The End of Whitaker Wright.
The conviction and trigic death of
Whitaker Wright, the notorious British
promieter, end an unusually interesting chapter in modern "high finance."
The London and Globe company, which
was the principal vehicle of Wright's The Insides and Gibbe conjeasy, which was the principal verble of Wrights was the principal verble of Wrights was the principal verble of Wrights and the principal verble of the inside of the Wrights was the inside of the insi tions. It appears that Wright never had any working capital much in ex-cess of \$2,000,000. He paid dividends from the money of investors. So skill-fully did the manipulate affairs that his cerporations paid out, it is said, \$25,-000,000 in dividends in four years. Meanwhile there were practically no

Manwhile there were practically to estimate, servings, s

In the conviction of Wright and his sentence to seven year's penal servitate, from which, however, he escaped rigge of the British law and its entrance of the British law and its entrance contrast to the oriental law as more contrast to the oriental law as examinated to the contrast to matter of floating securities, make them a penal offense. In this re rd we could learn much from Bri gard we could learn much from Brit ish jurisprudence. As no eminent New York corporation lawyer says, "If the rules of law that were applied to Wright were to be enforced here, then would be far greater safety for invest

It is safe to assume that for a time in England men of Wright's propensi-ties and talents will shrink from engaging in operations like those which after tarnishing some respected name es on a multitude of d beaping tosses on a mustrouse of mons, brought Wright to grief. In this unity there are not a few exponents speculative finance who should sol-inly reflect that if they were under gurisdiction of English courts there ght be dolorous days ahead for them.

nsibility For Harwick Disaster. onnection with the Harwick mine er at Cheswick. Pa., in which 184 niners lost their lives, two significant illegations are made. One of these is "has always been a gassous one"—that is to say, it has always been dangerous to human life. This is said to be admitted by the officers of

said to be admitted by the officers of the company by which it was operated. It is, therefore, on bygienic grounds that this law is declared constitutional. The question naturally arises whether any law limiting the hours of labor may not be defended on similar grounds. There does not seem to be any line tha may not be defended on similar grounds. There does not seem to be any line that clearly separates this law from any law limiting the hours of labor in other occupations.

The Chicago inester managers insist that the new law guaranteeling protec-tion from fire to the audiences will cause them to lose money. This is too had; but, on the other hand, if they do not furnish that protection they will lose still more, because there will not be any audiences to protect.

oughly the Bogots authorities are pre pared to characterize the Pansana con stitution as unconstitutional in every

Switzerland's Oulet Election.

There has just been a change of ad-ministration in the republic of Switzer-land, which was effected so quietly as almost to escape the world's attention almost to escape the world a attenuou.

A brief dispatch from Herric cilis of the election of M. Comtesse of Neuchatel as president and M. Ruchet as very expresident, and that is about all the press cables asy about it.

In Switzerland the selection of the

national executive comes yearly, but it does not occasion general elections, for the president and vice president are not chosen by the people, but by members of the federal assembly. the custom to select for president the man who has been serving as vice pres rich in nutrition, full of healthy stimulation is a suggestion as to a hy it does what it does. Scott is Emulsion presents Cod Liver Oil at its best, in fallest in strength, least in lastic.

This makes such frequent ch Young women in their teens are permanently cured the head of the republic that one occur stonally hears it said that, though ther the peculiar disease of the is universal male suffrage in Switzer is universal unde suffrage in Switzer-land, a very surprising number of Swiss can never tell the name of their pred-dent in any particular year. Doubtless the same statement would be true in regard to Americans if the Swiss sys-tem of electing the president prevailed here. On the whole, our plan seems the months of the president prevailed for the president prevailed to the pre-pertion of the does only in the pre-tained of the pre-pertion of the pre-pertion of the pre-tained of the pre-pertion of the pre-pertion of the pre-tained of the pre-pertion of the pre-tained of the pre-taine
