MUST PAY PUPILS TUITION.

A new school law compels country districts to pay tuition for a four years high school course for any of their pupils who are eighth grade graduates. This law should materially increase the attendance in all high schools, as heretofore many children have been denied a high school course because their parents could not spare the tuition money.

A HUSTLING YOUNG MAN.

Willbert C. Naehrer has moved into the Lipofsky building on Main street and has added a complete stock of post cards and stationery to his magazine agency. He also has a nice line of the latest books which are for sale at moderate prices, or will be rented at the rate of two cents per day. Willbert intends to put in a good circulating library in the near future.

A CALIFORNIAN'S LUCK.

"The luckiest day of my life was when I bought a box of Bockley's Arnica Salve," writes Charles F. Bockley, of Tracy, California. "Two boxes cured me of an annoying case of itching piles, which had troubled me for years and yielded to no other treatment." Sold under guarantee at BARRINGTON PHARMACY.

THE MAJESTIC'S PROGRAM.

The Majestic theatre, Chicago, has secured for the week of May 11th another of those diversified bills of genuine vaudeville which the public always finds at that famous house. One very attractive novelty will be along the line of genuine art, the feature being Marcel's Art Studies, in which there are wonderfully artistic poses and groupings by living models. Eva Taylor, a famous leading actress, who has been identified with some of the best stock companies in the country, including the noted organization at the Chicago Opera House, will appear with excellent support in a legitimate comedy entitled "Chorus." Barry and Halvers, two famous dancers and dancers who gained great renown in "Babs in Toyland" and have since become accepted leaders in the art of eccentric dancing and comedy fooling, will be a very important and entertaining element on this bill. Another interlude of fun will be provided by the superbly trained and known as "The Cowboy, the Swell and the Lady." Mrs. Das McAvoy, whose name is known throughout the world as an entertainer of rare originality and merit will also present an amusing sketch, while the Refractory Brothers, who are the best dancing team in the business, are certain to meet with that favor which always attends their efforts. There are plenty of other excellent features on this bill which, as usual, at the Majestic is worth two or three times the price of admission.

BUMSTEAD HERE.

F. K. Bumstead, publisher of the Lake County directory, is here today with a force of men gathering information for his seventh issue of the directory. All of the village of Barrington and the four rural routes are included in the directory which will be ready for delivery about July 1st.

AT AUCTION.

The Hastings place on Hough street will be sold at auction Monday, May 11th at 3 o'clock p.m. Sale on the premises. CHARLES F. HASTINGS, Administrator.

THE CAMPAIGN FOR BEAUTY.

Just now there is beginning throughout America a most significant movement. It is in the nature of an agitation for more parks, more artistic architecture and the getting rid of unlovely objects and unsightly things. In the village of Barrington, this movement is taking on a smaller scale. In the country it includes the preservation of the trees and the beautifying of the landscapes. Everywhere it seeks to produce more harmonious and agreeable environment, such as has always been the accompaniment of great and noble civilizations.

It is worthy of note that the development of beauty not only in the line usually known as art, but in landscape effects, gardening, architecture and the like, has been seen in every nation that has reached or has even approached a position of supremacy. Nearly all of Egypt still remains the ruin of her architectural splendor. Greece reached her highest expression in her statuary and classic buildings. Rome, great as she was in arms and jurisprudence, was equally great in her noble edifices, her sculpture and her beautiful villas. England is not more renowned for her naval and commercial supremacy than for her landscape gardening and her old estates. Egypt, the miracle of modern history, may now exist in war and in her power to select the best from all the world, but she already excelled in the dairy and picturesque effects of her art, her architecture and her horticulture. The list could be extended indefinitely. It has already been carried to sufficient length to show that the greatness of a nation is measured by its appreciation and its expression of the beautiful.

Dolan's New For News.

The announcement of the second Lord Lytton's appointment as viceroy of India at a time when the government was keeping the matter a secret was one of the greatest feats of DeLune. The story goes that the famous editor of the Times was sitting at dinner next to an equally famous physician, who happened to mention that morning as to the fitness of his constitution to undertake the appointment of Lord Lytton as viceroy of India. Whether true or not, the story points the moral that the doctor should take care not to let any fact, however trivial, learned from a patient who consults him escape his lips.—Grand Magazine.

A celebrated chef comes from Europe to show Americans 108 different ways of cooking eggs. One sure way of telling without sampling whether the egg is worth cooking any old way would be worth all the rest.

If your letter misdirected, or the party to whom you are writing cannot be found or has moved, if you give the wrong address, or any of the hundred and one things which may happen, do happen, your letter will be returned to you, and not go to the dead letter office to be opened and read by strangers and sent back in a month or two if it is considered important enough. In buying envelopes, take care at a time you will pay more than this for the envelopes alone, if you get the same quality. The practice of using printed envelopes is endorsed by the United States government, and is coming into almost universal use.

PETIT JURY DISMISSED.

Judge Wright dismissed the petit jury called for the special May term of the Circuit Court of Lake County at Waukegan Monday. It appears that the statute provides that the list from which the petit jury is drawn must be made up in September of each year. The list last made up by the board of supervisors was in 1907. Attorneys representing Wm. F. Welmers and Wm. Johnson, who are charged with arson, raised the point and were sustained by the court. It is said that heretofore the jury list has only been made up every two years.

Nearly 100 jurors drawn were glad to be excused from service.

DEATH OF MRS. MEYERS.

Mrs. Ernestine Louise Meyer died at the home of her daughter, Mrs. August Sumpf, 61 North Walnut street, Tuesday morning about 10 o'clock. She was a woman advanced in years and had been in ill health for several months, although only confined to her bed for the past month. The cause of her death was heart disease, with pneumonia symptoms at the last, and the failing conditions of old age. She retained consciousness until the end.

It is ever regretful to chronicle the passing away of a mother, even though her children are grown and scattered, for when the mother is gone there indeed is there no death ever more keenly felt and one has departed whose place is never filled.

Mrs. Meyer lived to be 74 years old and was the mother of twelve children; her reward for a life of loving toil along Christian principles should be abundant. For thirty-one years she had been a member of the Salem Evangelical church of this place and one of that organization's active workers, giving advice and assistance will be missed.

In early years Mrs. Meyer received educational advantages and she came from a family prominent and well-to-do in her native town, although all trace of her relatives have been lost by this branch of the family. Her birthplace was Schaumburg, Germany, and the date was October ninth 1833. At 17 she married William Meyer, and they resided in Germany several years, then moving to America. About thirty-one years ago, with four children, they settled two and one-half miles south of town on the old Haven farm. For years they lived in the country on various farms and moved to town eighteen years ago; they occupied homes in the south part of town and when Mr. Meyer died, thirteen years ago, October 1, 1895, Mrs. Meyer went to live with Mrs. Sempf.

She was always in good health and was an excellent student of the Bible, being able to recite long passages. The study of the scriptures had been one of her pleasures and pastimes. The Ladies' Foreign Mission Society of her church was the only organization to which she belonged.

Three children died when young and those living are Mrs. G. Lager Schultz, of Hammond, Ind.; Mrs. M. Sumpf, of Waukegan; and Miss Margaret Clark, of Chicago. Mrs. Sumpf, Mrs. August Sempf, Miss Amanda and Hannah and William Meyer, of Barrington. There are also thirteen grandchildren. The funeral was held this (Friday) afternoon at the Salem church.

Subject: "Two Important Aspects of Education."

1:30 to 2:15 Music, under the direction of Miss Nellie M. Smith.

2:15—The county superintendent will address the teachers.

At this last session of the Association for the school year all the teachers of the ungraded and semi-graded schools are expected to be present.

A cordial invitation is extended to all teachers. Memorial Day pamphlets will be distributed.

A. F. NORTHBROOK, Co. Sup't.
S. E. MERILL, President.

THEATRE TRAIL.

There is now an opportunity to secure a theatre trail for Crystal Lake and Cary. A new time card will be issued about May 10, and if assurance of a reasonable amount of patronage are given the train leaving Chicago at 11:45 p.m. and heretofore stopping at Harrington will be run on to Crystal Lake. This is a train which has long been desired by Crystal Lake people, and will, if given a thorough trial, prove immensely popular. A petition to the railroad company, asking that the train be run to Crystal Lake, is being circulated and the outlook is good for the request to be granted.—Nunda Herald.

VILLAGE WILL CHANGE NAME.

A petition has been circulated and signed by 143 out of 190 voters in the village of Nunda asking that the name of that place be changed to North Crystal Lake. All requirements of the law have been complied with and all that now remains is for the village board to grant the request, which they will likely do, as over three-fourths of the voters have signed the petition. The change is expected to be made no later than the regular meeting night of the board, the first Friday in June.
