June 16, 1966

May L. Pinkerman, Village Clerk  
Barrington, Illinois

At the regular village board meeting held June 13, 1966, the trustees passed the appropriation ordinance for the current fiscal year by vote of 5 to 0.

This forenoon you placed before me the original copy of said ordinance to consider for the Village President's signature.

It becomes now my duty to relate to you my disposition of the matter.

It is not my intention to veto the appropriation ordinance, for no legal purpose would be served either for the village or myself.

If said ordinance is not signed on or before the next regular meeting of the Village Board of Trustees, it becomes effective automatically following its publication after June 27.

Since the appropriation ordinance need not be published until sometime in the last month (July) of the first quarter of the fiscal year, no hardship is incurred to the village if it is allowed to become law without my signature.

In due consideration of my views on the appropriation ordinance I have decided to decline the attachment of my signature to the original document and the attachment of my name as village president to its publication.

Respectfully submitted

Re: Building Inspector Replacement.

Gentlemen:

As authorized in the 1966-67 appropriation, I submit the name of the replacement for Building Inspector Mollenkamp to be Mr. Clifford Meinke, presently a building, plumbing and electrical inspector for the Village of Northbrook. Mr. Meinke has sold his home in Northbrook, with a closing date of July 15, 1966, and will move to the Barrington area if he gets the job of building and electrical inspector here.

Four applicants were considered for this position, all of whom heard of the job possibility from Mr. Mollenkamp and/or Mr. Johanesen. Mr. Meinke's work background is exactly suitable to the village needs at this point, and his character references rate him above average and superior in every personal trait. He has just finished preparing, with the assistance of an associate inspector in Northbrook, an Electrical and Plumbing Code which is under study by that Village Board. He has conducted electrical inspections for three years in Northbrook under the National Electrical Code without fee since no local ordinance was enacted. As you know this is almost exactly our situation in Barrington, so I have agreed with Mr. Meinke that his present salary of \$6480. per annum will be maintained to start with in our Village. Then, when he gets an Electrical Code from the Electrical Commission and it is adopted by the Village Board so that permits and fees are in effect, his salary will go automatically to \$7200. per annum. Mr. Mollenkamp will stay on the job until Mr. Meinke get orientated, but he is going to take four weeks vacation in late August, after which he will be available on an "on-call" basis to assist Mr. Meinke if needed.

Because of the need for Mr. Meinke to know for sure whether he is to be hired or not, due to his housing situation, I have asked him to attend an informal session of

the Village Board, after the June 27th meeting, to answer any questions you gentlemen may care to ask. If the Board indicates it will confirm my appointment, I will write a letter offering the job to Mr. Meinke, and formally appoint him, at the July 11th meeting, for your confirmation.

I feel we should move on this matter promptly, and it is felt that this man will do the right job for the Village.

Respectfully submitted,

  
Patrick J. Gaffigan  
Village Manager
