

# BARRINGTON REVIEW

VOLUME 26, NUMBER 3

BARRINGTON, ILLINOIS, THURSDAY NOVEMBER 17, 1910

\$1.50 A YEAR IN ADVANCE

## TWO LOCAL MEN MEET DEATH BY TRAIN

Two Citizens of this Village Killed By  
C. & N. W. Railroad Trains  
Twenty-four Hours Apart.

## THIRD HAS NARROW ESCAPE AT PALATINE

O. E. Maynard Run Down at Palatine Saturday Evening and About Same Time Next Night Matthew Donnelly is Killed Presumably By Same Train.

Chicago & Northwestern trains brought untimely and terrible deaths the past week. Two local citizens were killed within twenty-four hours of one another, one at Barrington and one at Palatine.

### Pioneer Resident Killed

The body of E. M. Maynard, the accident occurring Saturday night at about ten o'clock, is that of a son.

Mr. Maynard had been in the city for the past two weeks, and was about 300, as far as can be learned.

His body was discovered later in the night, lying on a bed in a small room near the Palatine stock yards by the brakeman of a freight train which was about to set out.

At 10:30 a. m. a horse was chased into the yard by a freight train. His left arm was broken, his chest crushed and he was cut about the face. From the appearance of the body it was thought he had been struck by a freight train.

As a result of his injuries he was rushed to a railroad physician in Schererville, death occurring about 10 o'clock. Many speculations as to the cause of his death were made.

It is generally believed that, missing the train arriving here at 10:20, he started to walk home, and was run over by a train on the way of a south-bound train.

Train 509, fast mail and express, in the service of the Chicago & Northwestern, is believed to have been the one that struck him, although the engineer on that night, William J. O'Neil, says he saw no man where the tracks at that point.

Maynard's body was taken to the undertaking room of Frank Danielson of Palatine and relatives were notified.

The body was brought to his home Tuesday evening.

Maynard was a carpenter and had had his workshop for many years, coming originally from New York where he at one time kept a book store.

He was well known in Barrington, particularly on many topics which lead some of his less fortunate associates to consider him a wise old man.

He leaves a widow and seven children: Bur, Dunfee, Charles, Hattie, Winona, Fred and Mabel.

South Dakota, Iowa, Georgia, Mary, Lona and Christian of this village.

### Matthew Donnelly A Victim

Matthew Donnelly was the other man killed by a C. & N. W. train Saturday night.

He was a young man, about 20, and had been working on many farms in the area.

He was a carpenter and had been working on farms, afterwards coming to the village where he has been engaged as a mason, tenter and day laborer.

His father has been located and found to be in the village.

Donnelly came here two years ago with a carpenter and a team and worked for a time on these farms, afterwards coming to the village where he has been engaged as a mason, tenter and day laborer.

He leaves a widow and two children: a son, George, and a daughter, Mary.

Matthew Donnelly also has a brother and married sister living near where addresses cannot be given.

Both men were buried yesterday.

Third Narrowly Escapes Death. A slight accident occurred last Friday evening at Palatine.

Tragedy was averted by J. W. Wilson, of that place, narrowly escaped when a couple of cars struck him while he was passing the railroad tracks while he was passing the railroad tracks.

## GIVES INFORMING TALK.

Dr. Robert Metcalf, Addresses Women's Club at High School—Tuberculosis is Subject.

The meeting of the Barrington Woman's club last Tuesday afternoon in the high school assembly room was a most well-attended one. The main feature was the lecture on tuberculosis, given by Dr. Robert Metcalf, Chicago, president of the Tuberculosis Association. Dr. Metcalf called special attention to the fact that tuberculosis is a disease of the lungs, and that the disease and although it is hereditary, is preventable. Breathing plenty of fresh air, a good diet, proper ventilation, sitting, standing and walking erect and eating nothing but good wholesome food, are the mediocles to the prevention of tuberculosis, particularly in the people of the school.

In addition to Dr. Metcalf's lecture a short speech was made by Mrs. Miss Josephine Caton, and a vocal solo by members of the high school.

After the afternoon the club met with Mrs. John Schewman. An address "Pilgrimages to Homes of Authors," was given by Mrs. Lura Smith.

Two new wheat sheaves were rendered by Mrs. Charles Thiel, Mrs. Verne D. Haynes, accompanying each other on the piano and was killed.

## FORMER CITIZEN DEAD.

Edward Huchtemer, One-Time Barrington Business Man, Buried Yesterday.

Edward Huchtemer passed away at his home in Park Ridge, Illinois. Death came quite suddenly. He was stricken with paralysis about 10 o'clock.

Many speculations as to the cause of his death were made, but it is generally believed that, missing the train arriving here at 10:20, he started to walk home, and was run over by a south-bound train.

Train 509, fast mail and express, in the service of the Chicago & Northwestern, is believed to have been the one that struck him, although the engineer on that night, William J. O'Neil, says he saw no man where the tracks at that point.

Maynard's body was taken to the undertaker room of Frank Danielson of Palatine and relatives were notified.

The body was brought to his home Tuesday evening.

He was a carpenter and had had his workshop for many years, coming originally from New York where he at one time kept a book store.

He was well known in Barrington, particularly on many topics which lead some of his less fortunate associates to consider him a wise old man.

He leaves a widow and seven children: Bur, Dunfee, Charles, Hattie, Winona, Fred and Mabel.

South Dakota, Iowa, Georgia, Mary, Lona and Christian of this village.

### Matthew Donnelly A Victim

Matthew Donnelly was the other man killed by a C. & N. W. train Saturday night.

He was a young man, about 20, and had been working on many farms in the area.

He was a carpenter and had been working on farms, afterwards coming to the village where he has been engaged as a mason, tenter and day laborer.

His father has been located and found to be in the village.

Matthew Donnelly also has a brother and married sister living near where addresses cannot be given.

Both men were buried yesterday.

Third Narrowly Escapes Death. A slight accident occurred last Friday evening at Palatine.

Tragedy was averted by J. W. Wilson, of that place, narrowly escaped when a couple of cars struck him while he was passing the railroad tracks while he was passing the railroad tracks.

George W. Forman was sentenced to 30 days in jail Saturday and costs by Judge Jones last Tuesday for operating a billiard room in the unincorporated territory of Illinois.

It is a provision that the defendant's place of business be situated as a nuisance.

Assistant State's Attorney E. C. Howard, of the county, presented the case and George W. Field of Waukegan defended Forman.

The trial was held at 10:30 a. m. and the principal changes were the removal of the north-bound train arriving here on each day of the week.

At 11:20 a. m. and 1:02 p. m. respectively.

**Basket Social.**

Miss Anna Liles, teacher of the Danielson school, will give a basket social at the school in the northern part of the township, to-morrow evening.

A short program will be presented in the schoolroom, commencing at eight o'clock.

**Old Fellows Meet.**

The senior-class Old Comrades of Illinois, L. O. O. F., which is in session at Springfield this week is being attended by George Page of this place as delegate from the state.

Mr. Page is attending the Illinois convention.

**Belle Me.**

Our greenhouse leaves is named

by F. W. SMITH.

Facilities for sale, W. E. W., Barrington, Illinois. Phone 1066.

## STOPS PRIZE FIGHT

Two Butts Advertised to Be Held at Palatine are Stopped by Principals Strip for Action—Over 300 People to Woods.

Three hundred right hands and four right hands, cold, disappointed, disgusted, and unutterably weary, crowded into a small room on the corner of Main and State Streets, in Palatine, Saturday morning to "kill" the several hours that would pass before the first train to Chicago would arrive.

Deputy Sheriff Hoobler, accompanied by Constable McNeil of Arlington Heights, and eight police officers, who had been sleeping in the woods at 11 o'clock Tuesday night, the officers who had been sent by Mr. Louis Smith, president of the Palatine Elks Club, to prevent the principals from fighting, were turned away without their desire, for the police, who had been called to the scene by the Elks Club, had been compelled to spend the night on the ice and now were present.

The grand stag and sucker which was going to be held on the "Queen's" grounds, the Elks Club, was intended and the promoters had all their plans for a night.

At a recent sale held in the Elks Club, the Elks Club was asked to secure a proper building and the arrangements were made after the new building was completed.

## LECTURE PLEASES.

Rev. Mr. Lockhart Entertains Good Audience at Baptist Church Last Week.

The lecture given by Rev. G. E. Lockhart at the Baptist church last Thursday evening attracted a goodly audience, and the money which was paid will be added to the fund to purchase a organ for the church.

Mr. Lockhart, a native of Ireland, is a person of European tour and has given several amusing and interesting experiences, as well as displays of his great oratorical ability.

Deputy Sheriff Hoobler, accompanied by Constable McNeil of Arlington Heights, and eight police officers, who had been sleeping in the woods at 11 o'clock Tuesday night, the officers who had been sent by Mr. Louis Smith, president of the Palatine Elks Club, to prevent the principals from fighting, were turned away without their desire, for the police, who had been called to the scene by the Elks Club, had been compelled to spend the night on the ice and now were present.

The grand stag and sucker which was going to be held on the "Queen's" grounds, the Elks Club, was intended and the promoters had all their plans for a night.

# TAFT IS IN PANAMA

PRESIDENT ON ARRIVAL AT COLON PROCEEDS AT ONCE TO CULEBRA.

## BE ON Isthmus FOUR DAYS

Trips to Panama Uneventful—Party is Welcomed in Harbor by Reception Committee and Salute is Fired as They Disembark.

Colón, Panama.—President Taft reached Colon aboard the cruiser *Tennessee*, covered by the cruiser *Montgomery*.

Lieutenant Colonel Goethals and the engineer of the Panama Canal, who was waiting to meet the president, which approaches the Tennessee as soon as the ship is sighted.

When the president's vessel reached the anchorage the four ships alongside, and welcomed the president. Mr. Taft in his party heard the tug and the gun salute, and the president saluted the Tennessee a salute was fired.

President Taft then alighted and went to the *Montgomery*, which was waiting to meet the president, which approaches the Tennessee as soon as the ship is sighted.

President Taft then alighted and went to the *Montgomery*, which was waiting to meet the president, which approaches the Tennessee as soon as the ship is sighted.

The president did not delay, however, and alighted and went to the *Montgomery*, which was waiting to meet the president, which approaches the Tennessee as soon as the ship is sighted.

A special train had been prepared for the president. He was accompanied by Calvert L. Ladd, Comptroller General, and the other members of the canal commission.

The voyage of the *Montgomery* was uneventful, and when President Taft will stop at Guatamala, Cuba, for a short time, and then proceed to the American naval base there.

FLIES FROM SHIP TO LAND

Aviator Ely Makes Successful Flight From Ship to Land

From the *U.S.A.T. Wasp* to Norfolk, Va.—Engines His few from the deck of the U. S. scout cruiser *Wasp* to the Norfolk, Monday, making a new epoch in the history of aviation, for his was the first flight attempt from a ship at sea.

Ely's trip nearly ended in disaster, however, for when his machine crashed into the water, he was thrown into the water, and one wing struck the water. The broken propeller blade, however, continued his flight.

The crippled aviator of the *Wasp* was picked up by a boat and the aviator headed for the nearest shore, which was a sandy point reaching out into Chesapeake Bay. He alighted on the beach only a few feet above the water line.

Ely signed his daring flight in the log book of the *Wasp* to Colón, a peak bay about twelve miles from the Norfolk yard, which was his objective point.

## MEAT PACKERS SCORE POINT

New Jersey Appellate Court Rules Concurrence Not Submissible

—Trenton, N. J.—The Chicago meat packers won an important point Monday in their defense against the price-fixing charges of the Federal Trade Commission.

The state court of errors and appeals reversed the judgment given against the meat packers, directing the National Packing Company and the United States to show cause why they should not be held in contempt for their products before the Hudson county grand jury.

The meat packers, who were indicted from these books, it is believed, was one of the main reliance of Prosecutor Carron in making his case. The meat packers had been held in contempt on the charge of conspiracy to control prices.

Another case against the packing concerns for the dissolution of the National Packing Company is now in the state supreme court.

## FIND WIRE UNDER MAINE

Divorce Discovered High Tension Conduits to Connect Maine and Quebec

—Halifax, N. S.—The Chicago meat packers won an important point Monday in their defense against the price-fixing charges of the Federal Trade Commission.

Hansen, 28, a large quantity of insulated copper wire, such as is used for electrical conductors, had been found by his friends under and above the body of the Maine.

The wire was found in the vessel *Montreal*, presumably to be examined by authorized experts in due course.

## Two Shot at Madison Riot

—Madison, Wis.—Charles C. Carruthers, a real estate dealer, shot and killed Leo Lewis, a four-centuries-old black man, and severely wounded Charles Chavat, a gendarme, in defending his home against a mob of negroes.

The white mob, which included the warden of the state prison, presumably to be examined by authorized experts in due course.

## Four Shot at Madison Riot

—Madison, Wis.—Charles C. Carruthers, a real estate dealer, shot and killed Leo Lewis, a four-centuries-old black man, and severely wounded Charles Chavat, a gendarme, in defending his home against a mob of negroes.

The white mob, which included the warden of the state prison, presumably to be examined by authorized experts in due course.

## Garrett Bay Blasted Under

London, England.—Lieut. H. H. Helm, the German army officer who was captured by the British and made sketches of the fortifications of Portsmouth, was killed yesterday when a British gunboat exploded.

**VICINITY NEWS NOTES**

**Happenings in the Surrounding  
Country Which Will Be of  
Interest to Our Many  
Readers.**

The Woodstock army was learned  
down last Saturday morning, entailing  
a considerable loss.

The first fatality from an infantile  
disease was recorded in the medical  
history of Elgin on Saturday morning.  
The child had suffered from the  
disease three times before. Within  
two days from the time the child was  
stricken was a helpless victim. At  
present the child is in a critical  
condition. In medical circles infantile  
paralysis is known as poliomyelitis.  
Researchers are being made to determine  
the cause of the disease, which is  
said to be infectious and possibly conta-  
gious. Its communicable period is  
considerable, so that the disease is  
dangerous when the disease is  
developing.

The Holstein Breeders' association,  
a new McHenry county organization,  
will give a banquet a Woodstock next  
Saturday evening to its members and  
business men of the county.

Mr. Sears, founder of the mail order  
house of Sears, Roebuck & Company of  
Chicago, has purchased a new  
newspaper typewriter factory at Woodstock.

**AT THE CHICAGO THEATRES****McVICKERS**

Wm. A. Brady's new one-act  
play of "New York" will begin its  
last two week's engagement at Mc-  
Vicker's, Chicago, Sunday, Novem-  
ber 13, the period covered  
by the "New York" and "Way Down  
East" in Chicago. It is necessary  
to say but once that this has  
been a most popular play. It is  
old wine, it improves with age. That  
it has lost not one whit of its popular-  
ity is a proof by the warm response  
it has received in every city in  
the country.

If the story of "Way Down East"  
is rather conventional, it is so directly  
and simply told, and its pathos  
so well developed, that one  
cannot help but feel that  
that one finds that there is nothing  
new in the story that it is well worth  
the while to see it again.

Miss Grace Hopkins  
plays the part of Anna Moore,  
which receives the best possible interpre-  
tation. That is the part of that old  
character, Squire Bartlett, who  
lives in "according to the script-  
ing" in the hands of John H.  
Armento, who has produced this  
play for several seasons, and Rita Hugh  
Wood is as Marcella Perkins, the village  
guitar player, who has been the  
first producer of the play, while  
Beth Summerville will give her sweet  
and wholesome portrayal of a gentle  
natured Virginian girl.

**Special Entertainment Notice.**

Notice is hereby given to all persons  
interested that the Board of Trustees  
of the village of Barrington have  
decided to build a new water  
main with necessary for hydrants,  
valves, etc., to be constructed on  
Walnut Street front Liberty Street to  
the village line, and will be located  
in Barrington, Lake County, Illinois, the  
ordinance for the same will be on file  
in the office of the Clerk, Village  
Board, having applied to the Circuit  
Court of Lake County for an assessment  
of the cost of said improvement,  
and assessment having been made and  
paid, the hearing will be held on  
November 15, 1910, or as soon thereafter  
as the time of trial will permit.

The hearing will be held in the  
Courtroom of the Circuit Court of  
Lake County, Barrington, Illinois,  
at 10 a. m. on November 15, 1910.

The following letter list:  
The following letters remain in the  
Barrington post office unclaimed for  
the week ending November 15, 1910.

Mr. F. C. Fenn, Barrington,  
Mr. C. G. Haggard,  
Mr. Kasper Kraus,  
F. H. Larson,  
Mr. E. A. Thompson,  
Mr. Joe Duthorne,  
Mr. C. E. Hudson,  
Mrs. P. K. Kildare,  
Mr. W. L. Ladd,  
Mr. Radcliffe

Fred W. Williams,  
H. K. Buckleyway,  
Postmaster.

All who have lost these letters  
are requested to call at the post office  
at Stott's hall.

**GEORGE J. WENNINGER**

## MINNESOTA STALLION BARN FOR BREEDING PURPOSES

**Safe Harbor of Horses** is Provided for Boys and Timid  
People who are Afraid to Ride Aids in Securing Patronage.

The following description of a Minnesota stallion barn is by M. T. Gratzin in "Breeders' Gazette":  
The stall barns freeze to the snow and the horses are in the stalls all the time. The space comes from the stallion horses with stout plank doors opening in and leading to the stalls. The stallions stand with their heads out, and as they never bite, mares, couples of holes in north side of wall to let in the light. There is a place for party with mares. The barn has a pen for the mares to walk in and a stall for the stallions. The stallions stand with their heads out, and as they never bite, mares, and the very best stallions are used.

### NORTH WALL OF BARN 21'

A Minnesota Stallion Barn.

trying is done by leading the mare to the stallion's door. If found in season she is led into the stallion's stall. The stallion, from the plank, onto a space 12 feet wide with cedar and earth floor. The stallion is then led into a stall door 18x1 feet that this space can be used for the mare to have a big horse stall when the mare is to be tied. For the breeding pen or chute preparation, the stallion is led to a video one side and the west wall of barn, the end toward which the mare is to be led. The stallion is then led so as to have a pen 1 foot long from west wall and a 4 feet wide. Lay enough straw in the stallion's stall to a height of 3 feet 1 inches. Have the stallion stand in the stall, place to his height and edges mouth covered, as well as edges of planks at ends of stall, so as to have a stall from middle of pen width 4 feet. Just in front of this wing make a couple of holes in the stallion's stall and the gas pipe bars through and make a

Mares are bred in this pen or stall, so that the trots always being kept in the stallion's stall. The stallion is then turned into the wall.

The dimensions given are varied

and the part of stall back of wing can be varied to suit the mare.

Not much of an advantage;

the stallion is then turned into the wall.

The door of the entire space must

be closed so that the stallion can

not get scurvy clean, wet straw

and the stallion is then turned into the wall.

This arrangement is ad-

mittedly competition is sharp.

The door of the entire space must

be closed so that the stallion can

not get scurvy clean, wet straw

and the stallion is then turned into the wall.

These directions will be given to

the stallion, bring mares and the safe harbor of refuge behind the wing is much appreciated.

With the stallion in the stall, the

stallion is turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.

The stallion is then turned into the

wall and is apparently as harm-

less to the higher animal life, but the

stallion is then turned into the wall.
