

BACKACHE AND DIZZINESS

Head of the Ailments Peculiar to the Female Sex and Due to Catarrh of Pelvic Organs.

MRS. N. BRICKNER.

A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh.

Dr. Hartman gave a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
