The minutes of the Session Meeting of July 5th were read by the Stated Clerk and approved.

The Reverend Winchester read a letter from Mr. Richard McCarroll, secretary of the Personnel and Program Committee of the Department of New Church Development and Building Counsel, congratulating our church on "the great progress and membership enlistment to date, and now self-supporting after less than one year of aid", and commenting upon the picture and account of our church, which appeared in "Presbyterian Progress".

The Reverend Winchester read a report from Gordon Monsen, chairman of the Membership Committee:

"To date, most of the people have been contacted from the Membership Committee and quite a few of the certificates have been delivered in person. A good number of them will have to wait until people come back from vacations. This will give us an excellent opportunity to talk with them later on.

"We have a group of 21 visitor callers, including the zone leaders."

The report of the Christian Education Committee was given by Bill Rose, the highlights of which were:

"We have seven (7) teachers who will serve another year with three or four others of the present staff not contacted as yet. This indicates a need to recruit a minimum of five (5) teachers for the coming year.

"It was the recommendation of this committee that a class for Senior High be started this fall, if an adequately equipped teacher can be found. It was further recommended that a divinity student would provide the best possible teacher for this age group if one can be found who does not live so far away so as to create a transportation problem.

"The Committee announced the promotion of the Church School children would be held on the last Sunday of September."

It was moved, seconded, and passed that the recommendations of the Committee be accepted.

The matter of where we meet after the termination of our services August 28th at the Roslyn Road School was discussed.

It was decided that the Reverend Winchester will contact Mr. Daryl Fry for permission to meet at the Countryside School at an approximate date to be worked out with Mr. Fry.

Following this discussion with Mr. Fry, Charles Boand requested the Session to approach the chairman of the Roslyn Road School Board for guidance as to how to continue to hold services at the Roslyn Road School until such time as we could resume services at the Countryside School.

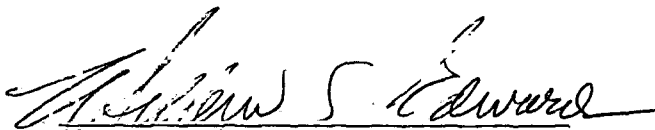

s moved, seconded and approved that the Minister be authorized to negotiate  
se for facilities beyond the August 28th date.
