The Woodstock Mozart Festival's 17th season will take place from Aug. 1 to 16, 2003, and will feature harpist Sarah Bullen with conductor Toby Hoffman; conductor Robert Bernhardt with pianist Steven Beck; and once again, the festival's most popular soloist, violinist Mark Peskanov,

with special guests.

Subscription renewals for the 2003 season will be available through the Woodstock Opera House Box Office beginning Jan. 2, with new subscriptions opening on Feb. 17 and single tickets on March 31.

Funding for the Woodstock Mozart Festival, held at the Woodstock Opera House, is provided by the Illinois Arts Council, a state agency, and through private and corporate contributions.

## When to Renovate and When to Vacate

"BEFORE"

"AFTER"

As the summer draws to a close, many homeowners are faced with a long winter in cramped quarters. Should they renovate or just vacate? "In every case the issues are the same, but the solutions are different," says John C. Cazzetta, of the Barrington residential architectural firm, **Kemper Cazzetta Architects**.

The folks who decide to renovate are typically attached to their neighborhood, their schools or their home... except their home no longer fits their lifestyle. For these people the key question is resale. "We have found that in most cases, people who stay in their home for at least five years easily recover their renovation dollars. For those who could relocate within two years, we recommend updating what is necessary or what may be detrimental to a sale."

Homeowners who decide to move do so for other reasons. "Frankly, the under-

lying desire is freedom... the freedom to live in a home which is tailored precisely to the lifestyle of their family. When their existing home dictates or constrains their lifestyle, with or without renovating, then it is time to move on," adds Cazzetta. "This is a family who should design an affordable custom home. Keep in mind that even new model home plans can confine over time!"

If you are trying to decide on which direction to go, feel free to call for a free consultation. "Chances are, we have resolved situations similar to yours. In either case, we enjoy the challenge of incorporating new space into your present home and the freedom associated with designing custom space for a new home."

If we can be of assistance, please call John C. Cazzetta of **Kemper Cazzetta Architects** at 847-382-8322.
