U-S COMBINATION PHONOGRAPH The automatic change reproducer carriage permits the enjoyment of two-minute and four-minute records by the simple turn of a shift key to the right or left.

The Mandrel pulley balance wheel insures correct musical pitch by evenly maintaining the speed of the mandrel.

The flexible tone arm amplifies the sound The sapphire reproducing points are micro-scopleally-ground jewels which never need replacing and last forever, and obviate the changing of needles at every production. The motor—a new type of unusual power— is peculiarly adapted for the purpose; gives evenly balanced revolutions to mandrel; and may be wound while playing without interference.
