**THE SCHOOL TEACHER SHOULD DIRECT YOU—NOT FILL YOU UP.**

What a mass teacher knows! It is the greatest factor in education; and this he does through reading, conversation and observation.

In point of time used, the school stands far above other reading, conversation or observation, even in the case of highly educated people.

But the school is what gives proper direction to the life-education of men and women; and when it creates a taste for the best it does for the nation, for the divide does for the moment, for the spring, when it gives it a definite direction and way.

To give a mind definite direction is impossible without consent of the mind and the success of the school depends on the correctness of consent. It is the lessons, but upon the life-people for study that is established.

This is one reason why brilliant pupils often fail and slow students succeed.

The direction is what counts.  
The great thing in the world, said Oliver Wendell Holmes, "is not so much where we stand as in what direction we are moving."

The teacher who can set boys and girls in the right direction is a mover of the world.

**KITCHEN CABINET**

It is so near to do what you like, as to the wash tub, sink, stove, and range.

**IDEAS THAT HELP.**

The silver mesh bags, like chafin, are made and wash clean, and are cleaned by first soaking them in hot water and then rinsing with dry detergent.

Never allow silver to stand overnight without washing. After bedtime wash in soap and rub dry before putting away.

Here is a dairy little dessert that will delight the small people and the older ones will not refuse it.  
Crape Tart—Remove the pulp from well-washed grapes and put the skins in another dish. Cook the pulp until the seeds can be easily removed. Strain through a colander. The skins need longer cooking to make them tender. All together combine with a little sugar in sweetened. Put tart shells with the mixture and serve cold with whipped cream.

Many like those filled with the uncooked cream, retaining the seeds. When drawing threads for the stretching rib the goods will draw threads are to be drawn with a piece of soap. The threads will slip out much easier.

Put a dairy and delicious salad. Have mushrooms and fill with the fruit in small cases, garnish with green peas or cherries and serve with French dressing.

Cheese app—Grate a quarter of a pound of cheese into a strainer, set in the stove, season with a little chopped parsley, butter, pepper and salt. Let it stand a half dozen minutes by heat. Stir constantly until cream and butter are out.

Broiled Cheesecake—Take one egg and wash clean the young chick. It should be soaked in milk with salt water for an hour, then put it in a dinner plate; bathe on one side with a bath. Then turn onto a greased broiler and cook over coals or under the gas flame. Wash quickly in this way as necessary before the first article in flavor and digestibility.

When Mashed Beans—A few spoonfuls of cooked rice add a few spoonfuls of strained cream and a couple of vegetable stock (liquor is removed from cooked beans) to the beans. Add a pint and a half of milk and stir gently. Cook for an hour over the water of an egg that has been heated. Add a little salt to be used as a garnish on the top of the soup if desired.

*Wells-Merrill*

**BALLOT—REPUBLICAN PRIMARIES, APRIL 9.**

For State Senator.  
The right way.  
Albert J. Olson  
PAUL MAC GUFFIN

**THAT TAX MATTER**

During the last four years at every regular session and at two special sessions called for that purpose, the state administration has endeavored to pass a measure bonding the State of Illinois in the sum of twenty million dollars, to construct a deep waterway, so called, and develop water power and buy water power sites on the Illinois river, for which there would not be one dollar worth of compensation, consideration or benefit to the people of the Eighth Senatorial District. The proportion of this bond issue, with the interest upon the bonds during the time of construction, would mean a bond issue upon

Lake County of \$2,150,000.00  
McHenry County of 1,800,000.00  
Boone County of 1,500,000.00  
Safford Olson has voted for these bills. They have been state administration measures, and at each time have been defeated in the Lower House.

**FOR THE DAIRY INTERESTS.**

"If Senator Albert J. Olson is returned to Newburgh by the votes of the Eighth Senatorial District, the dairy interests will be able to pass a single bill of legislation in their interest in the coming session of the state legislature," said a politician of state wide prominence who represents the stock raising dairy men of the legislature. "Not only will they be unable to pass any legislation of interest to the dairy men, but they will have the almost certain vote of the Anti-Dairy Interests in the legislature, for them by the aid of the stock raising members of the state, he will have the support of the stock raising members of the legislature in the passage of the anti-dairy bill." For this reason, he will not only have the support of the stock raising members of the legislature, but also the support of the stock raising members of the legislature.

The trouble which has come up over the dairy and cattle bills presented in the legislature in the past few years, is the fact that the dairy interests in the legislature have not been able to secure the support of the stock raising members of the legislature. The dairy interests have been unable to secure the support of the stock raising members of the legislature, and the stock raising members of the legislature have been unable to secure the support of the dairy interests in the legislature. This has been the case in the past few years, and it is expected to be the case in the future.

The result of the present anti-dairy bill, a measure drawn up by Representative Shortell and presented by Frank Sheehan, would mean that the dairy interests in the legislature would be able to pass a single bill of legislation in their interest in the coming session of the state legislature. This would mean that the dairy interests would be able to pass a single bill of legislation in their interest in the coming session of the state legislature, and the stock raising members of the legislature would be unable to pass any legislation of interest to the dairy men.

**The Captain's Daughter**

"Disgraced is no word in which to describe his wife's condition of mind and soul," said Mrs. Brown. "She is a woman who has been disgraced by her husband's actions, and she is a woman who has been disgraced by her husband's actions."

"The woman's name is Brown," said Mrs. Brown. "She is a woman who has been disgraced by her husband's actions, and she is a woman who has been disgraced by her husband's actions."

"The woman's name is Brown," said Mrs. Brown. "She is a woman who has been disgraced by her husband's actions, and she is a woman who has been disgraced by her husband's actions."

"The woman's name is Brown," said Mrs. Brown. "She is a woman who has been disgraced by her husband's actions, and she is a woman who has been disgraced by her husband's actions."

will receive prompt attention or bring our representative to your door.

**Indispensable in Emergencies**

The sickness of a valuable animal on the farm demands prompt remedies. It's a case for the veterinary—a case where minutes count. That's where the Bell Service shows its value to the farmer.

By means of the telephone, the veterinary is reached, and he at once tells the farmer what to do until he arrives.

No far-shipping farmer gets along without the protection of the Bell Service. He can never tell when it is going to save him from serious loss. Besides, he has daily proof of its usefulness.

Consult our local manager for rates.
