## TELLS OF A CYCLONE.

### Miss Mahala Dunklee Writes of South Dakota Storm.

DESMOIS, S. D., August 23, 1904.  
Editor Review:

Yesterday a party of us drove 20 miles north of here to see a place that was blown to pieces by a cyclone last Saturday evening, August 21. Willow Lake in Clark county is a busy little town of about 350 inhabitants, situated on the Great Northern R. E. between Huron and Watertown. It had grown quite steadily the last few years. Last Saturday evening a storm that proved to be a cyclone started about eight miles west of the town and came down upon it in all its fury. About two miles west of town the farm buildings were blown down on one place and a man killed. It struck the town about 6 p. m., one house on the very western edge was completely demolished; the Catholic church, nearby, and only just enclosed, was a complete wreck, also the Norwegian Lutheran near by. The Congregational and M. E. churches were total wrecks; the M. E. church being tipped right over into the parsonage, the roof being driven into the side of the parsonage. A day school house, only used one year, and costing \$6,000, for which the town was heavily bonded, was blown all to pieces. One elevator (the North Western) was a total wreck and two more badly damaged. Every house and business place in town was damaged the most of them will need to be rebuilt.

It is estimated that \$100,000 will not cover the loss. No one was killed, a few were hurt, but not seriously. Quite a number of horses and cattle were killed. Archie Sheldon, a boy of 14, was killed in the place where was running the elevator that was torn to pieces, his loss was heavy, \$800 will not more than cover it.

When the storm left there it took a south-easterly course and cleared the fields of the grain stocks, damaged the corn and wheat. The cyclone had been in Bryan, 9 miles from Willow Lake, where it had increased in width and power, blowing down buildings, uprooting and twisting off trees. Two were killed and several were injured. It seemed to be the beginning of the storm in Minnesota. South Dakota is noted for its hard winds, but it is very unusual for cyclones to strike here. One thing that helped in the destruction was that hail followed in the path of the wind.

I am enjoying my visit in Dakota very much. The weather has been fine, there being only a few days that have not been pleasant. Crops are very good this year excepting the wheat. The climate is fine and I never saw the country look finer or more prosperous.

## SOCIALISTS ARE ACTIVE.

### "Prosperity That Does Not Go All the Way Around."

If all mankind were contented not many things of importance would happen. To the discontented man the air of satisfaction which his neighbor wears is often an annoying irritation. Prosperity that does not go all the way around leaves something to be desired. At the present time, when prosperous combines have increased materially the hardships which people of small fixed incomes undergo in their obscure struggles for existence, those who regard themselves as disinherited and dispossessed resent the complacency of the two leading political parties, says the Daily News.

Dr. Graham Taylor a leading writer on economic questions, gives reasons for thinking that many radicals, impelled by their views respecting, for example, the Colorado situation and the stockyards strike, will vote the socialist national ticket this year. Yet socialism flourishes only under governments that are characterized by oppression and injustice. Its cure is governmental and social reform. Justice for the individual who is weak because he is poor, whose capital is the strength of his armor, the skill of his hands, is socialism's worst enemy.

The fact that socialistic doctrines are now being exalted afforded proof that dangerous influences are at work which must be curbed in the interests of social peace and sane government.

### Get Ready For Fall Campaigns.

The Executive Members of the Lake County Republican Committee met at Wauegon, Monday, to complete arrangements for the printing and distribution of ballots under the new primary law adopted.

A meeting of all members of the

County Committee as well as the several town committees has been called to be held at Libertyville, Wednesday, August 31.

It is proposed to map out a plan of campaign at this meeting.

### Reunion at Nunda.

The circulars are out announcing the thirty-ninth reunion of the 96th Illinois Infantry, which will occur at Nunda on the 3rd day of September. The regular day of the meeting would be on the 4th, but as that comes on Sunday the date has been changed to the 3rd. The circulars are now being sent to the comrades, and the responses indicate one of the largest reunions held in a number of years. Judge Wales W. Wood, of Belvidere, has received a personal letter from the secretary asking him to respond to the address of welcome, which he will probably do. This regiment was raised in Boone and McHenry counties, and the annual gatherings have been more than ordinary interest on account of this fact.

### New Bridge Near Half Day.

The contract was let Saturday at Prairie View for the construction of an iron bridge, with stone abutments, over Indian Creek. It requires a 90 foot span. The Joliet Bridge and Iron Company was the lowest bidder on iron work and was given the contract for \$2,369.

Orin Olson of Lamont was the successful bidder on the stone work his bid being \$1,317.

The bridge is constructed under the supervision of a committee of supervisors and the commissioners of highways of Veron township, the county paying one-half the cost and the township the other half.

## LAKE BLUFF WON'T HAVE IT

### Strongly Opposes Establishment of Naval Recruiting Station There.

For several years the residents of the north shore have wanted another federal institution of some character established somewhere. Congressman Fos has been active in looking after the wishes of his constituents in this matter and finally had about secured the establishment of a naval recruiting station at Lake Bluff. The residents of that summer resort and also of aristocratic Lake Forest are now

strongly opposed to the establishment of such a station at Lake Bluff.

When the storm left there it took a south-easterly course and cleared the fields of the grain stocks, damaged the corn and wheat. The cyclone had been in Bryan, 9 miles from Willow Lake, where it had increased in width and power, blowing down buildings, uprooting and twisting off trees. Two were killed and several were injured. ### DEATH OF MRS. CLAUDIUS.

#### Wife of Well Known Physician and a Former Resident Suddenly Called.

The people of Barrington and vicinity will read with regret of the sudden passing away of Mrs. Pauline Claudius, wife of Dr. M. F. Claudius, at her residence in Palatine, Thursday morning, August 25, the cause of death being heart trouble.

Though Mrs. Claudius had been ill for several weeks her condition was not such as to cause serious alarm to family and friends.

Mrs. Claudius was born at Appenheim, Bavaria, October 2, 1863, and most of her life has been spent in this country. In company with her husband she came to Barrington some 10 years ago when the doctor succeeded to the practice of Dr. Zahn. The family made their home in Barrington until 1902 when Dr. Claudius, then holding a commission in the U. S. Army, was detailed to Fort Grant, Arizona.

At the close of his military service the family returned and took up a residence at Palatine. In both villages Mrs. Claudius made many friends who will be deeply grieved at her passing.

away. She leaves behind the husband the children, Pauline, Ewald and William.

Funeral services will be held at the family home in Palatine, Sunday at 1 o'clock. Cremation at Graceland cemetery Chicago.

### Fifty First Annual Fair.

Next Tuesday at Libertyville the Lake County Agricultural society will open its fifty-first annual fair and exposition. The society announces a much larger display of exhibits, larger premiums, larger purser and a greater exhibition than ever given the people before.

Besides the exhibits and races there will be numerous attractions to afford amusement to all, both young and old.

The big show opens Tuesday and will remain open four days. Barrington people will find much to interest them at Libertyville next week.

### Highland Park Babe in Incubator.

The first Lake county baby, so far as known to be raised in an incubator, is the little daughter of Mr. Miller, who lives on port Clinton Road, Highland Park.

Mrs. Miller was taken sick with typhoid fever and was taken to St. Augustans hospital, Chicago, where she gave birth to twins, weighing about four pounds each, and each was very weak.

The mother is recovering, but one of the twins died August 18, being then twenty-four days old. The other twin is now in the incubator at the hospital and bids fair to survive under the treatment.

### NEWS OF LAKE ZURICH.

Threshing is about completed in this vicinity.

Mrs. C. Scholz visited in Chicago Thursday and Friday.

Attend the harvest dance and picnic at the park Sunday.

Misses Hannah and Anna Scholz are visiting at Lake Forest this week.

Henry Selp attended the democratic senatorial convention at Belvidere this week.

The game of ball played Sunday between Long Grove and Grass Lake was won by Long Grove, score 2 to 1.

Four coaches filled with excursionists from Joliet, came here via the E. J. & E. Wednesday and enjoyed the day on the banks of Lake Zurich.

A jolly party of little friends of Jack Matthei's gathered at the home of his parents Monday afternoon to celebrate his seventh birthday. After being royally entertained by various games, a luncheon consisting of all the goodies for children, the little folks departed wishing for Jack many more birthdays.

### Conversation Party.

The young and middle members of the E. F. E. club with young men friends were entertained Wednesday evening by Miss Nancy Jenks at the home of Mrs. Frank Willmarth in honor of Miss Olive Luckin of Dundee and Miss Nellie Fay of St. Louis.

Various amusements filled the evening with pleasure on the lawn and in the house.

The particular source of fun was given in a "progressive" conversation in the course of which each young lady received a call from each young man as she held court in nooks and corners where "tee-a-tees" for two had been arranged. A program of twelve subjects was provided and the topics covered a large field from the romantic to the practical; each change of subject was the signal for a change of partner for discussion.

A vote for the best talkers, masculine and feminine, resulted as follows: Miss Anna Dolan, lady's first; Miss Maude Meyer, lady's second; Alexander Boehmer, gentleman's first; and Benjamin Schroeder, gentleman's second.

Those who were claimed to have talked the least received mementoes and were Miss Gladys Lines of Chicago and Roy Waterman.

A luncheon was served during the conversations.

The ever ridiculous pinning of a candor appendage to a paper done by Mrs. E. F. E. club.

Miss Rose Volker and Eloy Thorpe succeeded in finding an approximately proper position and were duly rewarded.

The entire evening was filled with increasing fun and therefore was particularly enjoyable.

Have you seen those handsome dollies? The proper caper for tea parties, picnic parties, etc. Geo. C. Roberts & Co.

## WAUGONDA MENTION.

### Succinctly Told by Our Regular Correspondent.

J. S. Haas transacted business in the city Monday.

Mrs. A. Graham was a Chicago visitor last Thursday.

H. T. Graham was a Barrington visitor Wednesday evening.

Joe Heckinger, of Irving Park, is spending the week at Camp Thomas.

Mrs. Eva Conway, of Chicago, is spending the week at her former home.

Miss Daisy Grosvener, of Chicago, spent Sunday with relatives and friends here.

The teachers of Wauegon and vicinity attended the Institute at Wauegon this week.

Scott Goodwin and Miss King, of Nunda, spent Sunday with the former's cousin, Miss Ethel Duers.

The Ball Game Sunday was a farce, the locals winning 13 to 1 in 5 innings. A good game is assured on Sunday, the 28th, when the strong Ivanhoe team meets our local aggregation.

The W. R. C. will hold a social next Saturday evening, August 27, on the school grounds if warm weather prevails otherwise in the G. A. R. hall. They will serve peaches and cake for ten cents, also coffee and sandwiches for ten cents.

The Review \$1.50 a year.

Members of the republican press of Lake county have received invitations to attend a conference of the County Central committee and the several Township committees at Libertyville, Wednesday, August 31, at 10 o'clock a. m., called to outline campaign work. At close of the conference they are invited to become the guests of Dr. J. L. Taylor at an informal luncheon.

### SERIOUSLY INJURED.

#### Adam Handler Accidentally Shot—His Wounds May Prove Fatal.

An accident occurred on the farm occupied by Henry Winfield north of this place, Thursday morning,

which may result in the death of the injured man.

Adam Handler, a young man, well known in this vicinity, employed by Mr. Wendler, is the victim of a rifle accident took his rifle to the field where he was at work and placed the loaded weapon beside the fence. Fearing that children nearby might discover and handle the gun he was about to remove it when in some manner the weapon was discharged, the bullet coursed the right thigh, glancing upward and entering the right breast making an ugly and dangerous wound which leaves small hope of his recovery.

The wounded man was taken to the home of Henry Lavine, when Dr. A. Weichelt was called and dressed the wounds.

This (Friday) noon condition of Mr. Handler is reported as in a critical condition his right side being paralyzed, and though he may recover the chances are slight.

### Lefevre-Rachow.

At St. Paul's Evangelical church, Sunday evening August 21st, Miss Minnie Rachow of this village and Benjamin Lefevre of Kalamazoo,

Michigan, were united in marriage, Rev. C. H. Steeger officiating.

A reception to which immediate friends of the parties only were invited was held at the home of the bride's parents, Mr. and Mrs. Charles Rachow, following the ceremony. Monday morning the happy pair departed for a short trip to Lake Michigan points. The bride is well-known to the younger class of our people, and was born and raised here. Mr. Lefevre is foreman of a department in the Western foundry at Kalamazoo, Michigan, and the wedded pair will make that city their home.

### Salem S. S. Picnic.

The Sunday school pupils of Salem Evangelical church, held the annual picnic at the Association camp grounds, Thursday afternoon. The weather was pleasant and attendance very large.

The young people were out in large numbers and the older ones seemed to have caught the picnic fever, as many were there in droves.

The Ladies' band furnished excellent music, the refreshments were unostentatious and sports and games numerous enough to keep up the excitement from 10 o'clock until sunset.

### Auto Tourists.

George D. Keller, wife and daughter and B. A. Leach of Utica, N. Y., stopped in Barrington a short time Monday enroute to Salem, Indiana. The party left Lake last May and toured Ohio, Northern Indiana, Illinois, Wisconsin, Minnesota and a portion of Iowa.

They have a beautiful Winton touring car and average 125 miles per day and call that traveling by easy stages. The party will go from Salem, Indiana to Knoxville, Tennessee and thence through Virginia and Pennsylvania to their home.

### WAS A PLEASANT EVENT.

#### Lawn Social Given by Young People's Society of St. Paul's Church.

The annual lawn social given by the Young People's Society of St. Paul's Evangelical church, Wednesday evening proved to be an enjoyable event despite the chilly atmospheric conditions. The lawn adjoining the park was nicely arranged for the affair, plenty of seats and tables having been provided and illumination by Japanese lanterns and torches all that could be desired.

Music was furnished by the Barrington Cornet band—the musical organization whose selections always please, and the gentlemen certainly did please the crowd there Wednesday evening.

Another attraction was the pretty matrons and young ladies that waited on the patrons. It was a trifle cool for ice cream and lemonade, but the people purchased in liberal quantities just the same. Coffee and sandwiches also met with ready sale.

While the net profits of the affair were not such as of previous years of like character given by the society a neat sum was realized. The enjoyment was unlimited.

### Moontlight Picnic.

It was a jolly party that boarded a hay rack Monday evening and made a tour of the country roads between here and Lake Zurich, making a stop at Whitney's.

Those who enjoyed the evening were: Misses Alta Powers, Ethel Austin, Beulah Ott, Genevieve Fletcher, Mabel Wagner, Amy O'Connell, Eva Robertson, Ida Hutchinson.

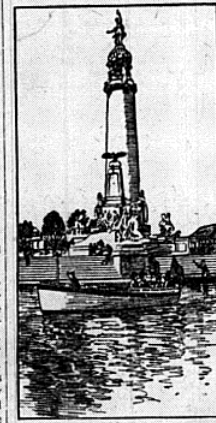

Messes Arthur Schroeder, Arnet Lines, Rex Henderson, Robert Bennett, Will Kirby, W. Beckman, Harry Graham, Dr. Shearer.

Ebenezer Mead, one of Wauegon's pioneer merchants, dropped dead of heart failure Wednesday afternoon, while walking on Madison street. He had resided in Wauegon since 1875.

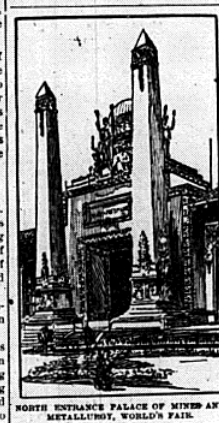

The enterprising town of Graylake has secured on one of its model manufactures and service, the Davis Car Wheel and Machine Co. This company owns several patents on railroad supplies for which they have the sole right of manufacturing in the United States and Canada.

### Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and restive will strengthen the nerves and builds up the system. It's also a great stomachic, liver and kidney medicine. Only One Satisfaction guaranteed by G. C. Roberts & Co. Druggists.
