Very True.
 "There would be less need for making bad people better than for making good people better."

Empire's Best Armed Force.
 It would be nice and a bit dangerous for the armies of Europe to pass a given point, marching to sea, without a few of our "big boys" to meet them.

Missing Point.
 In there anything more interesting in life than making paint, putting in black to darken it, white to lighten it, vermilion to make it bright, and green to see what happens?

Origin of Cards.
 The use of cards is said to have been derived from the Tarot cards, which were originally used for occult purposes.

Lighting Light.
 In 1901 lightning killed only 100 people in this whole country. One's chance of death by lightning is less than one's chance of death by a train. The chance of death from fire, lightning or poison is less than one's chance of death from a horse.

Height of Mannequin.
 "I have heard that the mannequin is 5' 10" high. What's the reason for this? Is it to make the clothes look better?"

Way to a Woman's Heart.
 is paved with chocolates and bon-bons, and the wise men who travel that road order their cartage from the Barrington Home Bakery.

"The Way to a Man's Heart"
 is through his stomach, hence his better half feels him on our bread and pastry, the best that can be made.

Special Sale on Flour and Lard

Gold Coin Flour, the very name, from the same mill, that others sell at \$1.50 per 50 lb. sack, my price is, per 100 lb. sack, \$2.50.

Moore Co.'s Surprise Lard, none better! 5 lb. and 5 lb. pails, per lb. \$1.10.

A saving to you of 5 cents per lb.

Raisins and Currants, new clean stock, per pig, \$1.20.

A to lb. box of the finest Bunte Chocolates will be given away free. For particulars call at the
