## SECRETARY CORTELYOU ASKS BIDS FOR \$50,000,000.

### RELIEF FOR THE COUNTRY

Treasury Also Will Put Out \$100,000,000 in Certificates of Indebtedness to Run One Year.

Washington.—Secretary Cortelyou Sunday night made the important announcement that as a means of affording relief to the financial situation the treasury would issue \$50,000,000 of Panama bonds, and \$100,000,000 certificates of indebtedness, or so much thereof as may be necessary.

The secretary calls attention to the fact that the Panama bonds will afford most substantial relief, as the law provides that they be made available for additional national bank circulation. He also states that the proceeds from the sale of certificates can be made directly available at points where the need is most urgent and for the movement of crops, which, he says, "if properly accelerated, will give the greatest relief and result in the most immediate financial return."

The secretary calls attention to the attractiveness of the bonds and certificates as absolutely safe investments.

Secretary Cortelyou adds that these relief measures will enable him to meet public expenditures without withdrawing for that purpose any appreciable amount of the public moneys now deposited in national banks throughout the country.

In his letter Secretary Cortelyou approving the treasury plans, President Roosevelt states that he has been assured that the leaders in congress have under consideration a currency measure "which will meet in permanent fashion the needs of the situation, and which I believe will be passed at an early date after congress convenes two weeks hence."

The president also calls attention to what is needed most at this time is that the people should realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks.

Relief Measures Commended. Washington.—President Roosevelt was commended throughout Monday on the wisdom and success of the financial relief measures launched by the administration. Many telegrams from all parts of the country, including New York, Chicago and other large cities, have been arriving at the White House and after being read by the president have been referred to Secretary Cortelyou at the treasury department.

The callers at the White House, who were numerous for a continuous rainy day, each added an opinion on the optimistic side of the situation.

The president was informed from Buffalo that his letter expressing confidence in the fiscal soundness of the country had been printed in several languages there and distributed among depositors who were making a run on a bank, with the effect of checking the run.

## "SECOND DEGREE" VERDICT FOR MISS NORLING'S SLAYER.

### Reeve, Who Caused Three Deaths by Firing Carload of Dynamite in Colorado, Also Convicted.

New York.—Frank H. Warner was convicted Monday night of murder in the second degree for the killing of Esther C. Norling on July 23 last. "I'm sorry they didn't make it first degree," was Warner's only comment when the verdict was returned.

Warner, who had known Miss Norling for some years, went to the store in which she was employed in Forty-second street and shot her without warning.

He escaped into a large office building and before he was followed got out through a window. He then went to a hat store owned by John C. Wilson, a life-long friend, and shot him. Wilson died soon after. Warner was captured by a policeman armed with a cotton boot, as he was leaving Wilson's store.

Patrolman Thomas Walsh was discharged from the police force on charges of cowardice for not following Warner into the office building after he shot Miss Norling.

Warner's defense was insanity. He has not been tried on an indictment charging the killing of Wilson.

### BOULDER, COL.—MURDER IN THE SECOND DEGREE WITH A RECOMMENDATION FOR THE MINIMUM SENTENCE OF TEN YEARS.

Boulder, Col.—Murder in the second degree with a recommendation for the minimum sentence of ten years was the verdict returned by the jury in the case of J. W. Reeve, a railroad brakeman, who confessed that he and another railroad man set the fire in the Colorado & Southern railway yards here on the night of August 10 last which caused the explosion of a carload of dynamite, killing three men and destroying several hundred thousand dollars of property.

It was urged on behalf of Reeve, who is a member of a well-known New Jersey family, that he was intoxicated at the time he created the crime and did not know the dynamite was in the railroad cars. The motive for starting the fire was sympathy with the Colorado & Southern switchmen, who were on strike.

### SWITCHMEN ARE ENJOINED.

Threatened Strike at Buffalo Is Checked by Court.

Buffalo, N. Y.—Judge Hazel Monday afternoon in the United States circuit court granted a temporary injunction, upon behalf of the Denver, Lackawanna and Western Railroad company, restraining the Switchmen's Union of North America, Buffalo lodge No. 4, and its officers from breaking an agreement alleged to exist between the company and the switchmen's union.

This agreement provides for the scale of wages to be paid the switchmen and the order and the latter states that a strike is threatened which will place this contract in jeopardy.

The injunction is returnable November 25. At the office of the attorneys of the company it was stated that the action was taken at the urgent request of mercantile bodies and large individual shippers, who feared the results that might ensue from the striking of even one trunk line at this time, when every car was being utilized in transporting the crops of the country to the coast.

### WOMAN STIRS UP BAD RIOT.

Louisville Strikers Inflamed by Wife of Conductor.

Louisville, Ky.—Two policemen were injured by bricks, five men were arrested and a number of persons clubbed as the result of a riotous demonstration made by striking street car employes and their friends Sunday afternoon.

That the affair did not result more seriously was due to the prompt arrival of police reserves, who broke up the crowd before it could be organized. A mass meeting of strike sympathizers was held at a hall in the central part of the city, at which heated speeches were made, but the crowd did not become fired until an address was delivered by the wife of a discharged conductor. Her remarks so worked on the feelings of the assembly that when the meeting broke up it consisted of more than 2,000 persons was formed and marched about the business district. There was a large sprinkling of women and they incited the crowd to riotous acts. The fight with the police followed.

## REMARKABLE SCENES WHEN SENATE PASSES THE BILL.

### Compromise Gives Liquor Sellers One Year More—Mobile Threatens to Secede from State.

Montgomery, Ala.—Unprecedented scenes were enacted in the senate chamber of the historical capitol of Alabama Tuesday when the statutory prohibition bill was passed. Women and children thronged the corridors and gallery and even usurped the sanctity of the floor itself, pushing the senators from their seats and giving vent to their enthusiasm by shouts and cheers that echoed and rebounded through the building.

Sensors who opposed the bill were hissed down when they arose to speak against the measure. The statutory prohibition bill which was passed was in the nature of a compromise between the anti and prohibitionists. The anti, seeing the handwriting on the wall, agreed to give up the fight provided the time was extended to January 1, 1909, when the sale of whiskey will be forbidden in the state of Alabama. This amendment will be sent to the house and will be concurred in without a fight.

Gov. Comer will approve the bill and it is understood that a movement has already been started by the state W. C. T. U. to make the signing of the bill a very formal occasion. Mobile, Ala.—An indication of the wrath of the "home rulers" over the prohibition policy of the Democratic party in the state is shown by the following telegram that was sent to State Senator Hamburger by M. J. McDermott, president of the Bank of Mobile:

"Unless anti-Prohibitionists on today, please give notice that Mobile is prepared to secede from the state of Alabama and organize home government and cease to be dominated by such country cowards whose efforts to paralyze Mobile will not be tolerated."

## GOMPERS TELLS FEDERATION OF ATTEMPT TO CORRUPT HIM.

### HIS STORY IS VERIFIED

#### Purported Agent of Manufacturers' Association Offered Immunity and Money if He Would Betray Labor.

Norfolk, Va.—A great sensation was created in the American Federation of Labor yesterday afternoon by President Gompers in his speech replying to the attacks upon him and other officers of the federation by the Manufacturers' association, when he told of an alleged attempt to bribe him at the Victoria hotel, New York, in October by a young newspaper man giving his name as Charles Brandenburgh.

President Gompers said the man declared that he represented the National Manufacturers' association, and was prepared to offer him immunity from all exposure and make him financially secure for the remainder of his life if he would sign a certain paper and otherwise aid in the "exposure" of the other leaders in the American Federation of Labor with a view to virtually destroying the influence of organized labor.

The paper, President Gompers said, was to purport to have been signed when he (Gompers) was ill in 1898. This paper, Mr. Gompers said, he had preserved, and while deathlike stillness prevailed in the convention President Gompers drew forth the original document and read it. Mr. Gompers during his recital of the alleged attempt at bribery called upon different delegates present, who were with him at times at interviews with Brandenburgh, to verify his statements. The delegates, rising in their seats, did.

At the close of President Gompers' speech there was a great demonstration, even a cheer, of approval, and the socialist opponent of Mr. Gompers, declaring that although he had at convention after convention bitterly opposed the reelection of President Gompers, he will be the one this year to move to make his election unanimous, with a vote of confidence not only to President Gompers but also to the other officials of the American Federation of Labor.

"This," declared Mr. Berger, "is the answer of the socialists to the Manufacturers' association."

#### Committee of Ohio League of Republican Clubs Endorse Him.

Columbus, O.—United States Senator Joseph Benson Foraker, of Ohio, was endorsed Wednesday for both reelection to the senate and the Republican presidential nomination at a joint meeting of the executive and advisory committees of the Ohio League of Republican clubs.

The committee also declared that they had no sympathy whatever with the proposition that has been advanced that Senator Foraker be eliminated and retired from public life because he does not agree with the endorsement of Roosevelt as to the rate bill, or joint statehood for New Mexico and Arizona, or about the Brownsville matter.

The action of the joint committees at once brought out a challenge from A. I. Vorys, manager of the Taft presidential canvass, for a popular primary to determine the choice of the Ohio Republicans of a candidate for president.
