WHY ARE WE RIGHT HANDED?

ost recent explanation of edness, by a psychologist, is some merriment among med-He supposes the human have unexplained polar prop-mewhat like those of a magical men. He supposes the human body to have unexplained point proposet, the right side being sitesys "positive" and the left. "negative". The most rational explanation would seen and left handeclasses by the position of the heart. The shield would naturally the side of the heart. The shield would naturally that the side of the heart is not to be seen and the side of the side schools, we may be a substitute of the substitut

WILD DOGS OF THE FAR EAST nt, Ravenous, Mangy and Insole Creatures Are Permitted to Prowl Streets.

In Constantinople and other citites of the east wild dogs, gaunt, ravenous mangy and insolent, are permitted to prowl about the streets in formidable packs. A favorite haunt of the beasts a few years ago was the Little Field of the Dead, a cemetery to Bern Turkey. Here they suthered ratu of the Dead, a cemetery Turkey. Here they gathered indreds and basked in the sun ided and fought, sometimes hemselves, always with in-They seemed to regard the a graveyard as their special
