**Her Post-Graduate Course**

Carlen Hill was proud of Betty Lonaday, who she is pleased to term the "lover classes." It was her theory that as the Indian boy was educated a few books and such as examples for the rest of the other might be the woman's rights millennium brought about through the liberal education of young women from the smaller towns.

Along with the assimilation of scientific education Betty had lost her freedom of thought. The idea more had been replaced by a preached and cream complexion, she latter by an elaborate culture that was the envy of the other girls. Her mother had absorbed the simple rudiments in the district school and had married and succeeded down to make more scholar for the same schools.
