The township of Cuba is putting in several iron culverts at different points to take the place of the old wooden structures.

A spring flowing 2500 barrels of water daily is reported to have come to the surface on the Dunning farm a mile east of Carpentersville.

A sale is on record of a acre lot in the village of Barrington sold by Martha Schumacher to Christian Schumacher. Consideration \$1500.

The jacket advertised as lost last week was returned to the owner here immediately after the issue of the Review. It is to your advantage to advertise.

Laney & Co. have just received a carload of the well known brand of Alpha Portland cement which is one of the best cements on the market for sidewalk construction.

John French, aged 50 died last night at his home in Libertyville. He was the son of Mrs. Maria Johnson of this village and lived in this neighborhood until the past winter.

The rural postmen made their trips today without their regulation delivery carts so that the same could be lettered with the post office name and the respective route numbers.

Last Friday a bus load of small boys comprising H. D. A. Grebe's Sunday school class of the Salem church, and a few friends, enjoyed an outing at Lake Zurich under Mr. Grebe's guardianship.

President Frost of Chicago & Milwaukee Electric railway has stated definitely that the electric line now finished from Waukegan to Libertyville will be extended to Waucunda in a short time.

All those opposed to innocent amusements will be on "The Pike" tomorrow night just to see who is there. It is not a sin to hang around and witness the pleasures, but to patronize them—horrible!

The south Barrington Center church is again opened for regular services with a membership of 60. A Sunday school meets at 2 p. m. and 3 p. m. services with a sermon are held. Mr. McCullon will preach next Sunday at 2 p. m.

The Barrington Social and Athletic club extends to you an invitation to attend the dance given under its management to-morrow evening at the north side pavilion where good music will be provided and a good time assured.

Residents and store keepers are noticed sprinkling the streets with garden hose. This is a good Samaritan deed and could be extended especially in the business district. A village sprinkling cart is a convenience not forthcoming.

To-morrow evening in Waucunda occurs the entertainment on the laws of the Transfiguration church. Varied amusements including dancing and music have been provided and refreshments will be served. Admission to grounds 10 and 25 cents.

The Salem church will hold their regular services at the camp grounds Sunday morning their church meeting being completed. The L. C. Club will take charge of the evening services led by Miss Esther Lageschulte in English. All are invited.

Work was completed Wednesday on

the interior decoration of the Baptist church and the entire building is now in fine condition. Several hundred dollars were spent including the outside work and the renovations were promoted by the Dorcas society.

A committee of three supervisors appointed by the chairman of the Lake County Board of Supervisors will meet with the commissioners of highways of Cuba township Monday, July 25. It is necessary to determine whether it is necessary to build a bridge over Flint creek near that point.

One of the boys from the city who is staying at the Higley and Hawley farm was badly cut in the left arm Saturday. He was diving in Flint creek at a point near the farm and struck some sharp object, probably tin. A deep gash from elbow to wrist on the forearm necessitated about nine stitches and will need much care for a time.

Mrs. Ada Nate McIntosh read two numbers on a program given by the social organization of the Lake Bluff Women's Club at that place Monday evening. Mrs. McIntosh has been requested to assist at other entertainments at Lake Bluff where she is spending a few weeks at "Faith Cottage," the summer home of her father Rev. J. Tate.

The music of a practising hand and the mechanical notes of the merry-go-round's instrument vied with one another Wednesday evening making the down town vicinity full of din. Which will dominate Saturday night the incessant, repeated airs of the whirling-gig on one side of the street or the orchestra at the dance on the other side of the street? Prepare for a musical 21 evening.

The following is a list of telephones installed since the recent publication of a previous list. A new directory is now on the press in Chicago and will be distributed in a few weeks showing about 130 subscribers for this exchange: S. H. Kirby farm, 1023; James Allen, 1041; Fred Bulla, 1045; John J. Kraus, 1045; H. Brinker, 1044; F. Schwenn, 1045; A. H. Boehmer Creamery, 1016; George Hartzen, 1031; Fred Klein, 1032; R. F. After two weeks of continuous endeavor on the part of five ladies representing the Associated Bureau of Charities of Chicago, accommodations for only twelve poor children for two weeks were secured. This is a very poor showing for a community where plenty abound, but every effort was exerted by the ladies appointed as a committee from the different church societies here to place the children. Those who responded to this call were the following: Mr. and Mrs. George Haerl will receive two; Mr. and Mrs. Charles Churchill two; Mrs. Faulkner one; Mr. and Mrs. A. Boehmer two; Mrs. H. G. Miller one; Miss Margaret Laney two; Dr. and Mrs. Lytle two. The children will arrive Tuesday, July 26.

Zion Sunday School Picnic. Nature provided a beautiful day for the annual Sunday school picnic of the Zion church Wednesday which was held in Walthausen's woods near Randall lake and nothing could be prevented the plans for a most enjoyable time being carried out. An early start was made and about one hundred people were seen on the grounds during the day from all denominations.

Different amusements for old and young were heartily participated in, among them being games, contests, and a ball game in the lake. A plentiful basket dinner was served and from a booth several men of the church dispensed ice cream, lemonade and confections all day. The last load of picknickers reached Fountain square at 5:30 in the evening. The woods on the west bank of the lake makes as desirable picnic grounds as could be found and so near town that it is a wonder more gatherings are not held there.

Sums for \$5,000. Arthur G. Waite, administrator of the estate of Thomas V. Slocum of Waucunda, who lost his life in the Lincoln hotel fire, at Chicago nearly two years ago, has filed suit in the circuit court of Cook county for \$5,000 against the Union Hotel, and its partners, Margaret Mitchell, F. M. and Alfred Everett. Failure to comply with the city ordinance is alleged.

Recently returned. A case came to light that, for persistent and unmerciful torture, has perhaps never been equaled. Joe Golobok of Colusa, Calif. writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Elixir of Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver, and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by G. C. Roberts & Co. Druggist.

The Whirl of the Times. The chief attraction down town this week has been a neat, well-managed "Merry go round." It began whirling at 6:30 Tuesday evening on the Sprague lot and has continued to whirl until late every night. The patronage has been large and steady.

Nearly every child and adult of the village have visited the lot to watch the riders or ride. For five cents one could purchase enough dizziness to last a week, not to mention the fun experienced in traveling miles of horseback or in a chariot around a limited circumference to the strains of a wide range of music from "The Holy City" to "The Good Old Summer Time," produced by a steam-run orchestra.

Mrs. J. Graham and son nee Jessie Dunn formerly of this place, has been visiting with Miss Lizzie Spunner at Lake Zurich and is passing this week with Mrs. Fred Lines and Miss Margaret Laney.

Exploring Expedition. The Australian government has organized an expedition under Captain Barclay to explore the region, comprising 50,000 square miles, between Eyre lake and the western boundary of Queensland. It is a desert of the worst type, which has cost the lives of several explorers.

Lines to the Sea. O hoi! our hearts are sick. We people cannot flourish. Without some food that we will till. And who will till these wastes? Already comes the creeping fear Of man's hand that has made the sea. O hoi, we bend an anxious ear To catch thy tuneful cackles.

We beg the dealers for relief. They're not forth for storage. And skyward goes the price of beef. Of pork and mutton, too. They say they see no hopeful sign. No ray of sunshine, Ah, cut Loose with that glad sense of thine. "Thy 'cut-out-cut-out-dah-cut'"

And let us know the eggs are fresh. They're not forth for storage. That we may 'scape the clutching mesh Of those who have cold storage. The most man's hand that has made the sea. Can lighten all our sadness. If you are laying for us, too. 'Twill fill our hearts with gladness.

O hoi! Your humble servant begs That now you will not fail us. "The proper title 'Till is eggs.'" And other fears assail us. O hoi! Thy kindness will praise: We'll praise thy aunts and cousins. Accept this lay writ to thy lays. If you are laying for us, too. —W. D. Nesbit in Chicago Tribune.

Having no weapons conveniently at hand, ingeniously came to the rescue. Each took off a stocking and filled it with sand. At last accounts the vanquished was reported in a hospital.
