Times change and old methods be-come out of date. The enterprising business man will try to make his way the best and to keep it so.

Every merchant wants the other fellow to treat him honestly; but does ne exert iduaself to be as honest in his dealings with his customers as he would have the other fellow treat him under similar circumstances?

under similar circumstances? Some merchants lack in originality, but, they make up in a wise selection of the ideas of others to beam their own business. The man with would know the fullest measure of success must not become wedded to any user system or way of toking thinge; he should be on the lookingt for improvements and adapt them to his own bre-merts and adapt them to his own bre-
