

Electric current in your house or shop secures for you a working agent of extraordinary versatility whose assistance speedily becomes indispensable and as to the expense

Electricity is a Luxury in Everything Except Cost

One kilowatt hour of electricity used in the home will do many things

For instance, it will keep a 16 candle-power carbon lamp lighted 20 hours, or a 25 candle-power Tungsten lamp 25 hours. It will warm your curling tongs every day in the year for three minutes and twice on Sunday, or it will heat your shaving water morning for 3 months. It will boil 9 kettles each holding 2 pints of water, or it will cook 13 chops in 15 minutes. It will

keep your breakfast warm for 5 hours and carry your dinner upstairs every day in the week. It will keep three domestic flat irons in use for an hour, or run a sewing machine 21 hours. It will give you a fire of your bed room for 30 hours while you are sleeping, or it will warm all of the beds in the house by warming pairs for a couple of weeks.

The same amount of electricity used for power

Will save 300 feet of timber, clean 1000 plates, clean 25 pairs of shoes, clip 2 horses, run a flat-pulching machine for 21 hours, run six silk hats, light 10000 cigars, knead 8 sacks of flour into dough, fill and cork 250 dozen pint bottles, pump 1000 gallons of water or liquor for a height of 25 feet, lift 100 tons 25 feet 40 minutes, run a large ventilating fan for 10 hours, carry 1000 times from the bottom of the lake to the top 80 lbs. each pound.

The amount of installing electric service in your home. Extra included, must be met in 24 monthly payments. No interest. Let us explain the plan.

We will cover the expense of your display cabinet at the lowest price.

North Shore Electric Co.

Master's Sale.
State of Illinois, County of Cook, 1886.
IN THE NETHERLAND COURT OF COMMONS IN CHANCERY
Village Lake, Illinois.

Robert C. Constock, Junip A. Miller, C. P. Sawyer and Albert L. Rubenstein, Executors of the last will and testament of George H. Constock deceased, vs. Frank J. Mink, Louis Tappet, Willie Stevens and William H. Brandt.

Whereas the above gives that in pursuance of a decree made and entered in the above entitled cause on the 15th day of January, A. D. 1911, Wm. P. Humphrey, Master in Chancery of the Superior Court of Cook County, Illinois, on the 17th day of February, A. D. 1911, did order that the premises in the above named cause, to-wit: the village hall in the village of Barrington, Illinois, situate at public auction to the highest and best bidder, and that the said premises should be sold in equal lots not less than one-third of the total of the above said premises, as shown by the report of the commissioners hereunto appointed by said court to make partition thereof, all and singular the foregoing described premises be and they were so divided.

'1927' Pure Spun Aluminum Ware

15 Days at Our Risk

Buy any piece of this ware from your dealer—try it fifteen days. If in that time you find that all the claims we make for it are not true, and if it is not just as represented, take it back and get your money.

ENAMEL WARE CAUSES CANCER, SAYS DOCTOR

Tells Homeopaths Particles From Dishset Growths in Stomach.

Special Dispatch to The North American, ATLANTIC CITY, Sept. 11.—(AP)—A STORMY CHIEF of mind and the most recent was the announcement by a prominent physician that he had discovered that the particles of enamel ware which he had found in the stomachs of patients who had used enamel ware dishes were the same as those which he had found in the stomachs of patients who had used enamel ware dishes. The doctor, who is a member of the American Medical Association, said that he had found the particles of enamel ware in the stomachs of patients who had used enamel ware dishes, and that he had found the particles of enamel ware in the stomachs of patients who had used enamel ware dishes. The doctor said that he had found the particles of enamel ware in the stomachs of patients who had used enamel ware dishes, and that he had found the particles of enamel ware in the stomachs of patients who had used enamel ware dishes.

Here at last is the ideal kitchen and cooking utensil—"The Ware That Wears"—made from Pure Spun Aluminum, and guaranteed by the makers to last 25 years with average usage. "Spun" Aluminum, mind you, not cast Aluminum, which will sometimes crack and scale. Spun Aluminum Ware will never crack, peel, scale or break.

Enamel ware is iron coated with colored glazes. Iron expands with heat. Colored glazes does not, but chips off into the food with dangerous results to those who eat it.

"1927" Pure Aluminum Ware Saves Doctors' Bills.

"1927" Pure Aluminum Ware Will Not Scorch or Burn is easily cleaned, will not rust or corrode. Handsome in appearance. Looks like silver, but weighs only about one-fourth as much, and is light and convenient to handle.

It enables you to bake bread, pies, pancakes, etc., without grease, which is the great cause of dyspepsia and indigestion. Aluminum griddles require no grease; hence are smokeless and odorless.

The original and only genuine Spun Aluminum Ware is made by the Illinois Pure Aluminum Co. at Joliet, Ill. Every piece bearing their trade-mark, the Helix, Cross, and Marked "1927" Pure Aluminum Ware is absolutely pure, and contains no arsenic—guaranteed for 25 yrs.

See that you get the right goods and accept no substitute.
