

# After 7 Years Suffering

I Was Cured by Lydia E. Pinkham's Vegetable Compound

For seven years, I was all run down, and I could not do my work. I was so weak that I could not get up in the morning. I was so nervous that I could not sleep. I was so tired that I could not walk. I was so sick that I could not eat. I was so miserable that I could not live. I was so weak that I could not do my work. I was so nervous that I could not sleep. I was so tired that I could not walk. I was so sick that I could not eat. I was so miserable that I could not live. I was so weak that I could not do my work. I was so nervous that I could not sleep. I was so tired that I could not walk. I was so sick that I could not eat. I was so miserable that I could not live.

Another Grateful Woman  
I had a very bad case of nervousness and I was all run down. I was so weak that I could not do my work. I was so nervous that I could not sleep. I was so tired that I could not walk. I was so sick that I could not eat. I was so miserable that I could not live. I was so weak that I could not do my work. I was so nervous that I could not sleep. I was so tired that I could not walk. I was so sick that I could not eat. I was so miserable that I could not live.

## DOUBLE-PLOT

### STATE NEWS IN BRIEF

#### Your Own Kidney

It is well known that the kidneys are the most important organs of the body. They filter out the waste products of the blood and keep the body clean. If the kidneys become weak, the waste products build up in the blood and cause various ailments. It is therefore important to keep the kidneys in good health. There are many ways to do this, but the most effective is to use a kidney medicine. This medicine will strengthen the kidneys and help them to do their work properly. It will also help to remove the waste products from the blood and keep the body clean. This is the best way to keep the kidneys in good health and prevent any ailments.
