VOL. 19. NO. 18.

BARRINGTON, ILLINOIS, FRIDAY, MAY 6, 1904.

\$1.50 A YEAR IN ADVANCE.

Plans For Grouping of Public Buildings In Cleveland.

HARMONIOUS DESIGN OF BEAUTY.

ed at \$20,000,000. Cleveland, 0, will soon have its pub-lic buildings grouped in a manner unique fit the listory of American mu nicipalities, says a dispatch from that city. All the federal, county and city buildings, with the union depot, are to be grouped about one "court of bonor, or mail, so arranged as to make the whole plan is harmonious scheme.

se whole plan a harmonious scheme Cheveland has grown so rapidly in the last twenty years that practically the Stokes buildings became in-teresting the secondary new and the secondary new and of getting the encessary new in or getting the encessary new in the secondary new in the secondary new construction of the secondary new in the secondary new turns untherized the encessary new turns untherized the excepting to turn untherized the eventure of the turns untherized the eventure of the secondary new terms of the secondary turns of the secondary new terms of the secondary new terms of the secondary turns of the secondary new terms of the secondary new terms of the secondary turns of the secondary new terms of the secondary new terms of the secondary turns of the secondary new terms of the secondary new terms of the secondary turns of the secondary new terms of the secondary new terms of the secondary turns of the secondary new term

parks.
This park, extending along the lake This park, extending along the lake front, will form an axis for the court of home, which from the Thins depot heart of the city. Looking up the mail from the fountain will be a beau form the fountain will be a beau for heavy traffic, while inside these will be corriage drives, linear will be double rows of format dipped trees, and extending the length of the mail. Inside the carriage drives and between with Carlo and between while the will be carriage drives and between whith The task between which the law with The task between the law with The task between the wealth of the task of the carriage drives and between whith The task between wholed here we within The task between wholed here

At the southern end the mail ends in an open square, with a foundation in the center. The public theory and the prostoffice, standing on the cent and west corners of this square, behindred at the beauty of a design of this kind rests largely in uniformity of a the beauty of a design of this kind rests largely in uniformity of the group will be of the same style, the architecture of the buildings of the group will be of the same style. To pervent the possibility of any cursiquity building being erected along the parts of the mult be has equited.

the parts of the mall not now needed for public sax the city has acquired for public sax the city has acquired in a position to deletate the style of all structures built thereon. Eventually its the intention to use part of this land for an art gallery and an auditon the state of the sax of the s
